STATE OF NEW YORK

2019-2020 Regular Sessions

IN SENATE

February 27, 2019

Introduced by Sens. SAVINO, RAMOS -- read twice and ordered printed, and when printed to be committed to the Committee on Labor

AN ACT to amend the labor law and the state finance law, in relation to requiring the licensing of persons engaged in the design, construction, inspection, maintenance, alteration, and repair of elevators and other automated people moving devices (Part A); and to amend the administrative code of the city of New York, in relation to the licensing of approved elevator agency directors, inspectors, and technicians performing elevator work in the city of New York; and to repeal the definition of private elevator inspection agency in section 28-401.3 of the administrative code of the city of New York (Part B)

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

Section 1. This act enacts into law legislation providing for elevator safety. Each component is wholly contained within a Part identified as Parts A through B. The effective date for each particular provision contained within such Part is set forth in the last section of such Part. Any provision in any section contained within a Part, including the effective date of the Part, which makes reference to a section "of this act", when used in connection with that particular component, shall be deemed to mean and refer to the corresponding section of the Part in which it is found. Section four of this act sets forth the general effective date of this act.

11 § 2. Legislative findings and declaration. The legislature hereby 12 finds that the use of unsafe and defective elevators and other automated 13 people moving conveyances may expose the public to unsafe conditions and 14 increase the risk of injury. The legislature finds that improper design, 15 construction, maintenance and repair of such conveyances is preventable 16 by requiring proper training of persons employed to perform work on 17 elevators and other automated people moving conveyances and by requiring 18 the licensing of contractors and the certification of individuals

Such application shall be accompanied by the required 23 license fee. 24 2. Applicants for an elevator contractor's license must demonstrate to 25 the commissioner that such elevator contractor employs licensed elevator 26 mechanics who perform the work described in section nine hundred fifty 27 of this article and have proof of compliance with the insurance requirements set forth in paragraph (d) of subdivision one of section nine 28 hundred fifty-three of this article. 29 30 3. Applicants for an elevator inspector's license must demonstrate to 31 the satisfaction of the commissioner that such applicant meets or 32 exceeds applicable standards such as a Qualified Elevator Inspector 33 (QEI) or its equivalent. Private elevator inspectors shall maintain the same insurance requirements as an elevator contractor. 34 35 4. Such course shall consist of not less than eight 40 41 contact hours (.8 CEU) annually and completed preceding any such license 42 renewal. Approved training providers shall keep uniform records, for a period 18 19 of six years, of attendance of licensees following a format approved by 20 the commissioner and such records shall be available for inspection by 21 the commissioner at his or her request. If the commissioner deter-52 53 mines that the order to cure has not been satisfied he or she may 54 continue such order for a reasonable period of time upon the consent of the contractor, or his or her agent or representative. If the commis-55 56 sioner does not continue the order, or if the contractor, or his or her
