FISCAL NOTE.--Pursuant to Legislative Law, Section 50:

This bill will change the benefit fraction for a Tier 6 member for service greater than 20 years to 40% of FAS plus 2% per year of service greater than 20. Currently the benefit for service greater than 20 years is 35% of FAS plus 2% per year of service greater than 20.

Insofar as this bill affects the New York State and Local Employees' Retirement System (NYSLERS), if this legislation is enacted during the 2020 legislative session, we anticipate that there will be an increase in the annual contributions of the state of New York and all participating employers in the NYSLERS approximately 0.8% of the compensation of each affected Tier 6 member.

In addition to the annual contributions discussed above, there will be a past service cost of approximately \$213 million which would be shared by the State of New York and all of the participating employers in the NYSLERS. The estimated first year cost would be approximately \$10.5 million to the State of New York and approximately \$15.1 million to the participating employers in the NYSLERS.
