AN ACT to amend the retirement and social security law, in relation to certain medical presumptions applicable to members of the New York state and local employees' retirement system

3 to read as follows:

5 special, or local law to the contrary, any condition of impairment of  
6 health caused by diseases of the heart, resulting in disability or death  
7 to a police officer, presently employed, and who shall have sustained  
8 such disability while so employed, shall be presumptive evidence that it  
9 was incurred in the performance and discharge of duty and the natural  
10 and proximate result of an accident, unless the contrary be proved by  
11 competent evidence.

12 § 2. The retirement and social security law is amended by adding a new

1 evidence that such disability was incurred in the performance and  
2 discharge of duty and the natural and proximate result of an accident.

3 b. Notwithstanding any other provision of law to the contrary an  
4 application for an accidental disability retirement allowance that is  
5 based on a permanent incapacity caused by a disease of the heart, shall  
6 not be required to allege or establish:

7 (1) that the member sustained an accident or other incident related to  
8 the performance and discharge of duty; or

9 (2) that notice was provided thereof.

10 c. Notwithstanding any other provision of law to the contrary, the  
11 presumptions referred to in subdivision a of this section may be

13 natural and proximate result of the performance and discharge of duty.

14 § 3. The amendment made to subdivision 2 of section 363-a of the  
15 retirement and social security law by section one of this act shall not

20 plan funded by the state or one of its political subdivisions, nor shall  
21 any amendment thereto affect the application of such provisions as  
22 extended by the provisions of section 480 of the retirement and social  
23 security law.

24 § 4. This act shall take effect immediately.

FISCAL NOTE.--Pursuant to Legislative Law, Section 50:

This bill would amend the Retirement and Social Security Law in relation to heart disease related disabilities for members in the New York State and Local Employees' Retirement System (ERS) and the New York State and Local Police and Fire Retirement System (PFRS) who currently have heart presumptions that reference an accident. It would grant accidental disability benefits for heart cases by deeming such disabilities to have been sustained in the performance of duty, and the natural and proximate result of an accident. Such presumptions may be rebutted only by competent evidence that the disability is not the result of the performance and discharge of duty. Further, this bill would provide that the same criteria that exist for determining accidental death benefits for firefighters would be extended to police officers.

If this bill is enacted, more accidental disability benefits would be granted. The estimated increase in the annual contributions to the State of New York would be approximately \$660,000 for its PFRS members and approximately \$1.1 million for its Unified Court Officers. The increases in annual contributions for the participating employers in the PFRS would be approximately \$2.6 million.
