9 agencies shall include or require to be included with respect to state
10 contracts for the acquisition, construction, demolition, replacement,

12 such provisions as may be necessary to effectuate the provisions of this
13 section in every bid specification and state contract, including, but

26 state contract as expressed by its terms, and nothing in this section
27 shall authorize the director or any contracting agency to impose any

39 (c) consider where practicable, the severability of construction
40 projects and other bundled contracts; and

41 (d) consider compliance with the requirements of any federal law
42 concerning opportunities for minority and women-owned business enter-

45 such law duplicate or conflict with the provisions hereof and if such
46 duplication or conflict exists, the contracting agency shall waive the
47 applicability of this section to the extent of such duplication or

7 period of time specified by the director; shall require the contractor
8 to submit periodic compliance reports relating to the operation and

11 waiver of the minority and women-owned business enterprise participation
12 requirements pursuant to subdivisions six and seven of this section;
13 shall allow a contractor to file a complaint with the director pursuant
14 to subdivision eight of this section in the event a contracting agency

16 business enterprise participation requirements or has denied such
17 request for a waiver; and shall allow a contracting agency to file a
18 complaint with the director pursuant to subdivision nine of this section
19 in the event a contractor is failing or has failed to comply with the
20 minority and women-owned business enterprise participation requirements
21 set forth in the state contract where no waiver has been granted.

22 (b) The rules and regulations promulgated pursuant to this subdivision
23 regarding a utilization plan shall provide that where enterprises have
24 been identified within a utilization plan, a contractor shall attempt,
25 in good faith, to utilize such enterprise at least to the extent indi-
26 cated. A contracting agency may require a contractor to indicate, within
27 a utilization plan, what measures and procedures he or she intends to
28 take to comply with the provisions of this article, but may not require,
29 as a condition of award of, or compliance with, a contract that a
30 contractor utilize a particular enterprise in performance of the
31 contract.

32 (c) Without limiting other grounds for the disqualification of bids or
33 proposals on the basis of non-responsibility, a contracting agency may
34 disqualify the bid or proposal of a contractor as being non-responsible
35 for failure to remedy notified deficiencies contained in the contrac-
36 tor's utilization plan within a period of time specified in regulations
37 promulgated by the director after receiving notification of such defi-
38 ciencies from the contracting agency. Where failure to remedy any noti-
39 fied deficiency in the utilization plan is a ground for disqualifica-
40 tion, that issue and all other grounds for disqualification shall be
41 stated in writing by the contracting agency. Where the contracting agen-
42 cy states that a failure to remedy any notified deficiency in the utili-
43 zation plan is a ground for disqualification the contractor shall be
44 entitled to an administrative hearing, on a record, involving all
45 grounds stated by the contracting agency. Such hearing shall be
46 conducted by the appropriate authority of the contracting agency to
47 review the determination of disqualification. A final administrative
48 determination made following such hearing shall be reviewable in a
49 proceeding commenced under article seventy-eight of the civil practice
50 law and rules, provided that such proceeding is commenced within thirty
51 days of the notice given by certified mail return receipt requested
52 rendering such final administrative determination. Such proceeding shall
53 be commenced in the supreme court, appellate division, third department
54 and such proceeding shall be preferred over all other civil causes
55 except election causes, and shall be heard and determined in preference
56 to all other civil business pending therein, except election matters,

1 irrespective of position on the calendar. Appeals taken to the court of
2 appeals of the state of New York shall be subject to the same prefer-
3 ence.

4 6. (a) Where it appears that a contractor cannot, after a good faith
5 effort, comply with the minority and women-owned business enterprise
6 participation requirements set forth in a particular state contract, a
7 contractor may file a written application with the contracting agency
8 requesting a partial or total waiver of such requirements setting forth
9 the reasons for such contractor's inability to meet any or all of the
10 participation requirements together with an explanation of the efforts
11 undertaken by the contractor to obtain the required minority and women-
12 owned business enterprise participation. In implementing the provisions
13 of this section, the contracting agency shall consider the number and
14 types of minority and women-owned business enterprises ~~located~~ avail-
15 able to provide goods or services required under the contract in the
16 region in which the state contract is to be performed, the total dollar
17 value of the state contract, the scope of work to be performed and the
18 project size and term. If, based on such considerations, the contracting
19 agency determines there is not a reasonable availability of contractors
20 on the list of certified business to furnish services for the project,
21 it shall issue a waiver of compliance to the contractor. In making such
22 determination, the contracting agency shall first consider the avail-
23 ability of other business enterprises located in the region and shall
24 thereafter consider the financial ability of minority and women-owned
25 businesses located outside the region in which the contract is to be
26 performed to perform the state contract.

27 (b) Within thirty days of the issuance of a partial or total waiver of

31 (ii) publish on the contracting agency's website: (A) information
32 identifying the contract, including the value of the contract; (B) the
33 name of the contractor receiving the waiver; (C) the date of the waiver;
34 (D) whether the waiver was a total or partial waiver; and (E) the
35 specific contract provisions to which the waiver applies.

36 7. For purposes of determining a contractor's good faith effort to
37 comply with the requirements of this section or to be entitled to a
38 waiver therefrom the contracting agency shall consider:

39 (a) whether the contractor has advertised in general circulation
40 media, trade association publications, and minority-focus and women-fo-
41 cus media and, in such event, (i) whether or not certified minority or

43 exhibited interest in submitting proposals for a particular project by
44 attending or having attended a pre-bid conference, if any, scheduled by
45 the state agency awarding the state contract with certified minority and
46 women-owned business enterprises; and

47 (ii) whether certified businesses which have been solicited by the

49 tations for timely competitive bid quotations prior to the contracting
50 agency's bid date; and

51 (b) whether there has been written notification to appropriate certi-

2 to be performed under subcontracts in order to increase the likelihood
3 of participation by certified businesses.

4 8. In the event that a contracting agency fails or refuses to issue a
5 waiver to a contractor as requested within twenty days after having made
6 application therefor pursuant to subdivision six of this section or if
7 the contracting agency denies such application, in whole or in part, the
8 contractor may file a complaint with the director pursuant to section
9 three hundred sixteen of this article setting forth the facts and

14 opportunity to respond to such complaint in writing.

15 9. If, after the review of a contractor's minority and women owned
16 business utilization plan or review of a periodic compliance report and
17 after such contractor has been afforded an opportunity to respond to a
18 notice of deficiency issued by the contracting agency in connection
19 therewith, it appears that a contractor is failing or refusing to comply
20 with the minority and women-owned business participation requirements as
21 set forth in the state contract and where no waiver from such require-
22 ments has been granted, the contracting agency may file a written
23 complaint with the director pursuant to section three hundred sixteen of
24 this article setting forth the facts and circumstances giving rise to
25 the contracting agency's complaint together with a demand for relief.
26 The contracting agency shall serve a copy of such complaint upon the
27 contractor by personal service or by certified mail, return receipt
28 requested. The contractor shall be afforded an opportunity to respond to
29 such complaint in writing.

37 wide certification program including rules and regulations governing the
38 approval, denial or revocation of any such certification. Such rules
39 and regulations shall include, but not be limited to, such matters as
40 may be required to ensure that the established procedures thereunder
41 shall at least be in compliance with the code of fair procedure set
42 forth in section seventy-three of the civil rights law.

43 2. For the purposes of this article, the office shall be responsible
44 for verifying businesses as being owned, operated, and controlled by
45 minority group members or women and for certifying such verified busi-
46 nesses. The director shall prepare a directory of certified businesses
47 for use by contracting agencies and contractors in carrying out the
48 provisions of this article. The director shall periodically update the
49 directory.

50 2-a. (a) The director shall establish a procedure enabling the office
51 to accept New York municipal corporation certification verification for
52 minority and women-owned business enterprise applicants in lieu of
53 requiring the applicant to complete the state certification process. The
54 director shall promulgate rules and regulations to set forth criteria
55 for the acceptance of municipal corporation certification. All eligible

1 municipal corporation certifications shall require business enterprises
2 seeking certification to meet the following standards:

3 (i) have at least fifty-one percent ownership by a minority or a
4 women-owned enterprise and be owned by United States citizens or perma-
5 nent resident aliens;

6 (ii) be an enterprise in which the minority and/or women-ownership
7 interest is real, substantial and continuing;

8 (iii) be an enterprise in which the minority and/or women-ownership

10 business decisions of the enterprise;

11 (iv) be an enterprise authorized to do business in this state;

12 (v) be subject to a physical site inspection to verify the fifty-one
13 percent ownership requirement; **and**

16 ~~net worth that does not exceed three million five hundred thousand~~

18 ~~price index; and~~

19 ~~(vii)]~~ be an enterprise that is a small business pursuant to subdivi-
20 sion twenty of section three hundred ten of this article.

21 (b) The director shall work with all municipal corporations that have
22 a municipal minority and women-owned business enterprise program to
23 develop standards to accept state certification to meet the municipal
24 corporation minority and women-owned business enterprise certification
25 standards.

26 (c) The director shall establish a procedure enabling the division to
27 accept federal certification verification for minority and women-owned
28 business enterprise applicants, provided said standards comport with
29 those required by the state minority and women-owned business program,
30 in lieu of requiring the applicant to complete the state certification
31 process. The director shall promulgate rules and regulations to set
32 forth criteria for the acceptance of federal certification.

33 2-b. The director shall establish a procedure enabling an applicant
34 who was a military service member to prove his or her race or ethnicity,
35 date of birth, place of birth and verification of address for purposes
36 of certification of the applicant's business as a minority-owned busi-
37 ness by submission of the DD Form 214 issued to the applicant by the
38 United States department of defense upon such applicant's retirement,
39 separation, or discharge from active duty in the armed forces of the
40 United States, provided the DD Form 214 contains such information, in
41 lieu of requiring the applicant to otherwise prove his or her race or
42 ethnicity. The director shall promulgate rules and regulations to set
43 forth criteria for the acceptance of the DD Form 214 by the office.

44 3. Following application for certification pursuant to this section,
45 the director shall provide the applicant with written notice of the
46 status of the application, including notice of any outstanding deficien-
47 cies, within ~~[thirty]~~ **fifteen** days. Within ~~[sixty]~~ **thirty** days of
48 submission of a final completed application, the director shall provide
49 the applicant with written notice of a determination by the office
50 approving or denying such certification and, in the event of a denial a
51 statement setting forth the reasons for such denial. Upon a determi-
52 nation denying or revoking certification, the business enterprise for
53 which certification has been so denied or revoked shall, upon written
54 request made within thirty days from receipt of notice of such determi-
55 nation, be entitled to a hearing before an independent hearing officer
56 designated for such purpose by the director. In the event that a request

1 for a hearing is not made within such thirty day period, such determi-
2 nation shall be deemed to be final. The independent hearing officer
3 shall conduct a hearing and upon the conclusion of such hearing, issue a
4 written recommendation to the director to affirm, reverse or modify such
5 determination of the director. Such written recommendation shall be
6 issued to the parties. The director, within thirty days, by order, must
7 accept, reject or modify such recommendation of the hearing officer and
8 set forth in writing the reasons therefor. The director shall serve a
9 copy of such order and reasons therefor upon the business enterprise by
10 personal service or by certified mail return receipt requested. The
11 order of the director shall be subject to review pursuant to article
12 seventy-eight of the civil practice law and rules.

13 4. The director may, after performing an availability analysis and
14 upon a finding that industry-specific factors coupled with personal net
15 worth or small business eligibility requirements pursuant to [~~subdivi-~~
16 ~~sions nineteen and~~] subdivision twenty of section three hundred ten of
17 this article, respectively, have led to the significant exclusion of
18 businesses owned by minority group members or women in that industry,
19 grant provisional MWBE certification status to applicants from that
20 designated industry, provided, however, that all other eligibility
21 requirements pursuant to subdivision seven or fifteen of section three
22 hundred ten of this article, as applicable, are satisfied. Any indus-
23 try-based determination made under this section by the director shall be
24 made widely available to the public and posted on the division's
25 website.

26 5. With the exception of provisional MWBE certification, as provided
27 for in subdivision twenty-three of section three hundred ten of this
28 article, all minority and women-owned business enterprise certifications
29 shall be valid for a period of [~~three~~] five years. The division shall
30 publish online a clear timeline of process with the number of days
31 expected to pass until certification. However, firms must recertify if
32 they buy out another firm. The online certification platform shall be
33 designed so that the certification timeline does not begin until all
34 documents are submitted.

35 § 7. Subdivisions 4, 5 and 7 of section 315 of the executive law, as
36 added by chapter 175 of the laws of 2010, are amended to read as

41 (b) contains such comparative or other information as the director deems
42 appropriate, including but not limited to goals compared to actual
43 participation of minority and women-owned business enterprises in state
44 contracting, to evaluate the effectiveness of the activities undertaken
45 by each such contracting agency to promote increased participation by
46 certified minority or women-owned businesses with respect to state
47 contracts and subcontracts; (c) contains a summary of all waivers of the
48 requirements of subdivisions six and seven of section three hundred

51 the waiver request and the contracting agency's rationale for granting
52 any such waiver; (d) describes any efforts to create a database or other

54 to contracting with minority and women-owned business enterprises; [~~and~~]

56 article by a contractor or a contracting agency made during the period

covered by the annual report pursuant to section three hundred sixteen-a of this article; and (ii) the penalties or sanctions, if any, assessed in connection with such determinations and the rationale for such penalties or sanctions. 1 (vi) Any other relevant information evidencing that the contractor's
2 achievement of the workforce participation goal would not be practical,
3 feasible, or appropriate.

4 4. A state agency shall not award a state contract to a contractor
5 unless the contractor has (i) certified that it will make a good faith
6 effort to achieve the applicable workforce participation goal and
7 provided documentation of the workforce anticipated to perform the work
8 of the state contract or (ii) submitted a waiver request which the state
9 agency deems to reflect the maximum feasible participation of minority
10 group members and women in each of the trades, professions, and occupa-
11 tions required in performance of the work of the state contract.

12 (a) In the event that a contractor submits a certification or waiver
13 request that is accepted by the state agency, the state agency shall
14 establish in the state contract the expected level of participation by
15 minority group members and women in each of the trades, professions, and
16 occupations required in performance of the work of the state contract,
17 require that the contractor make good faith efforts to achieve such
18 workforce participation goals, require that the contractor require any
19 subcontractors to make a good faith effort to achieve the applicable
20 workforce participation goal in any subcontracted work, and indicate
21 that the failure of the contractor or any of its subcontractors to make
22 a good faith effort to achieve the workforce participation goal may
23 result in the contractor or subcontractor being deemed a non-compliant
24 contractor.

25 (b) In the event that a contractor fails to submit a certification,
26 waiver request, or any other information required by the state agency,
27 or the state agency determines that a contractor's waiver request does
28 not demonstrate that the applicable workforce participation goal is
29 impractical, unfeasible, or inappropriate, the state agency shall notify
30 the contractor of the deficiency in writing and provide the contractor
31 ten business days to remedy the noticed deficiency. A state agency shall
32 reject any bid or proposal of a contractor that fails to timely respond
33 to a notice of deficiency or to provide documentation remedying the
34 deficiency to the satisfaction of the state agency.

35 (i) Where failure to remedy any notified deficiency in the workforce
36 utilization plan is a ground for disqualification, that issue and all
37 other grounds for disqualification shall be stated in writing by the
38 contracting state agency. The contractor shall be entitled to an admin-
39 istrative hearing, on a record, involving all grounds stated by the
40 contracting state agency in its notice of the contractor's disqualifica-
41 tion. Such hearing shall be conducted by the division to review the
42 determination of disqualification. Contractors required to submit to
43 such hearing shall have an opportunity to be heard. A final administra-
44 tive determination made following such hearing shall be reviewable in a
45 proceeding commenced under article seventy-eight of the civil practice
46 law and rules, provided that such proceeding is commenced within one
47 hundred twenty days of the notice given by certified mail return receipt
48 requested rendering such final administrative determination. Such
49 proceeding shall be commenced in the supreme court and such proceeding
50 shall be preferred over all other civil causes except election causes,
51 and shall be heard and determined in preference to all other civil busi-
52 ness pending therein, except election matters, irrespective of position
53 on the calendar. Appeals taken to the court of appeals of the state of
54 New York shall be subject to the same preference.

55 § 823. Reporting. 1. State contracts shall require contractors to
56 submit, and to require any subcontractors to submit, to the contracting

1 state agency reports documenting the hours worked by employees of the
2 contractor and any subcontractors in the performance of the work of the
3 state contract. Such reports shall be submitted no less frequently than
4 monthly for state contracts for construction and quarterly for all other
5 state contracts. Such reports shall identify the race, ethnicity,
6 gender, and trade, profession, and occupation of each employee perform-
7 ing work on a state contract.

8 2. State agencies shall submit periodic reports to the director, or
9 the designee of the director, concerning the participation of minority
10 group members and women in state contracts let by such agencies and such
11 state agencies' compliance with this article. Such reports shall be
12 submitted at such time, and include such information, as the director
13 shall require in regulations. State agencies shall make available their
14 facilities, books, and records for inspection, upon reasonable notice,
15 by the director or the director's designee.

16 3. The department shall provide such assistance as the director shall
17 require in carrying out the requirements of this section.

18 § 824. Enforcement. 1. Where it appears that a contractor cannot,
19 after a good faith effort, meet the workforce participation goals set
20 forth in a particular state contract, a contractor may file a written
21 application with the contracting state agency requesting a partial or
22 total waiver of such requirements. Such request shall set forth the
23 reasons for such contractor's inability to meet the workforce partic-
24 ipation goal, specifically describe the reasons for any deviations from
25 the anticipated workforce participation set forth in the contractor's
26 bid or proposal leading to the award of the state contract, and describe
27 the efforts by the contractor and any subcontractors to achieve the
28 maximum feasible participation of minority group members and women in
29 the performance of the work of the state contract. Where the contrac-
30 tor's inability to achieve the workforce participation goal on a state
31 contract is attributable to the failure of one or more subcontractors to
32 make good faith efforts to achieve the maximum feasible participation of
33 minority group members and women in the performance of the work of the
34 state contract, the contractor shall identify such subcontractor or
35 subcontractors to the contracting state agency.

36 2. A state agency shall grant a request for a waiver of workforce
37 participation goals on a state contract where:

38 (a) The contractor demonstrates that the contractor and its subcon-
39 tractors made good faith efforts to achieve the workforce participation
40 goal on the state contract, and that insufficient minority group members
41 or women were available in the trades, professions, and occupations
42 required to perform the work of the state contract; or,

43 (b) The contractor contractually required each of its subcontractors
44 to make a good faith effort to achieve the maximum feasible partic-
45 ipation of minority group members and women in the performance of the
46 subcontracted work, periodically monitored such subcontractors' deploy-
47 ment of minority group members and women in the performance of the
48 subcontracted work, provided notice to such subcontractors of any defi-
49 ciencies in their deployment of minority group members and women in the
50 performance of such subcontracted work, and could not achieve the work-
51 force participation goal for one or more trades, professions, or occupa-
52 tions without the good faith efforts of such subcontractors.

53 3. Where a state agency denies a contractor's request for a waiver of
54 workforce participation goals pursuant to this section, the state agency
55 may recommend to the director and the department that the contractor be
56 deemed a non-compliant contractor.

1 4. Where a state agency grants a request for a waiver of workforce
2 participation goals pursuant to this section based on one or more
3 subcontractors' failure to make good faith efforts to achieve the maxi-
4 mum feasible participation of minority group members and women in the
5 performance of the subcontracted work, the state agency may recommend to
6 the director and the department that the subcontractor be deemed a non-
7 compliant contractor.

8 5. Upon receipt of a recommendation from a state agency that a
9 contractor or subcontractor should be deemed a non-compliant contractor,
10 the director shall, with the assistance of the department, review the
11 facts and circumstances forming the basis of the recommendation and
12 issue a determination as to whether or not the contractor or subcontrac-
13 tor should be deemed a non-compliant contractor and, if so, the duration
14 of such status as a non-compliant contractor. Such status shall last for
15 a maximum of four years in duration. In determining the duration of a
16 contractor's or subcontractor's status as a non-compliant contractor,
17 the director shall consider:

18 (i) whether the contractor or subcontractor has previously been deemed
19 a non-compliant contractor;

20 (ii) the number of hours of expected participation by minority group
21 members and women lost as a result of the contractor's or subcontrac-
22 tor's failure to make good faith efforts to include minority group
23 members or women in the performance of one or more state contracts; and

24 (iii) whether the contractor or subcontractor has offered to provide
25 employment opportunities, training, or other remedial benefits to minor-
26 ity group members or women in relevant trades, professions, or occupa-
27 tions.

28 6. A contractor or subcontractor deemed a non-compliant contractor by
29 the director may request an administrative hearing before an independent
30 hearing officer to appeal the determination of the director. The deci-
31 sion of the hearing officer shall be final and may only be vacated or
32 modified as provided in article seventy-eight of the civil practice law
33 and rules upon an application made within the time provided by such
34 article.

35 7. Upon a final determination that a contractor or subcontractor is a
36 non-compliant contractor, the director shall list the contractor or
37 subcontractor as such on its website and indicate the term of such
38 contractor's or subcontractor's status as a non-compliant contractor. A
39 non-compliant contractor shall be ineligible to participate as a
40 contractor or subcontractor on any state contract.

41 § 825. Powers and responsibilities of the division. 1. The director
42 shall post to the website of the division on or before April first of
43 each year the aspirational goals for the utilization of minority group
44 members and women in construction required pursuant to section eight
45 hundred twenty-two of this article.

46 2. The director shall promulgate rules and regulations for the imple-
47 mentation of this article, including, but not limited to, procedures for
48 the submission of certifications and workforce utilization plans by
49 contractors, criteria for granting waivers of workforce participation
50 goals, and the contents of reports by state agencies concerning their
51 implementation of the requirements of this article.

52 3. The division shall, from time to time, review the facilities,
53 books, and records of state agencies to ascertain the accuracy of their
54 reports and their compliance with the requirements of this article. The
55 department shall provide such assistance as the director shall require
56 in carrying out the requirements of this section.

1 § 826. Severability. If any clause, sentence, paragraph, section or
2 part of this article shall be adjudged by any court of competent juris-
3 isdiction to be invalid, the judgment shall not affect, impair or invali-
4 date the remainder thereof, but shall be confined in its operation to
5 the clause, sentence, paragraph, section or part of this article direct-
6 ly involved in the controversy in which the judgment shall have been
7 rendered.

8 § 13. The executive law is amended by adding a new section 312-b to
9 read as follows:

11 ness enterprise capacity mentorship program. 1. The empire state devel-

13 minority and women-owned business enterprise capacity mentorship
14 program. The study should focus on which agencies and industries would
15 benefit most from such program, the utilization of any existing minority
16 and women-owned business enterprise mentorship programs, and any fiscal
17 implications. The study shall specifically focus on:

22 (c) which state agencies would benefit most from such program concen-
23 trating in non-professional services;

24 (d) which state agencies would benefit most from such program concen-
25 trating in purchases of commodities;

26 (e) the duration of time minority and women-owned business enterprises
27 should participate in each program concentration described in paragraphs
28 (a) through (d) of this subdivision;

29 (f) the feasibility that such successful completion of such program
30 could be used as a factor for prequalifying participating minority and
31 women-owned business enterprises; and

32 (g) how such program can be tailored to better prepare minority and
33 women-owned business enterprises for bidding on contracts with such
34 agencies upon successful completion of the program.

35 2. Within twelve months of the effective date of this section, the
36 empire state development corporation shall issue a report of its find-
37 ings and recommendations to the governor, the temporary president of the
38 senate and the speaker of the assembly. Such report shall include, but
39 not be limited to, the following:

40 (a) actions that can be implemented to establish such capacity mentor-
41 ship program, a plan of action for such implementation, and the esti-
42 imated cost of the program including any additional division personnel
43 that may be required;

44 (b) any regulatory actions required by any agency in order to imple-
45 ment such program, a plan of action for implementing such actions, and
46 the estimated cost of such implementation;

47 (c) actions that require statutory changes in order to be implemented
48 and the estimated cost of such implementation; and

49 (d) the extent to which any existing minority and women-owned business

52 relative success of such programs.

53 3. Within twenty-four months of the effective date of this section,
54 the empire state development corporation shall issue a report detailing
55 the actions taken to implement the recommendations of such study to the
56 governor, the temporary president of the senate and the speaker of the

1 assembly. Such report shall include a full examination of all aspects
2 of a minority and women-owned business enterprise capacity mentorship
3 program, the benefits of such program, a proposed plan of action for the
4 permanent establishment of such program and the estimated cost of such
5 program.

10 ty and women-owned business enterprise capacity mentorship program,

12 better prepare minority and women-owned business enterprises for bidding
13 on contracts with such agencies upon successful completion of the
14 program, ensure that mentor and mentee are connected based on a commer-
15 cially useful function, and allow mentees to borrow under the program.

16 § 15. The empire state development corporation shall establish minori-

18 regional economic development councils.
