## STATE OF NEW YORK

6184--A

2019-2020 Regular Sessions

## IN SENATE

May 21, 2019

- Introduced by Sens. METZGER, MAY, SKOUFIS -- read twice and ordered printed, and when printed to be committed to the Committee on Agriculture -- committee discharged, bill amended, ordered reprinted as amended and recommitted to said committee
- AN ACT to amend the agriculture and markets law, in relation to the growth of industrial hemp and the regulation of hemp extract; and to repeal certain provisions of such law relating thereto

## The People of the State of New York, represented in Senate and Assembly, do enact as follows:

1 Section 1. Subdivision 1 of section 505 of the agriculture and markets 2 law, as added by chapter 524 of the laws of 2014, is amended to read as 3 follows: 1. "Industrial hemp" means the plant Cannabis sativa L. and any part 4 5 of such plant, including the seeds thereof and all derivatives, б extracts, cannabinoids, isomers, acids, salts, and salts of isomers, 7 whether growing or not, with a delta-9 tetrahydrocannabinol concentration of not more than 0.3 percent on a dry weight basis. 8 9 § 2. Section 506 of the agriculture and markets law, as amended by 10 section 1 of part 00 of chapter 58 of the laws of 2017, is amended to 11 read as follows: 12 § 506. Growth, sale, distribution, transportation and processing of 13 industrial hemp and products derived from such hemp permitted. [Notwithstanding any provision of law to the contrary, industrial ] 1. Industrial 14 hemp and products derived from such hemp are agricultural products which 15 may be grown, produced [and], possessed [in the state, and], sold, 16 distributed, transported [or] and/or processed [either] in [or out of] 17 18 state [as part of agricultural pilot programs pursuant to authorization 19 under federal law and the provisions of this article] pursuant to 20 authorization under federal law and/or the provisions of this article. 21 [Notwithstanding any provision of law to the contrary restricting the 22 growing or cultivating, sale, distribution, transportation or processing

EXPLANATION--Matter in <u>italics</u> (underscored) is new; matter in brackets [-] is old law to be omitted.

4

sion pursuant to section two hundred twenty-four of the county law to 1 2 promote best farming practices for industrial hemp which are compatible 3 with state water quality and other environmental objectives. 4 § 9. Sections 513 and 514 of the agriculture and markets law are 5 REPEALED and two new sections 513 and 514 are added to read as follows: б § 513. Access to criminal history information through the division of criminal justice services. In connection with the administration of 7 this article, the commissioner is authorized to request, receive and 8 9 review criminal history information through the division of criminal justice services (division) with respect to any person seeking a license 10 11 or authorization to undertake a hemp pilot project. At the commissioner's request, each researcher, principal and/or officer of the applicant 12 13 shall submit to the department his or her fingerprints in such form and 14 in such manner as specified by the division, for the purpose of conducting a criminal history search and returning a report thereon in accord-15 16 ance with the procedures and requirements established by the division 17 pursuant to the provisions of article thirty-five of the executive law, which shall include the payment of the prescribed processing fees for 18 the cost of the division's full search and retain procedures and a 19 20 national criminal history record check. The commissioner, or his or her 21 designee, shall submit such fingerprints and the processing fee to the 22 division. The division shall forward to the commissioner a report with respect to the applicant's previous criminal history, if any, or a 23 statement that the applicant has no previous criminal history according 24 to its files. Fingerprints submitted to the division of criminal justice 25 26 services pursuant to this section may also be submitted to the federal 27 bureau of investigation for a national criminal history record check. If additional copies of fingerprints are required, the applicant shall 28 29 furnish them upon request. 30 § 514. Aids to enforcement. 1. The commissioner shall have full access 31 to all premises, buildings, factories, farms, vehicles, cars, boats, airplanes, vessels, containers, packages, barrels, boxes, and/or cans 32 33 for the purpose of enforcing the provisions of this article. The commis-34 sioner may, at such locations, examine industrial hemp and hemp products 35 and may open any package and/or container reasonably believed to contain 36 industrial hemp or hemp products, to determine whether such industrial 37 hemp or hemp products follow applicable law or regulation. 38 2. A search warrant shall be issued by any court to which application 39 is made therefor, whenever it shall be made to appear to such court that a licensee has: refused to permit any industrial hemp to be inspected or 40 samples taken therefrom; refused to permit access to any premises, or 41 42 place where licensed activities are conducted; and/or refused or 43 prevented access thereto by any inspector of the department and that 44 such inspector has reasonable grounds to believe that such person has 45 any industrial hemp in his or her possession, or under his or her 46 control and/or is in violation of the provisions or regulations of this 47 article. In such a case, a warrant shall be issued in the name of the people, directed to a police officer, commanding him or her to: (a) 48 search any place of business, factory, building, premises, or farm where 49 licensed activities have occurred and any vehicle, boat, vessel, 50 51 container, package, barrel, box, tub or can, containing, or believed to contain industrial hemp in the possession or under the control of any 52 53 person who shall refuse to allow access to such hemp for inspection or 54 sampling, (b) permit the inspection and sampling of any industrial hemp found in the execution of the warrant, as the officer applying for the 55 56 search warrant shall designate when the same is found, by an inspector

or a department official authorized by the commissioner or by this chap-1 2 ter, and/or (c) permit access to any place where access is refused or 3 prevented, and to allow and enable a department inspector or other 4 department official to conduct an inspection of the place. The 5 provisions of article six hundred ninety of the criminal procedure law б shall apply to such warrant as far as applicable thereto. The officer to 7 whom the warrant is delivered shall make a return in writing of his or 8 her proceedings thereunto to the court which issued the same. 9 3. The commissioner may quarantine industrial hemp when he or she has 10 reason to believe that such commodity does not meet the definition ther-11 eof, set forth in subdivision one of section five hundred five of this article, or is otherwise in violation of or does not meet a standard set 12 13 forth in, applicable law or regulation. The guarantine may by the issu-14 ance of an order directing the owner or custodian of industrial hemp not to distribute, dispose of, or move that commodity without the written 15 16 permission of the commissioner. The commissioner may also quarantine a 17 product by placing a tag or other appropriate marking thereon or adjacent thereto that provides and requires that such product must not be 18 19 distributed, disposed of, or moved without his or her written permis-20 sion, or may quarantine a product by otherwise informing the owner or 21 custodian thereof that such condition must be complied with. 22 4. The commissioner may seize industrial hemp by taking physical possession of industrial hemp when he or she has substantial evidence to 23 believe that such commodity does not meet the definition thereof, set 24 25 forth in subdivision one of section five hundred five of this article, 26 or is otherwise in violation of, or does not meet a standard set forth 27 in, applicable law or regulation. 5. Subsequent to quarantining or seizing industrial hemp, as author-28 ized in subdivisions three and four of this section, the commissioner 29 30 shall promptly give the owner or custodian thereof an opportunity to be 31 heard to show cause why such industrial hemp should not be ordered destroyed. The commissioner shall, thereafter, consider all the relevant 32 33 evidence and information presented and shall make a determination whether such industrial hemp should be ordered to be destroyed; that determi-34 nation may be reviewed as provided for in article seventy-eight of the 35 civil practice law and rules. 36 37 § 10. The agriculture and markets law is amended by adding a new arti-38 cle 29-A to read as follows: 39 ARTICLE 29-A 40 REGULATION OF HEMP EXTRACT 41 Section 520. Definitions. 42 521. Rulemaking authority. 522. Cannabinoid related hemp extract licensing. 43 44 523. Cannabinoid grower licenses. 45 524. Cannabinoid manufacturer license. 46 525. Cannabinoid extractor license. 47 526. Cannabinoid license applications. 527. Information to be requested in applications for licenses. 48 49 528. Fees. 529. Selection criteria. 50 530. Limitations of licensure; duration. 51 52 531. License renewal. 532. Form of license. 53 54 533. Amendments to license and duty to update information submitted for licensing. 55

56 <u>534. Record keeping and tracking.</u>

1	535. Inspections and ongoing requirements.
2	536. Packaging and labeling of hemp extract.
3	537. Provisions governing the growing, manufacturing and
4	extracting of hemp extract.
5	538. Laboratory testing.
6	539. Advertising.
7	540. Research.
8	541. Regulations.
9	542. Cannabinoid permit.
10	543. New York hemp product.
11	544. Penalties and violations of this article.
12	545. Hemp workgroup.
13	546. Prohibitions.
14	547. Severability.
15	§ 520. Definitions. Wherever used in this article unless otherwise
16	expressly stated or unless the context or subject matter requires a
17	different meaning, the following terms shall have the representative
18	meanings hereinafter set forth or indicated:
19	1. "Applicant" means a for-profit entity or not-for-profit corporation
20	and includes board members who submit an application to become a licen-
21	see.
22	2. "Hemp extract" means any product made or derived from industrial
23	hemp, including the seeds thereof and all derivatives whether growing or
24	not, with a delta-9-tetrahydrocannabinol concentration of not more than
25	an amount of the plant Cannabis sativa L. and any part of such plant,
26	including the seeds thereof and all derivatives, extracts, cannabinoids,
27	isomers, acids, salts, and salts of isomers, whether growing or not,
28	with a delta-9-tetrahydrocannabinol concentration of not more than an
29	amount determined by the department in regulation, used or intended for
30	human or animal consumption or use for its cannabinoid content, as
31	determined by the commissioner in regulation. Hemp extract excludes
32	industrial hemp used or intended exclusively for an industrial purpose
33	and those food and/or food ingredients that are generally recognized as
34	safe by the department, and shall not be regulated as hemp extract with-
35	in the meaning of this article.
36	3. "Cannabinoid grower" means a person licensed by the department, and
37	in compliance with article twenty-nine of this chapter, to acquire,
38	possess, cultivate, and sell hemp extract for its cannabinoid content.
39	4. "Cannabinoid manufacturer" means a person licensed by the depart-
40	ment to acquire, possess, and manufacture hemp extract from licensed cannabinoid growers or cannabinoid extractors for the manufacture and
41 42	sale of hemp extract products marketed for cannabinoid content and used
42 43	or intended for human or animal consumption or use.
43 44	5. "Cannabinoid extractor" means a person licensed by the department
45	to acquire, possess, extract and manufacture hemp extract from licensed
46	cannabinoid growers for the manufacture and sale of hemp extract
47	products marketed for cannabinoid content and used or intended for human
48	or animal consumption or use.
49	6. "License" means a license issued pursuant to this article.
50	7. "Industrial hemp" means the plant Cannabis sativa L. and any part
51	of such plant, including the seeds thereof and all derivatives,
52	extracts, cannabinoids, isomers, acids, salts, and salts of isomers,
53	whether growing or not, with a delta-9-tetrahydrocannabinol concen-
54	tration of not more than 0.3 percent on a dry weight basis.
55	§ 521. Rulemaking authority. 1. The department shall perform such
56	acts, prescribe such forms and propose such rules, regulations and

1	orders as it may deem necessary or proper to fully effectuate the
2	provisions of this article.
3	2. The department shall have the power to promulgate any and all
4	necessary rules and regulations governing the production, processing,
5	transportation, distribution, and sale of hemp extract, including but
6	not limited to the licensing of cannabinoid growers, manufacturers,
7	extractors and retailers, including, but not limited to:
8	(a) prescribing forms and establishing application, reinstatement, and
9	renewal fees;
10	(b) the qualifications and selection criteria for licensing, or
11	permitting;
12	(c) limitations on the number of licenses to be awarded;
13	(d) the books and records to be created and maintained by licensees,
14	and permittees, including the reports to be made thereon to the depart-
15	ment, and inspection of any and all books and records maintained by any
16	licensee, or permittee, and on the premises of any licensee or permit-
17	tee;
18	(e) methods of producing, processing, and packaging hemp extract;
19	conditions of sanitation, and standards of ingredients, quality, and
20	identity of hemp extract products cultivated, processed, packaged, or
21	sold by licensees; and
22	(f) hearing procedures and additional causes for cancellation, revoca-
23	tion, and/or civil penalties against any person licensed, or permitted
24	by the department.
25	3. The department, in consultation with the department of environ-
26	mental conservation and the New York state energy research and develop-
27	ment agency, shall promulgate necessary rules and regulations governing
28	the safe production of hemp extract, including environmental and energy
29	standards.
30	§ 522. Cannabinoid related hemp extract licensing. 1. Persons grow-
31	ing, processing, extracting, and/or manufacturing hemp extract or
32	producing hemp extract products distributed, sold or marketed for canna-
33	binoid content and used or intended for human or animal consumption or
34	use, shall be required to obtain the following license or licenses from
35	the department, depending upon the operation:
36	<u>(a) cannabinoid grower license;</u>
37	(b) cannabinoid manufacturer license;
38	(c) cannabinoid extractor license.
39	2. Notwithstanding subdivision one of this section, those persons
40	growing, processing or manufacturing food or food ingredients from
41	industrial hemp pursuant to article twenty-nine of this chapter, which
42	food or food ingredients are generally recognized as safe, shall be
43	subject to regulation and/or licensing by the department.
44	§ 523. Cannabinoid grower licenses. 1. A cannabinoid grower's license
45	authorizes the acquisition, possession, cultivation and sale of hemp
46	extract grown or used for its cannabinoid content on the licensed prem-
47	ises of the grower.
48	2. A person holding a cannabinoid grower's license shall not sell hemp
49	extract products marketed, distributed or sold for its cannabinoid
50	content and intended for human consumption or use without also being
51	licensed as a manufacturer or extractor pursuant to this article or
52	otherwise permitted pursuant to section five hundred forty-two of this
53	article.
54	3. Persons growing industrial hemp pursuant to article twenty-nine of
55	this chapter are not authorized to and shall not sell hemp extract for
56	human or animal consumption or use, other than as food or a food ingre-

8

1	dient that has been generally recognized as safe in accordance with the
2	department or determined by the state to be safe for human consumption
3	as food or a food ingredient without also being licensed as a manufac-
4	turer or extractor pursuant to this article or otherwise permitted
5	pursuant to section five hundred forty-two of this article.
6	4. A person authorized under article twenty-nine of this chapter as an
7	industrial hemp grower shall apply for a cannabinoid grower license
8	provided it can demonstrate to the department that its cultivation of
9	industrial hemp meets all the requirements for hemp extract cultivated
10	under a cannabinoid grower license.
11	§ 524. Cannabinoid manufacturer license. 1. A cannabinoid manufacturer
$12^{11}$	license authorizes the licensee's acquisition, possession, and manufac-
13	ture of hemp extract from a licensed cannabinoid grower or cannabinoid
14	extractor for the processing of hemp extract or the production of hemp
15	extract products marketed, distributed or sold for cannabinoid content
16	and used or intended for human or animal consumption or use.
17	2. Notwithstanding subdivision one of this section, nothing shall
18	prevent a cannabinoid manufacturer from manufacturing industrial hemp
19	products not used or intended for human or animal consumption or use.
20	§ 525. Cannabinoid extractor license. 1. A cannabinoid extractor
	license authorizes the licensee's acquisition, possession, extraction
21	
22	and manufacture of hemp extract from a licensed cannabinoid grower for
23	the processing of hemp extract or the production of hemp extract
24	products marketed, distributed or sold for cannabinoid content and used
25	or intended for human or animal consumption or use.
26	2. No cannabinoid extractor licensee shall engage in any other busi-
27	ness on the licensed premises; except that nothing contained in this
28	article shall prevent a cannabinoid extractor licensee from also being
29	licensed as a cannabinoid grower on the same premises.
30	3. Notwithstanding subdivisions one and two of this section, nothing
31	shall prevent a cannabinoid extractor from manufacturing industrial hemp
32	products not used or intended for human or animal consumption or use.
33	4. A person authorized under article twenty-nine of this chapter as an
34	industrial hemp processor shall qualify for a cannabinoid extractor
35	license provided it can demonstrate to the department that its
36	extraction of industrial hemp meets all the requirements for hemp
37	extract under a cannabinoid extractor license.
38	§ 526. Cannabinoid license applications. 1. Persons shall apply for a
39	cannabinoid grower license, cannabinoid manufacturer license and/or a
40	cannabinoid extractor license by submitting an application upon a form
41	supplied by the department, providing all the requested information,
42	verified by the applicant or an authorized representative of the appli-
43	cant.
44	2. A separate license shall be required for each facility at which
45	growing, manufacturing and/or extracting is conducted.
46	3. Each applicant shall remit with its application the fee for each
47	requested license.
48	§ 527. Information to be requested in applications for licenses. 1.
49	The department shall have the authority to prescribe the manner and form
50	in which an application must be submitted to the department for licen-
51	sure under this article.
52	2. The commissioner is authorized to adopt regulations, including by
53	emergency rule, establishing information which must be included on an
54	application for licensure under this article. Such information may
55	include, but is not limited to: information about the applicant's iden-

1	of farmland; ownership and investment information, including the corpo-
2	rate structure; evidence of good moral character, including the
3	submission of fingerprints by the applicant to the division of criminal
4	justice services; information about the premises to be licensed; finan-
5	cial statements; and any other information prescribed in regulation.
6	3. All license applications shall be signed by the applicant (if an
7	individual), by a managing partner (if a limited liability corporation),
8	by an officer (if a corporation), or by all partners (if a partnership).
9	Each person signing such application shall verify it as true under the
10	penalties of perjury.
11	4. All license or permit applications shall be accompanied by a check,
12	draft or other forms of payment as the department may require or author-
13	ize in the amount required by this article for such license or permit.
14	5. If there be any change, after the filing of the application or the
15	granting of a license, in any of the facts required to be set forth in
16	such application, a supplemental statement giving notice of such change,
17	cost and source of money involved in the change, duly verified, shall be
18	filed with the department within ten days after such change. Failure to
19	do so shall, if willful and deliberate, be cause for revocation of the
20	license.
21	6. In giving any notice, or taking any action in reference to a licen-
22	see of a licensed premises, the department may rely upon the information
23	furnished in such application and in any supplemental statement
24	connected therewith, and such information may be presumed to be correct,
25	and shall be binding upon a licensee or licensed premises as if correct.
26	All information required to be furnished in such application or supple-
27	mental statements shall be deemed material in any prosecution for perju-
28	ry, any proceeding to revoke, cancel or suspend any license, and in the
29	department's determination to approve or deny the license.
30	7. The department may, in its discretion, waive the submission of any
31	category of information described in this section for any category of
32	license or permit, provided that it shall not be permitted to waive the
33 24	requirement for submission of any such category of information solely
34 35	for an individual applicant or applicants.
36	§ 528. Fees. The department shall have the authority to charge licen- sees a biennial license fee. Such fee may be based on the amount of hemp
30 37	extract to be grown, processed, manufactured or extracted by the licen-
38	see, the gross annual receipts of the licensee for the previous license
39	period, or any other factors deemed appropriate by the department.
40	§ 529. Selection criteria. 1. An applicant shall furnish evidence:
41	(a) its ability to effectively maintain a delta-9-tetrahydrocannabinol
42	<u>concentration that does not exceed a percentage of delta-9-tetrahydro-</u>
43	cannabinol cannabis set by the commissioner on a dry weight basis of
44	combined leaves and flowers of the plant of the genus cannabis, or per
45	volume or weight of cannabis product;
46	(b) its ability to comply with all applicable state laws and requ-
47	lations;
48	(c) that the applicant is ready, willing and able to properly carry on
49	the activities for which a license is sought; and
50	(d) that the applicant is in possession of or has the right to use
51	land, buildings and equipment sufficient to properly carry on the activ-
52	ity described in the application.
53	2. The department, in considering whether to grant the license appli-

1	(a) it is in the public interest that such license be granted, taking
2	into consideration whether the number of licenses will be adequate or
3	excessive to reasonably serve demand;
4	(b) the applicant and its managing officers are of good moral charac-
5	ter and do not have an ownership or controlling interest in more
6	licenses or permits than allowed by this chapter;
7	(c) preference shall be given to applicants that are currently farming
8	in the state and are eligible or currently receiving an agricultural
9	assessment pursuant to article twenty-five-AA of this chapter; and
10	(d) the applicant satisfies any other conditions as determined by the
11	<u>department.</u> <u>3. If the commissioner is not satisfied that the applicant should be</u>
12 13	issued a license, the commissioner shall notify the applicant in writing
$14^{13}$	of the specific reason or reasons for denial.
$14 \\ 15$	4. The commissioner shall have authority and sole discretion to deter-
15 16	mine the number of licenses issued pursuant to this article.
17	§ 530. Limitations of licensure; duration. 1. No license pursuant to
18	this article may be issued to a person under the age of eighteen years.
19	2. The department shall have the authority to limit, by canopy, plant
20	count or other means, the amount of hemp extract allowed to be culti-
	vated, processed, extracted or sold by a licensee.
21	
22 23	3. All licenses under this article shall expire two years after the date of issue and be subject to any rules or limitations prescribed by
23 24	
24 25	the commissioner in regulation. § 531. License renewal. 1. Each license, issued pursuant to this arti-
26	cle, may be renewed upon application therefor by the licensee and the
27	payment of the fee for such license as prescribed by this article. 2. In the case of applications for renewals, the department may
28	
29	dispense with the requirements of such statements as it deems unneces-
30 31	sary in view of those contained in the application made for the original license, but in any event the submission of photographs of the licensed
31 32	premises shall be dispensed with, provided the applicant for such
32 33	renewal shall file a statement with the department to the effect that
33 34	there has been no alteration of such premises since the original license
35	was issued.
36	<u>3. The department may make such rules as may be necessary, not incon-</u>
37	sistent with this chapter, regarding applications for renewals of
38	licenses and permits and the time for making the same.
39	4. The department shall provide an application for renewal of a
40	license issued under this article not less than ninety days prior to the
41	expiration of the current license.
42	5. The department may only issue a renewal license upon receipt of the
43	prescribed renewal application and renewal fee from a licensee if, in
44	addition to the criteria in section five hundred twenty-seven of this
45	article, the licensee's license is not under suspension and has not been
46	revoked.
47	6. The department shall have the authority to charge applicants for
48	licensure under this article a non-refundable application fee. Such fee
49	may be based on the type of licensure sought, cultivation and/or
50	production volume, or any other factors deemed reasonable and appropri-
51	ate by the department to achieve the policy and purpose of this chapter.
52	§ 532. Form of license. Licenses issued pursuant to this article shall
53	specify:
54	1. the name and address of the licensee;

55 2. the activities permitted by the license;

1 2

3 4. a unique license number issued by the department to the licensee; 4 and 5 5. such other information as the commissioner shall deem necessary to б assure compliance with this chapter. 7 § 533. Amendments to license and duty to update information submitted 8 for licensing. 1. Upon application of a licensee to the department, a 9 license may be amended to allow the licensee to relocate within the 10 state, to add or delete licensed activities or facilities, or to amend the ownership or organizational structure of the entity that is the 11 licensee. The fee for such amendment shall be two hundred fifty dollars. 12 13 2. In the event that any of the information provided by the applicant 14 changes either while the application is pending or after the license is granted, within ten days of any such change, the applicant or licensee 15 16 shall submit to the department a verified statement setting forth the change in circumstances of facts set forth in the application. Failure 17 to do so shall, if willful and deliberate, be cause for revocation of 18 19 the license. 20 3. A license shall become void by a change in ownership, substantial 21 corporate change or location without prior written approval of the commissioner. The commissioner may promulgate regulations allowing for 22 certain types of changes in ownership without the need for prior written 23 24 approval. 25 4. For purposes of this section, "substantial corporate change" shall 26 mean: 27 (a) for a corporation, a change of eighty percent or more of the officers and/or directors, or a transfer of eighty percent or more of stock 28 29 of such corporation, or an existing stockholder obtaining eighty percent 30 or more of the stock of such corporation; and 31 (b) for a limited liability company, a change of eighty percent or 32 more of the managing members of the company, or a transfer of eighty percent or more of ownership interest in said company, or an existing 33 34 member obtaining a cumulative of eighty percent or more of the ownership 35 interest in said company. § 534. Record keeping and tracking. 1. The commissioner shall, by 36 regulation, require each licensee pursuant to this article to adopt and 37 maintain security, tracking, record keeping, record retention and 38 surveillance systems, relating to all hemp extract at every stage of 39 acquiring, possession, manufacture, transport, sale, or delivery, or 40 41 distribution by the licensee, subject to regulations of the commission-42 er. 2. Every licensee shall keep and maintain upon the licensed premises, 43 44 adequate books and records of all transactions involving the licensee 45 and sale of its products, which shall include all information required 46 by rules promulgated by the department. 47 3. Each sale shall be recorded separately on a numbered invoice, which 48 shall have printed thereon the number, the name of the licensee, the 49 address of the licensed premises, and the current license number. 50 4. Such books, records and invoices shall be kept for a period of five 51 years and shall be available for inspection by any authorized representative of the department. 52 53 § 535. Inspections and ongoing requirements. All licensees shall be 54 subject to reasonable inspection by the department, in consultation with the department of health, and a person who holds a license must make 55 56 himself or herself, or an agent thereof, available and present for any

1	inspection required by the department. The department shall make reason-
2	able accommodations so that ordinary business is not interrupted and
3	safety and security procedures are not compromised by the inspection.
4	§ 536. Packaging and labeling of hemp extract. 1. The department, in
5	consultation with the department of health, is hereby authorized to
б	promulgate rules and regulations governing the packaging and labeling of
7	hemp extract products, sold or possessed for sale in New York state.
8	2. Such regulations shall include, but not be limited to, requiring
9	labels warning consumers of any potential impact on human health result-
10	ing from the consumption of hemp extract products that shall be affixed
11	to those products when sold, if such labels are deemed warranted by the
12	department. No label may state that hemp extract can treat, cure or
13	prevent any disease without approval pursuant to federal law.
14	3. Such rules and regulations shall establish a QR code which may be
15	used in conjunction with similar technology for labels and establish
16	methods and procedures for determining, among other things, serving
17	sizes for hemp extract products, active cannabinoid concentration per
18	serving size, number of servings per container, and the growing region,
19	state or country of origin if not from the United States. Such regu-
20	lations shall also require a supplement fact panel that incorporates
21	data regarding serving sizes and potency thereof.
22	4. The packaging, sale, or possession by any licensee of any hemp
23	product intended for human or animal consumption or use not labeled or
24	offered in conformity with rules and regulations promulgated in accord-
25	ance with this section shall be grounds for the imposition of a fine,
26	and/or the suspension, revocation or cancellation of a license.
27	§ 537. Provisions governing the growing, manufacturing and extracting
28	of hemp extract. 1. No licensed cannabinoid grower, manufacturer or
29	extractor shall sell, or agree to sell or deliver in the state any hemp
30	extract products, as the case may be, except in sealed containers
31	containing quantities in accordance with size standards pursuant to
32	rules adopted by the department. Such containers shall have affixed
33	thereto such labels as may be required by the rules of the department.
34 25	2. Licensed cannabinoid growers shall be prohibited from using pesti-
35	cides.
36	3. All hemp extract products shall be extracted and manufactured in
37 38	accordance with good manufacturing processes, pursuant to Part 111 or 117 of Title 21 of the Code of Federal Regulations as may be modified
39	and decided upon by the commissioner in regulation.
40	4. Within thirty days of the effective date of this article, the
41	department shall approve the manufacture, distribution, and sale of
42	beverages containing no more than twenty milligrams of cannabidiol per
43	twelve ounce beverage. The hemp extract used in such beverages shall be
44	grown, extracted and manufactured in the state of New York. The depart-
45	ment shall issue guidance on the label, warning, point of sale, and
46	advertising for such beverages.
47	5. Terpenes derived from the hemp plant are generally recognized as
48	safe.
49	§ 538. Laboratory testing. 1. Every cannabinoid manufacturer and
50	cannabinoid extractor shall contract with an independent laboratory to
51	test the hemp extract products produced by the licensed manufacturer or
52	extractor. The commissioner, in consultation with the commissioner of
53	health, shall approve the laboratory and require that the laboratory
54	report testing results in a manner determined by the commissioner. The
55	commissioner is authorized to issue regulations requiring the laboratory

56 to perform certain tests and services.

Cannabinoid manufacturers and cannabinoid extractors shall make 1 2. laboratory test reports available to persons holding a cannabinoid 2 3 permit pursuant to section five hundred forty-two of this article for all cannabis products manufactured by the licensee. 4 5 3. On-site laboratory testing by licensees is permissible; however, б such testing shall not be certified by the department and does not 7 exempt the licensee from the requirements of quality assurance testing 8 at a testing laboratory pursuant to this section. 9 § 539. Advertising. The department shall promulgate rules and regu-10 lations governing the advertising of hemp extract and any other related 11 products or services as determined by the commissioner. § 540. Research. 1. The department shall promote research and develop-12 13 ment through public-private partnerships to bring new hemp extract and 14 industrial hemp derived products to market within the state. 2. The commissioner may develop and carry out research programs which 15 16 may include programs at the New York state college of agriculture and life sciences, pursuant to section fifty-seven hundred twelve of the 17 education law and/or New York state university research institutions 18 19 relating to industrial hemp and hemp extract. 20 <u>§ 541. Regulations. The commissioner shall make regulations to imple-</u> 21 ment this article. § 542. Cannabinoid permit. The department is hereby authorized to 22 issue cannabinoid permits to retailers, wholesalers, and distributors 23 authorizing them to sell cannabis products derived from hemp extract. 24 The commissioner shall have the authority to set fees for such permit, 25 26 to establish the period during which such permit is authorized, and to 27 make rules and regulations, including emergency regulations, to imple-28 ment this section. 29 § 543. New York hemp product. The commissioner may establish and adopt 30 official grades and standards for hemp extract and hemp extract products 31 as he or she may deem advisable, which are produced for sale in this 32 state and, from time to time, may amend or modify such grades and stand-33 ards. § 544. Penalties and violations of this article. Notwithstanding the 34 35 provision of any law to the contrary, the failure to comply with the requirements of this article, the rules and regulations promulgated 36 thereunder, may be punishable by a fine of not more than one thousand 37 38 dollars for a first violation; not more than five thousand dollars for a 39 second violation; and not more than ten thousand dollars for a third violation and each subsequent violation thereafter. 40 41 § 545. Hemp workgroup. The commissioner shall appoint a New York state 42 industrial hemp and hemp extract workgroup, composed of researchers, producers, processors, manufacturers and trade associations, to make 43 recommendations for the industrial hemp and hemp extract programs, state 44 45 and federal policies and policy initiatives, and opportunities for the 46 promotion and marketing of industrial hemp and hemp extract as consist-47 ent with federal and state laws, rules and regulations, which workgroup shall continue for such time as the commissioner deems appropriate. 48 § 546. Prohibitions. Except as authorized in this article, the manu-49 facturing of hemp extract for human or animal consumption and the 50 51 distribution and/or sale thereof is prohibited in this state unless the manufacturer is licensed under this article. Hemp extract and products 52 53 derived therefrom for human and animal consumption produced outside the state shall not be distributed or sold in this state unless they meet 54 55 all standards and requirements established for such product manufactured
