1 § 2. Paragraph a of subdivision 2 of section 20-f of the general city
2 law, as added by chapter 40 of the laws of 1989, is amended to read as
3 follows:

4 a. That transfer of development rights, and the sending and receiving
5 districts, shall be established in accordance with a well-considered
6 plan within the meaning of subdivision twenty-five of section twenty of
7 this article. The sending district from which transfer of development
8 rights may be authorized shall consist of natural, scenic, recreational,
9 agricultural or open land or sites of special historical, cultural,

11 from sea level rise, storm surge or flooding. Every receiving district,
12 to which transfer of development rights may be authorized, shall have
13 been found by the legislative body of the city, after evaluating the
14 effects of potential increased development which is possible under the
15 transfer of development rights provisions, to contain adequate
16 resources, environmental quality and public facilities including
17 adequate transportation, water supply, waste disposal and fire
18 protection, and that there will be no significant environmentally damag-
19 ing consequences and such increased development is compatible with the
20 development otherwise permitted by the city and by the federal, state,
21 and county agencies having jurisdiction to approve permissible develop-
22 ment within the district. A generic environmental impact statement
23 pursuant to the provisions of article eight of the environmental conser-
24 vation law shall be prepared by the city for the receiving district
25 before any such district, or any sending district, is designated, and
26 such statement shall be amended from time to time by the city if there

28 rights affects districts in two or more school, special assessment or
29 tax districts, it may not unreasonably transfer the tax burden between
30 the taxpayers of such districts. The receiving and sending districts
31 need not be coterminous with zoning districts.

32 § 3. The opening paragraph of subdivision 2 of section 261-a of the
33 town law, as added by chapter 40 of the laws of 1989, is amended to read

4 by the town board, after evaluating the effects of potential increased
5 development which is possible under the transfer of development rights
6 provisions, to contain adequate resources, environmental quality and
7 public facilities, including adequate transportation, water supply,
8 waste disposal and fire protection, and that there will be no signif-
9 icant environmentally damaging consequences and such increased develop-
10 ment is compatible with the development otherwise permitted by the town
11 and by the federal, state, and county agencies having jurisdiction to
12 approve permissible development within the district. A generic environ-
13 mental impact statement pursuant to the provisions of article eight of
14 the environmental conservation law shall be prepared by the town board
15 for the receiving district before any such district, or any sending
16 district, is designated, and such statement shall be amended from time
17 to time by the town board if there are material changes in circum-
18 stances. Where a transfer of development rights affects districts in two
19 or more school, special assessment or tax districts, it may not unrea-
20 sonably transfer the tax burden between the taxpayers of such districts.
21 The receiving and sending districts need not be coterminous with zoning
22 districts.
