AN ACT to amend the vehicle and traffic law, in relation to evidence of loss of consciousness for the purposes of maintaining a driver's license

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

Section 1. Subdivision 8 of section 502 of the vehicle and traffic law, as added by a chapter of the laws of 2019 amending the vehicle and traffic law relating to the licensing of drivers where there is evidence of the loss of consciousness by such person, as proposed in legislative bills numbers S.5225-A and A.4751-A, is amended to read as follows:

[8] 2. Loss of consciousness. a. This subdivision shall apply to any applicant for an original driver's license in this state who has ever suffered a loss of consciousness, to any applicant for a renewal driver's license who has suffered a loss of consciousness since his or her last license was issued in this state, to any person who is required to submit physicians', physician assistants', or nurse practitioners' statements, in such form as the commissioner may require, as a condition 13 for continuing licensing, and to persons holding a driver's license concerning whom the commissioner has received evidence of loss of 14 consciousness.

c. A person to whom this part is applicable shall be deemed to be fit for licensing only as determined by the commissioner in accordance with section 9.3 of part 9 of title 15 of the codes, rules and regulations of the state of New York as prescribed by the commissioner.

d. (i) Upon [receipt of an application for an original driver's license, or for renewal of a driver's license, or upon] a scheduled review of <u>a statement as required under paragraph e of this section or</u> upon receipt of evidence from a police agency, police accident report or physician, physician assistant or nurse practitioner confirmed by a department hearing or investigation that a licensee has experienced a lack of consciousness, or if the commissioner has not received an acceptable physician's, physician assistant's or nurse practitioner's 12 statement as defined in subparagraph [(iii) of this paragraph, or, 14 if such a statement is received but the commissioner's medical consultant finds grounds to disagree with or to question a recommendation of such physician, physician assistant or nurse practitioner made in accordance with the provisions of section 9.3 of part 9 of title 15 of the codes, rules and regulations of the state of New York, the commis-19 sioner shall deny or suspend such license, whichever is appropriate, and 20 offer to hold a department hearing to review such action, upon written 21 request of such person. If such request for hearing is not made within thirty days of such denial or suspension, the offer to hold a hearing shall be deemed to be withdrawn. Notwithstanding the offer to hold a 24 department hearing to review the denial or suspension, a department hearing will not be held until such time as the motorist submits to the commissioner a physician, physician assistant or nurse practitioner statement as required under the provisions of part 9 of title 15 of the codes, rules and regulations of the state of New York and the commissioner and the commissioner's medical consultants have reviewed such statements within a reasonable period of time. The denial or suspension shall remain in effect until a department hearing is held to review such 32 denial or suspension or after review of the physician, physician assistant or nurse practitioner statement the commissioner and his or her 34 medical consultants finds no grounds to disagree with or to question the physician's, physician assistant's or nurse practitioner's statement.

(ii) Notwithstanding the provisions of subparagraph (i) of this section, upon receipt of an application for an original driver's license, or for renewal of a driver's license, or upon receipt of evidence from a source other than a police agency, police accident report or physician, physician assistant or nurse practitioner, confirmed by a department hearing or investigation that a licensee has experienced a loss of consciousness, the commissioner shall, unless he or she deems such person's operation of a motor vehicle on a public highway to be an immediate hazard, send to such person a proposed denial or suspension of license, whichever is appropriate, with an offer to withhold such action until after a department hearing, if such hearing is requested by such person. The failure of such person to reply to the commissioner, either accepting the denial or suspension or requesting a hearing, within thirty days of the date of such notice, shall result in the imposition of the denial or suspension. If the commissioner deems any such person's operation of a motor vehicle on a public highway to be an immediate hazard, he or she shall deny or suspend such license as required under subparagraph (i) of this paragraph and such denial or suspension shall be subject to the provisions of such subparagraph (i). For the purposes of this subparagraph, a person's operation of a motor vehicle on a public highway shall be deemed to constitute an immediate S. 6967 3

hazard if the commissioner has received evidence that such person's loss of consciousness has caused or contributed to a motor vehicle accident.

(iii) A physician's, physician assistant's or nurse practitioner's statement shall not be acceptable unless such licensed physician, physician assistant or nurse practitioner has attended or examined the patient within one hundred twenty days of the date of such statement, and if required by the commissioner, may be required to be submitted by a physician licensed in a specialty appropriate to the condition in question.

e. The commissioner may require the submission of physicians', physician assistants' or nurse practitioners' statements on a scheduled basis as a condition of licensing in those cases in which a person has experienced loss of consciousness but meets standards of fitness as set forth in rules and regulations prescribed by the commissioner, and the physician's, physician assistant's or nurse practitioner's statement indicates that medication is being taken to meet such standards and, in the opinion of either the submitting physician, physician assistant or nurse or the medical consultant to the commissioner, the practitioner submission of such scheduled physician's, physician assistant's or nurse practitioner's statements is considered necessary or desirable. However, the provisions of this subdivision shall not be applicable in any case 22 where a person has been seizure free without medication for a minimum period of one year and submits a physician's, physician assistant's or nurse practitioner's statement.

f. Any hearing held pursuant to this subdivision shall be conducted in conformity with the provisions of the state administrative procedure act and any regulations promulgated by the commissioner thereunder. Judicial review of a determination made by the commissioner after a hearing held pursuant to this subdivision may be had without an administrative appeal being made pursuant to article three-A of this chapter.

31 § 2. This act shall take effect on the same date and in the same 32 manner as a chapter of the laws of 2019 amending the vehicle and traffic 33 law relating to the licensing of drivers where there is evidence of the 34 loss of consciousness by such person, as proposed in legislative bills 35 numbers S.5225-A and A.4751-A, takes effect.
