## SENATE - ASSEMBLY

January 17, 2020

IN SENATE -- Introduced by Sen. LAVALLE -- read twice and ordered printed, and when printed to be committed to the Committee on Local Government

IN ASSEMBLY -- Introduced by M. of A. THIELE, PALUMBO -- read once and referred to the Committee on Local Governments

AN ACT to amend the town law and the tax law, in relation to authorizing towns in the Peconic Bay region to establish community housing funds to be funded by a supplemental real estate transfer tax

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

1 Section 1. Legislative findings. The legislature hereby finds that  
2 critical to the future of the Peconic Bay region is the need for an  
3 adequate supply of housing opportunities for all segments of the Peconic  
4 Bay community.

5 The adverse impact resulting from the lack of housing opportunities is  
6 severe. Local employers are having difficulty hiring and retaining  
7 employees because of housing costs and availability. Local volunteer  
8 emergency services agencies are experiencing difficulty in recruitment  
9 and retention. Long-time residents are forced to leave the area. Traf-  
10 fic congestion is intensified by the importation of labor from areas  
11 with lower housing costs. Finally, the lack of housing opportunities is  
12 resulting in residents being forced to live in substandard, illegal  
13 conditions.

14 The unique demographics and economics in the Peconic Bay region and a  
15 lack of affordable dwelling units are contributing to this housing shor-  
16 tage. The combination of the Peconic Bay region's attractiveness, prox-  
17 imity to the dense population of the New York metropolitan region and to  
18 that region's extraordinary wealth, makes the Peconic Bay region a prime  
19 location for seasonal and luxury homes. While this combination of  
20 extraordinary attractiveness, population density, and wealth has created  
21 a strong local economy for the Peconic Bay region, it has resulted in a  
22 housing crisis for local families. In the Peconic Bay region, more than  
23 40% of all housing units are seasonal.

EXPLANATION--Matter in italics (underscored) is new; matter in brackets  
[-] is old law to be omitted.

1 In summary, the demand of land for luxury and seasonal homes and  
2 seasonal rentals has left a short supply of housing opportunities for  
3 moderate income and working class local residents. The implementation of  
4 the new federal tax bill will only exacerbate this problem by making it  
5 more difficult for first time homebuyers by imposing a \$10,000 cap on  
6 the deductibility of state and local taxes and by reducing the mortgage  
7 interest deduction on new mortgages. The Peconic Bay region requires a  
8 balanced housing policy where there exists a variety of housing types  
9 and opportunities across the region's economic spectrum.

10 It is the public purpose of this legislation to give the towns of the  
11 Peconic Bay region the authority and resources needed to establish a  
12 dedicated fund to provide needed housing opportunities. Specifically,  
13 this legislation would permit each town to establish a community housing  
14 fund to increase housing opportunities in the region. Further, a town  
15 housing plan adhering to smart growth principles would be required to be  
16 approved and implemented to insure that these new housing opportunities  
17 are enacted in the context of a comprehensive plan. The fund shall be  
18 enacted by local law subject to a mandatory referendum.

19 Said fund would be financed by a combination of state and local funds,  
20 including a 0.5% supplemental real estate transfer tax, which would be  
21 in addition to the existing 2% real estate transfer tax for the Peconic  
22 Bay region community preservation fund.

23 In addition, the exemption amounts from the total real estate transfer  
24 tax would be increased to \$400,000 in the towns of Southampton, East  
25 Hampton and Shelter Island and to \$280,000 in the towns of Riverhead and  
26 Southold. This will insure that in the towns of East Hampton, Southamp-  
27 ton, and Shelter Island, the real estate transfer tax will be reduced  
28 from current law for property transfers with a consideration under  
29 \$1,000,000. The real estate transfer tax would be reduced from current  
30 law in the towns of Southold and Riverhead for property transfers with a  
31 consideration under \$800,000. Finally, the purchase price limit for the  
32 exemption for first time homebuyers in the towns of East Hampton, South-  
33 ampton and Shelter Island would be increased from 120% to 150% of the  
34 purchase price limit defined by the state of New York mortgage agency.  
35 These amendments to the exemptions will reduce any adverse impact from  
36 the transfer tax on the provision of community housing.

37 § 2. This act shall be known and may be cited as the "Peconic Bay  
38 region community housing act".

39 § 3. The town law is amended by adding a new section 64-k to read as
