AN ACT making appropriations for the support of government

AID TO LOCALITIES BUDGET

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

Section 1. a) The several amounts specified in this chapter for aid to localities, or so much thereof as shall be sufficient to accomplish the purposes designated by the appropriations, are hereby appropriated and authorized to be paid as hereinafter provided, to the respective public officers and for the several purposes specified.

b) Where applicable, appropriations made by this chapter for expenditures from federal grants for aid to localities may be allocated for spending from federal grants for any grant period beginning, during, or prior to, the state fiscal year beginning on April 1, 2020 except as otherwise noted.

c) The several amounts named herein, or so much thereof as shall be sufficient to accomplish the purpose designated, being the undisbursed and/or unexpended balances of the prior year's appropriations, are here- by reappropriated from the same funds and made available for the same purposes as the prior year's appropriations, unless herein amended, for the fiscal year beginning April 1, 2020. Certain reappropriations in this chapter are shown using abbreviated text, with three leader dots (an ellipsis) followed by three spaces (... ) used to indicate where existing law that is being continued is not shown. However, unless a

EXPLANATION--Matter in italics (underscored) is new; matter in brackets [-] is old law to be omitted.
change is clearly indicated by the use of brackets [−] for deletions and underscores for additions, the purposes, amounts, funding source and all other aspects pertinent to each item of appropriation shall be as last appropriated.

For the purpose of complying with the state finance law, the year, chapter and section of the last act reappropriating a former original appropriation or any part thereof is, unless otherwise indicated, chapter 53, section 1, of the laws of 2019.

d) No moneys appropriated by this chapter shall be available for payment until a certificate of approval has been issued by the director of the budget, who shall file such certificate with the department of audit and control, the chairperson of the senate finance committee and the chairperson of the assembly ways and means committee.

e) Notwithstanding any provision of law to the contrary, if the financial plan required under sections twenty-two or twenty-three of the state finance law estimates that the general fund is reasonably anticipated to end the fiscal year with an imbalance of $500,000,000 or more, the director of the division of the budget shall prepare a plan that shall be submitted to the legislature, which shall identify the general fund and state special revenue fund appropriations contained herein and related disbursements that may be reduced to eliminate the imbalance identified in the general fund, provided, however, that the total reduction in disbursements identified in such plan shall not exceed an amount equal to 1.0 percent of estimated disbursements in total state operating funds for fiscal year 2020-2021. The legislature shall have 30 days after such submission to either prepare its own plan, which may be adopted by concurrent resolution passed by both houses and implemented by the division of the budget, or if after 30 days the legislature fails to adopt its own plan, the reductions to the general fund and state special revenue fund appropriations contained herein and related disbursements identified in the division of the budget plan will go into effect automatically. To the extent the state is obligated to make payment to any individual or entity pursuant to any appropriation contained herein to which an adjustment or reduction is applied in accordance with this section, such obligation shall be reduced commensurate with any adjustments or reductions made by the director of the budget and/or by the legislature. The following types of appropriations shall be exempt from reduction in any plan prepared by the budget director and/or any plan adopted by the legislature: (a) public assistance payments for families and individuals and payments for eligible aged, blind and disabled persons related to supplemental social security; (b) any reductions that would violate federal law; (c) payments of debt service and related expenses for which the state is constitutionally obligated to pay debt service or is contractually obligated to pay debt service, subject to an appropriation, including where the state has a contingent contractual obligation; and (d) payments the state is obligated to make pursuant to court orders or judgments.

f) Notwithstanding any provision of law to the contrary, for purposes of any appropriation made by this chapter which authorizes spending in an amount net of refunds, rebates, reimbursements, credits, repayments, and/or disallowances, "refunds" shall mean funds received to the state resulting from the overpayment of monies, "rebates" shall mean funds received to the state resulting from a return of a full or partial amount previously paid, as for goods or services, serving as a reduction, discount or rebate to the original payment amount, "reimbursements" shall mean funds received to the state as repayment in
an equivalent amount for goods or services, including but not limited to personal service costs, incurred by the state in the first instance being provided to a third party for their benefit and partially or in full financed by such third party, "credit" shall mean monies made available to the state that reduce the amount owed to a third party, including but not limited to billing errors, rebates, and prior overpayments, "repayment" shall mean the return of monies as pay back for expenses incurred, and "disallowance" shall mean monies made available to the state that were not allowed or accepted officially by the intended recipient, based on a determination the payment is not acceptable and/or valid. When the office of the state comptroller receives any such refunds, rebates, reimbursements, credits, repayments, and/or disallowances, he or she shall credit the refunded, rebated, reimbursed, credited, repaid, and disallowed amount back to the original appropriation and reduce expenditures in the year which such credit is received regardless of the timing of the initial expenditure.

g) Notwithstanding any other provision of law to the contrary, if the state or any agency thereof incurs any costs associated with administering the rent regulation program in accordance with subdivision (c) of section 8 of chapter 576 of the laws of 1974, as amended, for a city having a population of one million or more, the director of the budget may direct any other state agency or agencies making payments to such city, or any department, agency, or instrumentality thereof, to permanently reduce the amount of any other payment or payments owed to such city or any department, agency, or instrumentality thereof pursuant to any appropriation set forth in this chapter. Provided however, that such reduction shall be in an amount equal to the costs incurred by the state or agency thereof in accordance with subdivision (c) of section 8 of chapter 576 of the laws of 1974 and provided further that such direction shall be made in writing by the director of the budget. If the director of the budget makes such direction pursuant to the authority set forth herein, the impacted city shall not make the payments required by subdivision (c) of section 8 of chapter 576 of the laws of 1974, as amended, and the division of housing and community renewal shall notify such city in writing of what payment or payments will be reduced and the amount of such reduction. To the extent a city of one million or more or any department, agency, or instrumentality thereof is entitled to any cash disbursement authorized by any appropriation contained in this chapter, such entitlement shall be reduced commensurate with reductions in payments made in accordance with this part.

h) Notwithstanding any provision of law to the contrary, upon enactment of this chapter of the laws of 2020 containing the aid to localities budget bill for the state fiscal year 2020-2021, all appropriations and reappropriations contained in chapter 53 of the laws of 2019, which would otherwise lapse by operation of law on March 31, 2021 are hereby repealed.

i) The appropriations contained in this chapter shall be available for the fiscal year beginning on April 1, 2020 except as otherwise noted.

(C) "Tier C" shall equal, for school districts with a modified free and reduced-price lunch index of 1.5 or greater, the product of public school district enrollment as computed pursuant to paragraph n of subdivision 1 of section 3602 of the education law for the base year multiplied by the Tier C per pupil amount, where "Tier C per pupil amount" shall equal the product of (A) $148.18 multiplied by (B) the regional cost index computed pursuant to subparagraph 2 of paragraph a of subdivision 4 of section 3602 of the education law for such school district multiplied by (C) the modified free and reduced-price lunch index multiplied by (D) the difference of two less the product of 1.5 multiplied by the combined wealth ratio for total foundation aid computed pursuant to subparagraph 2 of paragraph c of subdivision 3 of section 3602 of the education law, provided that such difference shall be no greater than 0.9 nor less than zero, and where the
"modified free and reduced-price lunch index" shall equal the quotient arrived at when dividing the three year average free and reduced price lunch percent for the current year computed pursuant to paragraph p of subdivision 1 of section 3602 of the education law of the school district by the statewide average of such percent excluding any city school district in a city with a population of one million or more.

(D) "Tier D" shall equal the product of the extraordinary needs count computed pursuant to paragraph s of subdivision 1 of section 3602 of the education law multiplied by the Tier D per pupil amount, where "Tier D per pupil amount" shall equal the product of (A) $205 multiplied by (B) the sum of one plus the sparsity factor computed pursuant to paragraph r of subdivision 1 of section 3602 of the education law multiplied by (C) the extraordinary needs index multiplied by (D) the tier D scaled factor, where the "extraordinary needs index" shall equal the quotient of the extraordinary needs percent for the district computed pursuant to paragraph w of subdivision 1 of section 3602 of the education law divided by the statewide average of such percent, and where the "tier D scaled factor" shall equal the difference of 1.37 less the squared product of the pupil wealth ratio computed pursuant to paragraph a of subdivision 3 of section 3602 of the education law multiplied by 1.24, provided that such tier D scaled factor shall not be less than zero nor more than one.

(E) "Tier E" shall equal the greater of the due minimum or the difference of the due minimum less the hold harmless, where "due minimum" shall equal the product of the adjusted foundation aid base as defined herein multiplied by 0.0025, and where the "hold harmless" shall equal adjusted foundation aid as defined herein less the adjusted foundation aid base as defined herein.

(F)(i) "Community schools setaside increase" shall equal the sum of the community schools tier 1 increase and the community schools tier 2 increase, where (A) the
community schools tier 1 increase shall equal, for eligible school districts, the greater of $30,000 or the product of (1) $66.05 multiplied by (2) the public school district enrollment as computed pursuant to paragraph n of subdivision 1 of section 3602 of the education law for the base year multiplied by (3) the community schools setaside ratio and (B) the community schools tier 2 increase shall equal, for eligible school districts, the greater of $25,000 or the product of (1) $43.94 multiplied by (2) the public school district enrollment as computed pursuant to paragraph n of subdivision 1 of section 3602 of the education law for the base year multiplied by (3) the community schools setaside ratio.

(ii) Provided further, the "community schools setaside ratio" shall equal the difference of one less the product of the combined wealth ratio for total foundation aid computed pursuant to subparagraph 2 of paragraph c of subdivision 3 of section 3602 of the education law multiplied by 0.64, provided that such difference shall not be greater than 0.9 nor less than zero.

(iii) Provided further, for the community schools tier 1 increase, "eligible school districts" shall be (A) those districts that contain at least one school identified as a Comprehensive Support & Improvement (CSI) School in the 2018-19 school year, or (B) districts where (1) the difference of the quotient of the English language learner count computed pursuant to paragraph o of subdivision 1 of section 3602 of the education law for the base year divided by public school district enrollment for the base year less such quotient for the school year five years prior to the base year is greater than or equal to the statewide average of the difference of such quotients, and (2) where the quotient arrived at when dividing the English language learner count for the base year by public school district enrollment for the base year is greater than or equal to the statewide average of such quotient, and (3) where the combined wealth ratio for total foundation aid
computed pursuant to subparagraph 2 of paragraph c of subdivision 3 of section 3602 of the education law is less than or equal to 1.0.

(iv) Provided further, for the community schools tier 2 increase, "eligible school districts" shall be those that did not receive funds under the community schools setaside for the 2019-20 school year, are not eligible for the community schools tier 1 increase, and have a combined wealth ratio for total foundation aid computed pursuant to subparagraph 2 of paragraph c of subdivision 3 of section 3602 of the education law less than or equal to 0.84.

(G) "Adjusted foundation aid base" shall equal the sum of

(1) the total amount a district was eligible to receive in the base year pursuant to subdivision 4 of section 3602 of the education law, plus

(H) "Adjusted foundation aid" shall equal the sum of the total amounts set forth for such school district as "FOUNDATION AID PRE-ADJ", "2020-21 EST. Notwithstanding any provision of law to the contrary, each school district shall set aside from its total foundation aid computed for the current year pursuant to this appropriation an amount equal to the amount, if any, set forth for such district as "20-21 COMMUNITY SCHOOLS INCR" in the data file produced by the commissioner in support of the executive budget for the 2020-21 school year and entitled "BT202-1" to support the transformation of school buildings into community hubs to deliver co-located or school linked academic, health, mental health services and personnel, afterschool programming, dual language programs, nutrition, trauma informed support, counseling, legal and/or other services to students and their families, including but not limited to providing a community school site coordinator and programs for English language learners.

Notwithstanding any provision of law to the contrary, nothing contained herein shall be construed to eliminate the obligations for school districts to provide loans of certain materials to nonpublic students pursuant to sections 701, 712, 752, and 753 of the education law.

Notwithstanding any inconsistent provision of law, for the 2020-21 school year, an amount equal to the BOCES payment adjustment shall be deducted from the apportionments payable pursuant to section 3609-a of the education law, and an amount equal to such BOCES payment adjustment shall be added to the apportionments payable pursuant to section 3609-d of the education law, provided that "BOCES payment adjustment" shall mean the total amount set forth for such school district as "2020-21 EST. BOCES AID" in the data file produced by the commissioner in support of the executive budget request for the 2020-21 school year and entitled "BT202-1".

Provided that, notwithstanding any inconsistent provision of law, $200,000,000 shall be available as a 2020-21 school year fiscal stabilization fund for additional foundation aid to high need school districts otherwise eligible for an apportionment pursuant to subdivision 4 of...
section 3602 of the education law, provided that such fund shall be allocated among high need school districts pursuant to a chapter of the laws of 2020, and provided further that not more than 70 percent of such fund shall be available for the 2020-21 state fiscal year. Notwithstanding any provision of law to the contrary, for any apportionments provided pursuant to sections 701, 711, 751, 753, 1950, 3602, 3602-b, 3602-c, 3602-e and 4405 of the education law for claims for which payment is first to be made in the 2019-20 and 2020-21 school years, the commissioner shall certify no payment to a school district, other than payments pursuant to subdivisions 6-a, 11, 13 and 15 of section 3602 of the education law, in excess of the payment computed based on an electronic data file used to produce the school aid computer listing produced by the commissioner in support of the executive budget request submitted for the 2020-21 state fiscal year and entitled "BT202-1". Provided, however, no payments shall be barred or reduced where such payment is required as a result of a final audit of the state. Notwithstanding any inconsistent provision of law, for all school districts, the apportionment of general support for public schools for the 2020-21 school year in excess of the amount apportioned to such school district in the 2019-20 school year shall be withheld until (i) such school district has submitted to the commissioner of education and the director of the budget a detailed statement of the total funding allocation for each school in the district for the 2020-21 school year, in a statewide uniform form developed by the director of the budget, in consultation with the commissioner of education, and (ii) the commissioner of education and the director of the budget issue a determination of compliance in writing of such school district's statement of total funding allocation as required by subdivision 1 of section 3614 of the education law, provided that such school districts shall submit such statement to the commissioner of education and
the director of the budget on or before September 4, 2020.

Provided further that such school districts shall adhere to and complete the prescribed form accurately and fully, and shall make such statement publicly available and on the district website.

Provided further that the director of the budget shall request in such form only information that is known to, or may be ascertained or estimated by, the district.

Provided further that each such local educational agency shall include in such statement the approach used to allocate funds to each school and that such statement shall include but not be limited to separate entries for each individual school, demographic data for the school, per pupil funding level, source of funds, and uniform decision rules regarding allocation of centralized spending to individual schools from all funding sources.

Provided further that within 45 days of submission of such statement by a school district, the commissioner of education and director of the budget shall review such statement and determine whether the statement is complete and is in the format required. If such statement is determined to be complete and in the format required, a written acknowledgement of such shall be sent to the school district. If no determination is made by the commissioner of education and the director of the budget within 45 days of submission of the statement, such statement shall be deemed approved.

Should the commissioner of education or the director of the budget request additional information from the school district to determine completeness, the district shall submit such requested information to the commissioner of education and the director of the budget within 30 days of such request and the commissioner of education and director of the budget's deadline for review and determination shall be extended by 45 days from the date of submission of the additional requested information. If the commissioner of education or director of the budget determine a school district's spending statement to be
noncompliant, such school district shall be allowed to submit a revised spending statement at any time. Provided further that if a school district fails to submit a statement that is complete and in the format required on or before September 4, 2020 or if the commissioner of education or director of the budget determine the school district's spending statement to be noncompliant, a written explanation shall be provided and the school district will have 30 days to cure. If the school district does not cure within 30 days, at the joint direction of the director of the budget and the commissioner of education, the comptroller of the city in which such school district is situated, or if the city does not have an elected comptroller the chief financial officer of the city, or for school districts not located in a city, the chief financial officer of the town in which the majority of the school district is situated shall be authorized, at his or her discretion, to obtain appropriate information from the school district, and shall be authorized to complete such form and submit such statement to the director of the budget and the commissioner of education for approval. Provided further that where the comptroller or chief financial officer exercises the authority to submit such form, such submission shall occur within 60 days following notification of the school district's failure to cure. Provided further that nothing in the preceding paragraph shall preclude a school district from submitting a spending statement for approval by the director of the budget and the commissioner of education at any time. Provided further that any apportionment withheld pursuant to this appropriation shall not have any effect on the base year calculation for use in the subsequent school year. Notwithstanding any inconsistent provision of law, for the 2020-21 school year, any school district with an underfunded high-need school shall prioritize all such
underfunded high-need schools among its individual schools, and shall submit to the commissioner on or before September 1, 2020 a report specifying how such district effectuated appropriate funding for the underfunded high-need schools. Provided further, on or before May 1, 2020, the director of the budget shall produce a list of underfunded high need schools, as defined herein. Provided, however, that the director of the budget shall exclude from this list schools within district 75 of the city school district of New York, schools that are of the same school type within a district but do not serve any grade levels that overlap, schools serving only students in prekindergarten, or any other schools with irregular or outlying properties.

4. "average student need index by school type" shall mean the quotient arrived at when dividing the sum of weighted student enrollment as defined herein for all schools within a school district of the same school type by the K-12 enrollment for the 2019-20 school year for all
schools in a school district of the same school type as reported on the statement required for such school year pursuant to section 3614 of the education law;

(5) "weighted student enrollment" for any school shall mean the sum of (i) K-12 enrollment plus (ii) the product of the number of students eligible to receive free and reduced price lunch multiplied by 0.65 plus (iii) the product of the number of English language learners multiplied by 0.5, plus (iv) the product of the number of students with disabilities multiplied by 1.41, for the 2019-20 school year as reported on the statement required for such school year pursuant to section 3614 of the education law;

(6) "significantly high need school" shall mean a school with a student need index greater than the product of the average student need index by school type within the school district multiplied by 1.05;

(7) "per pupil expenditures" for any school shall mean the quotient arrived at when dividing the expenditure amount as reported for the 2019-20 school year in the statement required for such school year pursuant to section 3614 of the education law, excluding expenditures for prekindergarten and preschool special education programs and central district costs by the weighted student enrollment of the school;

(9) "significantly low funded school" shall mean a school within a school district
that has per pupil expenditures less than
the product of the average per pupil

school district multiplied by 0.95.
Notwithstanding any inconsistent provision
of law to the contrary, for the purposes
of this appropriation and of calculating
the allocable growth amount for the 2020-
21 school year pursuant to paragraph gg of
subdivision 1 of section 3602 of the
education law, the allowable growth amount
shall equal the product of the positive

general support for public schools as
computed based on an electronic data file

in chapter 89 of the laws of 2016.

The East Ramapo central school district shall be eligible to receive
reimbursement from the funds appropriated herein for its approved
expenditures in the 2019-20 school year on services to improve and
enhance the educational opportunities of students attending the
public schools in such district. Such services shall include, but
not be limited to, reducing class sizes, expanding academic and
enrichment opportunities, establishing and expanding kindergarten
programs, expanding extracurricular opportunities and providing

and expenses shall not be eligible for reimbursement from such
funds.

In order to receive such funds, the school district in consultation
with the monitor or monitors pursuant to chapter 89 of the laws of
2016 shall revise its long term strategic academic and fiscal
improvement plan by October 1, 2019. Such revised plan shall be
submitted to the commissioner for approval and shall include a set
of goals with appropriate benchmarks and measurable objectives and
identify strategies to address areas where improvements are needed
in the district, including but not limited to its financial stabili-

Such comprehensive expenditure plan shall ensure that funds supplement, not supplant, expenditures from local, state and federal funds for services provided to public school students, except that such funds may be used to continue services funded pursuant to chapter 89 of the laws of 2016 in prior years. Such expenditure plan shall be revised in consultation with the monitor or monitors appointed by the commissioner. The commissioner of education shall have 30 days from the receipt of such evidence to confirm whether the school district has complied with the requirements of chapter 89 of the laws of 2016 and shall determine whether such funds were spent in conformance with the provisions of such chapter. Upon finding compliance and determining that the funds were properly expended, the commissioner shall certify the amount of the approved expenditures to the state comptroller for payment no later than 60 days after such determinations. The East Ramapo central school district shall not receive reimbursement for funds authorized herein that are not spent for the direct benefit of students attending public schools in such district in a manner consistent with its approved comprehensive expenditure plan or prior written approval from the commissioner.

The board of education in consultation with the monitor or monitors shall submit the school district's proposed budget for the next succeeding school year to the commissioner no later than 45 days before the date scheduled for the school district's budget vote. The commissioner shall review the budget to ensure that it, to the greatest extent possible, expands educational programming for students including but not limited to extracurricular activities, course offerings, non-mandated support services, non-mandated art and music classes, programs and services for English language learners and students with disabilities, and maintaining class size. The commissioner shall also review the proposed budget to ensure that it is balanced within the context of revenue and expenditure estimates and mandated programs. The commissioner shall present his
or her findings to the board of education no later than 30 days
prior to the date scheduled for the school district's budget vote.
The board of education shall make adjustments to the proposed budget
consistent with any recommendations made by the commissioner. The
school district shall make available on the district's website: the
initial proposed budget, the commissioner's findings, and the final

and new half-day pre-kindergarten placements, and (B) the district's
selected aid per pre-kindergarten pupil pursuant to subparagraph i
of paragraph b of subdivision 10 of section 3602-e of the education

such assessment of child outcomes shall not be used to make high-

contrary, the $10,000,000 appropriated herein available for school-

and students with the greatest need, and (ii) proposal quality.
Provided, further, that to assess proposal quality in order to award
implementation grant funding, the commissioner shall take into
account factors including, but not limited to: (i) the extent to
which the school district's proposal would maximize the use of the
additional learning time through a comprehensive restructuring of
the school day and/or year, (ii) the extent to which the proposal
would provide additional learning time for students in grades six
through eight, and (iii) how the additional learning time would be
utilized, including, but not limited to, additional time spent on
core academics. Provided, however, that no district shall be eligi-
able to receive a school-wide extended learning grant unless its
proposal would increase student learning time by at least 25
percent. Provided, further, that a school district's schoolwide

for the 12-month period preceding January first of the base year,
divided by (ii) the average of the national consumer price indexes
determined by the United States department of labor for the 12-month
period preceding January first of the year two years prior to the
base year; provided, however, that in extraordinary cases the
commissioner may award a grant that exceeds the per pupil limit
described above; provided further, however, that no district shall
receive a grant in excess of the total actual grant expenditures
incurred by the district in the current school year as approved by
the commissioner. Provided, further, that no school district shall
receive more than forty percent of the total school-wide extended
learning grant allocation.

Provided, further, that notwithstanding any provision of law to the
contrary, the $7,500,000 appropriated herein available for community

proposed community schools program, and (v) proposal quality.
Provided, further, that to assess proposal quality in order to award
such funding, the commissioner shall take into account factors
including, but not limited to: (i) the extent to which the school
district's proposal would provide such community services through
partnerships with local governments and non-profit organizations,
(ii) the extent to which the proposal would provide for delivery of
such services directly in school buildings, (iii) the extent to
which the proposal articulates how such services would facilitate
measurable improvement in student and family outcomes, (iv) the
extent to which the proposal articulates and identifies how existing
funding streams and programs would be used to provide such community
services, and (v) the extent to which the proposal ensures the safe-
ty of all students, staff and community members in school buildings
used as community hubs. Provided, however, that community schools
grants appropriated herein shall be paid to school districts in installments upon successful implementation of each phase of a school district's approved proposal. Provided, further, that no school district shall receive more than forty percent of the total community schools grant allocation, and that each individual community school site shall be limited to a maximum grant of $500,000. Provided, further, that notwithstanding any provision of law to the contrary, the $5,500,000 appropriated herein available for a master teachers program shall support the award of stipends of $15,000 per annum over four years to individual high-performing teachers in math, science and related fields, and of related costs, administered by the state university of New York pursuant to a plan developed in consultation with the commissioner, who shall consult with appropriate state organizations representing K-12 public school teachers and approved by the director of the budget, to build a corps of outstanding math, science and related fields teachers in order to improve the quality of instruction at public secondary schools. Notwithstanding any provision of law to the contrary, upon approval of the director of the budget, such $5,500,000 of master teachers program funding may be sub-allocated, interchanged, transferred or otherwise made available to the state university of New York for the services and expenses of administering such program. Nothing herein shall be construed to limit the rights of labor organizations representing teachers to collectively bargain terms and conditions pursuant to article 14 of the civil service law. Provided, further, that notwithstanding any provision of law to the contrary, the $2,000,000 appropriated herein available for the early college high school program shall support the continuation and expansion of such program pursuant to a plan developed by the commissioner and approved by the director of the budget. Provided, however, that a portion of the payments to early college high school programs awarded funding from this appropriation shall be awarded on a sliding scale based upon the number of college credits earned annually by participating students, consistent with guidelines established by the commissioner. career in order to encourage highly effective teachers to
remain in the classroom, and (ii) the quality of the school

Notwithstanding any inconsistent provision of law, the amount appropriated herein, shall be available under a foster care block grant for state reimbursement of eligible social services district expenditures for the provision and administration of foster care services including care, maintenance, supervision, and tuition; for supervision of foster children placed in federally funded job corps programs; for care, maintenance, supervision, and tuition for adjudicated juvenile delinquents placed in residential programs operated by authorized agencies and in out-of-state residential programs; and for the provision and administration of the kinship guardian assistance program including kinship guardianship assistance payments and payments for non-recurring guardianship expenses; except that, reimbursement from the amount appropriated herein shall not be available for tuition expenditures for foster children, including persons in need of supervision and adjudicated juvenile delinquents, made by a social services district located within a city having a population of one million or more.

Notwithstanding any other provision of law, a portion of the funds are available to reimburse social services districts for the change in the maximum state aid rates established by the office of children and family services for the 2020-21 rate year pursuant to section 398-a of the social services law and sections 4003 and 4405 of the education law to reflect the continuation of the cost of living adjustments that became effective April 1, 2008 for payments made to foster parents and for salary and fringe benefit costs and other critical nonpersonal services costs for
foster care programs as determined by the office. Social services districts must adjust the amount of payments made for care provided by congregate care and foster boarding home programs and to foster parents to reflect the cost of living adjustments in the manner specified by the office. Each authorized agency operating a congregate care or foster boarding home program in New York state for which the office sets a maximum state aid rate pursuant to section 398-a of the social services law or section 4003 or 4405 of the education law shall submit, at the time and in a manner to be determined by the office, a written certification, attesting that the funds received for the continuation of the cost of living adjustment to the maximum state aid rate that became effective April 1, 2008 for that program will be or were used solely in accordance with the requirements of the cost of living adjustment established by the office.

Notwithstanding any inconsistent provision of law, for the period commencing on April 1, 2020 and ending March 31, 2021 the commissioner shall not apply any cost of living adjustment for the purpose of establishing rates of payments, contracts or any other form of reimbursement. Within the amounts appropriated herein, state reimbursement to each social services district for services identified herein that are otherwise reimbursable by the state from April 1, 2020 through March 31, 2021 shall be limited to a district allocation, hereinafter referred to as the district's block grant allocation. Notwithstanding any other provision of law, such block grant allocation shall be based, in part, on each district's claims for such costs, adjusted by the applicable cost allocation methodology and net of any retroactive payments for the 12 month period ending June 30, 2019 that are submitted on or before January 2, 2020 and, in part, on such other factors as determined by the office of children and family services and approved by the director of the budget. Any portion of a social
services district's allocation from funds appropriated herein not claimed by such district during the state fiscal year may be used by such district for expenditures on preventive services provided pursuant to section 409-a of the social services law, independent living services and aftercare services provided pursuant to regulations of the department of family assistance, claimed by such district during the next state fiscal year up to the amount remaining from the district's foster care block grant allocation, provided however, that any claims for such services during the next state fiscal year in excess of such amount shall be subject to 62 percent state reimbursement exclusive of any federal funds made available for such purposes, in accordance with directives of the department of family assistance and subject to the approval of the director of the budget. Any claims submitted by a social services district for reimbursement for a particular state fiscal year for which the social services district does not receive state or federal reimbursement during that state fiscal year may not be claimed against that district's block grant apportionment for the next state fiscal year.

The office of children and family services, with the approval of the director of the budget, may reduce a district's block grant allocation by the state share decrease related to federal retroactive reimbursement for such foster care services identified herein. The office, with the approval of the director of the budget, may reduce a district's block grant allocation by the state share of disallowances or sanctions taken against the district pursuant to the social services law or federal law.

Notwithstanding any other provision of law, the state shall not be responsible for reimbursing a social services district and a district shall not seek state reimbursement for any portion of any state disallowance or sanction taken against the social services district, or any federal disallowance attributable to final federal
agency decisions or to settlement made, on
or after July 1, 1995, when such disallow-
ance or sanction results from the failure
of the social services district to comply
with federal or state requirements,
including, but not limited to, failure to
document eligibility for federal or state
funds in the case record; provided, howev-
er, if the office determines that any
federal disallowance for services provided
between January 1, 1999 and May 31, 1999
results solely from the late enactment of
the state legislation implementing the
federal adoption and safe families act,
the state shall be solely responsible for
the full amount of the disallowance or
sanction; provided, further, however, this
provision shall be deemed to apply both
prospectively and retroactively regardless
of whether such sanctions or disallowances
are for services provided or claims made
prior to or after April 1, 2020.
Notwithstanding any other provision of law,
any federal disallowance resulting from a
federal title IV-E eligibility review or
audit that uses extrapolated statistic
techniques shall be passed along by the
state to any and all social services
districts that the office of children and
family services has determined have not
complied with the title IV-E eligibility
requirements or have not taken the neces-
sary actions to ensure compliance with
such requirements including, but not
limited to, failing to: assess and fully
document all the criteria and have readily
available all the necessary documents to
establish and continue title IV-E eligi-
bility for all title IV-E eligible chil-
dren within the required time frames;
claim title IV-E funding only for cases
that meet all of the title IV-E eligibil-
ity criteria; and fully implement the
social services payment system on or
before April 1, 2005 for all direct and
voluntary agency foster care services.
Notwithstanding any law to the contrary, the
office of children and family services
shall impose on social services districts
any federal disallowance issued against
the state as a result of a federal title
IV-E secondary eligibility review regardless of the date the children may have entered foster care, the date the eligibility or payment errors occurred, or the filing date of any federal claims for reimbursement; provided, however, that the state shall be responsible for the disallowed costs and expenditures related to the placement of children in a facility operated by the office of children and family services, which shall be determined in the same manner as the disallowed costs and expenditures for social services districts other than the city of New York. In order to reimburse the federal government for the full amount of any disallowance imposed on the state by the federal administration for children and families within the timeframes necessary to avoid any potential interest payments on such amount, the office of children and family services is authorized to immediately offset funds otherwise due to each district for a pro rata share of the total disallowed costs based on the percentage of applicable federal title IV-E claims made by that district for the relevant time period as compared to the total applicable statewide title IV-E claims. The amount of the offset against each district will be adjusted, if necessary, upon completion of the disallowance allocation process. The final allocation of the amount of any federal disallowance resulting from a title IV-E secondary eligibility review shall be allocated among the districts so that each district shall be responsible for the amount attributable to each of the district's children or cases that are determined by the federal review to be unallowable. Each district shall also be responsible for a portion of the federal extrapolated disallowance amount based on the relative error rate for the district. The city of New York's error rate will be based on the federal sample and federal statistics. For all social services districts other than the city of New York, the error rate will be based on a review conducted by the district of a sample of children and/or
cases determined by the office of children and family services and a re-review of a sub-sample by the office of those children and/or cases determined by the office. The office of children and family services will determine what is reasonable in establishing the size of the sample and sub-sample for each district. The office of children and family services shall notify each social services district of the sample of children and/or cases from the federal audit period that the social services district must review. Any child or case from the social services district that was included in the federal sample will automatically be included in the social services district's review sample and the determination made at the federal review regarding that child or case will govern for the purposes of the social services district's review. The social services district must complete and submit the results of its review to the office of children and family services within 60 days of receipt of the sample. The error rate for the district will be based on the findings of the district's review and the office of children and family services' re-review. If a social services district does not complete its review within 60 days of receiving the sample from the office of children and family services, the office of children and family services shall assign an error rate to the social services district based on the relative percentage of the district's applicable title IV-E claims for the relevant period as compared to applicable statewide title IV-E claims for that period and other circumstances that the office of children and family services may consider in order to allocate 100 percent of the federal disallowance. The office of children and family services shall apply each social services district's error rate to the total amount of the district's applicable title IV-E claims including associated administrative expenses. The resulting dollar amounts for all of the social services districts will be summed to derive the total amount of title IV-E
claims deemed to be in error statewide. To establish a disallowance percentage for each social services district, the amount of the district's title IV-E claims deemed to be in error will be divided by the amount of statewide title IV-E claims deemed to be in error. The resulting disallowance percentage for each district will be applied to the entire title IV-E extrapolated disallowance calculated by the federal review to determine the amount of the extrapolated disallowance for which the district is responsible. Each district will be credited for the amount already disallowed for any individual children or cases found to be in error during the federal review. The exclusive appeal rights for the review of the amount of the federal disallowance assigned to each social services district shall be pursuant to article 78 of the civil practice law and rules; provided, however, that in any such action all of the social services districts shall be joined as necessary parties and the venue of any such action shall be in Rensselaer county. Any social services district that fails to complete its sample review in the required time frames shall have no right to appeal and shall not be a necessary party to any action brought by another social services district.

The money hereby appropriated is to be available for payment of state aid heretofore accrued or hereafter to accrue to municipalities. Notwithstanding any provision of law to the contrary, the amounts appropriated herein shall be net of refunds, rebates, reimbursements, credits, repayments, and/or disallowances. Notwithstanding any inconsistent provision of law, the amount herein appropriated may be transferred to any other appropriation within the office of children and family services and/or the office of temporary and disability assistance and/or suballocated to the office of temporary and disability assistance for the purpose of paying local social services districts' costs of the above program and may be increased or decreased by interchange with

section 408 (a) (10) of the social security act. Unless otherwise
approved by the commissioner of the office of children and family

The funds allocated to a district under this appropriation in addition to any state block grant funds allocated to the district for child care services and any funds the district requests the office of temporary and disability assistance to transfer from the district's flexible fund for family services allocation to the
federal day care account shall constitute the district's entire 
block grant allocation for a particular federal fiscal year, which 
shall be available only for child care assistance expenditures made 
during that federal fiscal year and which are claimed by March 31 of 
the year immediately following the end of that federal fiscal year. 
Notwithstanding any other provision of law, any claims for child 
care assistance made by a social services district for expenditures 
made during a particular federal fiscal year, other than claims made 
under title XX of the federal social security act and under the 
supplemental nutrition assistance program employment and training 
funds, shall be counted against the social services district's block 
grant allocation for that federal fiscal year.

A social services district shall expend its allocation from the block 
grant in accordance with the applicable provision in federal law and 
regulations relating to the federal funds included in the state 
block grant for child care and the regulations of the office of 
children and family services. Notwithstanding any other provision of

for child care will be processed in a manner that maximizes the 
availability of federal funds and ensures that the district meets 
its maintenance of effort requirement in each applicable federal

Such funds are to be available for payment of aid heretofore accrued 
or hereafter to accrue to municipalities and, notwithstanding

activities funded in whole or in part hereunder and the full amount 
of state reimbursement to be paid on account of local district 
administrative claims. District allocations from the flexible fund 
for family services may be spent only pursuant to plans of expendi-
ture, developed by each social services district and the local 
governing body and approved by the office of temporary and disabili-
ty assistance, the office of children and family services, and the
director of the budget. Such allocation shall be available for
reimbursement through March 31, 2020; provided, however, that
reimbursement for child welfare services other than foster care
services shall be available for eligible expenditures incurred on or
after October 1, 2016 and before October 1, 2017 that are otherwise
reimbursable by the state on or after April 1, 2017 and that are
claimed by March 31, 2018.
Notwithstanding any inconsistent provision of law, the amounts so
appropriated for allocation to local social services districts, may

approval of the director of the budget, during any other period
beginning on or after January 1, 1997, for tuition costs for foster

A of title IV of the social security act as such part was in effect
on September 30, 1995; provided that the funds appropriated herein
may not be used to reimburse localities for costs disallowed under
title IV-E of the social security act. Such expenditures shall
constitute good cause pursuant to section 408 (a) (10) of the social
security act. Such funds may also be used, without state or local
participation, for care, maintenance, supervision, and tuition for

the state was authorized to fund such costs under part A of title IV
of the social security act as such part was in effect on September
30, 1995. Such expenditures shall constitute good cause pursuant to
section 408 (a) (10) of the social security act. Unless otherwise
approved by the commissioner of the office of children and family
services with the approval of the director of the budget, these
funds may be used only for eligible expenditures made from October
1, 2016 through September 30, 2017. Notwithstanding any inconsistent
provision of law, the funds so appropriated may not be used to reim-

Each social services district must certify to the office of children and family services and the office of temporary and disability assistance, within 90 days of enactment of the budget but before August 15, 2017, the amount of funds it wishes to have transferred under this provision.

Notwithstanding any other provision of law, the amount of the funds that each district expends on child welfare services from its flexible fund for family services funds and any flexible fund for family services funds transferred at the district's request to the title XX social services block grant must, to the extent that families are eligible therefor, be equal to or greater than the district's portion of the $342,322,341 statewide child welfare threshold amount, which shall be established pursuant to a formula developed by the office of temporary and disability assistance and the office of children and family services and approved by the director of the budget.

Such funds may be transferred, suballocated, or otherwise made available to other state agencies, as necessary, and as approved by the director of the budget:

Local Assistance Account - 10000
For reimbursement of local administrative expenses for medical assistance programs and for state administration of medical assistance programs, notwithstanding section 153 of the social services law, to include the performance of eligibility and enrollment determinations by the state or third-party entities designated by the state to perform such services. Notwithstanding any provision of law to the contrary, subject to the approval of the director of budget, up to $23,000,000 of the amount appropriated herein shall be available for the purpose of providing payments to local social services districts for medical assistance administration claims that exceed an administrative ceiling established by the commissioner of health. Notwithstanding any inconsistent provision of law and subject to the approval of the director of budget, moneys hereby appropriated may be increased or decreased by transfer or interchange between these appropriated amounts and appropriations of the medical assistance administration program, the medical assistance program, and the office of health insurance programs. Funding authority from this account used for state administration of the medical assistance program may be transferred to state operations appropriations within the aforementioned programs at amounts agreed upon by the commissioner of health, and the New York state division of the budget. Notwithstanding section 40 of the state finance law or any provision of law to the contrary, subject to federal approval, department of health state funds medicaid spending, excluding payments for medical services provided at state facilities operated by the office of mental health, the office for people with developmental disabilities and the office of addiction services and supports and further excluding any payments which are not appropriated within the department of health, in the aggregate, for the period April 1, 2020 through March 31, 2021, shall not exceed $23,606,772,000 except as provided below provided, however, such aggregate
limits may be adjusted by the director of
the budget to account for any changes in
the New York state federal medical assist-
ance percentage amount established pursu-
ant to the federal social security act,
increases in provider revenues, reductions
in local social services district payments
for medical assistance administration,
minimum wage increases, and beginning
April 1, 2012 the operational costs of the
New York state medical indemnity fund,
pursuant to chapter 59 of the laws of
2011, and state costs or savings from the
essential plan program. Such projections
may be adjusted by the director of the
budget to account for increased or expen-
dited department of health state funds
medicaid expenditures as a result of a
natural or other type of disaster, includ-
ing a governmental declaration of emergen-
cy.

Provided further however, that notwithstand-
ing any provision of law to the contrary,
if, on or before April 1, 2020, the legis-
lature fails to achieve $2,500,000,000 in
aggregate savings from the appropriations
enacted as part of any chapters of the
laws of 2020 making appropriations for aid
to localities and/or state operations for
the department of health state funds medi-
caid spending, excluding payments for
medical services provided at state faciliti-
esthe office of mental
developmental disabilities and the office of
drug addiction services and supports and
further excluding any payments which are
not appropriated within the department of
health, uniform across the board
reductions shall be applied to such appro-
priations to achieve $2,500,000,000 in
aggregate savings from such appropri-
atations. Provided however, that any such
uniform reductions may be increased or
decreased at the discretion of the direc-
tor of the budget to conform with federal
rules and regulations. To the extent any
individual or entity is otherwise entitled
to any cash disbursement authorized by one
or more of such appropriations or reappro-
priations for the department of health
state funds medicaid spending, excluding
payments for medical services provided at state facilities operated by the office of mental health, the office for people with developmental disabilities and the office of addiction services and supports and further excluding any payments which are not appropriated within the department of health, such entitlement shall be superseded and reduced commensurate with any such across the board reductions.

The director of the budget, in consultation with the commissioner of health, shall assess on a monthly basis known and projected medicaid expenditures by category of service and by geographic region, as determined by the commissioner of health, incurred both prior to and subsequent to such assessment for each such period, and if the director of the budget determines that such expenditures are expected to cause medicaid spending for such period to exceed the aggregate limit specified herein for such period, the state medicaid director, in consultation with the director of the budget and the commissioner of health, shall develop a medicaid savings allocation plan to limit such spending to the aggregate limit specified herein for such period.

Such medicaid savings allocation plan shall be designed, to reduce the expenditures authorized by the appropriations herein in compliance with the following guidelines: (1) reductions shall be made in compliance with applicable federal law, including the provisions of the Patient Protection and Affordable Care Act, Public Law No. 111-148, and the Health Care and Education Reconciliation Act of 2010, Public Law No. 111-152 (collectively "Affordable Care Act") and any subsequent amendments thereto or regulations promulgated thereunder; (2) reductions shall be made in a manner that complies with the state medicaid plan approved by the federal centers for medicare and medicaid services, provided, however, that the commissioner of health is authorized to submit any state plan amendment or seek other federal approval, including waiver authority, to implement the provisions of the medicaid savings allocation plan that meets the other
criteria set forth herein; (3) reductions shall be made in a manner that maximizes federal financial participation, to the extent practicable, including any federal financial participation that is available or is reasonably expected to become available, in the discretion of the commissioner, under the Affordable Care Act; (4) reductions shall be made uniformly among categories of services and geographic regions of the state, to the extent practicable, and shall be made uniformly within a category of service, to the extent practicable, except where the commissioner determines that there are sufficient grounds for non-uniformity, including but not limited to: the extent to which specific categories of services contributed to department of health medicaid state funds spending in excess of the limits specified herein; the need to maintain safety net services in underserved communities; or the potential benefits of pursuing innovative payment models contemplated by the Affordable Care Act, in which case such grounds shall be set forth in the medicaid savings allocation plan; and (5) reductions shall be made in a manner that does not unnecessarily create administrative burdens to medicaid applicants and recipients or providers.

The commissioner shall seek the input of the legislature, as well as organizations representing health care providers, consumers, businesses, workers, health insurers, and others with relevant expertise, in developing such medicaid savings allocation plan, to the extent that all or part of such plan, in the discretion of the commissioner, is likely to have a material impact on the overall medicaid program, particular categories of service or particular geographic regions of the state.

(a) The commissioner shall post the medicaid savings allocation plan on the department of health's website and shall provide written copies of such plan to the chairs of the senate finance and the assembly ways and means committees at least 30 days before the date on which implementation is expected to begin.
(b) The commissioner may revise the medicaid savings allocation plan subsequent to the provisions of notice and prior to implementation but needs to provide a new notice pursuant to subparagraph (i) of this paragraph only if the commissioner determines, in his or her discretion, that such revisions materially alter the plan. Notwithstanding the provisions of paragraphs (a) and (b) of this subdivision, the commissioner need not seek the input described in paragraph (a) of this subdivision or provide notice pursuant to paragraph (b) of this subdivision if, in the discretion of the commissioner, expedited development and implementation of a medicaid savings allocation plan is necessary due to a public health emergency. For purposes of this section, a public health emergency is defined as: (i) a disaster, natural or otherwise, that significantly increases the immediate need for health care personnel in an area of the state; (ii) an event or condition that creates a widespread risk of exposure to a serious communicable disease, or the potential for such widespread risk of exposure; or (iii) any other event or condition determined by the commissioner to constitute an imminent threat to public health. Nothing in this paragraph shall be deemed to prevent all or part of such medicaid savings allocation plan from taking effect retroactively to the extent permitted by the federal centers for medicare and medicaid services. In accordance with the medicaid savings allocation plan, the commissioner of the department of health shall reduce department of health state funds medicaid spending by the amount of the projected overspending through, actions including, but not limited to modifying or suspending reimbursement methods, including but not limited to all fees, premium levels and rates of payment, notwithstanding any provision of law that sets a specific amount or methodology for any such payments or rates of payment; modifying medicaid program benefits; seeking all necessary federal approvals, including,
but not limited to waivers, waiver amendments; and suspending time frames for notice, approval or certification of rate requirements, notwithstanding any provision of law, rule or regulation to the contrary, including but not limited to sections 2807 and 3614 of the public health law, section 18 of chapter 2 of the laws of 1988, and 18 NYCRR 505.14(h).

The department of health shall prepare a monthly report that sets forth: (a) known and projected department of health medicaid expenditures as described in subdivision (1) of this section, and factors that could result in medicaid disbursements for the relevant state fiscal year to exceed the projected department of health state funds disbursements in the enacted budget financial plan pursuant to subdivision 3 of section 23 of the state finance law, including spending increases or decreases due to: enrollment fluctuations, rate changes, utilization changes, MRT investments, and shift of beneficiaries to managed care; and variations in offline medicaid payments; and (b) the actions taken to implement any medicaid savings allocation plan implemented pursuant to subdivision (4) of this section, including information concerning the impact of such actions on each category of service and each geographic region of the state. Each such monthly report shall be provided to the chairs of the senate finance and the assembly ways and means committees and shall be posted on the department of health's website in a timely manner.

The money hereby appropriated is available for payment of aid heretofore accrued or hereafter accrued to municipalities, and to providers of medical services pursuant to section 367-b of the social services law.

Notwithstanding any provision of law to the contrary, the amounts appropriated herein shall be net of refunds, rebates, reimbursements, credits, repayments, and/or disallowances.

Notwithstanding any other provision of law, the money hereby appropriated may be increased or decreased by interchange, with any appropriation of the department
of health, and may be increased or
decreased by transfer or suballocation
between these appropriated amounts and
appropriations of the office of mental
health, the office for people with devel-

such approval with the department of audit
and control and copies thereof with the
chairman of the senate finance committee
and the chairman of the assembly ways and
means committee.

 contrary, the director of the budget, in
consultation with the commissioner of
health, may use a payment reduction plan
to make across-the-board reductions to the
department of health state funds medicaid
spending by $248,000,000 for state fiscal
year 2020-2021 to limit such spending to
the aggregate limit specified herein, or
reduce the aggregate limit specified here-
in to provide a reduction to the state's
financial plan. Reductions shall be made
in a manner that complies with the state
medicaid plan approved by the federal
centers for medicare and medicaid
services, provided, however, that the
commissioner of health is authorized to
submit any state plan amendment or seek
other federal approval to implement the
provisions of the medicaid payment
reduction plan.

Notwithstanding any inconsistent provision
of law, in lieu of payments authorized by
the social services law, or payments of
federal funds otherwise due to the local
social services districts for programs
provided under the federal social security
act or the federal food stamp act, funds
herein appropriated, in amounts certified
by the state commissioner of temporary and
disability assistance or the state commissioner of health as due from local social services districts each month as their share of payments made pursuant to section 367-b of the social services law may be set aside by the state comptroller in an interest-bearing account in order to ensure the orderly and prompt payment of providers under section 367-b of the social services law pursuant to an estimate provided by the commissioner of health of each local social services district's share of payments made pursuant to section 367-b of the social services law.

with applicable federal law, including the provisions of the Patient Protection and Affordable Care Act, Public Law No. 111-148, and the Health Care and Education Reconciliation Act of 2010, Public Law No. 111-152 (collectively "Affordable Care Act") and any subsequent amendments thereof or regulations promulgated thereunder; (2) reductions shall be made in a manner that complies with the state medicaid plan approved by the federal centers for medicare and medicaid services, provided, however, that the commissioner of health is authorized to submit any state plan amendment or seek other federal approval, including waiver authority, to implement the provisions of the medicaid savings allocation plan that meets the other criteria set forth herein; (3) reductions shall be made in a manner that maximizes federal financial participation, to the extent practicable, including any federal financial participation that is available or is reasonably expected to become available, in the discretion of the commissioner, under the Affordable Care Act; (4) reductions shall be made uniformly among categories of services and geographic regions of the state, to the extent practicable, and shall be made uniformly within a category of service, to the extent practicable, except where the commissioner determines that there are sufficient grounds for non-uniformity, including but not limited to: the extent to which specific categories of services contributed to department of health medicaid state funds spending in excess of the limits specified herein; the need to maintain safety net services in underserved communities; or the potential benefits of pursuing innovative payment models contemplated by the Affordable Care Act, in which case such grounds shall be set forth in the medicaid savings allocation plan; and (5) reductions shall be made in a manner that does not unnecessarily create administrative burdens to medicaid applicants and recipients or providers.

The commissioner shall seek the input of the legislature, as well as organizations representing health care providers,
consumers, businesses, workers, health insurers, and others with relevant expertise, in developing such medicaid savings allocation plan, to the extent that all or part of such plan, in the discretion of the commissioner, is likely to have a material impact on the overall medicaid program, particular categories of service or particular geographic regions of the state.

(a) The commissioner shall post the medicaid savings allocation plan on the department of health's website and shall provide written copies of such plan to the chairs of the senate finance and the assembly ways and means committees at least 30 days before the date on which implementation is expected to begin.

(b) The commissioner may revise the medicaid savings allocation plan subsequent to the provisions of notice and prior to implementation but needs to provide a new notice pursuant to subparagraph (i) of this paragraph only if the commissioner determines, in his or her discretion, that such revisions materially alter the plan.

Notwithstanding the provisions of paragraphs (a) and (b) of this subdivision, the commissioner need not seek the input described in paragraph (a) of this subdivision or provide notice pursuant to paragraph (b) of this subdivision if, in the discretion of the commissioner, expedited development and implementation of a medicaid savings allocation plan is necessary due to a public health emergency.

For purposes of this section, a public health emergency is defined as: (i) a disaster, natural or otherwise, that significantly increases the immediate need for health care personnel in an area of the state; (ii) an event or condition that creates a widespread risk of exposure to a serious communicable disease, or the potential for such widespread risk of exposure; or (iii) any other event or condition determined by the commissioner to constitute an imminent threat to public health.

the aggregate, for the period April 1,
2020 through March 31, 2021, shall not
8 exceed $23,606,772,000 except as provided
below provided, however, such aggregate
limits may be adjusted by the director of
the budget to account for any changes in
the New York state federal medical assistance percentage amount established pursuant to the federal social security act, increases in provider revenues, reductions in local social services district payments for medical assistance administration, minimum wage increases and beginning April 1, 2012 the operational costs of the New York state medical indemnity fund, pursuant to chapter 59 of the laws of 2011, and state costs or savings from the essential plan program. Such projections may be adjusted by the director of the budget to account for increased or expedited department of health state funds medicaid expenditures as a result of a natural or other type of disaster, including a governmental declaration of emergency.

decreased at the discretion of the director of the budget to conform with federal rules and regulations. To the extent any individual or entity is otherwise entitled to any cash disbursement authorized by one or more of such appropriations or reappropriations for the department of health state funds medicaid spending, excluding payments for medical services provided at state facilities operated by the office of mental health, the office for people with developmental disabilities and the office of addiction services and supports and further excluding any payments which are not appropriated within the department of health, such entitlement shall be superseded and reduced commensurate with any such across the board reductions. The director of the budget, in consultation with the commissioner of health, shall assess on a monthly basis known and projected medicaid expenditures by category of service and by geographic region, as determined by the commissioner of health, incurred both prior to and subsequent to such assessment for each such period, and if the director of the budget determines that such expenditures are expected to cause medicaid spending for such period to exceed the aggregate limit specified herein for such period, the state medicaid director, in consultation with the director of the budget and the commissioner of health, shall develop a medicaid savings allocation plan to limit such spending to the aggregate limit specified herein for such period. Such medicaid savings allocation plan shall be designed, to reduce the expenditures authorized by the appropriations herein in compliance with the following guidelines: (1) reductions shall be made in compliance with applicable federal law, including the provisions of the Patient Protection and Affordable Care Act, Public Law No. 111-148, and the Health Care and Education Reconciliation Act of 2010, Public Law No. 111-152 (collectively "Affordable Care Act") and any subsequent amendments thereto or regulations promulgated thereunder; (2) reductions shall be made in a manner that complies with the state medicaid plan
approved by the federal centers for medicaid and medicare services, provided, however, that the commissioner of health is authorized to submit any state plan amendment or seek other federal approval, including waiver authority, to implement the provisions of the medicare savings allocation plan that meets the other criteria set forth herein; (3) reductions shall be made in a manner that maximizes federal financial participation, to the extent practicable, including any federal financial participation that is available or is reasonably expected to become available, in the discretion of the commissioner, under the Affordable Care Act; (4) reductions shall be made uniformly among categories of services and geographic regions of the state, to the extent practicable, and shall be made uniformly within a category of service, to the extent practicable, except where the commissioner determines that there are sufficient grounds for non-uniformity, including but not limited to: the extent to which specific categories of services contributed to department of health medicaid state funds spending in excess of the limits specified herein; the need to maintain safety net services in underserved communities; or the potential benefits of pursuing innovative payment models contemplated by the Affordable Care Act, in which case such grounds shall be set forth in the medicare savings allocation plan; and (5) reductions shall be made in a manner that does not unnecessarily create administrative burdens to medicaid applicants and recipients or providers.

The commissioner shall seek the input of the legislature, as well as organizations representing health care providers, consumers, businesses, workers, health insurers, and others with relevant expertise, in developing such medicare savings allocation plan, to the extent that all or part of such plan, in the discretion of the commissioner, is likely to have a material impact on the overall medicare program, particular categories of service or particular geographic regions of the state.

(a) The commissioner shall post the medicaid savings allocation plan on the department of health's website and shall provide written copies of such plan to the chairs of the senate finance and the assembly ways and means committees at least 30 days before the date on which implementation is expected to begin.

(b) The commissioner may revise the medicaid savings allocation plan subsequent to the provisions of notice and prior to implementation but needs to provide a new notice pursuant to subparagraph (i) of this paragraph only if the commissioner determines, in his or her discretion, that such revisions materially alter the plan. Notwithstanding the provisions of paragraphs (a) and (b) of this subdivision, the commissioner need not seek the input described in paragraph (a) of this subdivision or provide notice pursuant to paragraph (b) of this subdivision if, in the discretion of the commissioner, expedited development and implementation of a medicaid savings allocation plan is necessary due to a public health emergency.

For purposes of this section, a public health emergency is defined as: (i) a disaster, natural or otherwise, that significantly increases the immediate need for health care personnel in an area of the state; (ii) an event or condition that creates a widespread risk of exposure to a serious communicable disease, or the potential for such widespread risk of exposure; or (iii) any other event or condition determined by the commissioner to constitute an imminent threat to public health.

Nothing in this paragraph shall be deemed to prevent all or part of such medicaid savings allocation plan from taking effect retroactively to the extent permitted by the federal centers for medicare and medicaid services.

In accordance with the medicaid savings allocation plan, the commissioner of the department of health shall reduce department of health state funds medicaid spending by the amount of the projected overspending through, actions including, but not limited to modifying or suspending

payments or rates of payment; modifying
medicaid program benefits; seeking all
necessary federal approvals, including,
but not limited to waivers, waiver amend-
ments; and suspending time frames for
notice, approval or certification of rate

provision of law, rule or regulation to
the contrary, including but not limited to
sections 2807 and 3614 of the public
health law, section 18 of chapter 2 of the
laws of 1988, and 18 NYCRR 505.14(h).

The department of health shall prepare a
monthly report that sets forth: (a) known
and projected department of health medi-

could result in medicaid disbursements for
the relevant state fiscal year to exceed
the projected department of health state
funds disbursements in the enacted budget
financial plan pursuant to subdivision 3
of section 23 of the state finance law,
including spending increases or decreases
due to: enrollment fluctuations, rate
changes, utilization changes, MRT invest-

managed care; and variations in offline
medicaid payments; and (b) the actions
taken to implement any medicaid savings
allocation plan implemented pursuant to
subdivision (4) of this section, including
information concerning the impact of such
actions on each category of service and
each geographic region of the state. Each
such monthly report shall be provided to
the chairs of the senate finance and the
assembly ways and means committees and
shall be posted on the department of
health's website in a timely manner.

Notwithstanding any provision of law to the
contrary, the director of the budget, in

year 2020-2021 to limit such spending to
the aggregate limit specified herein, or
reduce the aggregate limit specified here-
in to provide a reduction to the state's
financial plan. Reductions shall be made
in a manner that complies with the state
medicaid plan approved by the federal
centers for medicare and medicaid
services, provided, however, that the
commissioner of health is authorized to
submit any state plan amendment or seek
other federal approval to implement the
provisions of the medicaid payment
reduction plan.
For the purpose of making payments to
providers of medical care pursuant to
section 367-b of the social services law,

Notwithstanding section 40 of the state
finance law or any provision of law to the
contrary, subject to federal approval,
department of health state funds medicaid
spending, excluding payments for medical
services provided at state facilities
operated by the office of mental health,
the office for people with developmental
disabilities and the office of addiction
services and supports and further exclud-
ing any payments which are not appropri-
ated within the department of health, in
the aggregate, for the period April 1,
2020 through March 31, 2021, shall not
exceed $23,606,772,000 except as provided
below provided, however, such aggregate
limits may be adjusted by the director of
the budget to account for any changes in
the New York state federal medical assist-
ance percentage amount established pursuant
to the federal social security act,
increases in provider revenues, reductions
in local social services district payments
for medical assistance administration,
minimum wage increases and beginning April
1, 2012 the operational costs of the New
York state medical indemnity fund, pursuant
to chapter 59 of the laws of 2011, and
state costs or savings from the essential
plan. Such projections may be adjusted by
the director of the budget to account for
increased or expedited department of
health state funds medicaid expenditures
as a result of a natural or other type of
disaster, including a governmental decla-
ration of emergency.
Provided further however, that notwithstanding any provision of law to the contrary, if, on or before April 1, 2020, the legislature fails to achieve $2,500,000,000 in aggregate savings from the appropriations enacted as part of any chapters of the laws of 2020 making appropriations for aid to localities and/or state operations for the department of health state funds medicaid spending, excluding payments for medical services provided at state facilities operated by the office of mental health, the office for people with developmental disabilities and the office of addiction services and supports and further excluding any payments which are not appropriated within the department of health, uniform across the board reductions shall be applied to such appropriations to achieve $2,500,000,000 in aggregate savings from such appropriations. Provided however, that any such uniform reductions may be increased or decreased at the discretion of the director of the budget to conform with federal rules and regulations. To the extent any individual or entity is otherwise entitled to any cash disbursement authorized by one or more of such appropriations or reappropriations for the department of health state funds medicaid spending, excluding payments for medical services provided at state facilities operated by the office of mental health, the office for people with developmental disabilities and the office of addiction services and supports and further excluding any payments which are not appropriated within the department of health, such entitlement shall be superseded and reduced commensurate with any such across the board reductions.

The director of the budget, in consultation with the commissioner of health, shall assess on a monthly basis known and projected medicaid expenditures by category of service and by geographic region, as determined by the commissioner of health, incurred both prior to and subsequent to such assessment for each such period, and if the director of the budget determines that such expenditures are expected to cause medicaid spending for such period to
exceed the aggregate limit specified herein for such period, the state medicaid director, in consultation with the director of the budget and the commissioner of health, shall develop a medicaid savings allocation plan to limit such spending to the aggregate limit specified herein for such period.

Such medicaid savings allocation plan shall be designed, to reduce the expenditures authorized by the appropriations herein in compliance with the following guidelines:

1. (1) reductions shall be made in compliance with applicable federal law, including the provisions of the Patient Protection and Affordable Care Act, Public Law No. 111-148, and the Health Care and Education Reconciliation Act of 2010, Public Law No. 111-152 (collectively "Affordable Care Act") and any subsequent amendments thereto or regulations promulgated thereunder;
2. (2) reductions shall be made in a manner that complies with the state medicaid plan approved by the federal centers for medicare and medicaid services, provided, however, that the commissioner of health is authorized to submit any state plan amendment or seek other federal approval, including waiver authority, to implement the provisions of the medicaid savings allocation plan that meets the other criteria set forth herein;
3. (3) reductions shall be made in a manner that maximizes federal financial participation, to the extent practicable, including any federal financial participation that is available or is reasonably expected to become available, in the discretion of the commissioner, under the Affordable Care Act;
4. (4) reductions shall be made uniformly among categories of services and geographic regions of the state, to the extent practicable, and shall be made uniformly within a category of service, to the extent practicable, except where the commissioner determines that there are sufficient grounds for non-uniformity, including but not limited to: the extent to which specific categories of services contributed to department of health medicaid state funds spending in excess of the limits specified herein; the need to mai-
tain safety net services in underserved communities; or the potential benefits of pursuing innovative payment models contemplated by the Affordable Care Act, in which case such grounds shall be set forth in the medicaid savings allocation plan; and (5) reductions shall be made in a manner that does not unnecessarily create administrative burdens to medicaid applicants and recipients or providers.

The commissioner shall seek the input of the legislature, as well as organizations representing health care providers, consumers, businesses, workers, health insurers, and others with relevant expertise, in developing such medicaid savings allocation plan, to the extent that all or part of such plan, in the discretion of the commissioner, is likely to have a material impact on the overall medicaid program, particular categories of service or particular geographic regions of the state.

(a) The commissioner shall post the medicaid savings allocation plan on the department of health's website and shall provide written copies of such plan to the chairs of the senate finance and the assembly ways and means committees at least 30 days before the date on which implementation is expected to begin.

(b) The commissioner may revise the medicaid savings allocation plan subsequent to the provisions of notice and prior to implementation but needs to provide a new notice pursuant to subparagraph (i) of this paragraph only if the commissioner determines, in his or her discretion, that such revisions materially alter the plan.

Notwithstanding the provisions of paragraphs (a) and (b) of this subdivision, the commissioner need not seek the input described in paragraph (a) of this subdivision or provide notice pursuant to paragraph (b) of this subdivision if, in the discretion of the commissioner, expedited development and implementation of a medicaid savings allocation plan is necessary due to a public health emergency.

For purposes of this section, a public health emergency is defined as: (i) a disaster, natural or otherwise, that
significantly increases the immediate need for health care personnel in an area of the state; (ii) an event or condition that creates a widespread risk of exposure to a serious communicable disease, or the potential for such widespread risk of exposure; or (iii) any other event or condition determined by the commissioner to constitute an imminent threat to public health.

Nothing in this paragraph shall be deemed to prevent all or part of such medicaid savings allocation plan from taking effect retroactively to the extent permitted by the federal centers for medicare and medicaid services.

In accordance with the medicaid savings allocation plan, the commissioner of the department of health shall reduce department of health state funds medicaid spending by the amount of the projected overspending through, actions including, but not limited to modifying or suspending reimbursement methods, including but not limited to all fees, premium levels and rates of payment, notwithstanding any provision of law that sets a specific amount or methodology for any such payments or rates of payment; modifying medicaid program benefits; seeking all necessary federal approvals, including, but not limited to waivers, waiver amendments; and suspending time frames for notice, approval or certification of rate requirements, notwithstanding any provision of law, rule or regulation to the contrary, including but not limited to sections 2807 and 3614 of the public health law, section 18 of chapter 2 of the laws of 1988, and 18 NYCRR 505.14(h).

The department of health shall prepare a monthly report that sets forth: (a) known and projected department of health medicaid expenditures as described in subdivision (1) of this section, and factors that could result in medicaid disbursements for the relevant state fiscal year to exceed the projected department of health state funds disbursements in the enacted budget financial plan pursuant to subdivision 3 of section 23 of the state finance law, including spending increases or decreases
due to: enrollment fluctuations, rate changes, utilization changes, MRT investments, and shift of beneficiaries to managed care; and variations in offline medicaid payments; and (b) the actions taken to implement any medicaid savings allocation plan implemented pursuant to subdivision (4) of this section, including information concerning the impact of such actions on each category of service and each geographic region of the state. Each such monthly report shall be provided to the chairs of the senate finance and the assembly ways and means committees and shall be posted on the department of health's website in a timely manner.

For the purpose of making payments, the money hereby appropriated is available for payment of aid heretofore accrued or hereafter accrued, to providers of medical care pursuant to section 367-b of the social services law, and for payment of state aid to municipalities and the federal government where payment systems through fiscal intermediaries are not operational, to reimburse such providers for costs attributable to the provision of care to patients eligible for medical assistance. Notwithstanding any inconsistent provision of law, the moneys hereby appropriated may be increased or decreased by interchange or transfer with any appropriation of the department of health with the approval of the director of the budget, who shall file such approval with the department of audit and control and copies thereof with the chairman of the senate finance committee and the chairman of the assembly ways and means committee.

Notwithstanding any provision of law to the contrary, the director of the budget, in consultation with the commissioner of health, may use a payment reduction plan to make across-the-board reductions to the department of health state funds medicaid spending by $248,000,000 for state fiscal year 2020-2021 to limit such spending to the aggregate limit specified herein, or reduce the aggregate limit specified herein to provide a reduction to the state's financial plan. Reductions shall be made in a manner that complies with the state
medicaid plan approved by the federal
centers for medicare and medicaid

York state medical indemnity fund, pursuant to chapter 59 of the laws of 2011, and state costs or savings from the essential plan. Such projections may be adjusted by the director of the budget to account for increased or expedited department of health state funds medicaid expenditures as a result of a natural or other type of disaster, including a governmental declaration of emergency.

Provided further however, that notwithstanding any provision of law to the contrary, if, on or before April 1, 2020, the legislature fails to achieve $2,500,000,000 in aggregate savings from the appropriations enacted as part of any chapters of the laws of 2020 making appropriations for aid to localities and/or state operations for the department of health state funds medicaid spending, excluding payments for medical services provided at state facilities operated by the office of mental health, the office for people with developmental disabilities and the office of addiction services and supports and further excluding any payments which are not appropriated within the department of health, uniform across the board reductions shall be applied to such appropriations to achieve $2,500,000,000 in aggregate savings from such appropriations. Provided however, that any such uniform reductions may be increased or decreased at the discretion of the director of the budget to conform with federal rules and regulations. To the extent any individual or entity is otherwise entitled to any cash disbursement authorized by one or more of such appropriations or reappropriations for the department of health state funds medicaid spending, excluding payments for medical services provided at state facilities operated by the office of mental health, the office for people with developmental disabilities and the office of addiction services and supports and further excluding any payments which are not appropriated within the department of health, such entitlement shall be superseded and reduced commensurate with any such across the board reductions.
The director of the budget, in consultation with the commissioner of health, shall assess on a monthly basis known and projected Medicaid expenditures by category of service and by geographic region, as determined by the commissioner of health, incurred both prior to and subsequent to such assessment for each such period, and if the director of the budget determines that such expenditures are expected to cause Medicaid spending for such period to exceed the aggregate limit specified herein for such period, the state Medicaid director, in consultation with the director of the budget and the commissioner of health, shall develop a Medicaid savings allocation plan to limit such spending to the aggregate limit specified herein for such period.

Such Medicaid savings allocation plan shall be designed, to reduce the expenditures authorized by the appropriations herein in compliance with the following guidelines:

regions of the state, to the extent practicable, and shall be made uniformly within a category of service, to the extent practicable, except where the commissioner determines that there are sufficient grounds for non-uniformity, including but not limited to: the extent to which specific categories of services contributed to department of health medicaid state funds spending in excess of the limits specified herein; the need to maintain safety net services in underserved communities; or the potential benefits of pursuing innovative payment models contemplated by the Affordable Care Act, in which case such grounds shall be set forth in the medicaid savings allocation plan; and (5) reductions shall be made in a manner that does not unnecessarily create administrative burdens to medicaid applicants and recipients or providers.

The commissioner shall seek the input of the legislature, as well as organizations representing health care providers, consumers, businesses, workers, health insurers, and others with relevant expertise, in developing such medicaid savings allocation plan, to the extent that all or part of such plan, in the discretion of the commissioner, is likely to have a material impact on the overall medicaid program, particular categories of service or particular geographic regions of the state.

for the period April 1, 2019 to March 31, 2020; and the remaining
amount for the period April 1, 2020 to [March 31] September 15,
2021.

Notwithstanding section 40 of the state finance law or any provision
of law to the contrary, subject to federal approval, department of
health state funds medicaid spending, excluding payments for medical
services provided at state facilities operated by the office of
mental health, the office for people with developmental disabilities
and the office of [alcoholism and substance abuse] addiction
services and supports and further excluding any payments which are
not appropriated within the department of health, in the aggregate,
for the period April 1, 2019 through March 31, 2020, shall not
exceed $22,251,148,000 except as provided below and state share
medicaid spending, in the aggregate, for the period April 1, 2020
through [March 31] September 15, 2021, shall not exceed
[$23,256,018,000] $23,606,722,000, but in no event shall department
of health state funds medicaid spending for the period April 1, 2019
through [March 31] September 15, 2021 exceed [$45,857,920,000]

Provided further however, that notwithstanding any provision of law to
the contrary, if, on or before April 1, 2020, the legislature fails
to achieve $2,500,000,000 in aggregate savings from the appropri-
ations enacted as part of any chapters of the laws of 2020 making
appropriations for aid to localities and/or state operations for the
department of health state funds medicaid spending, excluding
payments for medical services provided at state facilities operated
by the office of mental health, the office for people with develop-
mental disabilities and the office of addiction services and
supports and further excluding any payments which are not appropri-
ated within the department of health, uniform across the board
reductions shall be applied to such appropriations to achieve
$2,500,000,000 in aggregate savings from such appropriations.

Provided however, that any such uniform reductions may be increased
or decreased at the discretion of the director of the budget to
conform with federal rules and regulations. To the extent any indi-
vidual or entity is otherwise entitled to any cash disbursement
authorized by one or more of such appropriations or reappropriations
for the department of health state funds medicaid spending, exclud-
ing payments for medical services provided at state facilities oper-
ated by the office of mental health, the office for people with
developmental disabilities and the office of addiction services and
supports and further excluding any payments which are not appropri-
ated within the department of health, such entitlement shall be
superseded and reduced commensurate with any such across the board
reductions.

The director of the budget, in consultation with the commissioner of
health, shall assess on a monthly basis known and projected medicaid
expenditures by category of service and by geographic region, as
determined by the commissioner of health, incurred both prior to and
subsequent to such assessment for each such period, and if the
director of the budget determines that such expenditures are
expected to cause medicaid spending for such period to exceed the
aggregate limit specified herein for such period, the state medicaid
director, in consultation with the director of the budget and the
commissioner of health, shall develop a medicaid savings allocation
plan to limit such spending to the aggregate limit specified herein
for such period.

Such medicaid savings allocation plan shall be designed, to reduce the
expenditures authorized by the appropriations herein in compliance
with the following guidelines: (1) reductions shall be made in
compliance with applicable federal law, including the provisions of
the Patient Protection and Affordable Care Act, Public Law No.
111-148, and the Health Care and Education Reconciliation Act of
2010, Public Law No. 111-152 (collectively "Affordable Care Act")
and any subsequent amendments thereto or regulations promulgated
thereunder; (2) reductions shall be made in a manner that complies
with the state medicaid plan approved by the federal centers for
medicare and medicaid services, provided, however, that the commis-
sioner of health is authorized to submit any state plan amendment or
seek other federal approval, including waiver authority, to imple-
ment the provisions of the medicaid savings allocation plan that
meets the other criteria set forth herein; (3) reductions shall be
made in a manner that maximizes federal financial participation, to
the extent practicable, including any federal financial partic-
ipation that is available or is reasonably expected to become avail-
able, in the discretion of the commissioner, under the Affordable
Care Act; (4) reductions shall be made uniformly among categories of
services and geographic regions of the state, to the extent practi-
cable, and shall be made uniformly within a category of service, to
the extent practicable, except where the commissioner determines
that there are sufficient grounds for non-uniformity, including but
not limited to: the extent to which specific categories of services
contributed to department of health medicaid state funds spending in
excess of the limits specified herein; the need to maintain safety
net services in underserved communities; or the potential benefits
of pursuing innovative payment models contemplated by the Affordable
Care Act, in which case such grounds shall be set forth in the medi-
caid savings allocation plan; and (5) reductions shall be made in a
manner that does not unnecessarily create administrative burdens to
medicaid applicants and recipients or providers.
The commissioner shall seek the input of the legislature, as well as organizations representing health care providers, consumers, businesses, workers, health insurers, and others with relevant expertise, in developing such medicaid savings allocation plan, to the extent that all or part of such plan, in the discretion of the commissioner, is likely to have a material impact on the overall medicaid program, particular categories of service or particular geographic regions of the state.

(a) The commissioner shall post the medicaid savings allocation plan on the department of health's website and shall provide written copies of such plan to the chairs of the senate finance and the assembly ways and means committees at least 30 days before the date on which implementation is expected to begin.

(b) The commissioner may revise the medicaid savings allocation plan subsequent to the provisions of notice and prior to implementation but needs to provide a new notice pursuant to subparagraph (i) of this paragraph only if the commissioner determines, in his or her discretion, that such revisions materially alter the plan.

Notwithstanding the provisions of paragraphs (a) and (b) of this subdivision, the commissioner need not seek the input described in paragraph (a) of this subdivision or provide notice pursuant to paragraph (b) of this subdivision if, in the discretion of the commissioner, expedited development and implementation of a medicaid savings allocation plan is necessary due to a public health emergency.

For purposes of this section, a public health emergency is defined as:

(i) a disaster, natural or otherwise, that significantly increases the immediate need for health care personnel in an area of the state; (ii) an event or condition that creates a widespread risk of exposure to a serious communicable disease, or the potential for such widespread risk of exposure; or (iii) any other event or condition determined by the commissioner to constitute an imminent threat to public health.

Nothing in this paragraph shall be deemed to prevent all or part of such medicaid savings allocation plan from taking effect retroactively to the extent permitted by the federal centers for medicare and medicaid services.

In accordance with the medicaid savings allocation plan, the commissioner of the department of health shall reduce department of health state funds medicaid spending by the amount of the projected overspending through, actions including, but not limited to modifying or suspending reimbursement methods, including but not limited to all fees, premium levels and rates of payment, notwithstanding any provision of law that sets a specific amount or methodology for any such payments or rates of payment; modifying medicaid program benefits; seeking all necessary federal approvals, including, but not limited to waivers, waiver amendments; and suspending time frames for notice, approval or certification of rate requirements, notwithstanding any provision of law, rule or regulation to the contrary, including but not limited to sections 2807 and 3614 of the public health law, section 18 of chapter 2 of the laws of 1988, and 18 NYCRR 505.14(h).
The department of health shall prepare a monthly report that sets forth: (a) known and projected department of health medicaid expenditures as described in subdivision (1) of this section, and factors that could result in medicaid disbursements for the relevant state fiscal year to exceed the projected department of health state funds disbursements in the enacted budget financial plan pursuant to subdivision 3 of section 23 of the state finance law, including spending increases or decreases due to: enrollment fluctuations, rate changes, utilization changes, MRT investments, and shift of beneficiaries to managed care; and variations in offline medicaid payments; and (b) the actions taken to implement any medicaid savings allocation plan implemented pursuant to subdivision (4) of this section, including information concerning the impact of such actions on each category of service and each geographic region of the state. Each such monthly report shall be provided to the chairs of the senate finance and the assembly ways and means committees and shall be posted on the department of health's website in a timely manner.

The money hereby appropriated is available for payment of aid herefore accrued or hereafter accrued to municipalities, and to providers of medical services pursuant to section 367-b of the social services law[, and shall be available to the department net of disallowances, refunds, reimbursements, and credits]. Notwithstanding any provision of law to the contrary, the amounts appropriated herein shall be net of refunds, rebates, reimbursements, credits, repayments, and/or disallowances.

MEDICAL ASSISTANCE PROGRAM

General Fund
Local Assistance Account - 10000

The appropriation made by chapter 53, section 1, of the laws of 2019, is
hereby amended and reappropriated to read:

For the medical assistance program, including administrative expenses,
for local social services districts, and for medical care rates for
authorized child care agencies.

Notwithstanding section 40 of the state finance law or any other law
to the contrary, all medical assistance appropriations made from
this account shall remain in full force and effect in accordance, in
the aggregate, with the following schedule: not more than 49 percent
for the period April 1, 2019 to March 31, 2020; and the remaining
amount for the period April 1, 2020 to [March 31] September 15,
2021.

Notwithstanding section 40 of the state finance law or any provision
of law to the contrary, subject to federal approval, department of
health state funds medicaid spending, excluding payments for medical
services provided at state facilities operated by the office of
mental health, the office for people with developmental disabilities
and the office of [alcoholism and substance abuse] addiction
services and supports and further excluding any payments which are
not appropriated within the department of health, in the aggregate,
for the period April 1, 2019 through March 31, 2020, shall not
exceed $22,251,148,000 except as provided below and state share
medicaid spending, in the aggregate, for the period April 1, 2020
through [March 31] September 15, 2021, shall not exceed
[$23,256,018,000] $23,606,772,000, but in no event shall department
of health state funds medicaid spending for the period April 1, 2019
through [March 31] September 15, 2021 exceed [$45,507,166,000]
$45,857,920,000 provided, however, such aggregate limits may be
adjusted by the director of the budget to account for any changes in
the New York state federal medical assistance percentage amount
established pursuant to the federal social security act, increases
in provider revenues, reductions in local social services district
payments for medical assistance administration, minimum wage
increases and beginning April 1, 2012 the operational costs of the
New York state medical indemnity fund, pursuant to chapter 59 of the laws of 2011, and state costs or savings from the essential plan program. Such projections may be adjusted by the director of the budget to account for increased or expedited department of health state funds medicaid expenditures as a result of a natural or other type of disaster, including a governmental declaration of emergency. Provided further however, that notwithstanding any provision of law to the contrary, if, on or before April 1, 2020, the legislature fails to achieve $2,500,000,000 in aggregate savings from the appropriations enacted as part of any chapters of the laws of 2020 making appropriations for aid to localities and/or state operations for the department of health state funds medicaid spending, excluding payments for medical services provided at state facilities operated by the office of mental health, the office for people with developmental disabilities and the office of addiction services and supports and further excluding any payments which are not appropriated within the department of health, uniform across the board reductions shall be applied to such appropriations to achieve $2,500,000,000 in aggregate savings from such appropriations. Provided however, that any such uniform reductions may be increased or decreased at the discretion of the director of the budget to conform with federal rules and regulations. To the extent any individual or entity is otherwise entitled to any cash disbursement authorized by one or more of such appropriations or reappropriations for the department of health state funds medicaid spending, excluding payments for medical services provided at state facilities operated by the office of mental health, the office for people with developmental disabilities and the office of addiction services and supports and further excluding any payments which are not appropriated within the department of health, such entitlement shall be superseded and reduced commensurate with any such across the board reductions. The director of the budget, in consultation with the commissioner of health, shall assess on a monthly basis known and projected medicaid expenditures by category of service and by geographic region, as defined by the commissioner, incurred both prior to and subsequent to such assessment for each such period, and if the director of the budget determines that such expenditures are expected to cause medicaid spending for such period to exceed the aggregate limit specified herein for such period, the state medicaid director, in consultation with the director of the budget and the commissioner of health, shall develop a medicaid savings allocation plan to limit such spending to the aggregate limit specified herein for such period. Such medicaid savings allocation plan shall be designed, to reduce the expenditures authorized by the appropriations herein in compliance with the following guidelines: (1) reductions shall be made in compliance with applicable federal law, including the provisions of the Patient Protection and Affordable Care Act, Public Law No. 111-148, and the Health Care and Education Reconciliation Act of 2010, Public Law No. 111-152 (collectively "Affordable Care Act") and any subsequent amendments thereto or regulations promulgated
thereunder; (2) reductions shall be made in a manner that complies
with the state medicaid plan approved by the federal centers for
medicare and medicaid services, provided, however, that the commis-
sioner of health is authorized to submit any state plan amendment or
seek other federal approval, including waiver authority, to imple-
ment the provisions of the medicaid savings allocation plan that
meets the other criteria set forth herein; (3) reductions shall be
made in a manner that maximizes federal financial participation, to
the extent practicable, including any federal financial partic-
ipation that is available or is reasonably expected to become avail-
able, in the discretion of the commissioner, under the Affordable
Care Act; (4) reductions shall be made uniformly among categories of
services and geographic regions of the state, to the extent practi-
cable, and shall be made uniformly within a category of service, to
the extent practicable, except where the commissioner determines
that there are sufficient grounds for non-uniformity, including but
not limited to: the extent to which specific categories of services
contributed to department of health medicaid state funds spending in
excess of the limits specified herein; the need to maintain safety
net services in underserved communities; or the potential benefits
of pursuing innovative payment models contemplated by the Affordable
Care Act, in which case such grounds shall be set forth in the medi-
caid savings allocation plan; and (5) reductions shall be made in a
manner that does not unnecessarily create administrative burdens to
medicaid applicants and recipients or providers.

The commissioner shall seek the input of the legislature, as well as
organizations representing health care providers, consumers, busi-
nesses, workers, health insurers, and others with relevant exper-
tise, in developing such medicaid savings allocation plan, to the
extent that all or part of such plan, in the discretion of the
commissioner, is likely to have a material impact on the overall
medicaid program, particular categories of service or particular
geographic regions of the state.

(a) The commissioner shall post the medicaid savings allocation plan
on the department of health's website and shall provide written
copies of such plan to the chairs of the senate finance and the
assembly ways and means committees at least 30 days before the date
on which implementation is expected to begin.

(b) The commissioner may revise the medicaid savings allocation plan
subsequent to the provisions of notice and prior to implementation
but needs to provide a new notice pursuant to subparagraph (i) of
this paragraph only if the commissioner determines, in his or her
discretion, that such revisions materially alter the plan.

Notwithstanding the provisions of paragraphs (a) and (b) of this

In accordance with the medicaid savings allocation plan, the commissioner of the department of health shall reduce department of health state funds medicaid spending by the amount of the projected overspending through, actions including, but not limited to modifying or suspending reimbursement methods, including but not limited to all fees, premium levels and rates of payment, notwithstanding any provision of law that sets a specific amount or methodology for any such payments or rates of payment; modifying or discontinuing medicaid program benefits; seeking all necessary federal approvals, including, but not limited to waivers, waiver amendments; and suspending time frames for notice, approval or certification of rate requirements, notwithstanding any provision of law, rule or regulation to the contrary, including but not limited to sections 2807 and 3614 of the public health law, section 18 of chapter 2 of the laws of 1988, and 18 NYCRR 505.14(h).

The department of health shall prepare a monthly report that sets forth: (a) known and projected department of health medicaid expenditures as described in subdivision (1) of this section, and factors that could result in medicaid disbursements for the relevant state fiscal year to exceed the projected department of health state funds disbursements in the enacted budget financial plan pursuant to subdivision 3 of section 23 of the state finance law, including spending increases or decreases due to: enrollment fluctuations, rate changes, utilization changes, MRT investments, and shift of beneficiaries to managed care; and variations in offline medicaid payments; and (b) the actions taken to implement any medicaid savings allocation plan implemented pursuant to subdivision (4) of this section, including information concerning the impact of such actions on each category of service and each geographic region of the state. Each such monthly report shall be provided to the chairs of the senate finance and the assembly ways and means committees and shall be posted on the department of health's website in a timely manner.

Notwithstanding section 40 of the state finance law or any provision of law to the contrary, subject to federal approval, department of health state funds medicaid spending, excluding payments for medical services provided at state facilities operated by the office of mental health, the office for people with developmental disabilities and the office of [alcoholism and substance abuse] addiction services and supports and further excluding any payments which are not appropriated within the department of health, in the aggregate, for the period April 1, 2019 through March 31, 2020, shall not exceed $22,251,148,000 except as provided below and state share medicaid spending, in the aggregate, for the period April 1, 2020 through [March 31, September 15, 2021, shall not exceed $33,256,018,000] $23,606,772,000 but in no event shall department of health state funds medicaid spending for the period April 1, 2019 through [March 31, September 15, 2021] exceed $45,507,166,000 provided, however, such aggregate limits may be adjusted by the director of the budget to account for any changes in the New York state federal medical assistance percentage amount established pursuant to the federal social security act, increases in provider revenues, reductions in local social services district payments for medical assistance administration, minimum wage increases and beginning April 1, 2012 the operational costs of the New York state medical indemnity fund, pursuant to chapter 59 of the laws of 2011, and state costs or savings from the essential plan program. Such projections may be adjusted by the director of the budget to account for increased or expedited department of health state funds medicaid expenditures as a result of a natural or other type of disaster, including a governmental declaration of emergency. Provided further however, that notwithstanding any provision of law to the contrary, if, on or before April 1, 2020, the legislature fails to achieve $2,500,000,000 in aggregate savings from the appropriations enacted as part of any chapters of the laws of 2020 making appropriations for aid to localities and/or state operations for the department of health state funds medicaid spending, excluding payments for medical services provided at state facilities operated by the office of mental health, the office for people with developmental disabilities and the office of addiction services and supports and further excluding any payments which are not appropriated within the department of health, uniform across the board reductions shall be applied to such appropriations to achieve $2,500,000,000 in aggregate savings from such appropriations. Provided however, that any such uniform reductions may be increased or decreased at the discretion of the director of the budget to conform with federal rules and regulations. To the extent any individual or entity is otherwise entitled to any cash disbursement authorized by one or more of such appropriations or reappropriations for the department of health state funds medicaid spending, excluding payments for medical services provided at state facilities operated by the office of mental health, the office for people with developmental disabilities and the office of addiction services and supports and further excluding any payments which are not appropriated within the department of health, such entitlement shall be
superseded and reduced commensurate with any such across the board reductions.

The director of the budget, in consultation with the commissioner of health, shall assess on a monthly basis known and projected medicaid expenditures by category of service and by geographic region, as determined by the commissioner of health, incurred both prior to and subsequent to such assessment for each such period, and if the director of the budget determines that such expenditures are expected to cause medicaid spending for such period to exceed the aggregate limit specified herein for such period, the state medicaid director, in consultation with the director of the budget and the commissioner of health, shall develop a medicaid savings allocation plan to limit such spending to the aggregate limit specified herein for such period.

Such medicaid savings allocation plan shall be designed, to reduce the expenditures authorized by the appropriations herein in compliance with the following guidelines: (1) reductions shall be made in compliance with applicable federal law, including the provisions of the Patient Protection and Affordable Care Act, Public Law No. 111-148, and the Health Care and Education Reconciliation Act of 2010, Public Law No. 111-152 (collectively "Affordable Care Act") and any subsequent amendments thereto or regulations promulgated thereunder; (2) reductions shall be made in a manner that complies with the state medicaid plan approved by the federal centers for medicare and medicaid services, provided, however, that the commissioner of health is authorized to submit any state plan amendment or seek other federal approval, including waiver authority, to implement the provisions of the medicaid savings allocation plan that meets the other criteria set forth herein; (3) reductions shall be made in a manner that maximizes federal financial participation, to the extent practicable, including any federal financial participation that is available or is reasonably expected to become available, in the discretion of the commissioner, under the Affordable Care Act; (4) reductions shall be made uniformly among categories of services and geographic regions of the state, to the extent practicable, and shall be made uniformly within a category of service, to the extent practicable, except where the commissioner determines that there are sufficient grounds for non-uniformity, including but not limited to: the extent to which specific categories of services contributed to department of health medicaid state funds spending in excess of the limits specified herein; the need to maintain safety net services in underserved communities; or the potential benefits of pursuing innovative payment models contemplated by the Affordable Care Act, in which case such grounds shall be set forth in the medicaid savings allocation plan; and (5) reductions shall be made in a manner that does not unnecessarily create administrative burdens to medicaid applicants and recipients or providers.

The commissioner shall seek the input of the legislature, as well as organizations representing health care providers, consumers, businesses, workers, health insurers, and others with relevant expertise, in developing such medicaid savings allocation plan, to the extent that all or part of such plan, in the discretion of the
commissioner, is likely to have a material impact on the overall
medicaid program, particular categories of service or particular
geographic regions of the state.
(a) The commissioner shall post the medicaid savings allocation plan
on the department of health's website and shall provide written
copies of such plan to the chairs of the senate finance and the
assembly ways and means committees at least 30 days before the date
on which implementation is expected to begin.
(b) The commissioner may revise the medicaid savings allocation plan
subsequent to the provisions of notice and prior to implementation
but needs to provide a new notice pursuant to subparagraph (i) of
this paragraph only if the commissioner determines, in his or her
discretion, that such revisions materially alter the plan.
Notwithstanding the provisions of paragraphs (a) and (b) of this
subdivision, the commissioner need not seek the input described in
paragraph (a) of this subdivision or provide notice pursuant to
paragraph (b) of this subdivision if, in the discretion of the
commissioner, expedited development and implementation of a medicaid
savings allocation plan is necessary due to a public health emergen-
For purposes of this section, a public health emergency is defined as:
(i) a disaster, natural or otherwise, that significantly increases
the immediate need for health care personnel in an area of the
state; (ii) an event or condition that creates a widespread risk of
exposure to a serious communicable disease, or the potential for
such widespread risk of exposure; or (iii) any other event or condi-
tion determined by the commissioner to constitute an imminent threat
to public health.
Nothing in this paragraph shall be deemed to prevent all or part of
such medicaid savings allocation plan from taking effect retroac-
tively to the extent permitted by the federal centers for medicare
and medicaid services.
In accordance with the medicaid savings allocation plan, the commis-
sioner of the department of health shall reduce department of health
state funds medicaid spending by the amount of the projected over-
spending through, actions including, but not limited to modifying or
suspending reimbursement methods, including but not limited to all
fees, premium levels and rates of payment, notwithstanding any
provision of law that sets a specific amount or methodology for any
such payments or rates of payment; modifying medicaid program bene-
fits; seeking all necessary federal approvals, including, but not
limited to waivers, waiver amendments; and suspending time frames
for notice, approval or certification of rate requirements, notwith-
standing any provision of law, rule or regulation to the contrary,
including but not limited to sections 2807 and 3614 of the public
health law, section 18 of chapter 2 of the laws of 1988, and 18
NYCRR 505.14(h).
The department of health shall prepare a monthly report that sets
forth: (a) known and projected department of health medicaid expend-
itures as described in subdivision (1) of this section, and factors
that could result in medicaid disbursements for the relevant state
fiscal year to exceed the projected department of health state funds
disbursements in the enacted budget financial plan pursuant to subdivision 3 of section 23 of the state finance law, including spending increases or decreases due to: enrollment fluctuations, rate changes, utilization changes, MRT investments, and shift of beneficiaries to managed care; and variations in offline medicaid payments; and (b) the actions taken to implement any medicaid savings allocation plan implemented pursuant to subdivision (4) of this section, including information concerning the impact of such actions on each category of service and each geographic region of the state. Each such monthly report shall be provided to the chairs of the senate finance and the assembly ways and means committees and shall be posted on the department of health's website in a timely manner.

Notwithstanding any provision of law to the contrary, the director of the budget, in consultation with the commissioner of health, may use a payment reduction plan to make across-the-board reductions to the department of health state funds medicaid spending by $190,200,000 for [each of] the state fiscal [years] year 2019-2020 and $248,000,000 in 2020-2021 to limit such spending to the aggregate limits specified herein, or reduce the aggregate limits specified herein to provide a reduction to the State's Financial Plan. Reductions shall be made in a manner that complies with the state medicaid plan approved by the federal centers for medicare and medicaid services, provided, however, that the commissioner of health is authorized to submit any state plan amendment or seek other federal approval to implement the provisions of the medicaid payment reduction plan.

For the purpose of making payments to providers of medical care pursuant to section 367-b of the social services law, and for payment of state aid to municipalities where payment systems through fiscal intermediaries are not operational, to reimburse such providers for costs attributable to the provision of care to patients eligible for medical assistance. Payments from this appropriation to general hospitals related to indigent care pursuant to article 28 of the public health law respectively, when combined with federal funds for services and expenses for the medical assistance program pursuant to title XIX of the federal social security act or its successor program, shall equal the amount of the funds received related to health care reform act allowances and surcharges pursuant to article 28 of the public health law and deposited to this account less any such amounts withheld pursuant to subdivision 21 of section 2807-c of the public health law. Notwithstanding any inconsistent provision of law, the moneys hereby appropriated may be increased or decreased by interchange or transfer with any appropriation of the department of health with the approval of the director of the budget, who shall file such approval with the department of audit and control and copies thereof with the chairman of the senate finance committee and the chairman of the assembly ways and means committee.

Notwithstanding any provision of law to the contrary, the portion of this appropriation covering fiscal year 2019-20 shall supersede and replace any duplicative (i) reappropriation for this item covering fiscal year 2019-20, and (ii) appropriation for this item covering
fiscal year 2019-20 set forth in chapter 53 of the laws of 2018 (29797) ... 1,783,000,000 ..................... (re. $1,783,000,000)

Notwithstanding section 40 of the state finance law or any other law to the contrary, all medical assistance appropriations made from this account shall remain in full force and effect in accordance, in the aggregate, with the following schedule: not more than 51 percent for the period April 1, 2019 to March 31, 2020; and the remaining amount for the period April 1, 2020 to [March 31] September 15, 2021.

Notwithstanding section 40 of the state finance law or any provision of law to the contrary, subject to federal approval, department of health state funds medicaid spending, excluding payments for medical services provided at state facilities operated by the office of mental health, the office for people with developmental disabilities and the office of addiction services and supports and further excluding any payments which are not appropriated within the department of health, in the aggregate, for the period April 1, 2019 through March 31, 2020, shall not exceed $22,251,148,000 except as provided below and state share medicaid spending, in the aggregate, for the period April 1, 2020 through [March 31] September 15, 2021, shall not exceed $23,256,018,000 but in no event shall department of health state funds medicaid spending for the period April 1, 2019 through [March 31] September 15, 2021 exceed $45,857,920,000 provided, however, such aggregate limits may be adjusted by the director of the budget to account for any changes in the New York state federal medical assistance percentage amount established pursuant to the federal social security act, increases in provider revenues, reductions in local social services district payments for medical assistance administration, minimum wage increases and beginning April 1, 2012 the operational costs of the New York state medical indemnity fund, pursuant to chapter 59 of the laws of 2011, and state costs or savings from the essential plan. Such projections may be adjusted by the director of the budget to account for increased or expedited department of health state funds medicaid expenditures as a result of a natural or other type of disaster, including a governmental declaration of emergency.

Provided further however, that notwithstanding any provision of law to the contrary, if, on or before April 1, 2020, the legislature fails to achieve $2,500,000,000 in aggregate savings from the appropriations enacted as part of any chapters of the laws of 2020 making appropriations for aid to localities and/or state operations for the department of health state funds medicaid spending, excluding payments for medical services provided at state facilities operated by the office of mental health, the office for people with develop-

reductions shall be applied to such appropriations to achieve
$2,500,000,000 in aggregate savings from such appropriations.
Provided however, that any such uniform reductions may be increased
or decreased at the discretion of the director of the budget to
conform with federal rules and regulations. To the extent any indi-
vidual or entity is otherwise entitled to any cash disbursement
authorized by one or more of such appropriations or reappropriations
for the department of health state funds medicaid spending, exclud-
ing payments for medical services provided at state facilities oper-
ated by the office of mental health, the office for people with
developmental disabilities and the office of addiction services and

superseded and reduced commensurate with any such across the board
reductions.
The director of the budget, in consultation with the commissioner of
health, shall assess on a monthly basis known and projected medicaid
expenditures by category of service and by geographic region, as
determined by the commissioner of health, incurred both prior to and
subsequent to such assessment for each such period, and if the
director of the budget determines that such expenditures are
expected to cause medicaid spending for such period to exceed the
aggregate limit specified herein for such period, the state medicaid

commissioner of health, shall develop a medicaid savings allocation
plan to limit such spending to the aggregate limit specified herein

meets the other criteria set forth herein; (3) reductions shall be

the extent practicable, except where the commissioner determines
that there are sufficient grounds for non-uniformity, including but
not limited to: the extent to which specific categories of services
contributed to department of health medicaid state funds spending in
excess of the limits specified herein; the need to maintain safety
net services in underserved communities; or the potential benefits
of pursuing innovative payment models contemplated by the Affordable
Care Act, in which case such grounds shall be set forth in the medi-
caid savings allocation plan; and (5) reductions shall be made in a
manner that does not unnecessarily create administrative burdens to
medicaid applicants and recipients or providers.

The commissioner shall seek the input of the legislature, as well as
organizations representing health care providers, consumers, busi-

subsequent to the provisions of notice and prior to implementation
but needs to provide a new notice pursuant to subparagraph (i) of
this paragraph only if the commissioner determines, in his or her
discretion, that such revisions materially alter the plan.

Notwithstanding the provisions of paragraphs (a) and (b) of this
subdivision, the commissioner need not seek the input described in
paragraph (a) of this subdivision or provide notice pursuant to
paragraph (b) of this subdivision if, in the discretion of the
commissioner, expedited development and implementation of a medicaid

to public health.

Nothing in this paragraph shall be deemed to prevent all or part of
such medicaid savings allocation plan from taking effect retroac-
tively to the extent permitted by the federal centers for medicare

Such projections may be adjusted by the director of the budget to account for increased or expedited department of health state funds medicaid expenditures as a result of a natural or other type of disaster, including a governmental declaration of emergency.

Provided further however, that notwithstanding any provision of law to the contrary, if, on or before April 1, 2020, the legislature fails to achieve $2,500,000,000 in aggregate savings from the appropriations enacted as part of any chapters of the laws of 2020 making appropriations for aid to localities and/or state operations for the department of health state funds medicaid spending, excluding payments for medical services provided at state facilities operated by the office of mental health, the office for people with developmental disabilities and the office of addiction services and supports and further excluding any payments which are not appropriated within the department of health, uniform across the board reductions shall be applied to such appropriations to achieve $2,500,000,000 in aggregate savings from such appropriations. Provided however, that any such uniform reductions may be increased or decreased at the discretion of the director of the budget to conform with federal rules and regulations. To the extent any individual or entity is otherwise entitled to any cash disbursement
authorized by one or more of such appropriations or reappropriations for the department of health state funds medicaid spending, excluding payments for medical services provided at state facilities operated by the office of mental health, the office for people with developmental disabilities and the office of addiction services and supports and further excluding any payments which are not appropriated within the department of health, such entitlement shall be superseded and reduced commensurate with any such across the board reductions.

The director of the budget, in consultation with the commissioner of health, shall assess on monthly basis known and projected medicaid expenditures by category of service and by geographic region, as determined by the commissioner of health, incurred both prior to and subsequent to such assessment for each such period, and if the director of the budget determines that such expenditures are expected to cause medicaid spending for such period to exceed the aggregate limit specified herein for such period, the state medicaid director, in consultation with the director of the budget and the commissioner of health, shall develop a medicaid savings allocation plan to limit such spending to the aggregate limit specified herein for such period.

Such medicaid savings allocation plan shall be designed, to reduce the expenditures authorized by the appropriations herein in compliance with the following guidelines: (1) reductions shall be made in compliance with applicable federal law, including the provisions of the Patient Protection and Affordable Care Act, Public Law No. 111-148, and the Health Care and Education Reconciliation Act of 2010, Public Law No. 111-152 (collectively "Affordable Care Act") and any subsequent amendments thereto or regulations promulgated thereunder; (2) reductions shall be made in a manner that complies with the state medicaid plan approved by the federal centers for medicare and medicaid services, provided, however, that the commissioner of health is authorized to submit any state plan amendment or seek other federal approval, including waiver authority, to implement the provisions of the medicaid savings allocation plan that meets the other criteria set forth herein; (3) reductions shall be made in a manner that maximizes federal financial participation, to the extent practicable, including any federal financial participation that is available or is reasonably expected to become available, in the discretion of the commissioner, under the Affordable Care Act; (4) reductions shall be made uniformly among categories of services and geographic regions of the state, to the extent practicable, and shall be made uniformly within a category of service, to the extent practicable, except where the commissioner determines that there are sufficient grounds for non-uniformity, including but not limited to: the extent to which specific categories of services contributed to department of health medicaid state funds spending in excess of the limits specified herein; the need to maintain safety net services in underserved communities; or the potential benefits of pursuing innovative payment models contemplated by the Affordable Care Act, in which case such grounds shall be set forth in the medicaid savings allocation plan; and (5) reductions shall be made in a
manner that does not unnecessarily create administrative burdens to medicaid applicants and recipients or providers.

The commissioner shall seek the input of the legislature, as well as organizations representing health care providers, consumers, businesses, workers, health insurers, and others with relevant expertise, in developing such medicaid savings allocation plan, to the extent that all or part of such plan, in the discretion of the commissioner, is likely to have a material impact on the overall medicaid program, particular categories of service or particular geographic regions of the state.

(a) The commissioner shall post the medicaid savings allocation plan on the department of health's website and shall provide written copies of such plan to the chairs of the senate finance and the assembly ways and means committees at least 30 days before the date on which implementation is expected to begin.

(b) The commissioner may revise the medicaid savings allocation plan subsequent to the provisions of notice and prior to implementation but needs to provide a new notice pursuant to subparagraph (i) of this paragraph only if the commissioner determines, in his or her discretion, that such revisions materially alter the plan.

Notwithstanding the provisions of paragraphs (a) and (b) of this subdivision, the commissioner need not seek the input described in paragraph (a) of this subdivision or provide notice pursuant to paragraph (b) of this subdivision if, in the discretion of the commissioner, expedited development and implementation of a medicaid savings allocation plan is necessary due to a public health emergency.

For purposes of this section, a public health emergency is defined as: (i) a disaster, natural or otherwise, that significantly increases the immediate need for health care personnel in an area of the state; (ii) an event or condition that creates a widespread risk of exposure to a serious communicable disease, or the potential for such widespread risk of exposure; or (iii) any other event or condition determined by the commissioner to constitute an imminent threat to public health.

Nothing in this paragraph shall be deemed to prevent all or part of such medicaid savings allocation plan from taking effect retroactively to the extent permitted by the federal centers for medicare and medicaid services.

In accordance with the medicaid savings allocation plan, the commissioner of the department of health shall reduce department of health state funds medicaid spending by the amount of the projected overspending through, actions including, but not limited to modifying or suspending reimbursement methods, including but not limited to all fees, premium levels and rates of payment, notwithstanding any provision of law that sets a specific amount or methodology for any such payments or rates of payment; modifying medicaid program benefits; seeking all necessary federal approvals, including, but not limited to waivers, waiver amendments; and suspending time frames for notice, approval or certification of rate requirements, notwithstanding any provision of law, rule or regulation to the contrary, including but not limited to sections 2807 and 3614 of the public.

The department of health shall prepare a monthly report that sets
forth: (a) known and projected department of health medicaid expend-

savings allocation plan implemented pursuant to subdivision (4) of
this section, including information concerning the impact of such
actions on each category of service and each geographic region of
the state. Each such monthly report shall be provided to the chairs
of the senate finance and the assembly ways and means committees and
shall be posted on the department of health's website in a timely
manner.

limits specified herein, or reduce the aggregate limits specified
herein to provide a reduction to the State's Financial Plan. Reduc-
ions shall be made in a manner that complies with the state
medicaid plan approved by the federal centers for medicare and medi-
caid services, provided, however, that the commissioner of health is
authorized to submit any state plan amendment or seek other federal
approval to implement the provisions of the medicaid payment
reduction plan.
