AN ACT making appropriations for the support of government

AID TO LOCALITIES BUDGET

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

1 Section 1. a) The several amounts specified in this chapter for aid to localities, or so much thereof as shall be sufficient to accomplish the purposes designated by the appropriations, are hereby appropriated and authorized to be paid as hereinafter provided, to the respective public officers and for the several purposes specified.

b) Where applicable, appropriations made by this chapter for expenditures from federal grants for aid to localities may be allocated for spending from federal grants for any grant period beginning, during, or prior to, the state fiscal year beginning on April 1, 2020 except as otherwise noted.

c) The several amounts named herein, or so much thereof as shall be sufficient to accomplish the purpose designated, being the undisbursed and/or unexpended balances of the prior year's appropriations, are hereby reappropriated from the same funds and made available for the same purposes as the prior year's appropriations, unless herein amended, for the fiscal year beginning April 1, 2020. Certain reappropriations in this chapter are shown using abbreviated text, with three leader dots (an ellipsis) followed by three spaces (... ) used to indicate where existing law that is being continued is not shown. However, unless a

change is clearly indicated by the use of brackets [ ] for deletions and
underscores for additions, the purposes, amounts, funding source and all
other aspects pertinent to each item of appropriation shall be as last
appropriated.

For the purpose of complying with the state finance law, the year,
chapter and section of the last act reappropriating a former original
appropriation or any part thereof is, unless otherwise indicated, chap-
ter 53, section 1, of the laws of 2019.

d) No moneys appropriated by this chapter shall be available for
payment until a certificate of approval has been issued by the director
of the budget, who shall file such certificate with the department of
audit and control, the chairperson of the senate finance committee and
the chairperson of the assembly ways and means committee.
e) Notwithstanding any provision of law to the contrary, if the finan-
cial plan required under sections twenty-two or twenty-three of the
state finance law estimates that the general fund is reasonably antic-
ipated to end the fiscal year with an imbalance of $500,000,000 or more,
the director of the division of the budget shall prepare a plan that
shall be submitted to the legislature, which shall identify the general
fund and state special revenue fund appropriations contained herein and
related disbursements that may be reduced to eliminate the imbalance
identified in the general fund, provided, however, that the total
reduction in disbursements identified in such plan shall not exceed an
amount equal to 1.0 percent of estimated disbursements in total state
operating funds for fiscal year 2020-2021. The legislature shall have 30
days after such submission to either prepare its own plan, which may be
adopted by concurrent resolution passed by both houses and implemented
by the division of the budget, or if after 30 days the legislature fails
to adopt its own plan, the reductions to the general fund and state
special revenue fund appropriations contained herein and related
disbursements identified in the division of the budget plan will go into
effect automatically. To the extent the state is obligated to make
payment to any individual or entity pursuant to any appropriation
contained herein to which an adjustment or reduction is applied in
accordance with this section, such obligation shall be reduced commensu-
rate with any adjustments or reductions made by the director of the
budget and/or by the legislature. The following types of appropriations
shall be exempt from reduction in any plan prepared by the budget direc-
tor and/or any plan adopted by the legislature: (a) public assistance
payments for families and individuals and payments for eligible aged,
blind and disabled persons related to supplemental social security; (b)
any reductions that would violate federal law; (c) payments of debt
service and related expenses for which the state is constitutionally
obligated to pay debt service or is contractually obligated to pay debt
service, subject to an appropriation, including where the state has a
contingent contractual obligation; and (d) payments the state is obli-
gated to make pursuant to court orders or judgments.
f) Notwithstanding any provision of law to the contrary, for purposes
of any appropriation made by this chapter which authorizes spending in
an amount net of refunds, rebates, reimbursements, credits, repayments,
and/or disallowances, "refunds" shall mean funds received to the state
resulting from the overpayment of monies, "rebates" shall mean funds
received to the state resulting from a return of a full or partial
amount previously paid, as for goods or services, serving as a
reduction, discount or rebate to the original payment amount,
"reimbursements" shall mean funds received to the state as repayment in
an equivalent amount for goods or services, including but not limited to personal service costs, incurred by the state in the first instance being provided to a third party for their benefit and partially or in full financed by such third party, "credit" shall mean monies made available to the state that reduce the amount owed to a third party, including but not limited to billing errors, rebates, and prior overpayments, "repayment" shall mean the return of monies as pay back for expenses incurred, and "disallowance" shall mean monies made available to the state that were not allowed or accepted officially by the intended recipient, based on a determination the payment is not acceptable and/or valid. When the office of the state comptroller receives any such refunds, rebates, reimbursements, credits, repayments, and/or disallowances, he or she shall credit the refunded, rebated, reimbursed, credited, repaid, and disallowed amount back to the original appropriation and reduce expenditures in the year which such credit is received regardless of the timing of the initial expenditure.

g) Notwithstanding any other provision of law to the contrary, if the state or any agency thereof incurs any costs associated with administering the rent regulation program in accordance with subdivision (c) of section 8 of chapter 576 of the laws of 1974, as amended, for a city having a population of one million or more, the director of the budget may direct any other state agency or agencies making payments to such city, or any department, agency, or instrumentality thereof, to permanently reduce the amount of any other payment or payments owed to such city or any department, agency, or instrumentality thereof pursuant to any appropriation set forth in this chapter. Provided however, that such reduction shall be in an amount equal to the costs incurred by the state or agency thereof in accordance with subdivision (c) of section 8 of chapter 576 of the laws of 1974 and provided further that such direction shall be made in writing by the director of the budget. If the director of the budget makes such direction pursuant to the authority set forth herein, the impacted city shall not make the payments required by subdivision (c) of section 8 of chapter 576 of the laws of 1974, as amended, and the division of housing and community renewal shall notify such city in writing of what payment or payments will be reduced and the amount of such reduction. To the extent a city of one million or more or any department, agency, or instrumentality thereof is entitled to any cash disbursement authorized by any appropriation contained in this chapter, such entitlement shall be reduced commensurate with reductions in payments made in accordance with this part.

h) Notwithstanding any provision of law to the contrary, upon enactment of this chapter of the laws of 2020 containing the aid to localities budget bill for the state fiscal year 2020-2021, all appropriations and reappropriations contained in chapter 53 of the laws of 2019, which would otherwise lapse by operation of law on March 31, 2021 are hereby repealed.

i) The appropriations contained in this chapter shall be available for the fiscal year beginning on April 1, 2020 except as otherwise noted.

Notwithstanding any inconsistent provision of law, for general support for public schools for the 2020-21 state fiscal year, as provided herein.
Notwithstanding any provision of law to the contrary, for the 2020-21 school year, in lieu of aids payable pursuant to sections 701, 711, 751, 753, 1950 and subdivisions 4, 10, and 41 of section 3602 of the education law, each school district shall be entitled to receive an amount equal to the foundation aid payable in the 2020-21 school year, which shall equal the sum of adjusted foundation aid as defined herein plus the greater of tiers A through E as defined herein plus the community schools setaside increase, as defined herein.
For the purposes of this appropriation, "foundation aid remaining" shall mean the
positive difference, if any, of (1) total foundation aid computed pursuant to subdivision 4 of section 3602 of the education law less (2) the adjusted foundation aid base as defined herein.

For the purposes of this appropriation:

(A) "Tier A" shall equal the product of the foundation aid remaining multiplied by (A) for a city school district in a city with a population of one million or more, 0.26367, (B) for city school districts in cities with populations greater than one hundred and twenty-five thousand but less than one million, 0.18, and (C) for all other districts, 0.04.

(B) "Tier B" shall equal the product of the foundation aid remaining multiplied by the Tier B phase-in factor, where the "Tier B phase-in factor" shall equal the product of 0.09 multiplied by the Tier B scaled factor, and where the "Tier B scaled factor" shall equal the difference of one less the squared product of the pupil wealth ratio computed pursuant to paragraph a of subdivision 3 of section 3602 of the education law multiplied by 0.64, provided that such difference shall be no greater than 0.9 nor less than zero.

(C) "Tier C" shall equal, for school districts with a modified free and reduced-price lunch index of 1.5 or greater, the product of public school district enrollment as computed pursuant to paragraph n of subdivision 1 of section 3602 of the education law for the base year multiplied by the Tier C per pupil amount, where "Tier C per pupil amount" shall equal the product of (A) $148.18 multiplied by (B) the regional cost index computed pursuant to subparagraph 2 of paragraph a of subdivision 4 of section 3602 of the education law for such school district multiplied by (C) the modified free and reduced-price lunch index multiplied by (D) the difference of two less the product of 1.5 multiplied by the combined wealth ratio for total foundation aid computed pursuant to subparagraph 2 of paragraph c of subdivision 3 of section 3602 of the education law, provided that such difference shall be no greater than 0.9 nor less than zero, and where the
"modified free and reduced-price lunch index" shall equal the quotient arrived at when dividing the three year average free and reduced price lunch percent for the current year computed pursuant to paragraph p of subdivision 1 of section 3602 of the education law of the school district by the statewide average of such percent excluding any city school district in a city with a population of one million or more.

(D) "Tier D" shall equal the product of the extraordinary needs count computed pursuant to paragraph s of subdivision 1 of section 3602 of the education law multiplied by the Tier D per pupil amount, where "Tier D per pupil amount" shall equal the product of (A) $205 multiplied by (B) the sum of one plus the sparsity factor computed pursuant to paragraph r of subdivision 1 of section 3602 of the education law multiplied by (C) the extraordinary needs index multiplied by (D) the tier D scaled factor, where the "extraordinary needs index" shall equal the quotient of the extraordinary needs percent for the district computed pursuant to paragraph w of subdivision 1 of section 3602 of the education law divided by the statewide average of such percent, and where the "tier D scaled factor" shall equal the difference of 1.37 less the squared product of the pupil wealth ratio computed pursuant to paragraph a of subdivision 3 of section 3602 of the education law multiplied by 1.24, provided that such tier D scaled factor shall not be less than zero nor more than one.

(E) "Tier E" shall equal the greater of the due minimum or the difference of the due minimum less the hold harmless, where "due minimum" shall equal the product of the adjusted foundation aid base as defined herein multiplied by 0.0025, and where the "hold harmless" shall equal adjusted foundation aid as defined herein less the adjusted foundation aid base as defined herein.

(F)(i) "Community schools setaside increase" shall equal the sum of the community schools tier 1 increase and the community schools tier 2 increase, where (A) the
community schools tier 1 increase shall equal, for eligible school districts, the greater of $30,000 or the product of (1) $66.05 multiplied by (2) the public school district enrollment as computed pursuant to paragraph n of subdivision 1 of section 3602 of the education law for the base year multiplied by (3) the community schools setaside ratio and (B) the community schools tier 2 increase shall equal, for eligible school districts, the greater of $25,000 or the product of (1) $43.94 multiplied by (2) the public school district enrollment as computed pursuant to paragraph n of subdivision 1 of section 3602 of the education law for the base year multiplied by (3) the community schools setaside ratio.

(ii) Provided further, the "community schools setaside ratio" shall equal the difference of one less the product of the combined wealth ratio for total foundation aid computed pursuant to subparagraph 2 of paragraph c of subdivision 3 of section 3602 of the education law multiplied by 0.64, provided that such difference shall not be greater than 0.9 nor less than zero.

BOCES AID" in the data file produced by the commissioner in support of the executive budget request for the 2020-21 school year and entitled "BT202-1".

Provided that, notwithstanding any inconsistent provision of law, $200,000,000 shall be available as a 2020-21 school year fiscal stabilization fund for additional foundation aid to high need school districts otherwise eligible for an apportionment pursuant to subdivision 4 of

Provided further that such school districts shall adhere to and complete the prescribed form accurately and fully, and shall make such statement publicly available and on the district website.

Provided further that the director of the budget shall request in such form only information that is known to, or may be ascertained or estimated by, the district.

Provided further that each such local educational agency shall include in such statement the approach used to allocate funds to each school and that such statement shall include but not be limited to separate entries for each individual school, demographic data for the school, per pupil funding level, source of funds, and uniform decision rules regarding allocation of centralized spending to individual schools from all funding sources.

Provided further that within 45 days of submission of such statement by a school district, the commissioner of education and director of the budget shall review such statement and determine whether the statement is complete and is in the format required. If such statement is determined to be complete and in the format required, a written acknowledgement of such shall be sent to the school district. only be awarded to a school district which demonstrates that it has
implemented one or more long term efficiencies within two years
prior to a response to a request for proposal or during the current
school year in school district management, operations, procurement
practices or other cost savings measures and will not result in an
increase in cost to the state or the locality and: (i) have resulted
or will result in a significant reduction in total operating
expenses compared to the prior year and/or significant reductions in
the administrative component, or the equivalent, of the school
district budget and/or transportation operating expenses and/or
transportation capital expenses and/or other non-personal service
costs included in the program component of the school district budg-
et compared to the prior year; and (ii) are expected to result in
substantial and recurring cost savings in total operating expenses

tures, or the equivalent, and/or transportation operating expenses
and/or transportation capital expenses and/or other non-personal
service costs included in the program component of the school
district budget in future years; provided further that, a school
district that submits documentation that has been approved by the

principals to determine teacher and principal effectiveness shall
receive bonus points in the scoring of its grant application.

Provided further that, notwithstanding any provision of law to the
contrary, in addition to the competitive awards amount as defined in
paragraph ee of subdivision 1 of section 3602 of the education law,
a minimum of $37,500,000 shall be available for the payment of grant
awards made in the 2013-14 school year, with additional amounts to

amount awarded in the 2013-14 school year pursuant to such subdivi-

such $37,500,000 shall be made available for $12,500,000 of prekin-
dergarten grants, $10,000,000 of school-wide extended learning
grants, $7,500,000 of community schools grants, $5,500,000 for a

er, that no school district shall receive any portion of the funds
appropriated herein unless it shall have submitted documentation
that has been approved by the commissioner by September 1 of 2013
and of each school year in which a payment to such district from
this appropriation would otherwise be made demonstrating that it has

subsequent school years. Provided, further, that such grants from
funds appropriated herein shall be awarded based on factors includ-
ing, but not limited to, the following: (i) measures of school
district need, (ii) measures of the need of students to be served by
each of the school districts, (iii) the school district's proposal
to target the highest need schools and students, (iv) the extent to
which the district's proposal would prioritize funds to maximize the
total number of eligible children in the district served in prekin-
dergarten programs, and (v) proposal quality. Provided, however,
that full-day and half-day pre-kindergarten grants appropriated
herein shall only be available to support programs (i) that provide
instruction for at least five hours per school day for full-day
pre-kindergarten programs and at least two and one-half hours per
school day for half-day pre-kindergarten programs; (ii) that agree
to offer instruction consistent with the New York state prekinder-
garten foundation for the common core standards within three years;
(iii) that ensure that, to the extent community-based providers are
part of such program, such providers meet the requirements of para-
graphs d-1 and d-2 of subdivision 12 of section 3602-e of the educa-
tion law; and (iv) that otherwise comply with all of the same rules
and requirements as universal pre-kindergarten programs pursuant to
section 3602-e of the education law except as modified herein.

Provided, further, that a school district's pre-kindergarten grant
shall equal the product of (A) (i) two multiplied by the approved
number of new full-day pre-kindergarten placements plus (ii) the
approved number of half-day pre-kindergarten placement conversions
and new half-day pre-kindergarten placements, and (B) the district's
selected aid per pre-kindergarten pupil pursuant to subparagraph i
of paragraph b of subdivision 10 of section 3602-e of the education
law; provided, however, that no district shall receive a grant in
excess of the total actual grant expenditures incurred by the
district in the current school year as approved by the commissioner.
Provided, further, that as a condition of eligibility for receipt of
such funding, a school district shall agree to adopt approved quali-
ty indicators within two years, including, but not limited to, valid
and reliable measures of environmental quality, the quality of
teacher-student interactions and child outcomes, and ensure that any
such assessment of child outcomes shall not be used to make high-
takes educational decisions for individual children. Provided,
further, that no school district shall receive more than forty
percent of the total pre-kindergarten grant allocation.
Provided, further, that notwithstanding any provision of law to the
contrary, the $10,000,000 appropriated herein available for school-
wide extended learning grants shall be awarded to school districts
or school districts in collaboration with not-for-profit community-
based organizations based on responses to a request for proposals
for planning and implementation grants that is (i) developed by the
commissioner; (ii) approved by the director of the budget; and (iii)
issued by the commissioner. Provided, further, that such grants
shall be awarded based on factors including, but not limited to, the
following: (i) the school district's proposal to target the schools
and students with the greatest need, and (ii) proposal quality.
Provided, further, that to assess proposal quality in order to award
implementation grant funding, the commissioner shall take into
account factors including, but not limited to: (i) the extent to
which the school district's proposal would maximize the use of the
additional learning time through a comprehensive restructuring of
the school day and/or year, (ii) the extent to which the proposal
would provide additional learning time for students in grades six
through eight, and (iii) how the additional learning time would be
utilized, including, but not limited to, additional time spent on
core academics. Provided, however, that no district shall be eligi-
ble to receive a school-wide extended learning grant unless its
proposal would increase student learning time by at least 25
percent. Provided, further, that a school district's schoolwide
extended learning implementation grant shall equal its average daily
attendance in the school-wide extended learning program multiplied
by the expected cost per pupil of the additional learning time;
provided, further, that the expected cost per pupil of the addi-
tional learning time shall equal the greater of $1,500 or (A) the
quotient of (i) the school district's approved operating expense,
pursuant to paragraph t of subdivision 1 of section 3602 of the
education law, for the year prior to the base year, divided by (ii)
the district's public school district enrollment, pursuant to
subparagraph (2) of paragraph n of such subdivision, for the year
prior to the base year, multiplied by (B) 10 percent (0.10), multi-
plied by (C) the quotient of (i) the average of the national consum-
er price indexes determined by the United States department of labor for the 12-month period preceding January first of the base year, divided by (ii) the average of the national consumer price indexes determined by the United States department of labor for the 12-month period preceding January first of the year two years prior to the base year; provided, however, that in extraordinary cases the commissioner may award a grant that exceeds the per pupil limit described above; provided further, however, that no district shall receive a grant in excess of the total actual grant expenditures incurred by the district in the current school year as approved by the commissioner. Provided, further, that no school district shall receive more than forty percent of the total school-wide extended learning grant allocation.

Provided, further, that notwithstanding any provision of law to the contrary, the $7,500,000 appropriated herein available for community schools grants shall be awarded, based on a request for proposals (i) developed by the state council on children and families in coordination with the commissioner, (ii) approved by the director of the budget and (iii) issued by the commissioner, to school districts, or in a city with a population of one million or more an eligible entity, to improve student outcomes through the implementation of community schools programs that use school buildings as community hubs to deliver co-located or school-linked academic, health, mental health, nutrition, counseling, legal and/or other services to students and their families. In a city with a population of one million or more, eligible entities shall mean the city school district of the city of New York, or not-for-profit organizations, which shall include not-for-profit community-based organizations. An eligible entity that is a not-for-profit may apply for a community school grant provided that it collaborates with the city school district of the city of New York and receives the approval of the chancellor of the city school district of the city of New York. Provided, further, that such grants shall be awarded based on factors including, but not limited to, the following: (i) measures of school district need, (ii) measures of the need of students to be served by each of the school districts, (iii) the school district's proposal to target the highest need schools and students, (iv) the sustainability of the proposed community schools program, and (v) proposal quality.

Provided, however, that full-day and half-day pre-kindergarten grants appropriated herein shall only be available to support programs (i) that provide instruction for at least five hours per school day for full-day pre-kindergarten programs and at least two and one-half hours per school day for half-day pre-kindergarten programs; (ii) that agree to offer instruction consistent with the New York State prekindergarten foundation for the common core standards within three years; (iii) that ensure that, to the extent community-based providers are part of such program, such providers meet the requirements of paragraphs d-1 and d-2 of subdivision 12 of section 3602-e of the education law; and (iv) that otherwise comply with all of the same rules and requirements as universal pre-kindergarten programs pursuant to section 3602-e of the education law except as modified herein. Provided, further, that a school district's pre-kindergarten grant shall equal the product of (A) (i) two multiplied by the approved number of new full-day pre-kindergarten placements plus (ii) the approved number of half-day pre-kindergarten placement conversions and new half-day pre-kindergarten placements, and (B) the district's selected aid per pre-kindergarten pupil pursuant to subparagraph i of paragraph b of subdivision 10 of section 3602-e of the education law; provided, however, that no district shall receive a grant in excess of the total actual grant expenditures incurred by the district in the current school year as approved by the commissioner. Provided, further, that as a condition of eligibility for receipt of such funding, a school district shall agree to adopt approved quality indicators within two years, including, but not limited to, valid and reliable measures of environmental quality, the quality of teacher-student interactions and child outcomes, and ensure that any such assessment of child outcomes shall not be used to make highstakes educational decisions for individual children. Provided, further, that notwithstanding any provision of law to the contrary, the $10,000,000 appropriated herein available for schoolwide extended learning grants shall be awarded to school districts or school districts in collaboration with not-for-profit community-based organizations based on responses to a request for proposals for planning and implementation grants that is (i) developed by the commissioner; (ii) approved by the director of the budget; and (iii) issued by the commissioner. Provided, further, that such grants shall be awarded based on factors including, but not limited to, the following: (i) the school district's proposal to target the schools and students with the greatest need, and (ii) proposal quality. Provided, further, that to assess proposal quality in order to award implementation grant funding, the commissioner shall take into account factors including, but not limited to: (i) the extent to which the school district's proposal would maximize the use of the additional learning time through a comprehensive restructuring of the school day and/or year, (ii) the extent to which the proposal would provide additional learning time for students in grades six through eight, and (iii) how the additional learning time would be
utilized, including, but not limited to, additional time spent on core academics. Provided, however, that no district shall be eligible to receive a school-wide extended learning grant unless its proposal would increase student learning time by at least 25 percent. Provided, further, that a school district's schoolwide extended learning implementation grant shall equal its average daily attendance in the school-wide extended learning program multiplied by the expected cost per pupil of the additional learning time; provided, further, that the expected cost per pupil of the additional learning time shall equal the greater of $1,500 or (A) the quotient of (i) the school district's approved operating expense, pursuant to paragraph t of subdivision 1 of section 3602 of the education law, for the year prior to the base year, divided by (ii) the district's public school district enrollment, pursuant to subparagraph (2) of paragraph n of such subdivision, for the year prior to the base year, multiplied by (B) 10 percent (0.10), multiplied by (C) the quotient of (i) the average of the national consumer price indexes determined by the United States department of labor for the 12-month period preceding January first of the base year, divided by (ii) the average of the national consumer price indexes determined by the United States department of labor for the 12-month period preceding January first of the year two years prior to the base year; provided, however, that in extraordinary cases the commissioner may award a grant that exceeds the per pupil limit described above; provided further, however, that no district shall receive a grant in excess of the total actual grant expenditures incurred by the district in the current school year as approved by the commissioner. Provided, further, that no school district shall receive more than forty percent of the total school-wide extended learning grant allocation.

(ii) the extent to which the proposal would provide for delivery of
such services directly in school buildings, (iii) the extent to
which the proposal articulates how such services would facilitate
measurable improvement in student and family outcomes, (iv) the
extent to which the proposal articulates and identifies how existing
funding streams and programs would be used to provide such community
services, and (v) the extent to which the proposal ensures the safe-
ty of all students, staff and community members in school buildings
used as community hubs. Provided, however, that community schools
grants appropriated herein shall be paid to school districts in
installments upon successful implementation of each phase of a
school district's approved proposal. Provided, further, that no
school district shall receive more than forty percent of the total
community schools grant allocation, and that each individual commu-

subparagraph i of paragraph b of subdivision 10 of section 3602-e of

program, or the entity/entities responsible for setting tuition at
the institution, shall be authorized to set a reduced rate of
tuition and/or fees, or to waive tuition and/or fees entirely, for
students enrolled in such an early college high school program with
no reduction in other state, local or other support for such
students earning college credit that such higher education partner
would otherwise be eligible to receive.
Provided further that, notwithstanding any provision of law to the
contrary, the $500,000 appropriated herein available for career and
technical education (CTE) programs shall be awarded, pursuant to a
plan developed by the commissioner and approved by the director of
the budget, to provide CTE programs with support and resources to

7 Notwithstanding any inconsistent provision
8 of law, the amount appropriated herein,
9 shall be available under a foster care
10 block grant for state reimbursement of
11 eligible social services district expendi-
12 tures for the provision and administration
13 of foster care services including care,
14 maintenance, supervision, and tuition; for
15 supervision of foster children placed in
16 federally funded job corps programs; for
17 care, maintenance, supervision, and
18 tuition for adjudicated juvenile delin-
19 quents placed in residential programs
20 operated by authorized agencies and in
21 out-of-state residential programs; and for
22 the provision and administration of the
23 kinship guardian assistance program
24 including kinship guardianship assistance
25 payments and payments for non-recurring
26 guardianship expenses; except that,
27 reimbursement from the amount appropriated
28 herein shall not be available for tuition
29 expenditures for foster children, includ-
30 ing persons in need of supervision and
31 adjudicated juvenile delinquents, made by
32 a social services district located within
33 a city having a population of one million
34 or more.

35 Notwithstanding any other provision of law,
36 a portion of the funds are available to
37 reimburse social services districts for
38 the change in the maximum state aid rates
39 established by the office of children and
40 family services for the 2020-21 rate year
41 pursuant to section 398-a of the social
42 services law and sections 4003 and 4405 of
43 the education law to reflect the continua-
44 tion of the cost of living adjustments
45 that became effective April 1, 2008 for
46 payments made to foster parents and for
47 salary and fringe benefit costs and other
48 critical nonpersonal services costs for
foster care programs as determined by the office. Social services districts must adjust the amount of payments made for care provided by congregate care and foster boarding home programs and to foster parents to reflect the cost of living adjustments in the manner specified by the office. Each authorized agency operating a congregate care or foster boarding home program in New York state for which the office sets a maximum state aid rate pursuant to section 398-a of the social services law or section 4003 or 4405 of the education law shall submit, at the time and in a manner to be determined by the office, a written certification, attesting that the funds received for the continuation of the cost of living adjustment to the maximum state aid rate that became effective April 1, 2008 for that program will be or were used solely in accordance with the requirements of the cost of living adjustment established by the office.

Notwithstanding any inconsistent provision of law, for the period commencing on April 1, 2020 and ending March 31, 2021 the commissioner shall not apply any cost of living adjustment for the purpose of establishing rates of payments, contracts or any other form of reimbursement.

Within the amounts appropriated herein, state reimbursement to each social services district for services identified herein that are otherwise reimbursable by the state from April 1, 2020 through March 31, 2021 shall be limited to a district allocation, hereinafter referred to as the district's block grant allocation. Notwithstanding any other provision of law, such block grant allocation shall be based, in part, on each district's claims for such costs, adjusted by the applicable cost allocation methodology and net of any retroactive payments for the 12 month period ending June 30, 2019 that are submitted on or before January 2, 2020 and, in part, on such other factors as determined by the office of children and family services and approved by the director of the budget. Any portion of a social
services district's allocation from funds appropriated herein not claimed by such district during the state fiscal year may be used by such district for expenditures on preventive services provided pursuant to section 409-a of the social services law, independent living services and aftercare services provided pursuant to regulations of the department of family assistance, claimed by such district during the next state fiscal year up to the amount remaining from the district's foster care block grant allocation, provided however, that any claims for such services during the next state fiscal year in excess of such amount shall be subject to 62 percent state reimbursement exclusive of any federal funds made available for such purposes, in accordance with directives of the department of family assistance and subject to the approval of the director of the budget. Any claims submitted by a social services district for reimbursement for a particular state fiscal year for which the social services district does not receive state or federal reimbursement during that state fiscal year may not be claimed against that district's block grant apportionment for the next state fiscal year.

The office of children and family services, with the approval of the director of the budget, may reduce a district's block grant allocation by the state share decrease related to federal retroactive reimbursement for such foster care services identified herein. The office, with the approval of the director of the budget, may reduce a district's block grant allocation by the state share of disallowances or sanctions taken against the district pursuant to the social services law or federal law.

Notwithstanding any other provision of law, the state shall not be responsible for reimbursing a social services district and a district shall not seek state reimbursement for any portion of any state disallowance or sanction taken against the social services district, or any federal disallowance attributable to final federal
agency decisions or to settlement made, on
or after July 1, 1995, when such disallow-
ance or sanction results from the failure
of the social services district to comply
with federal or state requirements,
including, but not limited to, failure to
document eligibility for federal or state
funds in the case record; provided, howev-
er, if the office determines that any
federal disallowance for services provided
between January 1, 1999 and May 31, 1999
results solely from the late enactment of
the state legislation implementing the
federal adoption and safe families act,
the state shall be solely responsible for
the full amount of the disallowance or
sanction; provided, further, however, this
provision shall be deemed to apply both
prospectively and retroactively regardless
of whether such sanctions or disallowances
are for services provided or claims made
prior to or after April 1, 2020.
Notwithstanding any other provision of law,
any federal disallowance resulting from a
federal title IV-E eligibility review or
audit that uses extrapolated statistic
techniques shall be passed along by the
state to any and all social services
districts that the office of children and
family services has determined have not
complied with the title IV-E eligibility
requirements or have not taken the neces-
sary actions to ensure compliance with
such requirements including, but not
limited to, failing to: assess and fully
document all the criteria and have readily
available all the necessary documents to
establish and continue title IV-E eligi-
bility for all title IV-E eligible chil-
dren within the required time frames;
claim title IV-E funding only for cases
that meet all of the title IV-E eligibil-
ity criteria; and fully implement the
social services payment system on or
before April 1, 2005 for all direct and
voluntary agency foster care services.
Notwithstanding any law to the contrary, the
office of children and family services
shall impose on social services districts
any federal disallowance issued against
the state as a result of a federal title
IV-E secondary eligibility review regardless of the date the children may have entered foster care, the date the eligibility or payment errors occurred, or the filing date of any federal claims for reimbursement; provided, however, that the state shall be responsible for the disallowed costs and expenditures related to the placement of children in a facility operated by the office of children and family services, which shall be determined in the same manner as the disallowed costs and expenditures for social services districts other than the city of New York. In order to reimburse the federal government for the full amount of any disallowance imposed on the state by the federal administration for children and families within the timeframes necessary to avoid any potential interest payments on such amount, the office of children and family services is authorized to immediately offset funds otherwise due to each district for a pro rata share of the total disallowed costs based on the percentage of applicable federal title IV-E claims made by that district for the relevant time period as compared to the total applicable statewide title IV-E claims. The amount of the offset against each district will be adjusted, if necessary, upon completion of the disallowance allocation process. The final allocation of the amount of any federal disallowance resulting from a title IV-E secondary eligibility review shall be allocated among the districts so that each district shall be responsible for the amount attributable to each of the district's children or cases that are determined by the federal review to be unallowable. Each district shall also be responsible for a portion of the federal extrapolated disallowance amount based on the relative error rate for the district. The city of New York's error rate will be based on the federal sample and federal statistics. For all social services districts other than the city of New York, the error rate will be based on a review conducted by the district of a sample of children and/or
cases determined by the office of children
and family services and a re-review of a
sub-sample by the office of those children
and/or cases determined by the office. The
office of children and family services
will determine what is reasonable in
establishing the size of the sample and
sub-sample for each district. The office
of children and family services shall
notify each social services district of
the sample of children and/or cases from
the federal audit period that the social
services district must review. Any child
or case from the social services district
that was included in the federal sample
will automatically be included in the
social services district's review sample
and the determination made at the federal
review regarding that child or case will
govern for the purposes of the social
services district's review. The social
services district must complete and submit
the results of its review to the office of
children and family services within 60
days of receipt of the sample. The error
rate for the district will be based on the
findings of the district's review and the
office of children and family services'
re-review. If a social services district
does not complete its review within 60
days of receiving the sample from the
office of children and family services,
the office of children and family services
shall assign an error rate to the social
services district based on the relative
percentage of the district's applicable
title IV-E claims for the relevant period
as compared to applicable statewide title
IV-E claims for that period and other
circumstances that the office of children
and family services may consider in order
to allocate 100 percent of the federal
disallowance. The office of children and
family services shall apply each social
services district's error rate to the
total amount of the district's applicable
title IV-E claims including associated
administrative expenses. The resulting
dollar amounts for all of the social
services districts will be summed to
derive the total amount of title IV-E
claims deemed to be in error statewide. To
establish a disallowance percentage for
each social services district, the amount
of the district's title IV-E claims deemed
to be in error will be divided by the
amount of statewide title IV-E claims
deemed to be in error. The resulting
disallowance percentage for each district
will be applied to the entire title IV-E
extrapolated disallowance calculated by
the federal review to determine the amount
of the extrapolated disallowance for which
the district is responsible. Each district
will be credited for the amount already
disallowed for any individual children or
cases found to be in error during the
federal review. The exclusive appeal
rights for the review of the amount of the
federal disallowance assigned to each
social services district shall be pursuant
to article 78 of the civil practice law
and rules; provided, however, that in any
such action all of the social services
districts shall be joined as necessary
parties and the venue of any such action
shall be in Rensselaer county. Any social
services district that fails to complete
its sample review in the required time
frames shall have no right to appeal and
shall not be a necessary party to any
action brought by another social services
district.

Notwithstanding the provisions of any other law to the contrary, the office of children and family services may, on behalf of social services districts, make payments to foster boarding homes paid directly by social services districts by direct deposit or debit card. Notwithstanding section 153 of the social services law or any inconsistent provision of law, funds appropriated herein shall be provided without state or local participation except that for social services districts with a population of five million or more, reimbursement will be eighty-five percent. Funds appropriated herein shall also include the cost of providing shelter supplements for family assistance households at local option, including eligible households containing a household member who has been released from prison, in order to prevent eviction and address homelessness in accordance with social services district plans approved by the office of temporary and disability assistance and the director of the budget, provided, however, that in social services districts with a population over five million no shelter supplements other than those to prevent eviction shall be reimbursed unless such social services district has agreed to offset claims for other eligible public assistance expenditures in an amount commensurate with the cost of any such supplement, and further provided that such supplements shall not be part of the standard of need pursuant to section 131-a of the social services law.

Funds appropriated herein shall also reimburse for family assistance expenditures for emergency shelter, transportation, or nutrition payments which the district determines are necessary to establish or maintain independent living arrangements among persons living with medically diagnosed HIV infection as defined by the AIDS institute of the State department of health and who are homeless or facing homelessness and for whom no viable and less costly alternative to housing is available; provided, however, that funds appropriated herein may only be used for such purposes if the cost of such allowances are not eligible for reimbursement under medical assistance or other programs.
For persons living with medically diagnosed HIV infection as defined by the AIDS institute of the state department of health who are receiving public assistance funds appropriated herein shall not be used to reimburse the additional rental costs determined based on limiting such person's earned and/or unearned income contribution to 30 percent.

Amounts appropriated herein may be used to enter into contracts with persons or entities authorized pursuant to subdivision (i) of section 17 of the social services law consistent with federal law and requirements. Such contracts will be made consistent with subdivision (i) of section 17 of the social services law. Notwithstanding section 153 of the social services law or any other inconsistent provision of law, the office may reduce reimbursement otherwise payable to social services districts to recover the federal share of costs incurred by the office for expenditures related to subdivision (i) of section 17 of the social services law.

Such funds are to be available for payment of aid heretofore accrued or hereafter to accrue to municipalities. Notwithstanding any provision of law to the contrary, the amounts appropriated herein shall be net of refunds, rebates, reimbursements, credits, repayments, and/or disallowances, including, but not limited to, additional federal funds resulting from any changes in federal cost allocation methodologies. Notwithstanding any inconsistent provision of law, the amount herein appropriated may be increased or decreased by interchange with any other appropriation within the office of temporary and disability assistance federal fund - local assistance account with the approval of the director of the budget, who shall file such approval with the department of audit and control and copies thereof with the chairman of the senate finance committee and the chairman of the assembly ways and means committee.

Notwithstanding section 153 of the social services law, or any other inconsistent provision of law, the office of temporary
and disability assistance may withhold or deny reimbursement, in whole or in part, to any social services district that fails to develop or submit a homeless services plan subject to the approval of the office of temporary and disability assistance, and if the office of temporary and disability assistance determines that the district fails to develop or submit a homelessness services plan, or fails to develop and submit homelessness services outcome reports, consistent with those requirements promulgated by the office of temporary and disability assistance.

Notwithstanding section 153 of the social services law, or any other inconsistent provision of law, such appropriation shall be available for reimbursement of eligible costs incurred on or after January 1, 2020 and before January 1, 2021, that are otherwise reimbursable by the state on or after April 1, 2020, that are claimed by March 1, 2021. Such reimbursement shall constitute total federal reimbursement for activities funded herein in state fiscal year 2020-21 (52203) ..................... 1,300,000,000

The funds shall be apportioned among the social services districts by the office according to an allocation plan developed by the office and submitted to the director of the budget for approval within 60 days of enactment of the budget. The funds allocated to a district under this appropriation in addition to any state block grant funds allocated to the district for child care services and any funds the district requests the office of temporary and disability assistance to transfer from the district's flexible fund for family services allocation to the federal day care account shall constitute the district's entire block grant allocation for a particular federal fiscal
year, which shall be available only for child care assistance expenditures made during that federal fiscal year and which are claimed by March 31 of the year immediately following the end of that federal fiscal year. Notwithstanding any other provision of law, any claims for child care assistance made by a social services district for expenditures made during a particular federal fiscal year, other than claims made under title XX of the federal social security act and under the supplemental nutrition assistance program employment and training funds, shall be counted against the social services district's block grant allocation for that federal fiscal year.

A social services district shall expend its allocation from the block grant in accordance with the applicable provision in federal law and regulations relating to the federal funds included in the state block grant for child care and the regulations of the office of children and family services. Notwithstanding any other provision of law, each district's claims submitted under the state block grant for child care will be processed in a manner that maximizes the availability of federal funds and ensures that the district meets its maintenance of effort requirement in each applicable federal fiscal year. Prior to transfer of funds appropriated herein, the commissioner of the office of children and family services shall consult with the commissioner of the office of temporary and disability assistance to determine the availability of such funding and to request that the commissioner of the office of temporary and disability assistance takes necessary steps to notify the department of health and human services of the transfer of funding (52209) ............ 428,693,000

and approved by the director of the budget. Such amounts allocated to local social services districts shall hereinafter be referred to as the flexible fund for family services and shall be used for eligible services to eligible individuals under the State plan for the federal temporary assistance for needy families block grant. Such funds are to be available for payment of aid heretofore accrued or hereafter to accrue to municipalities and, notwithstanding section 153 of the social services law and any inconsistent provision of law, shall constitute the full amount of federal temporary assistance for needy families funds to be paid on account of activities funded in whole or in part hereunder and the full amount of state reimbursement to be paid on account of local district administrative claims. District allocations from the flexible fund for family services may be spent only pursuant to plans of expenditure, developed by each social services district and the local governing body and approved by the office of temporary and disability assistance, the office of children and family services, and the director of the budget. Such allocation shall be available for reimbursement through March 31, 2022; provided, however, that reimbursement for child welfare services other than foster care services shall be available for eligible expenditures incurred on or after October 1, 2019 and before October 1, 2020 that are otherwise reimbursable by the state on or after April 1, 2020 and that are claimed by March 31, 2021. Notwithstanding any inconsistent provision of law, the amounts so appropriated for allocation to local social services districts, may be used, without state or local financial participation, by social services districts for such district's first eligible expenditures that occurred on or after October 1, 2019, or, subject to the approval of the director of the budget, during any other period beginning on or after January 1, 1997, for tuition costs for foster care children who are
eligible for emergency assistance for families in the manner the state was authorized to fund such costs under part A of title IV of the social security act as such part was in effect on September 30, 1995; provided that the funds appropriated herein may not be used to reimburse localities for costs disallowed under title IV-E of the social security act. Such expenditures shall constitute good cause pursuant to section 408 (a) (10) of the social security act. Such funds may also be used, without state or local participation, for care, maintenance, supervision, and tuition for juvenile delinquents and persons in need of supervision who are placed in residential programs operated by authorized agencies and who are eligible for emergency assistance to families in the manner the state was authorized to fund such costs under part A of title IV of the social security act as such part was in effect on September 30, 1995. Such expenditures shall constitute good cause pursuant to section 408 (a) (10) of the social security act. Unless otherwise approved by the commissioner of the office of children and family services with the approval of the director of the budget, these funds may be used only for eligible expenditures made from October 1, 2019 through September 30, 2020. Notwithstanding any inconsistent provision of law, the funds so appropriated may not be used to reimburse localities for costs disallowed under title IV-E of the social security act. Notwithstanding any inconsistent provision of law, a social services district may request that the office of temporary and disability assistance retain and transfer a portion of the district's allocation of these funds to the credit of the office of children and family services federal health and human services fund, local assistance, title XX social services block grant for use by the district for eligible title XX services and/or to the credit of the office of children and family services federal health and human services fund, local assistance, federal day care account...

eligible child care expenditures in
accordance with the applicable provisions
of federal law and regulations relating to
federal funds included in the state block
grant for child care and in accordance
with applicable state law and regulations
of the office of children and family
services. Notwithstanding any other
 provision of law, any claims made by a
social services district for expenditures
made for child care during a particular
federal fiscal year, other than claims
made under title XX of the federal social
security act and under the supplemental
nutrition assistance program employment
and training funds, shall be counted
against the social services district's
block grant for child care for that feder-
al fiscal year. Each social services
district must certify to the office of
children and family services and the

MEDICAL ASSISTANCE ADMINISTRATION PROGRAM ............... 1,434,400,000

General Fund
Local Assistance Account - 10000
For reimbursement of local administrative expenses for medical assistance programs and for state administration of medical assistance programs, notwithstanding section 153 of the social services law, to include the performance of eligibility and enrollment determinations by the state or third-party entities designated by the state to perform such services.

Notwithstanding any provision of law to the contrary, subject to the approval of the director of budget, up to $23,000,000 of the amount appropriated herein shall be available for the purpose of providing payments to local social services districts for medical assistance administration claims that exceed an administrative ceiling established by the commissioner of health.

Notwithstanding any inconsistent provision of law and subject to the approval of the director of budget, moneys hereby appropriated may be increased or decreased by transfer or interchange between these appropriated amounts and appropriations of the medical assistance administration program, the medical assistance program, and the office of health insurance programs. Funding authority from this account used for state administration of the medical assistance program may be transferred to state operations appropriations within the aforementioned programs at amounts agreed upon by the commissioner of health, and the New York state division of the budget.

Notwithstanding section 40 of the state finance law or any provision of law to the contrary, subject to federal approval, department of health state funds medicaid spending, excluding payments for medical services provided at state facilities operated by the office of mental health, the office for people with developmental disabilities and the office of addiction services and supports and further excluding any payments which are not appropriated within the department of health, in the aggregate, for the period April 1, 2020 through March 31, 2021, shall not exceed $23,606,772,000 except as provided below provided, however, such aggregate
limits may be adjusted by the director of
the budget to account for any changes in
the New York state federal medical assist-
ance percentage amount established pursu-
ant to the federal social security act,
increases in provider revenues, reductions
in local social services district payments
for medical assistance administration,
minimum wage increases, and beginning
April 1, 2012 the operational costs of the
New York state medical indemnity fund,
pursuant to chapter 59 of the laws of
2011, and state costs or savings from the
essential plan program. Such projections
may be adjusted by the director of the
budget to account for increased or expe-
dited department of health state funds
medicaid expenditures as a result of a
natural or other type of disaster, includ-
ing a governmental declaration of emergen-
cy.

Provided further however, that notwithstand-
ing any provision of law to the contrary,
if, on or before April 1, 2020, the legis-
lature fails to achieve $2,500,000,000 in
aggregate savings from the appropriations
enacted as part of any chapters of the
laws of 2020 making appropriations for aid
to localities and/or state operations for
the department of health state funds medi-
caid spending, excluding payments for
medical services provided at state facili-
ties operated by the office of mental
health, the office for people with devel-
opmental disabilities and the office of
addiction services and supports and
further excluding any payments which are
not appropriated within the department of
health, uniform across the board
reductions shall be applied to such appro-
priations to achieve $2,500,000,000 in
aggregate savings from such appro-
priations. Provided however, that any such
uniform reductions may be increased or
decreased at the discretion of the direc-
tor of the budget to conform with federal
rules and regulations. To the extent any
individual or entity is otherwise entitled
to any cash disbursement authorized by one
or more of such appropriations or reappro-
priations for the department of health
state funds medicaid spending, excluding
payments for medical services provided at
state facilities operated by the office of
mental health, the office for people with
developmental disabilities and the office
of addiction services and supports and
further excluding any payments which are
not appropriated within the department of
health, such entitlement shall be super-
seded and reduced commensurate with any
such across the board reductions.
The director of the budget, in consultation
with the commissioner of health, shall
assess on a monthly basis known and
projected medicaid expenditures by catego-
ry of service and by geographic region, as
determined by the commissioner of health,
incurred both prior to and subsequent to
such assessment for each such period, and
if the director of the budget determines
that such expenditures are expected to
cause medicaid spending for such period to
exceed the aggregate limit specified here-
in for such period, the state medicaid
director, in consultation with the direc-
tor of the budget and the commissioner of
health, shall develop a medicaid savings
allocation plan to limit such spending to
the aggregate limit specified herein for
such period.
Such medicaid savings allocation plan shall
be designed, to reduce the expenditures
authorized by the appropriations herein in
compliance with the following guidelines:
(1) reductions shall be made in compliance
with applicable federal law, including the
provisions of the Patient Protection and
Affordable Care Act, Public Law No. 111-
148, and the Health Care and Education
Reconciliation Act of 2010, Public Law No.
111-152 (collectively "Affordable Care
Act") and any subsequent amendments there-
to or regulations promulgated thereunder;
(2) reductions shall be made in a manner
that complies with the state medicaid plan
approved by the federal centers for medi-
care and medicaid services, provided,
however, that the commissioner of health
is authorized to submit any state plan
amendment or seek other federal approval,
including waiver authority, to implement
the provisions of the medicaid savings
allocation plan that meets the other
criteria set forth herein; (3) reductions
shall be made in a manner that maximizes
federal financial participation, to the
extent practicable, including any federal
financial participation that is available
or is reasonably expected to become avail-
able, in the discretion of the commissio-
er, under the Affordable Care Act; (4)
reductions shall be made uniformly among
categories of services and geographic
regions of the state, to the extent prac-
ticable, and shall be made uniformly with-
in a category of service, to the extent
practicable, except where the commissioner
determines that there are sufficient
grounds for non-uniformity, including but
not limited to: the extent to which
specific categories of services contrib-
uted to department of health medicaid
state funds spending in excess of the
limits specified herein; the need to main-
tain safety net services in underserved
communities; or the potential benefits of
pursuing innovative payment models contem-
plated by the Affordable Care Act, in
which case such grounds shall be set forth
in the medicaid savings allocation plan;
and (5) reductions shall be made in a
manner that does not unnecessarily create
administrative burdens to medicaid appli-
cants and recipients or providers.
The commissioner shall seek the input of the
legislature, as well as organizations
representing health care providers,
consumers, businesses, workers, health
insurers, and others with relevant exper-
tise, in developing such medicaid savings
allocation plan, to the extent that all or
part of such plan, in the discretion of
the commissioner, is likely to have a
material impact on the overall medicaid
program, particular categories of service
or particular geographic regions of the
state.
(a) The commissioner shall post the medicaid
savings allocation plan on the department
of health's website and shall provide
written copies of such plan to the chairs
of the senate finance and the assembly
ways and means committees at least 30 days
before the date on which implementation is
expected to begin.
(b) The commissioner may revise the medicaid savings allocation plan subsequent to the provisions of notice and prior to implementation but needs to provide a new notice pursuant to subparagraph (i) of this paragraph only if the commissioner determines, in his or her discretion, that such revisions materially alter the plan. Notwithstanding the provisions of paragraphs (a) and (b) of this subdivision, the commissioner need not seek the input described in paragraph (a) of this subdivision or provide notice pursuant to paragraph (b) of this subdivision if, in the discretion of the commissioner, expedited development and implementation of a medicaid savings allocation plan is necessary due to a public health emergency.

For purposes of this section, a public health emergency is defined as: (i) a disaster, natural or otherwise, that significantly increases the immediate need for health care personnel in an area of the state; (ii) an event or condition that creates a widespread risk of exposure to a serious communicable disease, or the potential for such widespread risk of exposure; or (iii) any other event or condition determined by the commissioner to constitute an imminent threat to public health.

Nothing in this paragraph shall be deemed to prevent all or part of such medicaid savings allocation plan from taking effect retroactively to the extent permitted by the federal centers for medicare and medicaid services.

In accordance with the medicaid savings allocation plan, the commissioner of the department of health shall reduce department of health state funds medicaid spending by the amount of the projected overspending through, actions including, but not limited to modifying or suspending reimbursement methods, including but not limited to all fees, premium levels and rates of payment, notwithstanding any provision of law that sets a specific amount or methodology for any such payments or rates of payment; modifying medicaid program benefits; seeking all necessary federal approvals, including,
but not limited to waivers, waiver amendments; and suspending time frames for notice, approval or certification of rate requirements, notwithstanding any provision of law, rule or regulation to the contrary, including but not limited to sections 2807 and 3614 of the public health law, section 18 of chapter 2 of the laws of 1988, and 18 NYCRR 505.14(h).

The department of health shall prepare a monthly report that sets forth: (a) known and projected department of health medicaid expenditures as described in subdivision (1) of this section, and factors that could result in medicaid disbursements for the relevant state fiscal year to exceed the projected department of health state funds disbursements in the enacted budget financial plan pursuant to subdivision 3 of section 23 of the state finance law, including spending increases or decreases due to: enrollment fluctuations, rate changes, utilization changes, MRT investments, and shift of beneficiaries to managed care; and variations in offline medicaid payments; and (b) the actions taken to implement any medicaid savings allocation plan implemented pursuant to subdivision (4) of this section, including information concerning the impact of such actions on each category of service and each geographic region of the state. Each such monthly report shall be provided to the chairs of the senate finance and the assembly ways and means committees and shall be posted on the department of health’s website in a timely manner.

The money hereby appropriated is available for payment of aid heretofore accrued or hereafter accrued to municipalities, and to providers of medical services pursuant to section 367-b of the social services law.

Notwithstanding any provision of law to the contrary, the amounts appropriated herein shall be net of refunds, rebates, reimbursements, credits, repayments, and/or disallowances.

Notwithstanding any other provision of law, the money hereby appropriated may be increased or decreased by interchange, with any appropriation of the department
of health, and may be increased or
decreased by transfer or suballocation
between these appropriated amounts and
appropriations of the office of mental
health, the office for people with devel-
opmental disabilities, the office of
addiction services and supports, the
department of family assistance office of
temporary and disability assistance, the
department of corrections and community
supervision, the office of information
technology services, the state university
of New York, the state office for the

tor general, and office of children and
family services with the approval of the
director of the budget, who shall file
such approval with the department of audit
and control and copies thereof with the
chairman of the senate finance committee
and the chairman of the assembly ways and
means committee.

Notwithstanding any provision of law to the
contrary, the director of the budget, in
consultation with the commissioner of
health, may use a payment reduction plan
to make across-the-board reductions to the
department of health state funds medicaid
spending by $248,000,000 for state fiscal
year 2020-2021 to limit such spending to
the aggregate limit specified herein, or
reduce the aggregate limit specified here-
in to provide a reduction to the state's
financial plan. Reductions shall be made
in a manner that complies with the state
medicaid plan approved by the federal
centers for medicare and medicaid
services, provided, however, that the
commissioner of health is authorized to
submit any state plan amendment or seek
other federal approval to implement the
provisions of the medicaid payment
reduction plan.

Notwithstanding any inconsistent provision
of law, in lieu of payments authorized by
the social services law, or payments of
federal funds otherwise due to the local
social services districts for programs
provided under the federal social security
act or the federal food stamp act, funds
herein appropriated, in amounts certified

Notwithstanding section 40 of the state finance law or any provision of law to the contrary, subject to federal approval, department of health state funds medicaid spending, excluding payments for medical services provided at state facilities operated by the office of mental health, the office for people with developmental disabilities and the office of addiction services and supports and further excluding any payments which are not appropriated within the department of health, in the aggregate, for the period April 1, 2020 through March 31, 2021, shall not exceed $23,606,772,000 except as provided below provided, however, such aggregate limits may be adjusted by the director of the budget to account for any changes in the New York state federal medical assistance percentage amount established pursuant to the federal social security act, increases in provider revenues, reductions in local social services district payments for medical assistance administration, minimum wage increases, and beginning April 1, 2012 the operational costs of the New York state medical indemnity fund, pursuant to chapter 59 of the laws of 2011, and state costs or savings from the essential plan program. Such projections may be adjusted by the director of the budget to account for increased or expedited department of health state funds medicaid expenditures as a result of a natural or other type of disaster, including a governmental declaration of emergency.

Provided further however, that notwithstanding any provision of law to the contrary, if, on or before April 1, 2020, the legislature fails to achieve $2,500,000,000 in aggregate savings from the appropriations enacted as part of any chapters of the laws of 2020 making appropriations for aid to localities and/or state operations for the department of health state funds medicaid spending, excluding payments for medical services provided at state facilities operated by the office of mental health, the office for people with devel-

not appropriated within the department of
health, uniform across the board
reductions shall be applied to such appro-

aggregate savings from such appropri-
ations. Provided however, that any such
uniform reductions may be increased or
decreased at the discretion of the direc-
tor of the budget to conform with federal
rules and regulations. To the extent any
individual or entity is otherwise entitled
to any cash disbursement authorized by one
or more of such appropriations or reappro-
priations for the department of health
state funds medicaid spending, excluding
payments for medical services provided at
state facilities operated by the office of
mental health, the office for people with
developmental disabilities and the office
of addiction services and supports and
further excluding any payments which are
not appropriated within the department of
health, such entitlement shall be super-
seded and reduced commensurate with any
such across the board reductions.
The director of the budget, in consultation
with the commissioner of health, shall
assess on a monthly basis known and
projected medicaid expenditures by catego-
ry of service and by geographic region, as
defined by the commissioner, incurred both
prior to and subsequent to such assessment
for each such period, and if the director
of the budget determines that such expend-
itures are expected to cause medicaid
spending for such period to exceed the
aggregate limit specified herein for such
period, the state medicaid director, in
consultation with the director of the
budget and the commissioner of health,
shall develop a medicaid savings allo-
cation plan to limit such spending to the
aggregate limit specified herein for such
period.
Such medicaid savings allocation plan shall
be designed, to reduce the expenditures
authorized by the appropriations herein in
compliance with the following guidelines:
(1) reductions shall be made in compliance
with applicable federal law, including the provisions of the Patient Protection and Affordable Care Act, Public Law No. 111-148, and the Health Care and Education Reconciliation Act of 2010, Public Law No. 111-152 (collectively "Affordable Care Act") and any subsequent amendments there-to or regulations promulgated thereunder; (2) reductions shall be made in a manner that complies with the state medicaid plan approved by the federal centers for medi-care and medicaid services, provided, however, that the commissioner of health is authorized to submit any state plan amendment or seek other federal approval, including waiver authority, to implement the provisions of the medicaid savings allocation plan that meets the other criteria set forth herein; (3) reductions shall be made in a manner that maximizes federal financial participation, to the extent practicable, including any federal financial participation that is available or is reasonably expected to become avail-able, in the discretion of the commissioner, under the Affordable Care Act; (4) reductions shall be made uniformly among categories of services and geographic regions of the state, to the extent practicable, and shall be made uniformly within a category of service, to the extent practicable, except where the commissioner determines that there are sufficient grounds for non-uniformity, including but not limited to: the extent to which specific categories of services contrib-uted to department of health medicaid state funds spending in excess of the limits specified herein; the need to main-tain safety net services in underserved communities; or the potential benefits of pursuing innovative payment models contem-plated by the Affordable Care Act, in which case such grounds shall be set forth in the medicaid savings allocation plan; and (5) reductions shall be made in a manner that does not unnecessarily create administrative burdens to medicaid appli-cants and recipients or providers.

The commissioner shall seek the input of the legislature, as well as organizations representing health care providers,
consumers, businesses, workers, health insurers, and others with relevant expertise, in developing such medicaid savings allocation plan, to the extent that all or part of such plan, in the discretion of the commissioner, is likely to have a material impact on the overall medicaid program, particular categories of service or particular geographic regions of the state.

(a) The commissioner shall post the medicaid savings allocation plan on the department of health's website and shall provide written copies of such plan to the chairs of the senate finance and the assembly ways and means committees at least 30 days before the date on which implementation is expected to begin.

(b) The commissioner may revise the medicaid savings allocation plan subsequent to the provisions of notice and prior to implementation but needs to provide a new notice pursuant to subparagraph (i) of this paragraph only if the commissioner determines, in his or her discretion, that such revisions materially alter the plan.

Notwithstanding the provisions of paragraphs (a) and (b) of this subdivision, the commissioner need not seek the input described in paragraph (a) of this subdivision or provide notice pursuant to paragraph (b) of this subdivision if, in the discretion of the commissioner, expedited development and implementation of a medicaid savings allocation plan is necessary due to a public health emergency.

For purposes of this section, a public health emergency is defined as: (i) a disaster, natural or otherwise, that significantly increases the immediate need for health care personnel in an area of the state; (ii) an event or condition that creates a widespread risk of exposure to a serious communicable disease, or the potential for such widespread risk of exposure; or (iii) any other event or condition determined by the commissioner to constitute an imminent threat to public health.

Nothing in this paragraph shall be deemed to prevent all or part of such medicaid savings allocation plan from taking effect

The director of the budget, in consultation with the commissioner of health, shall assess on a monthly basis known and projected medicaid expenditures by category of service and by geographic region, as determined by the commissioner of health, incurred both prior to and subsequent to such assessment for each such period, and if the director of the budget determines that such expenditures are expected to cause medicaid spending for such period to exceed the aggregate limit specified herein for such period, the state medicaid director, in consultation with the director of the budget and the commissioner of health, shall develop a medicaid savings allocation plan to limit such spending to the aggregate limit specified herein for such period.

Such medicaid savings allocation plan shall be designed, to reduce the expenditures authorized by the appropriations herein in compliance with the following guidelines:

1. reductions shall be made in compliance with applicable federal law, including the provisions of the Patient Protection and Affordable Care Act, Public Law No. 111-148, and the Health Care and Education Reconciliation Act of 2010, Public Law No. 111-152 (collectively "Affordable Care Act") and any subsequent amendments thereto or regulations promulgated thereunder;
2. reductions shall be made in a manner that complies with the state medicaid plan
approved by the federal centers for Medicare and Medicaid services, provided, however, that the commissioner of health is authorized to submit any state plan amendment or seek other federal approval, including waiver authority, to implement the provisions of the Medicaid savings allocation plan that meets the other criteria set forth herein; (3) reductions shall be made in a manner that maximizes federal financial participation, to the extent practicable, including any federal financial participation that is available or is reasonably expected to become available, in the discretion of the commissioner, under the Affordable Care Act; (4) reductions shall be made uniformly among categories of services and geographic regions of the state, to the extent practicable, and shall be made uniformly within a category of service, to the extent practicable, except where the commissioner determines that there are sufficient grounds for non-uniformity, including but not limited to: the extent to which specific categories of services contributed to department of health Medicaid state funds spending in excess of the limits specified herein; the need to maintain safety net services in underserved communities; or the potential benefits of pursuing innovative payment models contemplated by the Affordable Care Act, in which case such grounds shall be set forth in the Medicaid savings allocation plan; and (5) reductions shall be made in a manner that does not unnecessarily create administrative burdens to Medicaid applicants and recipients or providers.

The commissioner shall seek the input of the legislature, as well as organizations representing health care providers, consumers, businesses, workers, health insurers, and others with relevant expertise, in developing such Medicaid savings allocation plan, to the extent that all or part of such plan, in the discretion of the commissioner, is likely to have a material impact on the overall Medicaid program, particular categories of service or particular geographic regions of the state.
DEPARTMENT OF HEALTH

AID TO LOCALITIES 2020-21

1  (a) The commissioner shall post the medicaid savings allocation plan on the department of health's website and shall provide written copies of such plan to the chairs of the senate finance and the assembly ways and means committees at least 30 days before the date on which implementation is expected to begin.

2  (b) The commissioner may revise the medicaid savings allocation plan subsequent to the provisions of notice and prior to implementation but needs to provide a new notice pursuant to subparagraph (i) of this paragraph only if the commissioner determines, in his or her discretion, that such revisions materially alter the plan.

3  Notwithstanding the provisions of paragraphs (a) and (b) of this subdivision, the commissioner need not seek the input described in paragraph (a) of this subdivision or provide notice pursuant to paragraph (b) of this subdivision if, in the discretion of the commissioner, expedited development and implementation of a medicaid savings allocation plan is necessary due to a public health emergency.

4  For purposes of this section, a public health emergency is defined as: (i) a disaster, natural or otherwise, that significantly increases the immediate need for health care personnel in an area of the state; (ii) an event or condition that creates a widespread risk of exposure to a serious communicable disease, or the potential for such widespread risk of exposure; or (iii) any other event or condition determined by the commissioner to constitute an imminent threat to public health.

5  Nothing in this paragraph shall be deemed to prevent all or part of such medicaid savings allocation plan from taking effect retroactively to the extent permitted by the federal centers for medicare and medicaid services.

6  In accordance with the medicaid savings allocation plan, the commissioner of the department of health shall reduce department of health state funds medicaid spending by the amount of the projected overspending through, actions including, but not limited to modifying or suspending
reimbursement methods, including but not limited to all fees, premium levels and rates of payment, notwithstanding any provision of law that sets a specific amount or methodology for any such payments or rates of payment; modifying medicaid program benefits; seeking all necessary federal approvals, including, but not limited to waivers, waiver amendments; and suspending time frames for notice, approval or certification of rate requirements, notwithstanding any provision of law, rule or regulation to the contrary, including but not limited to sections 2807 and 3614 of the public health law, section 18 of chapter 2 of the laws of 1988, and 18 NYCRR 505.14(h).

The department of health shall prepare a monthly report that sets forth: (a) known and projected department of health medicaid expenditures as described in subdivision (1) of this section, and factors that could result in medicaid disbursements for the relevant state fiscal year to exceed the projected department of health state funds disbursements in the enacted budget financial plan pursuant to subdivision 3 of section 23 of the state finance law, including spending increases or decreases due to: enrollment fluctuations, rate changes, utilization changes, MRT investments, and shift of beneficiaries to managed care; and variations in offline medicaid payments; and (b) the actions taken to implement any medicaid savings allocation plan implemented pursuant to subdivision (4) of this section, including information concerning the impact of such actions on each category of service and each geographic region of the state. Each such monthly report shall be provided to the chairs of the senate finance and the assembly ways and means committees and shall be posted on the department of health's website in a timely manner.

Provided however, that any such uniform reductions may be increased or decreased at the discretion of the director of the budget to conform with federal rules and regulations. To the extent any individual or entity is otherwise entitled to any cash disbursement authorized by one or more of such appropriations or reappropriations for the department of health state funds medicaid spending, excluding payments for medical services provided at state facilities operated by the office of mental health, the office for people with developmental disabilities and the office of addiction services and supports and further excluding any payments which are not appropriated within the department of health, such entitlement shall be superseded and reduced commensurate with any such across the board reductions.

The director of the budget, in consultation with the commissioner of health, shall assess on a monthly basis known and projected medicaid expenditures by category of service and by geographic region, as determined by the commissioner of health, incurred both prior to and subsequent to such assessment for each such period, and if the director of the budget determines that such expenditures are expected to cause medicaid spending for such period to
exceed the aggregate limit specified herein for such period, the state Medicaid director, in consultation with the director of the budget and the commissioner of health, shall develop a Medicaid savings allocation plan to limit such spending to the aggregate limit specified herein for such period. Such Medicaid savings allocation plan shall be designed, to reduce the expenditures authorized by the appropriations herein in compliance with the following guidelines: (1) reductions shall be made in compliance with applicable federal law, including the provisions of the Patient Protection and Affordable Care Act, Public Law No. 111-148, and the Health Care and Education Reconciliation Act of 2010, Public Law No. 111-152 (collectively "Affordable Care Act") and any subsequent amendments thereto or regulations promulgated thereunder; (2) reductions shall be made in a manner that complies with the state Medicaid plan approved by the federal centers for Medicare and Medicaid services, provided, however, that the commissioner of health is authorized to submit any state plan amendment or seek other federal approval, including waiver authority, to implement the provisions of the Medicaid savings allocation plan that meets the other criteria set forth herein; (3) reductions shall be made in a manner that maximizes federal financial participation, to the extent practicable, including any federal financial participation that is available or is reasonably expected to become available, in the discretion of the commissioner, under the Affordable Care Act; (4) reductions shall be made uniformly among categories of services and geographic regions of the state, to the extent practicable, and shall be made uniformly within a category of service, to the extent practicable, except where the commissioner determines that there are sufficient grounds for non-uniformity, including but not limited to: the extent to which specific categories of services contributed to department of health Medicaid state funds spending in excess of the limits specified herein; the need to main-
tain safety net services in underserved communities; or the potential benefits of pursuing innovative payment models contemplated by the Affordable Care Act, in which case such grounds shall be set forth in the medicaid savings allocation plan; and (5) reductions shall be made in a manner that does not unnecessarily create administrative burdens to medicaid applicants and recipients or providers.

The commissioner shall seek the input of the legislature, as well as organizations representing health care providers, consumers, businesses, workers, health insurers, and others with relevant expertise, in developing such medicaid savings allocation plan, to the extent that all or part of such plan, in the discretion of the commissioner, is likely to have a material impact on the overall medicaid program, particular categories of service or particular geographic regions of the state.

(a) The commissioner shall post the medicaid savings allocation plan on the department of health’s website and shall provide written copies of such plan to the chairs of the senate finance and the assembly ways and means committees at least 30 days before the date on which implementation is expected to begin.

(b) The commissioner may revise the medicaid savings allocation plan subsequent to the provisions of notice and prior to implementation but needs to provide a new notice pursuant to subparagraph (i) of this paragraph only if the commissioner determines, in his or her discretion, that such revisions materially alter the plan.

Notwithstanding the provisions of paragraphs (a) and (b) of this subdivision, the commissioner need not seek the input described in paragraph (a) of this subdivision or provide notice pursuant to paragraph (b) of this subdivision if, in the discretion of the commissioner, expedited development and implementation of a medicaid savings allocation plan is necessary due to a public health emergency.

For purposes of this section, a public health emergency is defined as: (i) a disaster, natural or otherwise, that
significantly increases the immediate need for health care personnel in an area of the state; (ii) an event or condition that creates a widespread risk of exposure to a serious communicable disease, or the potential for such widespread risk of exposure; or (iii) any other event or condition determined by the commissioner to constitute an imminent threat to public health.

Nothing in this paragraph shall be deemed to prevent all or part of such medicaid savings allocation plan from taking effect retroactively to the extent permitted by the federal centers for medicare and medicaid services.

In accordance with the medicaid savings allocation plan, the commissioner of the department of health shall reduce department of health state funds medicaid spending by the amount of the projected overspending through, actions including, but not limited to modifying or suspending reimbursement methods, including but not limited to all fees, premium levels and rates of payment, notwithstanding any provision of law that sets a specific amount or methodology for any such payments or rates of payment; modifying medicaid program benefits; seeking all necessary federal approvals, including, but not limited to waivers, waiver amendments; and suspending time frames for notice, approval or certification of rate requirements, notwithstanding any provision of law, rule or regulation to the contrary, including but not limited to sections 2807 and 3614 of the public health law, section 18 of chapter 2 of the laws of 1988, and 18 NYCRR 505.14(h).

The department of health shall prepare a monthly report that sets forth: (a) known and projected department of health medicaid expenditures as described in subdivision (1) of this section, and factors that could result in medicaid disbursements for the relevant state fiscal year to exceed the projected department of health state funds disbursements in the enacted budget financial plan pursuant to subdivision 3 of section 23 of the state finance law, including spending increases or decreases
due to: enrollment fluctuations, rate
changes, utilization changes, MRT investment,
and shift of beneficiaries to
managed care; and variations in offline
medicaid payments; and (b) the actions
taken to implement any medicaid savings
allocation plan implemented pursuant to
subdivision (4) of this section, including
information concerning the impact of such
actions on each category of service and
each geographic region of the state. Each
such monthly report shall be provided to
the chairs of the senate finance and the
assembly ways and means committees and
shall be posted on the department of
health's website in a timely manner.

For the purpose of making payments, the
money hereby appropriated is available for
payment of aid heretofore accrued or here-
after accrued, to providers of medical
care pursuant to section 367-b of the
social services law, and for payment of
state aid to municipalities and the feder-
al government where payment systems
through fiscal intermediaries are not
operational, to reimburse such providers
for costs attributable to the provision of
care to patients eligible for medical
assistance. Notwithstanding any inconsist-
et provision of law, the moneys hereby
appropriated may be increased or decreased
by interchange or transfer with any appro-
priation of the department of health with
the approval of the director of the budget,
who shall file such approval with the
department of audit and control and copies
thereof with the chairman of the senate
finance committee and the chairman of the
assembly ways and means committee.

Notwithstanding any provision of law to the
contrary, the director of the budget, in
consultation with the commissioner of
health, may use a payment reduction plan
to make across-the-board reductions to the
department of health state funds medicaid
spending by $248,000,000 for state fiscal
year 2020-2021 to limit such spending to
the aggregate limit specified herein, or
reduce the aggregate limit specified here-
in to provide a reduction to the state's
financial plan. Reductions shall be made
in a manner that complies with the state

Program account subtotal ................ 3,989,159,000

Notwithstanding section 40 of the state finance law or any provision of law to the contrary, subject to federal approval, department of health state funds medicaid spending, excluding payments for medical services provided at state facilities operated by the office of mental health, the office for people with developmental disabilities and the office of addiction services and supports and further excluding any payments which are not appropriated within the department of health, in the aggregate, for the period April 1, 2020 through March 31, 2021, shall not exceed $23,606,772,000 except as provided below provided, however, such aggregate limits may be adjusted by the director of the budget to account for any changes in the New York state federal medical assistance percentage amount established pursuant to the federal social security act, increases in provider revenues, reductions in local social services district payments for medical assistance administration, minimum wage increases and beginning April 1, 2012 the operational costs of the New
York state medical indemnity fund, pursuant to chapter 59 of the laws of 2011, and state costs or savings from the essential plan. Such projections may be adjusted by the director of the budget to account for increased or expedited department of health state funds medicaid expenditures as a result of a natural or other type of disaster, including a governmental declaration of emergency.

Provided further however, that notwithstanding any provision of law to the contrary, if, on or before April 1, 2020, the legislature fails to achieve $2,500,000,000 in aggregate savings from the appropriations enacted as part of any chapters of the laws of 2020 making appropriations for aid to localities and/or state operations for the department of health state funds medicaid spending, excluding payments for medical services provided at state facilities operated by the office of mental health, the office for people with developmental disabilities and the office of addiction services and supports and further excluding any payments which are not appropriated within the department of health, uniform across the board reductions shall be applied to such appropriations to achieve $2,500,000,000 in aggregate savings from such appropriations. Provided however, that any such uniform reductions may be increased or decreased at the discretion of the director of the budget to conform with federal rules and regulations. To the extent any individual or entity is otherwise entitled to any cash disbursement authorized by one or more of such appropriations or reappropriations for the department of health state funds medicaid spending, excluding payments for medical services provided at state facilities operated by the office of mental health, the office for people with developmental disabilities and the office of addiction services and supports and further excluding any payments which are not appropriated within the department of health, such entitlement shall be superseded and reduced commensurate with any such across the board reductions.
The director of the budget, in consultation with the commissioner of health, shall assess on monthly basis known and projected medicaid expenditures by category of service and by geographic region, as determined by the commissioner of health, incurred both prior to and subsequent to such assessment for each such period, and if the director of the budget determines that such expenditures are expected to cause medicaid spending for such period to exceed the aggregate limit specified herein for such period, the state medicaid director, in consultation with the director of the budget and the commissioner of health, shall develop a medicaid savings allocation plan to limit such spending to the aggregate limit specified herein for such period.

Such medicaid savings allocation plan shall be designed, to reduce the expenditures authorized by the appropriations herein in compliance with the following guidelines: (1) reductions shall be made in compliance with applicable federal law, including the provisions of the Patient Protection and Affordable Care Act, Public Law No. 111-148, and the Health Care and Education Reconciliation Act of 2010, Public Law No. 111-152 (collectively "Affordable Care Act") and any subsequent amendments thereto or regulations promulgated thereunder; (2) reductions shall be made in a manner that complies with the state medicaid plan approved by the federal centers for medicare and medicaid services, provided, however, that the commissioner of health is authorized to submit any state plan amendment or seek other federal approval, including waiver authority, to implement the provisions of the medicaid savings allocation plan that meets the other criteria set forth herein; (3) reductions shall be made in a manner that maximizes federal financial participation, to the extent practicable, including any federal financial participation that is available or is reasonably expected to become available, in the discretion of the commissioner, under the Affordable Care Act; (4) reductions shall be made uniformly among categories of services and geographic
regions of the state, to the extent practicable, and shall be made uniformly within a category of service, to the extent practicable, except where the commissioner determines that there are sufficient grounds for non-uniformity, including but not limited to: the extent to which specific categories of services contributed to department of health medicaid state funds spending in excess of the limits specified herein; the need to maintain safety net services in underserved communities; or the potential benefits of pursuing innovative payment models contemplated by the Affordable Care Act, in which case such grounds shall be set forth in the medicaid savings allocation plan; and (5) reductions shall be made in a manner that does not unnecessarily create administrative burdens to medicaid applicants and recipients or providers.

The commissioner shall seek the input of the legislature, as well as organizations representing health care providers, consumers, businesses, workers, health insurers, and others with relevant expertise, in developing such medicaid savings allocation plan, to the extent that all or part of such plan, in the discretion of the commissioner, is likely to have a material impact on the overall medicaid program, particular categories of service or particular geographic regions of the state.

(a) The commissioner shall post the medicaid savings allocation plan on the department of health's website and shall provide written copies of such plan to the chairs of the senate finance and the assembly ways and means committees at least 30 days before the date on which implementation is expected to begin.

(b) The commissioner may revise the medicaid savings allocation plan subsequent to the provisions of notice and prior to implementation but needs to provide a new notice pursuant to subparagraph (i) of this paragraph only if the commissioner determines, in his or her discretion, that such revisions materially alter the plan.

Notwithstanding the provisions of paragraphs (a) and (b) of this subdivision, the
commissioner need not seek the input described in paragraph (a) of this subdivision or provide notice pursuant to paragraph (b) of this subdivision if, in the discretion of the commissioner, expedited development and implementation of a medicaid savings allocation plan is necessary due to a public health emergency.

For purposes of this section, a public health emergency is defined as: (i) a disaster, natural or otherwise, that significantly increases the immediate need for health care personnel in an area of the state; (ii) an event or condition that creates a widespread risk of exposure to a serious communicable disease, or the potential for such widespread risk of exposure; or (iii) any other event or condition determined by the commissioner to constitute an imminent threat to public health.

Nothing in this paragraph shall be deemed to prevent all or part of such medicaid savings allocation plan from taking effect retroactively to the extent permitted by the federal centers for medicare and medicaid services.

In accordance with the medicaid savings allocation plan, the commissioner of the department of health shall reduce department of health state funds medicaid spending by the amount of the projected overspending through, actions including, but not limited to modifying or suspending reimbursement methods, including but not limited to all fees, premium levels and rates of payment, notwithstanding any provision of law that sets a specific amount or methodology for any such payments or rates of payment; modifying medicaid program benefits; seeking all necessary federal approvals, including, but not limited to waivers, waiver amendments; and suspending time frames for notice, approval or certification of rate requirements, notwithstanding any provision of law, rule or regulation to the contrary, including but not limited to sections 2807 and 3614 of the public health law, section 18 of chapter 2 of the laws of 1988, and 18 NYCRR 505.14(h).
The department of health shall prepare a monthly report that sets forth: (a) known and projected department of health medicaid expenditures as described in subdivision (1) of this section, and factors that could result in medicaid disbursements for the relevant state fiscal year to exceed the projected department of health state funds disbursements in the enacted budget financial plan pursuant to subdivision 3 of section 23 of the state finance law, including spending increases or decreases due to: enrollment fluctuations, rate changes, utilization changes, MRT investments, and shift of beneficiaries to managed care; and variations in offline medicaid payments; and (b) the actions taken to implement any medicaid savings allocation plan implemented pursuant to subdivision (4) of this section, including information concerning the impact of such actions on each category of service and each geographic region of the state. Each such monthly report shall be provided to the chairs of the senate finance and the assembly ways and means committees and shall be posted on the department of health's website in a timely manner. Notwithstanding any provision of law to the contrary, the director of the budget, in consultation with the commissioner of health, may use a payment reduction plan to make across-the-board reductions to the department of health state funds medicaid spending by $248,000,000 for state fiscal year 2020-2021 and to limit such spending to the aggregate limit specified herein, or reduce the aggregate limit specified herein to provide a reduction to the state's financial plan. Reductions shall be made in a manner that complies with the state medicaid plan approved by the federal centers for medicare and medicaid services, provided, however, that the commissioner of health is authorized to submit any state plan amendment or seek other federal approval to implement the provisions of the medicaid payment reduction plan. For the purpose of making payments to providers of medical care pursuant to section 367-b of the social services law,
and for payment of state aid to municipalities and the federal government where payment systems through fiscal intermediaries are not operational, to reimburse the provision of care to patients eligible for medical assistance.

For services and expenses of the medical assistance program including nursing home, personal care, certified home health agency, long term home health care program and hospital services.

Notwithstanding any provision of law to the contrary, the portion of this appropriation covering fiscal year 2020-21 shall supersede and replace any duplicative (i) reappropriation for this item covering fiscal year 2020-21, and (ii) appropriation for this item covering fiscal year 2020-21 set forth in chapter 53 of the laws of 2019 (29846) ........................ 936,000,000

MEDICAL ASSISTANCE ADMINISTRATION PROGRAM

General Fund
Local Assistance Account - 10000

The appropriation made by chapter 53, section 1, of the laws of 2019, is hereby amended and reappropriated to read:

For reimbursement of local administrative expenses for medical assistance programs and for state administration of medical assistance programs, notwithstanding section 153 of the social services law, to include the performance of eligibility and enrollment determinations by the state or third-party entities designated by the state to perform such services.

Notwithstanding any provision of law to the contrary, subject to the approval of the director of budget, up to $23,000,000 of the amount appropriated herein shall be available for the purpose of providing payments to local social services districts for medical assistance administration claims that exceed an administrative ceiling established by the commissioner of health.

Funding authority from this account used for state administration of the medical assistance program may be transferred to state operations appropriations within the aforementioned programs at amounts agreed upon by the commissioner of health, and the New York state division of the budget.

Notwithstanding section 40 of the state finance law or any other law to the contrary, all medical assistance appropriations made from this account shall remain in full force and effect in accordance, in

the aggregate, with the following schedule: not more than 50 percent for the period April 1, 2019 to March 31, 2020; and the remaining amount for the period April 1, 2020 to [March 31] September 15,
2021.

Notwithstanding section 40 of the state finance law or any provision of law to the contrary, subject to federal approval, department of health state funds medicaid spending, excluding payments for medical services provided at state facilities operated by the office of mental health, the office for people with developmental disabilities and the office of [alcoholism-and-substance-abuse] addiction services and supports and further excluding any payments which are not appropriated within the department of health, in the aggregate, for the period April 1, 2019 through March 31, 2020, shall not exceed $22,251,148,000 except as provided below and state share medicaid spending, in the aggregate, for the period April 1, 2020 through [March 31] September 15, 2021, shall not exceed [$$23,256,018,000 $$23,606,772,000 $$23,606,772,000], but in no event shall department of health state funds medicaid spending for the period April 1, 2019 through [March 31] September 15, 2021 exceed [$$45,857,920,000 $$45,507,166,000 $$45,507,166,000] provided, however, such aggregate limits may be adjusted by the director of the budget to account for any changes in the New York state federal medical assistance percentage amount established pursuant to the federal social security act, increases in provider revenues, reductions in local social services district payments for medical assistance administration, minimum wage increases and beginning April 1, 2012 the operational costs of the New York state medical indemnity fund, pursuant to chapter 59 of the laws of 2011, and state costs or savings from the essential plan program. Such projections may be adjusted by the director of the budget to account for increased or expedited department of health state funds medicaid expenditures as a result of a natural or other type of disaster, including a governmental declaration of emergency.

Provided further however, that notwithstanding any provision of law to the contrary, if, on or before April 1, 2020, the legislature fails to achieve $2,500,000,000 in aggregate savings from the appropriations enacted as part of any chapters of the laws of 2020 making appropriations for aid to localities and/or state operations for the department of health state funds medicaid spending, excluding payments for medical services provided at state facilities operated by the office of mental health, the office for people with developmental disabilities and the office of addiction services and supports and further excluding any payments which are not appropriated within the department of health, uniform across the board reductions shall be applied to such appropriations to achieve $2,500,000,000 in aggregate savings from such appropriations.

Provided however, that any such uniform reductions may be increased or decreased at the discretion of the director of the budget to conform with federal rules and regulations. To the extent any individual or entity is otherwise entitled to any cash disbursement authorized by one or more of such appropriations or reappropriations for the department of health state funds medicaid spending, excluding payments for medical services provided at state facilities oper-
ated by the office of mental health, the office for people with
developmental disabilities and the office of addiction services and
supports and further excluding any payments which are not appropri-
ated within the department of health, such entitlement shall be
superseded and reduced commensurate with any such across the board
reductions.

The director of the budget, in consultation with the commissioner of
health, shall assess on a monthly basis known and projected medicaid
expenditures by category of service and by geographic region, as
determined by the commissioner of health, incurred both prior to and
subsequent to such assessment for each such period, and if the
director of the budget determines that such expenditures are
expected to cause medicaid spending for such period to exceed the
aggregate limit specified herein for such period, the state medicaid
director, in consultation with the director of the budget and the
commissioner of health, shall develop a medicaid savings allocation
plan to limit such spending to the aggregate limit specified herein
for such period.

Such medicaid savings allocation plan shall be designed, to reduce the
expenditures authorized by the appropriations herein in compliance
with the following guidelines: (1) reductions shall be made in
compliance with applicable federal law, including the provisions of
the Patient Protection and Affordable Care Act, Public Law No.
111-148, and the Health Care and Education Reconciliation Act of
2010, Public Law No. 111-152 (collectively "Affordable Care Act")
and any subsequent amendments thereto or regulations promulgated
thereunder; (2) reductions shall be made in a manner that complies
with the state medicaid plan approved by the federal centers for
medicare and medicaid services, provided, however, that the commis-
sioner of health is authorized to submit any state plan amendment or
seek other federal approval, including waiver authority, to imple-
ment the provisions of the medicaid savings allocation plan that
meets the other criteria set forth herein; (3) reductions shall be
made in a manner that maximizes federal financial participation, to
the extent practicable, including any federal financial partic-
ipation that is available or is reasonably expected to become avail-
able, in the discretion of the commissioner, under the Affordable
Care Act; (4) reductions shall be made uniformly among categories of
services and geographic regions of the state, to the extent practi-
cable, and shall be made uniformly within a category of service, to
the extent practicable, except where the commissioner determines
that there are sufficient grounds for non-uniformity, including but
not limited to: the extent to which specific categories of services
contributed to department of health medicaid state funds spending in
excess of the limits specified herein; the need to maintain safety
net services in underserved communities; or the potential benefits
of pursuing innovative payment models contemplated by the Affordable
Care Act, in which case such grounds shall be set forth in the medi-
caid savings allocation plan; and (5) reductions shall be made in a
manner that does not unnecessarily create administrative burdens to
medicaid applicants and recipients or providers.
The commissioner shall seek the input of the legislature, as well as organizations representing health care providers, consumers, businesses, workers, health insurers, and others with relevant expertise, in developing such medicaid savings allocation plan, to the extent that all or part of such plan, in the discretion of the commissioner, is likely to have a material impact on the overall medicaid program, particular categories of service or particular geographic regions of the state.

(a) The commissioner shall post the medicaid savings allocation plan on the department of health's website and shall provide written copies of such plan to the chairs of the senate finance and the assembly ways and means committees at least 30 days before the date on which implementation is expected to begin.

(b) The commissioner may revise the medicaid savings allocation plan subsequent to the provisions of notice and prior to implementation but needs to provide a new notice pursuant to subparagraph (i) of this paragraph only if the commissioner determines, in his or her discretion, that such revisions materially alter the plan.

Notwithstanding the provisions of paragraphs (a) and (b) of this subdivision, the commissioner need not seek the input described in paragraph (a) of this subdivision or provide notice pursuant to paragraph (b) of this subdivision if, in the discretion of the commissioner, expedited development and implementation of a medicaid savings allocation plan is necessary due to a public health emergency.

For purposes of this section, a public health emergency is defined as:

(i) a disaster, natural or otherwise, that significantly increases the immediate need for health care personnel in an area of the state; (ii) an event or condition that creates a widespread risk of exposure to a serious communicable disease, or the potential for such widespread risk of exposure; or (iii) any other event or condition determined by the commissioner to constitute an imminent threat to public health.

Nothing in this paragraph shall be deemed to prevent all or part of such medicaid savings allocation plan from taking effect retroactively to the extent permitted by the federal centers for medicare and medicaid services.

MEDICAL ASSISTANCE PROGRAM

General Fund
Local Assistance Account - 10000

The appropriation made by chapter 53, section 1, of the laws of 2019, is
hereby amended and reappropriated to read:

For the medical assistance program, including administrative expenses,
for local social services districts, and for medical care rates for
authorized child care agencies.

Notwithstanding section 40 of the state finance law or any other law
to the contrary, all medical assistance appropriations made from
this account shall remain in full force and effect in accordance, in
the aggregate, with the following schedule: not more than 49 percent
for the period April 1, 2019 to March 31, 2020; and the remaining
amount for the period April 1, 2020 to [March 31] September 15,
2021.

Notwithstanding section 40 of the state finance law or any provision
of law to the contrary, subject to federal approval, department of
health state funds medicaid spending, excluding payments for medical
services provided at state facilities operated by the office of
mental health, the office for people with developmental disabilities
and the office of [alcoholism-and-substance-abuse] addiction
services and supports and further excluding any payments which are
not appropriated within the department of health, in the aggregate,
for the period April 1, 2019 through March 31, 2020, shall not exceed $22,251,148,000 except as provided below and state share
medicaid spending, in the aggregate, for the period April 1, 2020
through [March 31] September 15, 2021, shall not exceed
[$23,256,018,000] $23,606,772,000, but in no event shall department
of health state funds medicaid spending for the period April 1, 2019
through [March 31] September 15, 2021 exceed [$45,507,166,000]
$45,857,920,000 provided, however, such aggregate limits may be
adjusted by the director of the budget to account for any changes in
the New York state federal medical assistance percentage amount
established pursuant to the federal social security act, increases
in provider revenues, reductions in local social services district
payments for medical assistance administration, minimum wage
increases and beginning April 1, 2012 the operational costs of the
New York state medical indemnity fund, pursuant to chapter 59 of the laws of 2011, and state costs or savings from the essential plan program. Such projections may be adjusted by the director of the budget to account for increased or expedited department of health state funds medicaid expenditures as a result of a natural or other type of disaster, including a governmental declaration of emergency. Provided further however, that notwithstanding any provision of law to the contrary, if, on or before April 1, 2020, the legislature fails to achieve $2,500,000,000 in aggregate savings from the appropriations enacted as part of any chapters of the laws of 2020 making appropriations for aid to localities and/or state operations for the department of health state funds medicaid spending, excluding payments for medical services provided at state facilities operated by the office of mental health, the office for people with developmental disabilities and the office of addiction services and supports and further excluding any payments which are not appropriated within the department of health, uniform across the board reductions shall be applied to such appropriations to achieve $2,500,000,000 in aggregate savings from such appropriations. Provided however, that any such uniform reductions may be increased or decreased at the discretion of the director of the budget to conform with federal rules and regulations. To the extent any individual or entity is otherwise entitled to any cash disbursement authorized by one or more of such appropriations or reappropriations for the department of health state funds medicaid spending, excluding payments for medical services provided at state facilities operated by the office of mental health, the office for people with developmental disabilities and the office of addiction services and supports and further excluding any payments which are not appropriated within the department of health, such entitlement shall be superseded and reduced commensurate with any such across the board reductions.

The director of the budget, in consultation with the commissioner of health, shall assess on a monthly basis known and projected medicaid expenditures by category of service and by geographic region, as defined by the commissioner, incurred both prior to and subsequent to such assessment for each such period, and if the director of the budget determines that such expenditures are expected to cause medicaid spending for such period to exceed the aggregate limit specified herein for such period, the state medicaid director, in consultation with the director of the budget and the commissioner of health, shall develop a medicaid savings allocation plan to limit such spending to the aggregate limit specified herein for such period.

Such medicaid savings allocation plan shall be designed, to reduce the expenditures authorized by the appropriations herein in compliance with the following guidelines: (1) reductions shall be made in compliance with applicable federal law, including the provisions of the Patient Protection and Affordable Care Act, Public Law No. 111-148, and the Health Care and Education Reconciliation Act of 2010, Public Law No. 111-152 (collectively "Affordable Care Act") and any subsequent amendments thereto or regulations promulgated
thereunder; (2) reductions shall be made in a manner that complies
with the state medicaid plan approved by the federal centers for
medicare and medicaid services, provided, however, that the commis-
sioner of health is authorized to submit any state plan amendment or
seek other federal approval, including waiver authority, to imple-
ment the provisions of the medicaid savings allocation plan that
meets the other criteria set forth herein; (3) reductions shall be
made in a manner that maximizes federal financial participation, to
the extent practicable, including any federal financial partic-
ipation that is available or is reasonably expected to become avail-
able, in the discretion of the commissioner, under the Affordable
Care Act; (4) reductions shall be made uniformly among categories of
services and geographic regions of the state, to the extent practi-
cable, and shall be made uniformly within a category of service, to
the extent practicable, except where the commissioner determines
that there are sufficient grounds for non-uniformity, including but
not limited to: the extent to which specific categories of services
contributed to department of health medicaid state funds spending in
excess of the limits specified herein; the need to maintain safety
net services in underserved communities; or the potential benefits
of pursuing innovative payment models contemplated by the Affordable
Care Act, in which case such grounds shall be set forth in the medi-
caid savings allocation plan; and (5) reductions shall be made in a
manner that does not unnecessarily create administrative burdens to
medicaid applicants and recipients or providers.

The commissioner shall seek the input of the legislature, as well as
organizations representing health care providers, consumers, busi-
nesses, workers, health insurers, and others with relevant exper-
tise, in developing such medicaid savings allocation plan, to the
extent that all or part of such plan, in the discretion of the
commissioner, is likely to have a material impact on the overall
medicaid program, particular categories of service or particular
geographic regions of the state.

(a) The commissioner shall post the medicaid savings allocation plan
on the department of health’s website and shall provide written
copies of such plan to the chairs of the senate finance and the
assembly ways and means committees at least 30 days before the date
on which implementation is expected to begin.

(b) The commissioner may revise the medicaid savings allocation plan
subsequent to the provisions of notice and prior to implementation
but needs to provide a new notice pursuant to subparagraph (i) of
this paragraph only if the commissioner determines, in his or her
discretion, that such revisions materially alter the plan.

Notwithstanding the provisions of paragraphs (a) and (b) of this
subdivision, the commissioner need not seek the input described in
paragraph (a) of this subdivision or provide notice pursuant to
paragraph (b) of this subdivision if, in the discretion of the
commissioner, expedited development and implementation of a medicaid
savings allocation plan is necessary due to a public health emergen-
cy.

For purposes of this section, a public health emergency is defined as:
(i) a disaster, natural or otherwise, that significantly increases
the immediate need for health care personnel in an area of the state; (ii) an event or condition that creates a widespread risk of exposure to a serious communicable disease, or the potential for such widespread risk of exposure; or (iii) any other event or condition determined by the commissioner to constitute an imminent threat to public health.

Nothing in this paragraph shall be deemed to prevent all or part of such medicaid savings allocation plan from taking effect retroactively to the extent permitted by the federal centers for medicare and medicaid services.

In accordance with the medicaid savings allocation plan, the commissioner of the department of health shall reduce department of health state funds medicaid spending by the amount of the projected overspending through, actions including, but not limited to modifying or suspending reimbursement methods, including but not limited to all fees, premium levels and rates of payment, notwithstanding any provision of law that sets a specific amount or methodology for any such payments or rates of payment; modifying or discontinuing medicaid program benefits; seeking all necessary federal approvals, including, but not limited to waivers, waiver amendments; and suspending time frames for notice, approval or certification of rate requirements, notwithstanding any provision of law, rule or regulation to the contrary, including but not limited to sections 2807 and 3614 of the public health law, section 18 of chapter 2 of the laws of 1988, and 18 NYCRR 505.14(h).

The department of health shall prepare a monthly report that sets forth: (a) known and projected department of health medicaid expenditures as described in subdivision (1) of this section, and factors that could result in medicaid disbursements for the relevant state fiscal year to exceed the projected department of health state funds disbursements in the enacted budget financial plan pursuant to subdivision 3 of section 23 of the state finance law, including spending increases or decreases due to: enrollment fluctuations, rate changes, utilization changes, MRT investments, and shift of beneficiaries to managed care; and variations in offline medicaid payments; and (b) the actions taken to implement any medicaid savings allocation plan implemented pursuant to subdivision (4) of this section, including information concerning the impact of such actions on each category of service and each geographic region of the state. Each such monthly report shall be provided to the chairs of the senate finance and the assembly ways and means committees and shall be posted on the department of health's website in a timely manner.

The money hereby appropriated is to be available for payment of aid heretofore accrued or hereafter accrued to municipalities, and to providers of medical services pursuant to section 367-b of the social services law, and for payment of state aid to municipalities and to providers of family care where payment systems through the fiscal intermediaries are not operational, and shall be available to the department net of disallowances, refunds, reimbursements, and credits. reimbursements, credits, repayments, and/or disallowances.
Notwithstanding any inconsistent provision of law to the contrary,
funds may be used by the department for outside legal assistance on
issues involving the federal government, the conduct of preadmission
screening and annual resident reviews required by the state's medi-
caid program, computer matching with insurance carriers to insure
that medicaid is the payer of last resort and activities related to

provided under the federal social security act or the federal food
stamp act, funds herein appropriated, in amounts certified by the
state commissioner of temporary and disability assistance or the
state commissioner of health as due from local social services
districts each month as their share of payments made pursuant to
section 367-b of the social services law may be set aside by the
state comptroller in an interest-bearing account in order to ensure
the orderly and prompt payment of providers under section 367-b of
the social services law pursuant to an estimate provided by the
commissioner of health of each local social services district's
share of payments made pursuant to section 367-b of the social
services law.
Notwithstanding any inconsistent provision of law, funding made avail-
able by these appropriations shall support direct salary costs and
related fringe benefits within the medical assistance program asso-
ciated with any minimum wage increase that takes effect during the
timeframe of these appropriations, pursuant to section 652 of the
labor law. Each eligible organization in receipt of funding made
available by these appropriations may be required to submit written
certification, in such form and at such time the commissioner may
prescribe, attesting to the total amount of funds used by the eligi-
ble organization, how such funding will be or was used for purposes
eligible under these appropriations and any other reporting deemed
necessary by the commissioner. The amounts appropriated herein may
include advances to organizations authorized to receive such funds
to accomplish this purpose.
Notwithstanding any other provision of law, the money hereby appropri-
ated may be increased or decreased by interchange, with any appro-

inspector general and may be increased or decreased by transfer or
suballocation between these appropriated amounts and appropriations

Notwithstanding section 40 of the state finance law or any provision of law to the contrary, subject to federal approval, department of health state funds medicaid spending, excluding payments for medical services provided at state facilities operated by the office of mental health, the office for people with developmental disabilities and the office of addiction services and supports and further excluding any payments which are not appropriated within the department of health, in the aggregate, for the period April 1, 2019 through March 31, 2020, shall not exceed $22,251,148,000 except as provided below and state share medicaid spending, in the aggregate, for the period April 1, 2020 through [March 31] September 15, 2021, shall not exceed $23,606,772,000 but in no event shall department of health state funds medicaid spending for the period April 1, 2019 through [March 31] September 15, 2021 exceed $45,507,166,000 provided, however, such aggregate limits may be adjusted by the director of the budget to account for any changes in the New York state federal medical assistance percentage amount established pursuant to the federal social security act, increases in provider revenues, reductions in local social services district payments for medical assistance administration, minimum wage increases and beginning April 1, 2012 the operational costs of the New York state medical indemnity fund, pursuant to chapter 59 of the laws of 2011, and state costs or savings from the essential plan program. Such projections may be adjusted by the director of the budget to account for increased or expedited department of health state funds medicaid expenditures as a result of a natural or other type of disaster, including a governmental declaration of emergency.

Provided further however, that notwithstanding any provision of law to the contrary, if, on or before April 1, 2020, the legislature fails to achieve $2,500,000,000 in aggregate savings from the appropriations enacted as part of any chapters of the laws of 2020 making appropriations for aid to localities and/or state operations for the department of health state funds medicaid spending, excluding payments for medical services provided at state facilities operated by the office of mental health, the office for people with developmental disabilities and the office of addiction services and supports and further excluding any payments which are not appropriated within the department of health, uniform across the board reductions shall be applied to such appropriations to achieve $2,500,000,000 in aggregate savings from such appropriations. Provided however, that any such uniform reductions may be increased or decreased at the discretion of the director of the budget to conform with federal rules and regulations. To the extent any individual or entity is otherwise entitled to any cash disbursement authorized by one or more of such appropriations or reappropriations for the department of health state funds medicaid spending, excluding payments for medical services provided at state facilities operated by the office of mental health, the office for people with developmental disabilities and the office of addiction services and supports and further excluding any payments which are not appropriated within the department of health, such entitlement shall be
superseded and reduced commensurate with any such across the board
reductions.

The director of the budget, in consultation with the commissioner of health, shall assess on a monthly basis known and projected medicaid expenditures by category of service and by geographic region, as determined by the commissioner of health, incurred both prior to and subsequent to such assessment for each such period, and if the director of the budget determines that such expenditures are expected to cause medicaid spending for such period to exceed the aggregate limit specified herein for such period, the state medicaid director, in consultation with the director of the budget and the commissioner of health, shall develop a medicaid savings allocation plan to limit such spending to the aggregate limit specified herein for such period.

Such medicaid savings allocation plan shall be designed, to reduce the expenditures authorized by the appropriations herein in compliance with the following guidelines: (1) reductions shall be made in compliance with applicable federal law, including the provisions of the Patient Protection and Affordable Care Act, Public Law No. 111-148, and the Health Care and Education Reconciliation Act of 2010, Public Law No. 111-152 (collectively "Affordable Care Act") and any subsequent amendments thereto or regulations promulgated thereunder; (2) reductions shall be made in a manner that complies with the state medicaid plan approved by the federal centers for medicare and medicaid services, provided, however, that the commissioner of health is authorized to submit any state plan amendment or seek other federal approval, including waiver authority, to implement the provisions of the medicaid savings allocation plan that meets the other criteria set forth herein; (3) reductions shall be made in a manner that maximizes federal financial participation, to the extent practicable, including any federal financial participation that is available or is reasonably expected to become available, in the discretion of the commissioner, under the Affordable Care Act; (4) reductions shall be made uniformly among categories of services and geographic regions of the state, to the extent practicable, and shall be made uniformly within a category of service, to the extent practicable, except where the commissioner determines that there are sufficient grounds for non-uniformity, including but not limited to: the extent to which specific categories of services contributed to department of health medicaid state funds spending in excess of the limits specified herein; the need to maintain safety net services in underserved communities; or the potential benefits of pursuing innovative payment models contemplated by the Affordable Care Act, in which case such grounds shall be set forth in the medicaid savings allocation plan; and (5) reductions shall be made in a manner that does not unnecessarily create administrative burdens to medicaid applicants and recipients or providers.

The commissioner shall seek the input of the legislature, as well as organizations representing health care providers, consumers, businesses, workers, health insurers, and others with relevant expertise, in developing such medicaid savings allocation plan, to the extent that all or part of such plan, in the discretion of the
commissioner, is likely to have a material impact on the overall
medicaid program, particular categories of service or particular
geographic regions of the state.
(a) The commissioner shall post the medicaid savings allocation plan
on the department of health's website and shall provide written
copies of such plan to the chairs of the senate finance and the
assembly ways and means committees at least 30 days before the date
on which implementation is expected to begin.
(b) The commissioner may revise the medicaid savings allocation plan
subsequent to the provisions of notice and prior to implementation
but needs to provide a new notice pursuant to subparagraph (i) of
this paragraph only if the commissioner determines, in his or her
discretion, that such revisions materially alter the plan.
Notwithstanding the provisions of paragraphs (a) and (b) of this
subdivision, the commissioner need not seek the input described in
paragraph (a) of this subdivision or provide notice pursuant to
paragraph (b) of this subdivision if, in the discretion of the
commissioner, expedited development and implementation of a medicaid
savings allocation plan is necessary due to a public health emergen-
cy.
For purposes of this section, a public health emergency is defined as:
(i) a disaster, natural or otherwise, that significantly increases
the immediate need for health care personnel in an area of the
state; (ii) an event or condition that creates a widespread risk of
exposure to a serious communicable disease, or the potential for
such widespread risk of exposure; or (iii) any other event or condi-
tion determined by the commissioner to constitute an imminent threat
to public health.
Nothing in this paragraph shall be deemed to prevent all or part of
such medicaid savings allocation plan from taking effect retroac-
tively to the extent permitted by the federal centers for medicare
and medicaid services.
In accordance with the medicaid savings allocation plan, the commis-
sioner of the department of health shall reduce department of health
state funds medicaid spending by the amount of the projected over-
spending through, actions including, but not limited to modifying or
suspending reimbursement methods, including but not limited to all
fees, premium levels and rates of payment, notwithstanding any
provision of law that sets a specific amount or methodology for any
such payments or rates of payment; modifying medicaid program bene-
fits; seeking all necessary federal approvals, including, but not
limited to waivers, waiver amendments; and suspending time frames
for notice, approval or certification of rate requirements, notwith-
standing any provision of law, rule or regulation to the contrary,
including but not limited to sections 2807 and 3614 of the public
health law, section 18 of chapter 2 of the laws of 1988, and 18
NYCRR 505.14(h).
The department of health shall prepare a monthly report that sets
forth: (a) known and projected department of health medicaid expend-
itures as described in subdivision (1) of this section, and factors
that could result in medicaid disbursements for the relevant state
fiscal year to exceed the projected department of health state funds

Each such monthly report shall be provided to the chairs of the senate finance and the assembly ways and means committees and shall be posted on the department of health's website in a timely manner.

Notwithstanding any provision of law to the contrary, the director of the budget, in consultation with the commissioner of health, may use a payment reduction plan to make across-the-board reductions to the department of health state funds medicaid spending by $190,200,000 for each of the state fiscal years 2019-2020 and $248,000,000 in 2020-2021 to limit such spending to the aggregate limits specified herein, or reduce the aggregate limits specified herein to provide a reduction to the State's Financial Plan. Reductions shall be made in a manner that complies with the state medicaid plan approved by the federal centers for medicare and medicaid services, provided, however, that the commissioner of health is authorized to submit any state plan amendment or seek other federal approval to implement the provisions of the medicaid payment reduction plan.

For the purpose of making payments to providers of medical care pursuant to section 367-b of the social services law, and for payment of state aid to municipalities where payment systems through fiscal intermediaries are not operational, to reimburse such providers for costs attributable to the provision of care to patients eligible for medical assistance. Payments from this appropriation to general hospitals related to indigent care pursuant to article 28 of the public health law respectively, when combined with federal funds for services and expenses for the medical assistance program pursuant to title XIX of the federal social security act or its successor program, shall equal the amount of the funds received related to health care reform act allowances and surcharges pursuant to article 28 of the public health law and deposited to this account less any such amounts withheld pursuant to subdivision 21 of section 2807-c of the public health law. Notwithstanding any inconsistent provision of law, the moneys hereby appropriated may be increased or decreased by interchange or transfer with any appropriation of the department of health with the approval of the director of the budget, who shall file such approval with the department of audit and control and copies thereof with the chairman of the senate finance committee and the chairman of the assembly ways and means committee.

Notwithstanding any provision of law to the contrary, the portion of this appropriation covering fiscal year 2019-20 shall supersede and replace any duplicative (i) reappropriation for this item covering fiscal year 2019-20, and (ii) appropriation for this item covering

Notwithstanding section 40 of the state finance law or any other law to the contrary, all medical assistance appropriations made from this account shall remain in full force and effect in accordance, in the aggregate, with the following schedule: not more than 51 percent for the period April 1, 2019 to March 31, 2020; and the remaining amount for the period April 1, 2020 to [March 31] September 15, 2021.

Notwithstanding section 40 of the state finance law or any provision of law to the contrary, subject to federal approval, department of health state funds medicaid spending, excluding payments for medical services provided at state facilities operated by the office of mental health, the office for people with developmental disabilities and the office of [alcoholism and substance abuse] addiction services and supports and further excluding any payments which are not appropriated within the department of health, in the aggregate, for the period April 1, 2019 through March 31, 2020, shall not exceed $22,251,148,000 except as provided below and state share medicaid spending, in the aggregate, for the period April 1, 2020 through [March 31] September 15, 2021, shall not exceed [$23,256,018,000] $23,606,772,000 but in no event shall department of health state funds medicaid spending for the period April 1, 2019 through [March 31] September 15, 2019 exceed [$45,857,920,000] $45,507,166,000 provided, however, such aggregate limits may be adjusted by the director of the budget to account for any changes in the New York state federal medical assistance percentage amount established pursuant to the federal social security act, increases in provider revenues, reductions in local social services district payments for medical assistance administration, minimum wage increases and beginning April 1, 2012 the operational costs of the New York state medical indemnity fund, pursuant to chapter 59 of the laws of 2011, and state costs or savings from the essential plan. Such projections may be adjusted by the director of the budget to account for increased or expedited department of health state funds medicaid expenditures as a result of a natural or other type of disaster, including a governmental declaration of emergency.

Provided further however, that notwithstanding any provision of law to the contrary, if, on or before April 1, 2020, the legislature fails to achieve $2,500,000,000 in aggregate savings from the appropriations enacted as part of any chapters of the laws of 2020 making appropriations for aid to localities and/or state operations for the department of health state funds medicaid spending, excluding payments for medical services provided at state facilities operated by the office of mental health, the office for people with develop-

mental disabilities and the office of addiction services and supports and further excluding any payments which are not appropriated within the department of health, uniform across the board reductions shall be applied to such appropriations to achieve $2,500,000,000 in aggregate savings from such appropriations. Provided however, that any such uniform reductions may be increased or decreased at the discretion of the director of the budget to conform with federal rules and regulations. To the extent any individual or entity is otherwise entitled to any cash disbursement authorized by one or more of such appropriations or reappropriations for the department of health state funds medicaid spending, excluding payments for medical services provided at state facilities operated by the office of mental health, the office for people with developmental disabilities and the office of addiction services and supports and further excluding any payments which are not appropriated within the department of health, such entitlement shall be superseded and reduced commensurate with any such across the board reductions.

The director of the budget, in consultation with the commissioner of health, shall assess on a monthly basis known and projected medicaid expenditures by category of service and by geographic region, as determined by the commissioner of health, incurred both prior to and subsequent to such assessment for each such period, and if the director of the budget determines that such expenditures are expected to cause medicaid spending for such period to exceed the aggregate limit specified herein for such period, the state medicaid director, in consultation with the director of the budget and the commissioner of health, shall develop a medicaid savings allocation plan to limit such spending to the aggregate limit specified herein for such period.

Such medicaid savings allocation plan shall be designed, to reduce the expenditures authorized by the appropriations herein in compliance with the following guidelines: (1) reductions shall be made in compliance with applicable federal law, including the provisions of the Patient Protection and Affordable Care Act, Public Law No. 111-148, and the Health Care and Education Reconciliation Act of 2010, Public Law No. 111-152 (collectively "Affordable Care Act") and any subsequent amendments thereto or regulations promulgated thereunder; (2) reductions shall be made in a manner that complies with the state medicaid plan approved by the federal centers for medicare and medicaid services, provided, however, that the commissioner of health is authorized to submit any state plan amendment or seek other federal approval, including waiver authority, to implement the provisions of the medicaid savings allocation plan that meets the other criteria set forth herein; (3) reductions shall be made in a manner that maximizes federal financial participation, to the extent practicable, including any federal financial participation that is available or is reasonably expected to become available, in the discretion of the commissioner, under the Affordable Care Act; (4) reductions shall be made uniformly among categories of services and geographic regions of the state, to the extent practicable, and shall be made uniformly within a category of service, to
the extent practicable, except where the commissioner determines
that there are sufficient grounds for non-uniformity, including but
not limited to: the extent to which specific categories of services
contributed to department of health medicaid state funds spending in
excess of the limits specified herein; the need to maintain safety
net services in underserved communities; or the potential benefits
of pursuing innovative payment models contemplated by the Affordable
Care Act, in which case such grounds shall be set forth in the medi-
caid savings allocation plan; and (5) reductions shall be made in a
manner that does not unnecessarily create administrative burdens to
medicaid applicants and recipients or providers.
The commissioner shall seek the input of the legislature, as well as
organizations representing health care providers, consumers, busi-
nesses, workers, health insurers, and others with relevant exper-
tise, in developing such medicaid savings allocation plan, to the
extent that all or part of such plan, in the discretion of the
commissioner, is likely to have a material impact on the overall
medicaid program, particular categories of service or particular
geographic regions of the state.
(a) The commissioner shall post the medicaid savings allocation plan
on the department of health's website and shall provide written
copies of such plan to the chairs of the senate finance and the
assembly ways and means committees at least 30 days before the date
on which implementation is expected to begin.
(b) The commissioner may revise the medicaid savings allocation plan
subsequent to the provisions of notice and prior to implementation
but needs to provide a new notice pursuant to subparagraph (i) of
this paragraph only if the commissioner determines, in his or her
discretion, that such revisions materially alter the plan.
Notwithstanding the provisions of paragraphs (a) and (b) of this
subdivision, the commissioner need not seek the input described in
paragraph (a) of this subdivision or provide notice pursuant to
paragraph (b) of this subdivision if, in the discretion of the
commissioner, expedited development and implementation of a medicaid
savings allocation plan is necessary due to a public health emergen-
cy.
For purposes of this section, a public health emergency is defined as:
(i) a disaster, natural or otherwise, that significantly increases
the immediate need for health care personnel in an area of the
state; (ii) an event or condition that creates a widespread risk of
exposure to a serious communicable disease, or the potential for
such widespread risk of exposure; or (iii) any other event or condi-
tion determined by the commissioner to constitute an imminent threat
to public health.
Nothing in this paragraph shall be deemed to prevent all or part of
such medicaid savings allocation plan from taking effect retroac-
tively to the extent permitted by the federal centers for medicare
and medicaid services.
In accordance with the medicaid savings allocation plan, the commis-
sioner of the department of health shall reduce department of health
state funds medicaid spending by the amount of the projected over-
spending through, actions including, but not limited to modifying or
suspending reimbursement methods, including but not limited to all
fees, premium levels and rates of payment, notwithstanding any
provision of law that sets a specific amount or methodology for any
such payments or rates of payment; modifying medicaid program bene-
fits; seeking all necessary federal approvals, including, but not
limited to waivers, waiver amendments; and suspending time frames
for notice, approval or certification of rate requirements, notwith-
standing any provision of law, rule or regulation to the contrary,
including but not limited to sections 2807 and 3614 of the public
health law, section 18 of chapter 2 of the laws of 1988, and 18
NYCRR 505.14(h).

The department of health shall prepare a monthly report that sets
forth: (a) known and projected department of health medicaid expend-
itures as described in subdivision (1) of this section, and factors
that could result in medicaid disbursements for the relevant state
fiscal year to exceed the projected department of health state funds
disbursements in the enacted budget financial plan pursuant to
subdivision 3 of section 23 of the state finance law, including
spending increases or decreases due to: enrollment fluctuations,
rate changes, utilization changes, MRT investments, and shift of
beneficiaries to managed care; and variations in offline medicaid
payments; and (b) the actions taken to implement any medicaid
savings allocation plan implemented pursuant to subdivision (4) of
this section, including information concerning the impact of such
actions on each category of service and each geographic region of
the state. Each such monthly report shall be provided to the chairs
of the senate finance and the assembly ways and means committees and
shall be posted on the department of health's website in a timely
manner.

For the purpose of making payments, the money hereby appropriated is
available for payment of aid heretofore accrued or hereafter
accrued, to providers of medical care pursuant to section 367-b of
the social services law, and for payment of state aid to munici-
palities and the federal government where payment systems through
fiscal intermediaries are not operational, to reimburse such provid-
ers for costs attributable to the provision of care to patients
eligible for medical assistance. Notwithstanding any inconsistent
provision of law, the moneys hereby appropriated may be increased or
decreased by interchange or transfer with any appropriation of the
department of health with the approval of the director of the budg-
et, who shall file such approval with the department of audit and
control and copies thereof with the chairman of the senate finance
committee and the chairman of the assembly ways and means committee.

Notwithstanding any provision of law to the contrary, the director of

DEPARTMENT OF HEALTH

AID TO LOCALITIES - REAPPROPRIATIONS 2020-21

1 Notwithstanding section 40 of the state finance law or any other law
to the contrary, all medical assistance appropriations made from
this account shall remain in full force and effect in accordance, in
the aggregate, with the following schedule: not more than 49 percent
for the period April 1, 2019 to March 31, 2020; and the remaining
amount for the period April 1, 2020 to [March 31] September 15,
2021.

3 Notwithstanding section 40 of the state finance law or any provision
of law to the contrary, subject to federal approval, department of
health state funds medicaid spending, excluding payments for medical
services provided at state facilities operated by the office of
mental health, the office for people with developmental disabilities
and the office of [alcoholism and substance abuse] addiction
services and supports and further excluding any payments which are
not appropriated within the department of health, in the aggregate,
for the period April 1, 2019 through March 31, 2020, shall not exceed
$22,251,148,000 except as provided below and state share
medicaid spending, in the aggregate, for the period April 1, 2020
through [March 31] September 15, 2021, shall not exceed
[$23,256,018,000] $23,606,772,000 but in no event shall department
of health state funds medicaid spending for the period April 1, 2019
through [March 31] September 15, 2021 exceed [$45,507,166,000]
[$45,857,920,000] provided, however, such aggregate limits may be
adjusted by the director of the budget to account for any changes in
the New York state federal medical assistance percentage amount
established pursuant to the federal social security act, increases
in provider revenues, reductions in local social services district
payments for medical assistance administration, minimum wage
increases and beginning April 1, 2012 the operational costs of the
New York state medical indemnity fund, pursuant to chapter 59 of the
laws of 2011, and state costs or savings from the essential plan.
Such projections may be adjusted by the director of the budget to
account for increased or expedited department of health state funds
medicaid expenditures as a result of a natural or other type of
disaster, including a governmental declaration of emergency.

Provided further however, that notwithstanding any provision of law to
the contrary, if, on or before April 1, 2020, the legislature fails
to achieve $2,500,000,000 in aggregate savings from the appropri-
ations enacted as part of any chapters of the laws of 2020 making
appropriations for aid to localities and/or state operations for the
department of health state funds medicaid spending, excluding
payments for medical services provided at state facilities operated
by the office of mental health, the office for people with develop-
mental disabilities and the office of addiction services and
supports and further excluding any payments which are not appropri-
ated within the department of health, uniform across the board
reductions shall be applied to such appropriations to achieve
$2,500,000,000 in aggregate savings from such appropriations.
Provided however, that any such uniform reductions may be increased
or decreased at the discretion of the director of the budget to
conform with federal rules and regulations. To the extent any indi-
vidual or entity is otherwise entitled to any cash disbursement
authorized by one or more of such appropriations or reappropriations for the department of health state funds medicaid spending, excluding payments for medical services provided at state facilities operated by the office of mental health, the office for people with developmental disabilities and the office of addiction services and supports and further excluding any payments which are not appropriated within the department of health, such entitlement shall be superseded and reduced commensurate with any such across the board reductions.

The director of the budget, in consultation with the commissioner of health, shall assess on a monthly basis known and projected medicaid expenditures by category of service and by geographic region, as determined by the commissioner of health, incurred both prior to and subsequent to such assessment for each such period, and if the director of the budget determines that such expenditures are expected to cause medicaid spending for such period to exceed the aggregate limit specified herein for such period, the state medicaid director, in consultation with the director of the budget and the commissioner of health, shall develop a medicaid savings allocation plan to limit such spending to the aggregate limit specified herein for such period.

Such medicaid savings allocation plan shall be designed, to reduce the expenditures authorized by the appropriations herein in compliance with the following guidelines: (1) reductions shall be made in compliance with applicable federal law, including the provisions of the Patient Protection and Affordable Care Act, Public Law No. 111-148, and the Health Care and Education Reconciliation Act of 2010, Public Law No. 111-152 (collectively "Affordable Care Act") and any subsequent amendments thereto or regulations promulgated thereunder; (2) reductions shall be made in a manner that complies with the state medicaid plan approved by the federal centers for medicare and medicaid services, provided, however, that the commissioner of health is authorized to submit any state plan amendment or seek other federal approval, including waiver authority, to implement the provisions of the medicaid savings allocation plan that meets the other criteria set forth herein; (3) reductions shall be made in a manner that maximizes federal financial participation, to the extent practicable, including any federal financial participation that is available or is reasonably expected to become available, in the discretion of the commissioner, under the Affordable Care Act; (4) reductions shall be made uniformly among categories of services and geographic regions of the state, to the extent practicable, and shall be made uniformly within a category of service, to the extent practicable, except where the commissioner determines that there are sufficient grounds for non-uniformity, including but not limited to: the extent to which specific categories of services contributed to department of health medicaid state funds spending in excess of the limits specified herein; the need to maintain safety net services in underserved communities; or the potential benefits of pursuing innovative payment models contemplated by the Affordable Care Act, in which case such grounds shall be set forth in the medicaid savings allocation plan; and (5) reductions shall be made in a
manner that does not unnecessarily create administrative burdens to
medicaid applicants and recipients or providers.
The commissioner shall seek the input of the legislature, as well as
organizations representing health care providers, consumers, busi-
nesses, workers, health insurers, and others with relevant exper-
tise, in developing such medicaid savings allocation plan, to the
extent that all or part of such plan, in the discretion of the
commissioner, is likely to have a material impact on the overall
medicaid program, particular categories of service or particular
geographic regions of the state.
(a) The commissioner shall post the medicaid savings allocation plan
on the department of health's website and shall provide written
copies of such plan to the chairs of the senate finance and the
assembly ways and means committees at least 30 days before the date
