AN ACT making appropriations for the support of government

AID TO LOCALITIES BUDGET

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

1 Section 1. a) The several amounts specified in this chapter for aid to localities, or so much thereof as shall be sufficient to accomplish the purposes designated by the appropriations, are hereby appropriated and authorized to be paid as hereinafter provided, to the respective public officers and for the several purposes specified.

b) Where applicable, appropriations made by this chapter for expenditures from federal grants for aid to localities may be allocated for spending from federal grants for any grant period beginning, during, or prior to, the state fiscal year beginning on April 1, 2020 except as otherwise noted.

c) The several amounts named herein, or so much thereof as shall be sufficient to accomplish the purpose designated, being the undisbursed and/or unexpended balances of the prior year's appropriations, are hereby reappropriated from the same funds and made available for the same purposes as the prior year's appropriations, unless herein amended, for the fiscal year beginning April 1, 2020. Certain reappropriations in

this chapter are shown using abbreviated text, with three leader dots (an ellipsis) followed by three spaces (... ) used to indicate where existing law that is being continued is not shown. However, unless a change is clearly indicated by the use of brackets [ ] for deletions and underscores for additions, the purposes, amounts, funding source and all other aspects pertinent to each item of appropriation shall be as last appropriated.

For the purpose of complying with the state finance law, the year, chapter and section of the last act reappropriating a former original appropriation or any part thereof is, unless otherwise indicated, chapter 53, section 1, of the laws of 2019.

d) No moneys appropriated by this chapter shall be available for payment until a certificate of approval has been issued by the director of the budget, who shall file such certificate with the department of audit and control, the chairperson of the senate finance committee and the chairperson of the assembly ways and means committee.

e) Notwithstanding any provision of law to the contrary, if, on a cash basis of accounting, a General Fund imbalance has occurred during any Measurement Period, the budget director is hereby authorized to adjust or reduce any general fund and/or state special revenue fund appropriation contained herein and related cash disbursement by any amount needed to maintain a balanced budget for the 2020-2021 fiscal year. Provided however that such adjustments or reductions shall be done uniformly across-the-board to the extent practicable or by specific appropriations as needed. Notwithstanding any provision set forth in this appropriation bill or any other law to the contrary, to the extent any individual or entity is entitled to any cash disbursement which is reduced in accordance with this provision, such entitlement shall be adjusted or reduced commensurate with adjustments or reductions made by the budget director in accordance with this provision. The following types of appropriations shall be exempt from such reduction pursuant to this provision: (a) public assistance payments for families and individuals and payments for eligible aged, blind and disabled persons related to supplemental social security; (b) any reductions that would violate federal law; (c) payments of debt service and related expenses for which the state is constitutionally obligated to pay debt service or is contractually obligated to pay debt service, subject to an appropriation, including where the state has a contingent contractual obligation; and (d) payments the state is obligated to make pursuant to court orders or judgments. For purposes of this provision, the budget shall be deemed unbalanced for the fiscal year if, during any Measurement Period, Actual State Operating Funds Tax Receipts are less than ninety-nine percent of Estimated State Operating Funds Tax Receipts, or Actual State Operating Funds Disbursements are more than one-hundred and one (101) percent of Estimated State Operating Funds Disbursements, or both. Prior to any such adjustments or reductions, the director shall notify in writing the Chairs of the Senate Finance Committee and Assembly Ways and Means Committee. The legislature shall then have ten days following the receipt of such written notification to either prepare its own plan, which may be adopted by concurrent resolution passed by both houses and implemented by the division of the budget, or if after ten days the legislature fails to adopt its own plan, the reductions to the general fund and state special revenue fund aid to localities appropriations and related disbursements identified in the division of the budget plan will go into effect automatically. Any reductions to general fund and state special revenue fund aid to localities appropriations and related cash
disbursements made pursuant to this provision may be paid in full or in part if one or both of the following events occur: Actual State Operating Funds Tax Receipts through February 28, 2021, are not less than ninety-eight percent of Estimated State Operating Funds Tax Receipts through February 28, 2021; or the federal government provides aid that the director of the budget deems sufficient to reduce or eliminate the imbalance in the General Fund for fiscal year 2020-2021 and does not adversely impact the budget gap in fiscal year 2021-2022. No such payments shall be made in part or in full unless and until the director of the budget certifies that: the general fund has resources sufficient to make all planned payments anticipated in the 2020-21 financial plan including tax refunds, without the issuance of deficit bonds or notes or extraordinary cash management actions; the balances in the tax stabilization reserve and rainy day reserve (together, the "rainy day reserves") have been restored to a level equal to the level as of the start of the fiscal year; and other designated balances have been maintained, as provided by law. For purposes of this provision: "Actual State Operating Funds Tax Receipts" shall mean the State Operating Fund tax receipts, reported by the State Comptroller in the monthly Report to the Legislature on the State Fund Cash Basis of Accounting, prepared in accordance with subdivision 9-a (a) of section 8 of the state finance law, immediately following the measurement period; "Actual State Operating Funds Disbursements" shall mean the State Operating Funds disbursements, reported by the State Comptroller in the monthly Report to the Legislature on the State Fund Cash Basis of Accounting, prepared in accordance with subdivision 9-a (a) of section 8 of the state finance law, immediately following the measurement period; "Estimated State Operating Funds Tax Receipts" shall mean the State Operating Fund tax receipts estimated to be received during the measurement period by the division of the budget in the Financial Plan; "Estimated State Operating Funds Disbursements" shall mean the State Operating Funds disbursements, estimated to be made during the measurement period by the division of the budget in the Financial Plan. "Financial Plan" shall mean a financial plan prepared by the division of the budget pursuant to sections 22 and 23 of the state finance law and used for the Measurement Period; and "Measurement Period" shall mean the period in which the difference between Actual State Operating Funds tax receipts and "Estimated State Operating Funds tax receipts" shall be measured for purposes of this section. The first measurement period shall begin on April 1, 2020 and end on April 30, 2020. Financial Plan estimates for this period shall be the Executive Financial Plan as Updated for Governor's Amendments and Forecast Revisions issued in February 2020. The second measurement period shall begin on May 1 and end on June 30, 2020. The third measurement period shall begin on July 1, 2020 and end on December 31, 2020. The Financial Plan for the second and third measurement periods shall be the Enacted Budget Financial Plan for FY 2021 issued pursuant to section 23 of the state finance law.

f) Notwithstanding any provision contained herein or any other law to the contrary, if, during the 2020-21 fiscal year, the budget is deemed unbalanced, the budget director is hereby authorized to withhold all or some of the amounts appropriated herein, including amounts that are to be paid on specific dates prescribed in law or regulation if, in his or her sole discretion, such action is necessary to respond to the direct
and indirect economic, financial, and social effects of the COVID-19 pandemic. Prior to withholding any amounts, the director shall consider whether other means are available for accomplishing the purposes of this provision, and the impact of such withholding on the affected aid recipient. To the extent the State is obligated to make payment to any individual or entity pursuant to any appropriation contained herein, such obligation shall be reduced commensurate with such payments withheld by the director of the budget. No later than five days prior to the beginning of each month, the director of the budget shall provide notification of payments that are expected to be withheld in such month pursuant to this provision to the president pro tempore of the senate and the speaker of the assembly. No later than seven days after month end, the director of the budget shall provide notification of payments that have been withheld pursuant to this provision to the president pro tempore of the senate and the speaker of the assembly. For purposes of this provision, the budget shall be deemed unbalanced if Actual State Operating Funds Tax Receipts are less than ninety-nine percent of Estimated State Operating Funds Tax Receipts, or Actual State Operating Funds Disbursements are more than one-hundred and one (101) percent of Estimated State Operating Funds Disbursements, or both. Additionally, for purposes of this provision: "Actual State Operating Funds Tax Receipts" shall mean the State Operating Fund tax receipts, reported by the State Comptroller in any monthly Report to the Legislature on the State Fund Cash Basis of Accounting, prepared in accordance with subdivision 9-a (a) of section 8 of the state finance law; "Actual State Operating Funds Disbursements" shall mean the State Operating Funds disbursements, reported by the State Comptroller in any monthly Report to the Legislature on the State Fund Cash Basis of Accounting, prepared in accordance with subdivision 9-a (a) of section 8 of the state finance law; "Estimated State Operating Funds Tax Receipts" shall mean the State Operating Funds tax receipts estimated to be received during any period within the 2020-21 Fiscal Year by the division of the budget in the Financial Plan; "Estimated State Operating Funds Disbursements" shall mean the State Operating Funds disbursements, estimated to be made during any period within the 2020-21 Fiscal Year by the division of the budget in the Financial Plan; and "Financial Plan" shall be the Executive Financial Plan as Updated for Governor's Amendments and Forecast Revisions issued in February 2020 for the period April 1, 2020 through April 30, 2020 and the enacted budget financial plan for the 2020-21 fiscal year issued pursuant to sections 22 and 23 of the state finance law for the period May 1, 2020 through March 31, 2021.
g) Notwithstanding any provision of law to the contrary, prior to the expenditure of any funds received by the Federal government in response to the COVID-19 public health emergency pursuant to the authority granted in any appropriation set forth herein, the director of the budget may require that the agency or public authority making such expenditures submit an allocation plan to the director of the budget for approval. Approved allocation plans shall be provided to the president pro tempore of the senate and the speaker of the assembly within 30 days of approval. Such allocation plan must comport with any minimum Federal requirements for the expenditure of such funds.
h) Notwithstanding any provision of law to the contrary, for purposes of any appropriation made by this chapter which authorizes spending in an amount net of refunds, rebates, reimbursements, credits, repayments, and/or disallowances, "refunds" shall mean funds received to the state resulting from the overpayment of monies, "rebates" shall mean funds
received to the state resulting from a return of a full or partial
amount previously paid, as for goods or services, serving as a
reduction, discount or rebate to the original payment amount,
"reimbursements" shall mean funds received to the state as repayment in
an equivalent amount for goods or services, including but not limited to
personal service costs, incurred by the state in the first instance
being provided to a third party for their benefit and partially or in
full financed by such third party, "credit" shall mean monies made
available to the state that reduce the amount owed to a third party,
including but not limited to billing errors, rebates, and prior overpay-
ments, "repayment" shall mean the return of monies as pay back for
expenses incurred, and "disallowance" shall mean monies made available
to the state that were not allowed or accepted officially by the
intended recipient, based on a determination the payment is not accepta-
ble and/or valid. When the office of the state comptroller receives any
such refunds, rebates, reimbursements, credits, repayments, and/or
disallowances, he or she shall credit the refunded, rebated, reimbursed,
credited, repaid, and disallowed amount back to the original appropi-
atation and reduce expenditures in the year which such credit is received
regardless of the timing of the initial expenditure.

i) Notwithstanding any other provision of law to the contrary, if the
state or any agency thereof incurs any costs associated with administ-
ring the rent regulation program in accordance with subdivision (c) of
section 8 of chapter 576 of the laws of 1974, as amended, for a city
having a population of one million or more, the director of the budget
may direct any other state agency or agencies making payments to such
city, or any department, agency, or instrumentality thereof, to perma-
nently reduce the amount of any other payment or payments owed to such
city or any department, agency, or instrumentality thereof pursuant to
any appropriation set forth in this chapter. Provided however, that such
reduction shall be in an amount equal to the costs incurred by the state
or agency thereof in accordance with subdivision (c) of section 8 of
chapter 576 of the laws of 1974 and provided further that such direction
shall be made in writing by the director of the budget. If the director
of the budget makes such direction pursuant to the authority set forth
herein, the impacted city shall not make the payments required by subdi-
vision (c) of section 8 of chapter 576 of the laws of 1974, as amended,
and the division of housing and community renewal shall notify such city
in writing of what payment or payments will be reduced and the amount of
such reduction. To the extent a city of one million or more or any
department, agency, or instrumentality thereof is entitled to any cash
disbursement authorized by any appropriation contained in this chapter,
such entitlement shall be reduced commensurate with reductions in
payments made in accordance with this part.

j) Notwithstanding any provision of law to the contrary, upon enact-
ment of this chapter of the laws of 2020 containing the aid to locali-
ties budget bill for the state fiscal year 2020-2021, all appropriations
and reappropriations contained in chapter 53 of the laws of 2019, which
would otherwise lapse by operation of law on March 31, 2021 are hereby
repealed.

k) The appropriations contained in this chapter shall be available for
the fiscal year beginning on April 1, 2020 except as otherwise noted.

For reimbursement to the East Ramapo central school district to support students attending public schools in such district, provided that the district is in compliance with the requirements set forth in chapter 89 of the laws of 2016. The East Ramapo central school district shall be eligible to receive reimbursement from the funds appropriated herein for its approved expenditures in the 2020-2021 school year on services to improve and enhance the educational opportunities of students attending the public schools in such district. Such services shall include, but not be limited to, reducing class sizes, expanding academic and enrichment opportunities, establishing and expanding kindergarten programs, expanding extracurricular opportunities and providing student support services, provided, however, transportation services and expenses shall not be eligible for reimbursement from such funds.

In order to receive such funds, the school district in consultation with the monitor or monitors pursuant to chapter 89 of the laws of 2016 shall revise its long term strategic academic and fiscal improvement plan by October 1, 2020. Such revised plan shall be submitted to the commissioner for approval and shall include a set of goals with appropriate benchmarks and measurable objectives and identify strategies to address areas where improvements are needed in the district, including but not limited to its financial stability, academic opportunities and outcomes, education of students with disabilities, and education of English language learners, and shall ensure compliance with all

Such revised improvement plan shall also include a comprehensive expenditure plan that will describe how the funds made available to the district from this appropriation will be spent. Such comprehensive expenditure plan shall ensure that funds supplement, not supplant, expenditures from local, state and federal funds for services provided to public school students, except that such funds may be used to continue services funded pursuant to chapter 89 of the laws of 2016 in prior years. Such expenditure plan shall be revised in consultation with the monitor or monitors appointed by the commissioner. The board of education of the East Ramapo central school district shall conduct a public hearing on the expenditure plan and shall consider the input of the community before adopting such plan. Such expenditure plan shall also be made publicly available and shall be submitted along with comments made by the community to the commissioner for approval once the plan is finalized. The commissioner of education shall have 30 days from the receipt of such evidence to confirm whether the school district has complied with the requirements of chapter 89 of the laws of 2016 and shall determine whether such funds were spent in conformance with the provisions of such chapter. Upon finding compliance and determining that the funds were properly expended, the
commissioner shall certify the amount of
the approved expenditures to the state
comptroller for payment no later than 60
days after such determinations. The East
Ramapo central school district shall not
receive reimbursement for funds authorized
herein that are not spent for the direct
benefit of students attending public
schools in such district in a manner
consistent with its approved comprehensive
expenditure plan or prior written approval
from the commissioner.

The board of education in consultation with
the monitor or monitors shall submit the
school district's proposed budget for the
next succeeding school year to the commis-

date scheduled for the school district's

English language learners and students

the proposed budget to ensure that it is
balanced within the context of revenue and
expenditure estimates and mandated
programs. The commissioner shall present
his or her findings to the board of educa-

date scheduled for the school district's
budget vote. The board of education shall

Notwithstanding any inconsistent provision
of law, for general support for public
schools for the 2020-21 state fiscal year,
including aid for the 2020-21 school year
payable pursuant to section 3609-d of the
education law, as provided herein.
Notwithstanding any inconsistent provision
of law to the contrary, foundation aid
payable for the 2020-21 year shall equal
the amount of foundation aid payable
apportioned to school districts in the
base year.
Provided further that notwithstanding any
provision of law to the contrary, for the
2020-21 school year, the apportionments
computed pursuant to subdivisions 5-a, 12
and 16 of section 3602 of the education
law shall equal the amounts set forth,
respectively, for such school district as
"SUPPLEMENTAL PUB EXCESS COST", "ACADEMIC
ENHANCEMENT" and "HIGH TAX AID" under the
heading "2018-19 ESTIMATED AIDS" in the
school aid computer listing produced by
the commissioner of education in support
of the enacted budget for the 2018-19
school year and entitled "SA181-9".
Provided further that for the apportionments
appropriated herein, the commissioner of
education shall reduce payments due to
each district for the 2020-21 school year
by an amount equal to the Pandemic adjust-
ment computed for such district, and
provided further that an amount equal to
the amount of such deduction shall be
deemed to have been paid to the district
pursuant to this section for the school
year in which such deduction is made. The
commissioner of education shall compute such pandemic adjustment in each electronic data file produced pursuant to subdivision 21 of section 305 of the education law, based on the following information:

(i) 99.5% of the funds available from the elementary and secondary emergency relief fund that are available to school districts pursuant to the Coronavirus Aid, Relief, and Economic Security Act of 2020, and (ii) the governor's emergency relief fund pursuant to such act, provided that a schedule of such amounts shall be approved by the director of the budget, and shall provide a schedule of such pandemic adjustment to the state comptroller, the director of the budget, the chair of the senate finance committee and the chair of the assembly ways and means committee.

Provided further that notwithstanding any provision of law to the contrary, the director of the budget, in approving the final payment for the state fiscal year pursuant to clause (iii) of subparagraph (3) of paragraph b of subdivision 1 of section 3609-a of the education law, may direct the commissioner of education to apportion an advance in an amount less than that reported by the commissioner of education pursuant to such clause (iii) of subparagraph (3) of paragraph b of subdivision 1 of section 3609-a of the education law, and provided further that such reduction shall not exceed the amount of the pandemic adjustment that was restored by additional state and federal funds.

Notwithstanding any inconsistent provision of law, for all school districts, the apportionment of general support for public schools for the 2020-21 school year in excess of the amount apportioned to such school district in the 2019-20 school year shall be withheld until (i) such school district has submitted to the commissioner of education and the director of the budget a detailed statement of the total funding allocation for each school in the district for the 2020-21 school year, in a statewide uniform form developed by the director of the budget, in consultation with the commissioner of education, and (ii) the commissioner of
education and the director of the budget issue a determination of compliance in writing of such school district's statement of total funding allocation as required by subdivision 1 of section 3614 of the education law, provided that such school districts shall submit such statement to the commissioner of education and the director of the budget on or before September 4, 2020.

Provided further that such school districts shall adhere to and complete the prescribed form accurately and fully, and shall make such statement publicly available and on the district website.

Provided further that the director of the budget shall request in such form only information that is known to, or may be ascertained or estimated by, the district.

Provided further that each such local educational agency shall include in such statement the approach used to allocate funds to each school and that such statement shall include but not be limited to separate entries for each individual school, demographic data for the school, per pupil funding level, source of funds, and uniform decision rules regarding allocation of centralized spending to individual schools from all funding sources.

Provided further that within 45 days of submission of such statement by a school district, the commissioner of education and director of the budget shall review such statement and determine whether the statement is complete and is in the format required. If such statement is determined to be complete and in the format required, a written acknowledgement of such shall be sent to the school district. If no determination is made by the commissioner of education and the director of the budget within 45 days of submission of the statement, such statement shall be deemed approved.

Should the commissioner of education or the director of the budget request additional information from the school district to determine completeness, the district shall submit such requested information to the commissioner of education and the director of the budget within 30 days of such
request and the commissioner of education and director of the budget's deadline for review and determination shall be extended by 45 days from the date of submission of the additional requested information. If the commissioner of education or director of the budget determine a school district's spending statement to be noncompliant, such school district shall be allowed to submit a revised spending statement at any time.

Provided further that if a school district fails to submit a statement that is complete and in the format required on or before September 4, 2020 or if the commissioner of education or director of the budget determine the school district's spending statement to be noncompliant, a written explanation shall be provided and the school district will have 30 days to cure.

If the school district does not cure within 30 days, at the joint direction of the director of the budget and the commissioner of education, the comptroller of the city in which such school district is situated, or if the city does not have an elected comptroller the chief financial officer of the city, or for school districts not located in a city, the chief financial officer of the town in which the majority of the school district is situated shall be authorized, at his or her discretion, to obtain appropriate information from the school district, and shall be authorized to complete such form and submit such statement to the director of the budget and the commissioner of education for approval.

Provided further that where the comptroller or chief financial officer exercises the authority to submit such form, such submission shall occur within 60 days following notification of the school district's failure to cure.

Provided further that nothing in the preceding paragraph shall preclude a school district from submitting a spending statement for approval by the director of the budget and the commissioner of education at any time.
Provided further that any apportionment withheld pursuant to this appropriation shall not have any effect on the base year calculation for use in the subsequent school year.

Notwithstanding any inconsistent provision of law, for the 2020-21 school year, any school district with an underfunded high-need school shall prioritize all such underfunded high-need schools among its individual schools, and shall submit to the commissioner on or before September 1, 2020 a report specifying how such district effectuated appropriate funding for the underfunded high-need schools. Provided further, on or before May 1, 2020, the director of the budget shall produce a list of underfunded high need schools, as defined herein. Provided, however, that the director of the budget shall exclude from this list schools within district 75 of the city school district of New York, schools that are of the same school type within a district but do not serve any grade levels that overlap, schools serving only students in prekindergarten, or any other schools with irregular or outlying properties.

Provided further, for purposes of this appropriation:

(1) "school type" for any school shall mean elementary, middle, high, pre-k only, or K-12, as defined by the commissioner of education, provided that for purposes of this appropriation, a "middle" school shall include any school with the grade organization of either a middle school or a junior high school, and a "high" school shall include any school with the grade organization of either a senior high school or a junior-senior high school;

(2) "underfunded high-need school" shall mean a school within a school district that has been deemed both a significantly high need school and a significantly low funded school;

(3) "student need index" for any school shall mean the quotient arrived at when dividing the weighted student enrollment as defined herein by the K-12 enrollment for the 2019-20 school year as reported on the statement required for such school
(4) "average student need index by school type" shall mean the quotient arrived at when dividing the sum of weighted student enrollment as defined herein for all schools within a school district of the same school type by the K-12 enrollment for the 2019-20 school year for all schools in a school district of the same school type as reported on the statement required for such school year pursuant to section 3614 of the education law;

(5) "weighted student enrollment" for any school shall mean the sum of (i) K-12 enrollment plus (ii) the product of the number of students eligible to receive free and reduced price lunch multiplied by 0.65 plus (iii) the product of the number of English language learners multiplied by 0.5, plus (iv) the product of the number of students with disabilities multiplied by 1.41, for the 2019-20 school year as reported on the statement required for such school year pursuant to section 3614 of the education law;

(6) "significantly high need school" shall mean a school with a student need index greater than the product of the average student need index by school type within the school district multiplied by 1.05;

(7) "per pupil expenditures" for any school shall mean the quotient arrived at when dividing the expenditure amount as reported for the 2019-20 school year in the statement required for such school year pursuant to section 3614 of the education law, excluding expenditures for prekindergarten and preschool special education programs and central district costs by the weighted student enrollment of the school;

(8) "average per pupil expenditures by school type" shall mean the quotient arrived at when dividing (i) the sum of the expenditure amounts reported for the 2019-20 school year in the statement required for such school year pursuant to section 3614 of the education law, excluding expenditures for prekindergarten and preschool special education programs and central district costs, for all schools
within a school district of the same school type by (ii) the weighted student enrollment for the 2019-20 school year for all schools in a school district of the same school type as reported on the state-ment required for such school year pursuant to section 3614 of the education law;

(9) "significantly low funded school" shall mean a school within a school district that has per pupil expenditures less than the product of the average per pupil expenditures by school type within the school district multiplied by 0.95.

Notwithstanding any inconsistent provision of law to the contrary, for the purposes of this appropriation and of calculating the allocable growth amount for the 2020-21 school year pursuant to paragraph gg of subdivision 1 of section 3602 of the education law, the allowable growth amount shall equal the product of the positive difference of the personal income growth index minus one, multiplied by the state-wide total of the sum of (1) the appor-tionments due and owing during the base year to school districts and boards of cooperative educational services from the general support for public schools as computed based on an electronic data file used to produce the school aid computer listing produced by the commissioner of education in support of the enacted budget for the base year plus (2) the competitive awards amount for the base year. Provided that the personal income growth index shall equal the average of the quotients for each year in the period commencing with the state fiscal year nine years prior to the state fiscal year in which the base year began and finishing with the state fiscal year prior to the state fiscal year in which the base year began of the total personal income of the state for each such year divided by the total personal income of the state for the immediately preceding state fiscal year, but not less than one.

Provided further that notwithstanding any provision of law to the contrary, the competitive awards amount for purposes of calculating the allocable growth amount
shall be $11,000,000 for the 2020-21 school year.

Provided further that to the extent required by federal law, each board of cooperative educational services receiving a payment pursuant to section 360-d of the education law in the 2020-21 school year shall be required to set aside from such payment an amount not less than the amount of state aid received pursuant to subdivision 5 of section 1950 of the education law in the base year that was attributable to cooperative services agreements (CO-SERs) for career education, as determined by the commissioner of education, and shall be required to use such amount to support career education programs in the current year.

Provided further that, notwithstanding any inconsistent provision of law, subject to the approval of the director of the budget, funds appropriated herein may be interchanged with any other item of appropriation for general support for public schools within the general fund local assistance account office of prekindergarten through grade twelve education program. Notwithstanding any provision of law to the contrary, funds appropriated herein shall be available for payment of liabilities heretofore accrued or hereafter to accrue.

Notwithstanding any other law, rule or regulation to the contrary, funds appropriated herein shall be available for payment of financial assistance net of any disallowances, refunds, reimbursement and credits, and may be suballocated to other departments and agencies to accomplish the intent of this appropriation subject to the approval of the director of the budget. Notwithstanding any provision of law to the contrary, funds appropriated herein shall be available for payment of liabilities heretofore accrued or hereafter to accrue (21701)

dergarten grants, $10,000,000 of school-wide extended learning

herein shall only be available to support programs (i) that provide
instruction for at least five hours per school day for full-day

school day for half-day pre-kindergarten programs; (ii) that agree
to offer instruction consistent with the New York state prekind-
garten foundation for the common core standards within three years;

part of such program, such providers meet the requirements of para-

and requirements as universal pre-kindergarten programs pursuant to
section 3602-e of the education law except as modified herein.
Provided, further, that a school district's pre-kindergarten grant
shall equal the product of (A) (i) two multiplied by the approved
number of new full-day pre-kindergarten placements plus (ii) the
approved number of half-day pre-kindergarten placement conversions
and new half-day pre-kindergarten placements, and (B) the district's
selected aid per pre-kindergarten pupil pursuant to subparagraph i

such funding, a school district shall agree to adopt approved quali-
ity indicators within two years, including, but not limited to, valid
and reliable measures of environmental quality, the quality of
teacher-student interactions and child outcomes, and ensure that any
such assessment of child outcomes shall not be used to make highs-

percent of the total pre-kindergarten grant allocation.
Provided, further, that notwithstanding any provision of law to the
contrary, the $10,000,000 appropriated herein available for school-

or school districts in collaboration with not-for-profit community-
based organizations based on responses to a request for proposals
for planning and implementation grants that is (i) developed by the

issued by the commissioner. Provided, further, that such grants
shall be awarded based on factors including, but not limited to, the
following: (i) the school district's proposal to target the schools
and students with the greatest need, and (ii) proposal quality.
Provided, further, that to assess proposal quality in order to award
implementation grant funding, the commissioner shall take into
account factors including, but not limited to: (i) the extent to
which the school district's proposal would maximize the use of the
additional learning time through a comprehensive restructuring of
the school day and/or year, (ii) the extent to which the proposal
would provide additional learning time for students in grades six
through eight, and (iii) how the additional learning time would be
utilized, including, but not limited to, additional time spent on
core academics. Provided, however, that no district shall be eligi-
ble to receive a school-wide extended learning grant unless its
proposal would increase student learning time by at least 25
percent. Provided, further, that a school district's schoolwide
extended learning implementation grant shall equal its average daily
attendance in the school-wide extended learning program multiplied
by the expected cost per pupil of the additional learning time;
provided, further, that the expected cost per pupil of the addi-
tional learning time shall equal the greater of $1,500 or (A) the
quotient of (i) the school district's approved operating expense,
pursuant to paragraph t of subdivision 1 of section 3602 of the
education law, for the year prior to the base year, divided by (ii)
the district's public school district enrollment, pursuant to
subparagraph (2) of paragraph n of such subdivision, for the year
prior to the base year, multiplied by (B) 10 percent (0.10), multi-
plied by (C) the quotient of (i) the average of the national consum-
er price indexes determined by the United States department of labor
for the 12-month period preceding January first of the base year,
divided by (ii) the average of the national consumer price indexes
determined by the United States department of labor for the 12-month
period preceding January first of the year two years prior to the
base year; provided, however, that in extraordinary cases the
commissioner may award a grant that exceeds the per pupil limit
described above; provided further, however, that no district shall
receive a grant in excess of the total actual grant expenditures
incurred by the district in the current school year as approved by
the commissioner. Provided, further, that no school district shall
receive more than forty percent of the total school-wide extended
learning grant allocation.

Provided, further, that notwithstanding any provision of law to the
contrary, the $7,500,000 appropriated herein available for community
schools grants shall be awarded, based on a request for proposals
(i) developed by the state council on children and families in coor-
dination with the commissioner, (ii) approved by the director of the
budget and (iii) issued by the commissioner, to school districts, or

purpose of administering such program.

Provided, further, that notwithstanding any provision of law to the
contrary, the $1,500,000 appropriated herein available for QUALITYs-
tarsNY shall be used, pursuant to a plan approved by the director of
the budget, to support implementation of a statewide system to
assess, improve, and communicate the level of quality in early
education and care settings throughout the state. Notwithstanding
any provision of law to the contrary, upon approval of the director
of the budget, the $1,500,000 of funding appropriated herein for
QUALITYstarsNY may be sub-allocated, interchanged, transferred or
otherwise made available to the office of children and family
services for the sole purpose of administering such system.

Provided further that, notwithstanding any provision of law to the
contrary, of the amount appropriated herein, a minimum of
$14,000,000 per year shall be available in the 2016-17 through

grants awarded for the 2017-18 school year and prior school years;
provided, however, the funds appropriated herein for QUALITYstarsNY
shall only be available for expenses for the 2018-19 school year and

other items of appropriation within the general fund local assistance
account office of pre-kindergarten through grade twelve education
program, shall constitute the competitive awards amount authorized
for the 2016-17 school year.

Provided further that, notwithstanding any provision of law to the
contrary, the $11,000,000 appropriated herein available for prekindergarten grants to full-day and half-day prekindergarten programs
for three-year-old children shall be awarded, based on a request for
proposals developed by the commissioner and approved by the director
of the budget, to school districts to establish new full-day and
half-day prekindergarten placements for three-year-olds; provided
that such grants shall only be used to supplement, not supplant
existing prekindergarten programs; and provided further, however,
that any portion of such $11,000,000 that is not awarded shall
remain available for subsequent awards in the 2016-17 school year or
for full-day and half-day pre-kindergarten grants to be awarded in
subsequent school years. Provided, further, that such grants from
funds appropriated herein shall be awarded based on factors including,
but not limited to, the following: (i) measures of school
district need, (ii) measures of the need of students to be served by
each of the school districts, (iii) the school district's proposal
to target the highest need schools and students, (iv) the extent to
which the district's proposal would prioritize funds to maximize the
total number of eligible children in the district served in prekindergarten programs, and (v) proposal quality. Provided, however,
that full-day and half-day prekindergarten grants appropriated here-
in shall only be available to support programs (i) that provide
instruction for at least five hours per school day for full-day
pre-kindergarten programs and at least two and one-half hours per
school day for half-day prekindergarten programs; (ii) that agree to
offer instruction consistent with applicable New York state prekindergarten early learning standards; (iii) that ensure that, to the
extent community-based providers are part of such program, such
providers meet the requirements of paragraphs d-1 and d-2 of subdi-
vision 12 of section 3602-e of the education law; and (iv) that
otherwise comply with all of the same rules and requirements as
universal prekindergarten programs pursuant to section 3602-e of the
education law except as modified herein; provided that notwithstanding paragraph c of subdivision 1 of section 3602-e of the education
law, for the purposes of this appropriation, an eligible child shall
be a resident child who is three years of age on or before December
first of the year in which he or she is enrolled. Provided, further,
that as a condition of eligibility for receipt of such funding, a
school district must currently offer a prekindergarten program for
four-year-old children, or children who would otherwise be eligible
under paragraph c of subdivision 1 of section 3602-e of the edua-
tion law; provided, further, that a school district may apply for
only as many full-day or half-day placements for three-year-old
children as it currently offers for four-year-old children, or chil-
dren who would otherwise be eligible under paragraph c of subdivi-
sion 1 of section 3602-e of the education law. Provided, further,
that a school district's grant for three-year-old prekindergarten
shall equal the product of (A) (i) two multiplied by the approved
number of new full-day pre-kindergarten placements plus (ii) the
approved number of new half-day pre-kindergarten placements, and (B)
the district's selected aid per pre-kindergarten pupil pursuant to
 subparagraph i of paragraph b of subdivision 10 of section 3602-e of
the education law; provided, however, that no district shall receive
a grant in excess of the total actual grant expenditures incurred by
the district in the current school year as approved by the commis-
sioner. Provided, further, that as a condition of eligibility for
receipt of such funding, a school district shall agree to adopt
approved quality indicators within two years, including, but not
limited to, valid and reliable measures of environmental quality,
the quality of teacher-student interactions and child outcomes, and
ensure that any such assessment of child outcomes shall not be used
to make high-stakes educational decisions for individual children.
Provided, further, that no school district shall receive more than
forty percent of the total pre-kindergarten for three-year-old chil-
dren grant allocation.

Provided further that, notwithstanding any provision of law to the
contrary, the $1,500,000 appropriated herein available for early
college high school programs shall be awarded pursuant to a plan
developed by the commissioner and approved by the director of the
budget, provided that such plan shall ensure regional diversity of
grant recipients and prioritize programs serving students in academ-
ically challenged school districts; provided further that the
commissioner shall make available the request for proposals for such
programs on or before May fifteenth and the commissioner shall issue
awards on or before August fifteenth; and provided further that a
portion of the payments to early college high school programs
awarded funding from this appropriation shall be made on a sliding
scale based upon the number of college credits earned annually by
participating students, consistent with guidelines established by
the commissioner. Provided further that in connection with such
guidelines, the commissioner shall execute a memorandum of under-
standing with the state university of New York and the city univer-
sity of New York to develop common data collection, sharing and
reporting mechanisms based on student-level data for students
enrolled in early college high school programs. Provided further
that, notwithstanding any provision of law to the contrary, higher
education partners participating in an early college high school
program, or the entity/entities responsible for setting tuition at
the institution, shall be authorized to set a reduced rate of
tuition and/or fees, or to waive tuition and/or fees entirely, for
students enrolled in such an early college high school program with
no reduction in other state, local or other support for such
students earning college credit that such higher education partner
would otherwise be eligible to receive.

Provided further that, notwithstanding any provision of law to the
contrary, the $500,000 appropriated herein available for career and
technical education (CTE) programs shall be awarded, pursuant to a
plan developed by the commissioner and approved by the director of
the budget, to provide CTE programs with support and resources to
eliminate barriers to students with special needs and English
language learners from participating in such programs, as well as
promote gender diversity in CTE programs.

Provided, further, that notwithstanding any provision of law to the
contrary, the $1,000,000 appropriated herein available for QUALITYs-
tarsNY shall be used, pursuant to a plan approved by the director of
the budget, to support implementation of a statewide system to
assess, improve, and communicate the level of quality in early
education and care settings throughout the state. Notwithstanding
any provision of law to the contrary, upon approval of the director
of the budget, the $1,000,000 of funding appropriated herein for
QUALITYstarsNY may be suballocated, interchanged, transferred or
otherwise made available to the office of children and family
services for the sole purpose of administering such system.

Provided that, for the 2016-17 through 2019-20 school years, a portion
of these funds shall be used to support programs identified by the
office of children and family services, the department of health and
mental hygiene of the city of New York, or the department as needing
extraordinary quality support. Provided further that, notwithstanding
any inconsistent provision of law, subject to the approval of
the director of the budget, funds appropriated herein may be inter-

Notwithstanding any inconsistent provision of law, the amount appropriated herein, shall be available under a foster care block grant for state reimbursement of eligible social services district expenditures for the provision and administration of foster care services including care, maintenance, supervision, and tuition; for supervision of foster children placed in federally funded job corps programs; for care, maintenance, supervision, and tuition for adjudicated juvenile delinquents placed in residential programs operated by authorized agencies and in out-of-state residential programs; and for the provision and administration of the kinship guardian assistance program including kinship guardianship assistance payments and payments for non-recurring guardianship expenses; except that, reimbursement from the amount appropriated herein shall not be available for tuition expenditures for foster children, including persons in need of supervision and adjudicated juvenile delinquents, made by a social services district located within a city having a population of one million or more.
Notwithstanding any other provision of law, a portion of the funds are available to reimburse social services districts for the change in the maximum state aid rates established by the office of children and family services for the 2020-21 rate year pursuant to section 398-a of the social services law and sections 4003 and 4405 of the education law to reflect the continuation of the cost of living adjustments that became effective April 1, 2008 for salary and fringe benefit costs and other critical nonpersonal services costs for foster care programs as determined by the office. Social services districts must adjust the amount of payments made for care provided by congregate care and foster boarding home programs and to foster parents to reflect the cost of living adjustments in the manner specified by the office. Each authorized agency operating a congregate care or foster boarding home program in New York state for which the office sets a maximum state aid rate pursuant to section 398-a of the social services law or section 4003 or 4405 of the education law shall submit, at the time and in a manner to be determined by the office, a written certification, attesting that the funds received for the continuation of the cost of living adjustment to the maximum state aid rate that became effective April 1, 2008 for that program will be or were used solely in accordance with the requirements of the cost of living adjustment established by the office.

Notwithstanding any inconsistent provision of law, for the period commencing on April 1, 2020 and ending March 31, 2021 the commissioner shall not apply any cost of living adjustment for the purpose of establishing rates of payments, contracts or any other form of reimbursement.

Within the amounts appropriated herein, state reimbursement to each social services district for services identified herein that are otherwise reimbursable by the state from April 1, 2020 through March 31, 2021 shall be limited to a district
allocation, hereinafter referred to as the district's block grant allocation. Notwithstanding any other provision of law, such block grant allocation shall be based, in part, on each district's claims for such costs, adjusted by the applicable cost allocation methodology and net of any retroactive payments for the 12 month period ending June 30, 2019 that are submitted on or before January 2, 2020 and, in part, on such other factors as determined by the office of children and family services and approved by the director of the budget. Any portion of a social services district's allocation from funds appropriated herein not claimed by such district during the state fiscal year may be used by such district for expenditures on preventive services provided pursuant to section 409-a of the social services law, independent living services and aftercare services provided pursuant to regulations of the department of family assistance, claimed by such district during the next state fiscal year up to the amount remaining from the district's foster care block grant allocation, provided however, that any claims for such services during the next state fiscal year in excess of such amount shall be subject to 62 percent state reimbursement exclusive of any federal funds made available for such purposes, in accordance with directives of the department of family assistance and subject to the approval of the director of the budget. Any claims submitted by a social services district for reimbursement for a particular state fiscal year for which the social services district does not receive state or federal reimbursement during that state fiscal year may not be claimed against that district's block grant apportionment for the next state fiscal year.

The office of children and family services, with the approval of the director of the budget, may reduce a district's block grant allocation by the state share decrease related to federal retroactive reimbursement for such foster care services identified herein. The office,
with the approval of the director of the
budget, may reduce a district's block
grant allocation by the state share of
disallowances or sanctions taken against
the district pursuant to the social
services law or federal law.
Notwithstanding any other provision of law,
the state shall not be responsible for
reimbursing a social services district and
a district shall not seek state reimburse-
ment for any portion of any state disal-
lowance or sanction taken against the
social services district, or any federal
disallowance attributable to final federal
agency decisions or to settlement made, on
or after July 1, 1995, when such disallow-
ance or sanction results from the failure
of the social services district to comply
with federal or state requirements,
including, but not limited to, failure to
document eligibility for federal or state
funds in the case record; provided, howev-
er, if the office determines that any
federal disallowance for services provided
between January 1, 1999 and May 31, 1999
results solely from the late enactment of
the state legislation implementing the
federal adoption and safe families act,
the state shall be solely responsible for
the full amount of the disallowance or
sanction; provided, further, however, this
provision shall be deemed to apply both
prospectively and retroactively regardless
of whether such sanctions or disallowances
are for services provided or claims made
prior to or after April 1, 2020.
Notwithstanding any other provision of law,
any federal disallowance resulting from a
federal title IV-E eligibility review or
audit that uses extrapolated statistic
techniques shall be passed along by the
state to any and all social services
districts that the office of children and
family services has determined have not
complied with the title IV-E eligibility
requirements or have not taken the neces-
sary actions to ensure compliance with
such requirements including, but not
limited to, failing to: assess and fully
document all the criteria and have readily
available all the necessary documents to
establish and continue title IV-E eligibility for all title IV-E eligible children within the required time frames; claim title IV-E funding only for cases that meet all of the title IV-E eligibility criteria; and fully implement the social services payment system on or before April 1, 2005 for all direct and voluntary agency foster care services.

Notwithstanding any law to the contrary, the office of children and family services shall impose on social services districts any federal disallowance issued against the state as a result of a federal title IV-E secondary eligibility review regardless of the date the children may have entered foster care, the date the eligibility or payment errors occurred, or the filing date of any federal claims for reimbursement; provided, however, that the state shall be responsible for the disallowed costs and expenditures related to the placement of children in a facility operated by the office of children and family services, which shall be determined in the same manner as the disallowed costs and expenditures for social services districts other than the city of New York. In order to reimburse the federal government for the full amount of any disallowance imposed on the state by the federal administration for children and families within the timeframes necessary to avoid any potential interest payments on such amount, the office of children and family services is authorized to immediately offset funds otherwise due to each district for a pro rata share of the total disallowed costs based on the percentage of applicable federal title IV-E claims made by that district for the relevant time period as compared to the total applicable statewide title IV-E claims. The amount of the offset against each district will be adjusted, if necessary, upon completion of the disallowance allocation process. The final allocation of the amount of any federal disallowance resulting from a title IV-E secondary eligibility review shall be allocated among the districts so that each district
shall be responsible for the amount attributable to each of the district's children or cases that are determined by the federal review to be unallowable. Each district shall also be responsible for a portion of the federal extrapolated disallowance amount based on the relative error rate for the district. The city of New York's error rate will be based on the federal sample and federal statistics. For all social services districts other than the city of New York, the error rate will be based on a review conducted by the district of a sample of children and/or cases determined by the office of children and family services and a re-review of a sub-sample by the office of those children and/or cases determined by the office. The office of children and family services will determine what is reasonable in establishing the size of the sample and sub-sample for each district. The office of children and family services shall notify each social services district of the sample of children and/or cases from the federal audit period that the social services district must review. Any child or case from the social services district that was included in the federal sample will automatically be included in the social services district's review sample and the determination made at the federal review regarding that child or case will govern for the purposes of the social services district's review. The social services district must complete and submit the results of its review to the office of children and family services within 60 days of receipt of the sample. The error rate for the district will be based on the findings of the district's review and the office of children and family services' re-review. If a social services district does not complete its review within 60 days of receiving the sample from the office of children and family services, the office of children and family services shall assign an error rate to the social services district based on the relative percentage of the district's applicable title IV-E claims for the relevant period.
as compared to applicable statewide title IV-E claims for that period and other circumstances that the office of children and family services may consider in order to allocate 100 percent of the federal disallowance. The office of children and family services shall apply each social services district's error rate to the total amount of the district's applicable title IV-E claims including associated administrative expenses. The resulting dollar amounts for all of the social services districts will be summed to derive the total amount of title IV-E claims deemed to be in error statewide. To establish a disallowance percentage for each social services district, the amount of the district's title IV-E claims deemed to be in error will be divided by the amount of statewide title IV-E claims deemed to be in error. The resulting disallowance percentage for each district will be applied to the entire title IV-E extrapolated disallowance calculated by the federal review to determine the amount of the extrapolated disallowance for which the district is responsible. Each district will be credited for the amount already disallowed for any individual children or cases found to be in error during the federal review. The exclusive appeal rights for the review of the amount of the federal disallowance assigned to each social services district shall be pursuant to article 78 of the civil practice law and rules; provided, however, that in any such action all of the social services districts shall be joined as necessary parties and the venue of any such action shall be in Rensselaer county. Any social services district that fails to complete its sample review in the required time frames shall have no right to appeal and shall not be a necessary party to any action brought by another social services district.

The money hereby appropriated is to be available for payment of state aid herefore accrued or hereafter to accrue to municipalities. Subject to the approval of the director of the budget, such funds
shall be available to the office net of
disallowances, refunds, reimbursements,
and credits. Notwithstanding any inconsistent provision
of law, the amount herein appropriated may
be transferred to any other appropriation
within the office of children and family
services and/or the office of temporary
and disability assistance and/or suballo-
cated to the office of temporary and disa-
bility assistance for the purpose of
paying local social services districts' costs of the above program and may be
increased or decreased by interchange with
any other appropriation or with any other
item or items within the amounts appropri-
ated within the office of children and
family services general fund - local
assistance account with the approval of
the director of the budget who shall file
such approval with the department of audit
and control and copies thereof with the
chairman of the senate finance committee
and the chairman of the assembly ways and
means committee.
Notwithstanding any inconsistent provision
of law, in lieu of payments authorized by
the social services law, or payments of
federal funds otherwise due to the local
social services districts for programs
provided under the federal social security
act or the federal food stamp act, funds
herein appropriated, in amounts certified
by the state comptroller or the state
commissioner of health as due from local
social services districts each month as
their share of payments made pursuant to
section 367-b of the social services law
may be set aside by the state comptroller
in an interest bearing account with such
interest accruing to the credit of the
locality in order to ensure the orderly
and prompt payment of providers under
section 367-b of the social services law
pursuant to an estimate provided by the
commissioner of health of each local
social services district's share of
payments made pursuant to section 367-b of
the social services law.
Notwithstanding the provisions of any other
law to the contrary, the office of chil-
dren and family services may, on behalf of social services districts, make payments to foster boarding homes paid directly by social services districts by direct deposit or debit card. Local social services districts shall reimburse the office for the costs of administering such direct deposit or debit card payments.

Notwithstanding any inconsistent provision of the social services law or the state finance law, the office of children and family services shall, on a quarterly basis, request that the office of temporary and disability assistance reimburse the office of children and family services for the non-federal share of the costs of administering such direct deposit or debit card payments to capture the local share of such costs.

Notwithstanding any other provision of law to the contrary, amounts due and owing to a social services district under this appropriation, may be reduced up to such amounts due and owing to the state under section 529 of the executive law (13997) ... 383,526,000

Notwithstanding any inconsistent provision of law, the amount appropriated herein shall be made available to reimburse 62 percent of eligible social services district expenditures that are claimed by March 31, 2021 for child welfare services which shall include and be limited to preventive services provided pursuant to section 409-a of the social services law other than community optional preventive services, child protective services, independent living services, after-care services as defined in regulations of the department of family assistance, and adoption administration and services, other than adoption subsidies provided pursuant to title 9 of article 6 of the social services law and regulations of the department of family assistance incurred on or after October 1, 2019 and before October 1, 2020 and that are otherwise reimbursable by the state on or after April 1, 2020, after first deducting therefrom any federal funds properly received or to be received on account thereof upon certification by the social services
district that it will not be using these funds to supplant other state and local funds and that the district will not submit claims for reimbursement under this appropriation for the same type and level of services that the county previously provided and claimed under any contract in existence on October 1, 2002 as other than child protective, preventive, independent living, after care or adoption services or adoption administration.

The money hereby appropriated is to be available for payment of state aid heretofore accrued or hereafter to accrue to municipalities. Subject to the approval of the director of the budget, such funds shall be available to the office net of disallowances, refunds, reimbursements, and credits; provided, however, that notwithstanding any other provision of law, for a district to receive reimbursement for such services, the amount of funds that the district expends on such services from its flexible fund for family services allocation and any flexible fund for family services funds transferred at the district's request to the title XX social services block grant must, to the extent that families are eligible therefore, be equal to or greater than the district's portion of the $382,322,341 statewide child welfare threshold amount, which shall be established pursuant to a formula developed by the office of temporary and disability assistance and the office of children and family services and approved by the director of the budget.

Notwithstanding any other provision of law, selected social services districts may authorize the office of temporary and disability assistance to intercept a portion of the funds on behalf of the office of children and family services otherwise due to the districts under this appropriation and/or under any other general fund - aid to localities appropriation available to such districts to suballocate to the office of mental health and subsequently for suballocation from the office of mental health to the department of health to use for the 38.9 percent
of the non-federal share of the medical assistance payments for home and community based waiver services provided in accordance with subdivision 9 of section 366 of the social services law as authorized by such selected social services districts which choose to use preventive services funds to support such costs.

Notwithstanding any other provision of law, social services districts may authorize the office of temporary and disability assistance to intercept a portion of the funds on behalf of the office of children and family services otherwise due to the districts under this appropriation and/or under any other general fund - aid to localities appropriation available to such districts to transfer to any miscellaneous special revenue fund available to the office of children and family services to use for the local share of the federal funds available for education and training vouchers provided in accordance with section 477 of title IV-E of the social security act as authorized by such social services districts which choose to use funds to support such costs.

Notwithstanding any inconsistent provision of law, the amount herein appropriated may be transferred to any other appropriation within the office of children and family services and/or the office of temporary and disability assistance and/or suballocated to the office of temporary and disability assistance for the purpose of paying local social services districts' costs of the above program and may be increased or decreased by interchange with any other appropriation or with any other item or items within the amounts appropriated within the office of children and family services general fund - local assistance account with the approval of the director of the budget who shall file such approval with the department of audit and control and copies thereof with the chairman of the senate finance committee and the chairman of the assembly ways and means committee.

authorized by selected social services districts which choose to use
preventive services funds to support such costs and to authorize the
office of temporary and disability assistance to intercept funds
otherwise due to the districts to provide the 38.9 percent local
share of such preventive services expenditures.

Notwithstanding any inconsistent provision of law, including section 1
of part C of chapter 57 of the laws of 2006, as amended by part I of

Notwithstanding any other provision of law, each district's claims submitted under the state block grant for child care will be processed in a manner that maximizes the availability of federal funds and ensures that the district meets its maintenance of effort requirement in each applicable federal fiscal year. Prior to transfer of funds appropriated herein, the commissioner of the office of children and family services shall consult with the commissioner of the office of temporary and disability assistance to determine the availability of such funding and to request that the commissioner of the office of temporary and disability assistance takes necessary steps to notify the department of health and human services of the transfer of funding (52209) ....

governing body and approved by the office of temporary and disabili-
ty assistance, the office of children and family services, and the
director of the budget. Such allocation shall be available for

section 408 (a) (10) of the social security act. Unless otherwise
approved by the commissioner of the office of children and family

eligible child care expenditures in accordance with the applicable
provisions of federal law and regulations relating to federal funds

with applicable state law and regulations of the office of children
and family services. Notwithstanding any other provision of law, any
claims made by a social services district for expenditures made for
child care during a particular federal fiscal year, other than
claims made under title XX of the federal social security act and
under the supplemental nutrition assistance program employment and
