17-210. Assistance for language-minority groups.
17-212. Preclearance.
17-216. Attorney's fees.
17-218. Applicability.
17-220. Severability.

§ 17-200. Legislative purpose and statement of public policy. In recognition of the protections for the right to vote provided by the constitution of the state of New York, which substantially exceed the protections for the right to vote provided by the constitution of the United States, and in conjunction with the constitutional guarantees of equal protection, freedom of expression, and freedom of association under the law and against the denial or abridgement of the voting rights of members of a race, ethnicity, or language-minority group, it is the public policy of the state of New York to:

1. Encourage participation in the elective franchise by all eligible voters to the maximum extent; and
2. Ensure that eligible voters who are members of racial, ethnic, and language-minority groups shall have an equal opportunity to participate in the political processes of the state of New York, and especially to exercise the elective franchise.

§ 17-202. Interpretation of laws related to elective franchise. In further recognition of the protections for the right to vote provided by the constitution of the state of New York, statutes related to the elective franchise shall be construed liberally in favor of protecting the right to cast an effective ballot.

§ 17-204. Definitions. For the purposes of this title:
1. "At-large" method of election means a method of electing members to the governing body of a political subdivision: (a) in which all of the voters of the entire political subdivision elect each of the members to the governing body; (b) in which the candidates are required to reside within given areas of the political subdivision and all of the voters of the entire political subdivision elect each of the members to the governing body; or (c) that combines at-large elections with district-based elections, unless the only member of the governing body of a political subdivision elected at-large holds exclusively executive responsibilities. At-large method of election does not include ranked-choice voting, cumulative voting, and limited voting.
2. "District-based" method of election means a method of electing members to the governing body of a political subdivision using an apportionment plan in which each member of the governing body resides within a district or ward that is a divisible part of the political subdivision and is elected only by voters residing within that district or ward, except for a member of the governing body that holds exclusively executive responsibilities.
3. "Alternative" method of election means a method of electing members to the governing body of a political subdivision using a method other than at-large or district-based, including, but not limited to, ranked-choice voting, cumulative voting, and limited voting.
4. "Political subdivision" means a geographic area of representation created for the provision of government services, including, but not limited to, a county, city, town, village, school district, or any other district organized pursuant to state or local law.
5. "Protected class" means a class of eligible voters who are members of a race, ethnicity, or language-minority group, as referenced and defined in the federal voting rights act.
6. "Racially polarized voting" means voting in which there is a
difference in the candidate or electoral choice preferred by members in
a protected class, and the candidate or electoral choice preferred by
the rest of the electorate. The methodologies for estimating group
voting behavior as approved in applicable federal cases to enforce the
federal voting rights act to establish racially polarized voting may be
used for purposes of this subdivision to prove that elections are char-
acterized by racially polarized voting, but those methodologies shall
not be the exclusive means of proving racially polarized voting.

7. "Federal voting rights act" means the federal Voting Rights Act of

8. The "civil rights bureau" means the civil rights bureau of the
office of the attorney general.

§ 17-206. Rights of action. 1. Right of action against voter
suppression. (a) No voting qualification, prerequisite to voting, law,
ordinance, standard, practice, procedure, regulation, or policy shall be
enacted or implemented by any board of elections or political subdivi-
sion in a manner that results in a denial or abridgement of the right of
any member of a protected class to vote.

(b) A violation is established if, based on the totality of the
circumstances, members of a protected class have less opportunity than
other members of the electorate to participate in the political process
or elect candidates or electoral choices preferred by members of the
protected class.

(c) Circumstances that may be considered include, but are not limited
to, the extent to which members of a protected class have been elected
to office in the state or political subdivision and the extent to which
members of a protected class in the state or political subdivision vote
at lower rates than other members of the electorate.

(d) For political subdivisions where either the primary or general
election is held on a date that is not concurrent with the primary or
general election dates for state, county, or city office as established
in section eight of article three or section eight of article thirteen
of the constitution, and in state law, there shall be a presumption that
the date of election results in the denial or abridgement of the right
to vote where for three consecutive general elections in which there is
at least one contested race for an office, the number of actual voters
in each contested election is less than twenty-five percent of the total
number of votes cast in the most recent general election for the presi-
dency of the United States by voters in the political subdivision, or in
which, for any protected class consisting of at least twenty-five thou-
sand citizens of voting age or whose members comprise at least ten
percent of the citizen voting age population, the percent of members of
that protected class that are actual voters is at least twenty-five
percent lower than the percent of citizens of voting age that are not
members of that protected class that are actual voters.

2. Right of action against vote dilution. (a) A method of election,
including at-large, district-based, or alternative, shall not have the
effect of impairing the ability of members of a protected class to elect
candidates of their choice or influence the outcome of elections, as a
result of the dilution or the abridgment of the rights of members of the
protected class.

(b) A violation of this subdivision shall be:

(i) established if a political subdivision uses an at-large method of
election and it is shown that either: (A) voting patterns of members of
the protected class within the political subdivision are racially polar-
ized; or (B) under the totality of the circumstances, the ability of members of the protected class to elect candidates of their choice or influence the outcome of elections is impaired.

(ii) established if a political subdivision uses a district-based or alternative method of election and it is shown that candidates or electoral choices preferred by members of the protected class would usually be defeated, and either: (A) voting patterns of members of the protected class within the political subdivision are racially polarized; or (B) under the totality of the circumstances, the ability of members of the protected class to elect candidates of their choice or influence the outcome of elections is impaired.

(iii) presumptively established if it is shown that the political subdivision used race, ethnicity, or language-minority group, or another characteristic that serves as a proxy for race, ethnicity, or language-minority group, for the purpose of apportionment. A political subdivision shall only rebut this presumption by showing that race, ethnicity, or language-minority group, or another characteristic that serves as a proxy for race, ethnicity, or language-minority group, was used to the extent necessary to comply with this title, the federal voting rights act, the constitution, or the constitution of the United States.

(c) In assessing whether voting patterns of members of the protected class within the political subdivision are racially polarized or whether candidates or electoral choices preferred by members of the protected class would usually be defeated: (i) elections conducted prior to the filing of an action pursuant to this subdivision are more probative than elections conducted after the filing of the action; (ii) evidence concerning elections for members of the governing body of the political subdivision are more probative than evidence concerning other elections; (iii) statistical evidence is more probative than non-statistical evidence; (iv) where there is evidence that more than one protected class of eligible voters are politically cohesive in the political subdivision, members of each of those protected classes may be combined; (v) evidence concerning the intent on the part of the voters, elected officials, or the political subdivision to discriminate against a protected class is not required; (vi) evidence that voting patterns and election outcomes could be explained by factors other than racially polarized voting, including but not limited to partisanship, shall not be considered; (vii) evidence that sub-groups within a protected class have different voting patterns shall not be considered; (viii) evidence concerning whether members of a protected class are geographically compact or concentrated shall not be considered, but may be a factor in determining an appropriate remedy; and (ix) evidence concerning projected changes in population or demographics shall not be considered, but may be a factor, in determining an appropriate remedy.

(d) In assessing whether, under the totality of the circumstances, the ability of members of the protected class to elect candidates of their choice or influence the outcome of elections is impaired, factors that may be considered shall include, but not be limited to: (i) the history of discrimination in the political subdivision, geographic region, or the state; (ii) the extent to which members of the protected class have been elected to office in the political subdivision; (iii) the use of any voting qualification, prerequisite to voting, law, ordinance, standard, practice, procedure, regulation, or policy that may enhance the dilutive effects of the election scheme; (iv) denial of access of either eligible voters or candidates who are members of the protected class to those processes determining which groups of candidates will receive
access to the ballot, financial support, or other support in a given
election; (v) the extent to which members of the protected class
campaign at lower rates; (vi) the extent to
which members of a protected class in the state or political subdivision
vote at lower rates than other members of the electorate; (vii) the
extent to which members of the protected class are disadvantaged in
areas including but not limited to education, employment, health, crimi-
nal justice, housing, land use, or environmental protection; (viii) the
extent to which members of the protected class are disadvantaged in
other areas which may hinder their ability to participate effectively in
the political process; (ix) the use of overt or subtle racial appeals in
political campaigns; (x) a significant lack of responsiveness on the
part of elected officials to the particularized needs of members of the
protected class; and (xi) whether the political subdivision has a
compelling policy justification for adopting or maintaining the method
of election. No factor is dispositive or necessary to establish the
existence of racially polarized voting. Evidence of these factors
concerning the state, private actors, or other political subdivisions in
the geographic region may be considered but is less probative than
evidence concerning the political subdivision itself.

3. Standing. Any aggrieved person, organization whose membership
includes or is likely to include aggrieved persons, organization whose
mission would be frustrated by a violation of this section, organization
that would expend resources in order to fulfill its mission as a result
of a violation of this section, or the attorney general may file an
action pursuant to this section in the supreme court of the county in
which the political subdivision is located.

4. Remedies. (a) Upon a finding of a violation of any provision of
this section, the court shall implement appropriate remedies that are
tailored to remedy the violation. Remedies may include, but shall not be
limited to:

(i) a district-based method of election;
(ii) an alternative method of election;
(iii) new or revised apportionment plans;
(iv) elimination of staggered elections so that all members of the
governing body are elected on the same date;
(v) increasing the size of the governing body;
(vi) moving the dates of elections to be concurrent with the primary
or general election dates for state, county, or city office as estab-
lished in section eight of article three or section eight of article
thirteen of the constitution;
(vii) additional voting hours or days;
(viii) additional polling locations;
(ix) additional means of voting such as voting by mail;
(x) ordering of special elections;
(xi) requiring expanded opportunities for voter registration;
(xii) requiring additional voter education;
(xiii) modifying the election calendar; or
(xiv) the restoration or addition of persons to registration lists.

(b) The court shall only adopt a remedy that will not diminish the
ability of minority groups to participate in the political process and
elect their preferred candidates to office. The court shall consider
proposed remedies by any parties and interested non-parties, and shall
not provide deference or priority to a proposed remedy because it is
proposed by the political subdivision. This title gives the court
authority to implement remedies notwithstanding any other provision of
state or local law.

5. Procedures for implementing new or revised apportionment plans. The
governing body of a political subdivision with the authority under this
title and all applicable state and local laws to enact and implement a
new method of election that will replace the political subdivision's
at-large method of election with a district-based or alternative method
of election, or enact and implement a new apportionment plan, shall
undertake each of the steps enumerated in this subdivision, if proposed
subsequent to receipt of a NYVRA notification letter, as defined in
subdivision six of this section, or the filing of a claim pursuant to
this title or the federal voting rights act.

(a) Before drawing a draft apportionment plan or plans of the proposed
boundaries of the districts, the political subdivision shall hold at
least two public hearings over a period of no more than thirty days, at
which the public is invited to provide input regarding the composition
of the districts. Before these hearings, the political subdivision may
conduct outreach to the public, including to non-English-speaking commu-
nities, to explain the apportionment process and to encourage public
participation.

(b) After all draft apportionment plans are drawn, the political
subdivision shall publish and make available for release at least one
draft apportionment plan and, if members of the governing body of the
political subdivision will be elected in their districts at different
times to provide for staggered terms of office, the potential sequence
of the elections. The political subdivision shall also hold at least two
additional hearings over a period of no more than forty-five days, at
which the public is invited to provide input regarding the content of
the draft apportionment plan or plans and the proposed sequence of
elections, if applicable. The draft apportionment plan or plans shall
be published at least seven days before consideration at a hearing. If
the draft apportionment plan or plans are revised at or following a
hearing, the revised versions shall be published and made available to
the public for at least seven days before being adopted.

(c) In determining the final sequence of the district elections
conducted in a political subdivision in which members of the governing
body will be elected at different times to provide for staggered terms
of office, the governing body shall give special consideration to the
purposes of this title, and it shall take into account the preferences
expressed by members of the districts.

6. Notification requirement and safe harbor for judicial actions.
Before commencing a judicial action against a political subdivision
under this section, a prospective plaintiff shall send by certified mail
a written notice to the clerk of the political subdivision, or, if the
political subdivision does not have a clerk, the governing body of the
political subdivision, against which the action would be brought,
asserting that the political subdivision may be in violation of this
title. This written notice shall be referred to as a "NYVRA notification
letter" in this title. For actions against a school district or any
other political subdivision that holds elections governed by the educa-
tion law, the prospective plaintiff shall also send by certified mail a
copy of the NYVRA notification letter to the commissioner of education.

(a) A prospective plaintiff shall not commence a judicial action
against a political subdivision under this section within fifty days of
sending to the political subdivision a NYVRA notification letter.
(b) Before receiving a NYVRA notification letter, or within fifty days of mailing of a NYVRA notification letter, the governing body of a political subdivision may pass a resolution affirming: (i) the political subdivision's intention to enact and implement a remedy for a potential violation of this title; (ii) specific steps it will undertake to facilitate approval and implementation of such a remedy; and (iii) a schedule for enacting and implementing such a remedy. Such a resolution shall be referred to as a "NYVRA resolution" in this title. If a political subdivision passes a NYVRA resolution, a prospective plaintiff shall not commence an action to enforce this section against the political subdivision within ninety days of the resolution's passage. For actions against a school district, the commissioner of education may order the enactment of an NYVRA resolution pursuant to the commissioner's authority under section three hundred five of the education law.

(c) If the governing body of a political subdivision lacks the authority under this title or applicable state law or local laws to enact or implement a remedy identified in a NYVRA resolution within ninety days after the passage of the NYVRA resolution, or if the political subdivision is a covered entity as defined under section 17-212 of this title, the governing body of the political subdivision may undertake the steps enumerated in the following provisions upon passage of a NYVRA resolution:

(i) The governing body of the political subdivision may approve a proposed remedy that complies with this title and submit such a proposed remedy to the civil rights bureau. Such a submission shall be referred to as a "NYVRA proposal" in this title.

(ii) Prior to passing a NYVRA proposal, the political subdivision shall hold at least one public hearing, at which the public is invited to provide input regarding the NYVRA proposal. Before this hearing, the political subdivision may conduct outreach to the public, including to non-English-speaking communities, to encourage public participation.

(iii) Within sixty days of receipt of a NYVRA proposal, the civil rights bureau shall either grant or deny approval of the NYVRA proposal.

(iv) The civil rights bureau shall only grant approval to the NYVRA proposal if it concludes that: (A) the political subdivision may be in violation of this title; (B) the NYVRA proposal would remedy any potential violation of this title; (C) the NYVRA proposal is unlikely to violate the constitution or any federal law; (D) the NYVRA proposal will not diminish the ability of minority groups to participate in the political process and to elect their preferred candidates to office; and (E) implementation of the NYVRA proposal is feasible. The civil rights bureau may grant approval to the NYVRA proposal notwithstanding any other provision of state or local law.

(v) If the civil rights bureau grants approval, the NYVRA proposal shall be enacted and implemented immediately, notwithstanding any other provision of state or local law. If the political subdivision is a covered entity as defined under section 17-212 of this title, there shall be no need for the political subdivision to also obtain preclearance for the NYVRA proposal pursuant to such section.

(vi) If the civil rights bureau denies approval, the NYVRA proposal shall not be enacted or implemented. The civil rights bureau may, in its discretion, interpose objections explaining its basis or indicate another NYVRA proposal for which it would grant approval.

(vii) If the civil rights bureau does not respond, the NYVRA proposal shall not be enacted or implemented.
(d) A political subdivision that has passed a NYVRA resolution may enter into an agreement with a prospective plaintiff who sends a NYVRA notification letter providing that such a prospective plaintiff shall not commence an action to enforce this section against the political subdivision for an additional ninety days. This written agreement may be referred to as a "NYVRA extension agreement". The NYVRA extension agreement shall include a requirement that either the political subdivision shall enact and implement a remedy that complies with this title or the political subdivision shall pass a NYVRA proposal and submit it to the civil rights bureau.

(e) If, pursuant to a process commenced by a NYVRA notification letter, a political subdivision enacts or implements a remedy or the civil rights bureau grants approval to a NYVRA proposal, a prospective plaintiff who sent the NYVRA notification letter may, within thirty days of the enactment or implementation of the remedy or approval of the NYVRA proposal, demand reimbursement for the cost of the work product generated to support the NYVRA notification letter. A prospective plaintiff shall make the demand in writing and shall substantiate the demand with financial documentation, such as a detailed invoice for demography services or for the analysis of voting patterns in the political subdivision. A political subdivision may request additional documentation if the provided documentation is insufficient to corroborate the claimed costs. A political subdivision shall reimburse a prospective plaintiff for reasonable costs claimed, or in an amount to which the parties mutually agree, within forty-five days of receiving the written demand, except that if more than one prospective plaintiff is entitled to reimbursement, the political subdivision shall reimburse the prospective plaintiffs in the order in which they sent NYVRA notification letters and the forty-five day time period described herein shall apply only to reimbursement of the first prospective plaintiff who sent a written notice. The cumulative amount of reimbursements to all prospective plaintiffs, except for actions brought by the attorney general, shall not exceed forty-three thousand dollars, as adjusted annually to the consumer price index for all urban consumers, United States city average, as published by the United States department of labor.

(f) Notwithstanding the provisions of this subdivision, if the first day for designating petitions for a political subdivision's next regular election to select members of its governing board has begun or is scheduled to begin within thirty days, or if a political subdivision is scheduled to conduct any election within one hundred twenty days, a plaintiff alleging that the mode of election or apportionment plan in effect for that election will violate this title may commence a judicial action against a political subdivision under this section, provided that the relief sought by such a plaintiff includes preliminary relief for that election. Prior to or concurrent with commencing such a judicial action, any such plaintiff shall also submit a NYVRA notification letter to the political subdivision. If a judicial action commenced under this provision is withdrawn or dismissed for mootness because the political subdivision has enacted or implemented a remedy or the civil rights bureau has granted approval of a NYVRA proposal pursuant to a process commenced by a NYVRA notification letter, any such plaintiff may only demand reimbursement pursuant to this subdivision.

7. Expedited judicial proceedings and preliminary relief. Because of the frequency of elections, the severe consequences and irreparable harm of holding elections under unlawful conditions, and the expenditure to defend potentially unlawful conditions that benefit incumbent officials,
actions brought pursuant to this section shall be subject to expedited
pretrial and trial proceedings and receive an automatic calendar prefer-
ence. In any action alleging a violation of this section in which a
plaintiff party seeks preliminary relief with respect to an upcoming
election, the court shall grant relief if it determines that: (a) plain-
tiffs are more likely than not to succeed on the merits; and (b) it is
possible to implement an appropriate remedy that would resolve the
alleged violation in the upcoming election.
§ 17-208. Maintenance of voting and election data. 1. Establishment
of a statewide database. There shall be established within the state
university of New York a repository of the data necessary to assist the
state and all political subdivisions with evaluating whether and to what
extent existing laws and practices with respect to voting and elections
are consistent with the public policy expressed in this title, imple-
menting best practices in voting and elections to achieve the purposes
of this title, and to investigate potential infringements upon the right
to vote. This repository shall be referred to as the "statewide data-
base" in this title.
2. Director of the statewide database. The operation of the statewide
database shall be the responsibility of the director of the statewide
database, hereinafter referred to in this title as the "director", who
shall be a member of the faculty of the state university of New York
with doctoral-level expertise in demography, statistical analysis, and
electoral systems. The director shall be appointed by the governor.
3. Statewide database staff. The director shall appoint such staff as
are necessary to implement and maintain the statewide database.
4. Data, information, and estimates maintained. The statewide database
shall maintain in electronic format at least the following data and
records for at least the previous twelve year period:
(a) Estimates of the total population, voting age population, and
citizen voting age population by race, ethnicity, and language-minority
group, broken down to the election district level on a year-by-year
basis for every political subdivision in the state, based on data from
the United States census bureau, American community survey, or data of
comparable quality collected by a public office.
(b) Election results at the election district level for every state-
wide election and every election in every political subdivision.
(c) Contemporaneous voter registration lists, voter history files,
election day poll site locations, and early voting site locations, for
every election in every political subdivision.
(d) Contemporaneous maps, descriptions of boundaries, and shapefiles
for election districts.
(e) Election day or early voting poll sites including, but not limited
to, lists of election districts assigned to each polling place, if
applicable.
(f) Apportionment plans for every election in every political subdivi-
sion.
(g) Any other data that the director deems advisable to maintain in
furtherance of the purposes of this title.
5. Public availability of data. Except for any data, information, or
estimates that identifies individual voters, the data, information, and
estimates maintained by the statewide database shall be posted online
and made available to the public at no cost.
6. Data on race, ethnicity, and language-minority groups. The state-
wide database shall prepare any estimates made pursuant to this section
by applying the most advanced, peer-reviewed, and validated methodologies.

7. Calculation and publication of political subdivisions required to provide assistance to language-minority groups. On or before February twenty-eighth, two thousand twenty-one and every third year thereafter, the statewide database shall publish on its web site and transmit to the state board of elections for dissemination to the county boards of elections and for the state education department a list of political subdivisions required pursuant to this section to provide assistance to members of language-minority groups and each language in which those political subdivisions are required to provide assistance. The boards of elections shall transmit the list described herein to all political subdivisions within their jurisdiction.

8. Duty to send data and information to statewide database. Upon the certification of election results and the completion of the voter history file after each election, each election authority shall transmit copies of: (a) election results at the election district level; (b) contemporaneous voter registration lists; (c) voter history files; (d) maps, descriptions, and shapefiles for election districts; and (e) lists of election day poll site and early voting sites and lists, shapefiles, or descriptions of the election districts assigned to each election day poll site or early voting site. As used in this subdivision, the term "election authority" refers to the agency primarily responsible for maintaining the records listed in subdivision four of this section and include any board of election, as well as general purpose local governments or special purpose local governments that administer their own elections or maintain their own voting and election records.

9. Technical assistance to political subdivisions. Staff at the statewide database may provide non-partisan technical assistance to political subdivisions, scholars, and the general public seeking to use the resources of the statewide database.

10. Presumption of validity. The data, information, and estimates maintained by the statewide database shall be granted a rebuttable presumption of validity by any court concerning any claim brought pursuant to this title.

§ 17-210. Assistance for language-minority groups. 1. Political subdivisions required to provide language assistance. A board of elections or a political subdivision that administers elections shall provide language-related assistance in voting and elections to a language-minority group in a political subdivision if the director determines, based on data from the American community survey, or data of comparable quality collected by a public office, that:

(a) more than two percent of the citizens of voting age of a political subdivision are members of a single language-minority group and speak English "less than very well" according to the American community survey;

(b) more than four thousand of the citizens of voting age of such political subdivision are members of a single language-minority group and speak English "less than very well" according to the American community survey; or

(c) in the case of a political subdivision that contains all or any part of a Native American reservation, more than two percent of the Native American citizens of voting age within the Native American reservation are members of a single language-minority group and speak English "less than very well" according to the American community survey. For the purposes of this paragraph, "Native American" is defined to include
any persons recognized by the United States census bureau or New York as "American Indian" or "Alaska Native".

2. Language assistance to be provided. When the director determines that a board of elections or political subdivision shall provide language assistance to a particular minority group, such board of elections or political subdivision shall provide voting materials in the covered language of an equal quality of the corresponding English language materials, including registration or voting notices, forms, instructions, assistance, or other materials or information relating to the electoral process, including ballots. Whenever any such board of elections or political subdivision provides any registration or voting notices, forms, instructions, assistance, or other materials or information relating to the electoral process, including ballots, in a covered political subdivision, it shall provide them in the language of the applicable minority group as well as in the English language, provided that where the language of the applicable minority group is oral or unwritten or in the case of some American Indians, if the predominant language is historically unwritten, the board of elections or political subdivision is only required to furnish oral instructions, assistance, or other information relating to registration and voting.

3. Action for declaratory judgment for English-only voting materials. A board of elections or political subdivision that shall provide language assistance to a particular minority group, which seeks to provide English-only materials notwithstanding the determination of the director, may file an action against the state for a declaratory judgment permitting such provision. The court shall grant the requested relief if it finds that the determination of the director was unreasonable or an abuse of discretion.

§ 17-212. Preclearance. 1. Preclearance. To ensure that the right to vote is not denied or abridged on account of race, ethnicity, or language-minority group, as a result of the enactment or implementation of a covered policy, as defined in subdivision two of this section, after the effective date of this section, the enactment or implementation of a covered policy by a covered entity, as defined in subdivision three of this section, shall be subject to preclearance by the civil rights bureau or by a designated court as set forth in this section.

2. Covered policies. A "covered policy" shall include any new or modified voting qualification, prerequisite to voting, law, ordinance, standard, practice, procedure, regulation, or policy concerning any of the following topics:
   (a) Apportionment;
   (b) Method of election;
   (c) Form of government;
   (d) Annexation of a political subdivision;
   (e) Incorporation of a political subdivision;
   (f) Consolidation or division of political subdivisions;
   (g) Removal of voters from enrollment lists or other list maintenance activities;
   (h) Number, location, or hours of any election day or early voting poll site;
   (i) Dates of elections and the election calendar, except with respect to special elections;
   (j) Registration of voters;
   (k) Assignment of election districts to election day or early voting poll sites;
   (l) Assistance offered to members of a language-minority group;
(m) Changes to the governmental powers of elected officials; and
(n) The civil rights bureau may designate additional topics for inclusion in this list pursuant to a rule promulgated under the state administrative procedure act, if it determines that a new or modified voting qualification, prerequisite to voting, law, ordinance, standard, practice, procedure, regulation, or policy concerning such topics may have the effect of denying or abridging the right to vote on account of race, ethnicity, or language-minority group.

3. Covered entity.
