AN ACT to amend the election law, in relation to establishing the New York Voting Rights Act, establishing rights of action for denying or abridging the right of any member of a protected class to vote, establishing and maintaining a statewide database of voting and election data, providing assistance to language-minority groups, requiring certain political subdivisions to receive preclearance for potential violations of the NYVRA, and creating civil liability for voter intimidation.

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

Section 1. This act shall be known and may be cited as the "New York Voting Rights Act".

§ 2. Sections 17-100 through 17-170 of article 17 of the election law are designated title 1 and a new title heading is added to read as follows:

VIOLATIONS OF THE ELECTIVE FRANCHISE

§ 3. The article heading of article 17 of the election law is amended to read as follows:

VIOLATIONS OF THE ELECTIVE FRANCHISE

§ 4. Article 17 of the election law is amended by adding a new title 2 to read as follows:

TITLE 2

NEW YORK VOTING RIGHTS ACT

Section 17-200. Legislative purpose and statement of public policy.

17-204. Definitions.

17-208. Maintenance of voting and election data.

EXPLANATION--Matter in italics (underscored) is new; matter in brackets [ ] is old law to be omitted.
§ 17-200. Legislative purpose and statement of public policy. In recognition of the protections for the right to vote provided by the constitution of the state of New York, which substantially exceed the protections for the right to vote provided by the constitution of the United States, and in conjunction with the constitutional guarantees of equal protection, freedom of expression, and freedom of association under the law and against the denial or abridgement of the voting rights of members of a race, ethnicity, or language-minority group, it is the public policy of the state of New York to:

1. Encourage participation in the elective franchise by all eligible voters to the maximum extent; and
2. Ensure that eligible voters who are members of racial, ethnic, and language-minority groups shall have an equal opportunity to participate in the political processes of the state of New York, and especially to exercise the elective franchise.

§ 17-202. Interpretation of laws related to elective franchise. In further recognition of the protections for the right to vote provided by the constitution of the state of New York, statutes related to the elective franchise shall be construed liberally in favor of protecting the right to cast an effective ballot.

§ 17-204. Definitions. For the purposes of this title:

1. "At-large" method of election means a method of electing members to the governing body of a political subdivision: (a) in which all of the voters of the entire political subdivision elect each of the members to the governing body; (b) in which the candidates are required to reside within given areas of the political subdivision and all of the voters of the entire political subdivision elect each of the members to the governing body; or (c) that combines at-large elections with district-based elections, unless the only member of the governing body of a political subdivision elected at-large holds exclusively executive responsibilities. At-large method of election does not include ranked-choice voting, cumulative voting, and limited voting.

2. "District-based" method of election means a method of electing members to the governing body of a political subdivision using an apportionment plan in which each member of the governing body resides within a district or ward that is a divisible part of the political subdivision and is elected only by voters residing within that district or ward, except for a member of the governing body that holds exclusively executive responsibilities.

3. "Alternative" method of election means a method of electing members to the governing body of a political subdivision using a method other than at-large or district-based, including, but not limited to, ranked-choice voting, cumulative voting, and limited voting.

4. "Political subdivision" means a geographic area of representation created for the provision of government services, including, but not limited to, a county, city, town, village, school district, or any other district organized pursuant to state or local law.

5. "Protected class" means a class of eligible voters who are members of a race, ethnicity, or language-minority group, as referenced and defined in the federal voting rights act.
6. "Racially polarized voting" means voting in which there is a difference in the candidate or electoral choice preferred by members in a protected class, and the candidate or electoral choice preferred by the rest of the electorate. The methodologies for estimating group voting behavior as approved in applicable federal cases to enforce the federal voting rights act to establish racially polarized voting may be used for purposes of this subdivision to prove that elections are characterized by racially polarized voting, but those methodologies shall not be the exclusive means of proving racially polarized voting.

8. The "civil rights bureau" means the civil rights bureau of the office of the attorney general.

§ 17-206. Rights of action. 1. Right of action against voter suppression. (a) No voting qualification, prerequisite to voting, law, ordinance, standard, practice, procedure, regulation, or policy shall be enacted or implemented by any board of elections or political subdivision in a manner that results in a denial or abridgement of the right of any member of a protected class to vote.

(b) A violation is established if, based on the totality of the circumstances, members of a protected class have less opportunity than other members of the electorate to participate in the political process or elect candidates or electoral choices preferred by members of the protected class.

(c) Circumstances that may be considered include, but are not limited to, the extent to which members of a protected class have been elected to office in the state or political subdivision and the extent to which members of a protected class in the state or political subdivision vote at lower rates than other members of the electorate.

(d) For political subdivisions where either the primary or general election is held on a date that is not concurrent with the primary or general election dates for state, county, or city office as established in section eight of article three or section eight of article thirteen of the constitution, and in state law, there shall be a presumption that the date of election results in the denial or abridgement of the right to vote where for three consecutive general elections in which there is at least one contested race for an office, the number of actual voters in each contested election is less than twenty-five percent of the total number of votes cast in the most recent general election for the presidency of the United States by voters in the political subdivision, or in which, for any protected class consisting of at least twenty-five thousand citizens of voting age or whose members comprise at least ten percent of the citizen voting age population, the percent of members of that protected class that are actual voters is at least twenty-five percent lower than the percent of citizens of voting age that are not members of that protected class that are actual voters.

2. Right of action against vote dilution. (a) A method of election, including at-large, district-based, or alternative, shall not have the effect of impairing the ability of members of a protected class to elect candidates of their choice or influence the outcome of elections, as a result of the dilution or the abridgment of the rights of members of the protected class.

(b) A violation of this subdivision shall be:

(i) established if a political subdivision uses an at-large method of election and it is shown that either: (A) voting patterns of members of the protected class within the political subdivision are racially polar-
ized; or (B) under the totality of the circumstances, the ability of
members of the protected class to elect candidates of their choice or
influence the outcome of elections is impaired.

(ii) established if a political subdivision uses a district-based or
alternative method of election and it is shown that candidates or elec-
toral choices preferred by members of the protected class would usually
be defeated, and either: (A) voting patterns of members of the protected
class within the political subdivision are racially polarized; or (B)
under the totality of the circumstances, the ability of members of the
protected class to elect candidates of their choice or influence the
outcome of elections is impaired.

(iii) presumptively established if it is shown that the political
subdivision used race, ethnicity, or language-minority group, or another
characteristic that serves as a proxy for race, ethnicity, or language-
minority group, for the purpose of apportionment. A political subdivi-
sion shall only rebut this presumption by showing that race, ethnicity,
or language-minority group, or another characteristic that serves as a
proxy for race, ethnicity, or language-minority group, was used to the
extent necessary to comply with this title, the federal voting rights
act, the constitution, or the constitution of the United States.

(c) In assessing whether voting patterns of members of the protected
class within the political subdivision are racially polarized or whether
candidates or electoral choices preferred by members of the protected
class would usually be defeated: (i) elections conducted prior to the
filing of an action pursuant to this subdivision are more probative than
elections conducted after the filing of the action; (ii) evidence
concerning elections for members of the governing body of the political
subdivision are more probative than evidence concerning other elections;
(iii) statistical evidence is more probative than non-statistical
evidence; (iv) where there is evidence that more than one protected
class of eligible voters are politically cohesive in the political
subdivision, members of each of those protected classes may be combined;
(v) evidence concerning the intent on the part of the voters, elected
officials, or the political subdivision to discriminate against a
protected class is not required; (vi) evidence that voting patterns and
election outcomes could be explained by factors other than racially
polarized voting, including but not limited to partisanship, shall not
be considered; (vii) evidence that sub-groups within a protected class
have different voting patterns shall not be considered; (viii) evidence
containing whether members of a protected class are geographically
compact or concentrated shall not be considered, but may be a factor in
determining an appropriate remedy; and (ix) evidence concerning project-
ed changes in population or demographics shall not be considered, but
may be a factor, in determining an appropriate remedy.

(d) In assessing whether, under the totality of the circumstances, the
ability of members of the protected class to elect candidates of their
choice or influence the outcome of elections is impaired, factors that
may be considered shall include, but not be limited to: (i) the history
of discrimination in the political subdivision, geographic region, or
the state; (ii) the extent to which members of the protected class have
been elected to office in the political subdivision; (iii) the use of
any voting qualification, prerequisite to voting, law, ordinance, stand-
ard, practice, procedure, regulation, or policy that may enhance the
dilutive effects of the election scheme; (iv) denial of access of either
eligible voters or candidates who are members of the protected class to
those processes determining which groups of candidates will receive
access to the ballot, financial support, or other support in a given
1 election; (v) the extent to which members of the protected class
2 contribute to political campaigns at lower rates; (vi) the extent to
3 which members of a protected class in the state or political subdivision
4 vote at lower rates than other members of the electorate; (vii) the
5 extent to which members of the protected class are disadvantaged in
6 areas including but not limited to education, employment, health, crimi-
7 nal justice, housing, land use, or environmental protection; (viii) the
8 extent to which members of the protected class are disadvantaged in
9 other areas which may hinder their ability to participate effectively in
10 the political process; (ix) the use of overt or subtle racial appeals in
11 political campaigns; (x) a significant lack of responsiveness on the
12 part of elected officials to the particularized needs of members of the
13 protected class; and (xi) whether the political subdivision has a
14 compelling policy justification for adopting or maintaining the method
15 of election. No factor is dispositive or necessary to establish the
16 existence of racially polarized voting. Evidence of these factors
17 concerning the state, private actors, or other political subdivisions in
18 the geographic region may be considered but is less probative than
19 evidence concerning the political subdivision itself.

3. Standing. Any aggrieved person, organization whose membership
20 includes or is likely to include aggrieved persons, organization whose
21 mission would be frustrated by a violation of this section, organization
22 that would expend resources in order to fulfill its mission as a result
23 of a violation of this section, or the attorney general may file an
24 action pursuant to this section in the supreme court of the county in
25 which the political subdivision is located.

4. Remedies. (a) Upon a finding of a violation of any provision of
26 this section, the court shall implement appropriate remedies that are
27 tailored to remedy the violation. Remedies may include, but shall not be
28 limited to:
29   (i) a district-based method of election;
30   (ii) an alternative method of election;
31   (iii) new or revised apportionment plans;
32   (iv) elimination of staggered elections so that all members of the
33       governing body are elected on the same date;
34   (v) increasing the size of the governing body;
35   (vi) moving the dates of elections to be concurrent with the primary
36       or general election dates for state, county, or city office as estab-
37       lished in section eight of article three or section eight of article
38       thirteen of the constitution;
39   (vii) additional voting hours or days;
40   (viii) additional polling locations;
41   (ix) additional means of voting such as voting by mail;
42   (x) ordering of special elections;
43   (xi) requiring expanded opportunities for voter registration;
44   (xii) requiring additional voter education;
45   (xiii) modifying the election calendar; or
46   (xiv) the restoration or addition of persons to registration lists.
47 (b) The court shall only adopt a remedy that will not diminish the
48   ability of minority groups to participate in the political process and
49   to elect their preferred candidates to office. The court shall consider
50   proposed remedies by any parties and interested non-parties, and shall
51   not provide deference or priority to a proposed remedy because it is
52   proposed by the political subdivision. This title gives the court
authority to implement remedies notwithstanding any other provision of state or local law.

5. Procedures for implementing new or revised apportionment plans. The governing body of a political subdivision with the authority under this title and all applicable state and local laws to enact and implement a new method of election that will replace the political subdivision’s at-large method of election with a district-based or alternative method of election, or enact and implement a new apportionment plan, shall undertake each of the steps enumerated in this subdivision, if proposed subsequent to receipt of a NYVRA notification letter, as defined in subdivision six of this section, or the filing of a claim pursuant to this title or the federal voting rights act.

(a) Before drawing a draft apportionment plan or plans of the proposed boundaries of the districts, the political subdivision shall hold at least two public hearings over a period of no more than thirty days, at which the public is invited to provide input regarding the composition of the districts. Before these hearings, the political subdivision may conduct outreach to the public, including to non-English-speaking communities, to explain the apportionment process and to encourage public participation.

(b) After all draft apportionment plans are drawn, the political subdivision shall publish and make available for release at least one draft apportionment plan and, if members of the governing body of the political subdivision will be elected in their districts at different times to provide for staggered terms of office, the potential sequence of the elections. The political subdivision shall also hold at least two additional hearings over a period of no more than forty-five days, at which the public is invited to provide input regarding the content of the draft apportionment plan or plans and the proposed sequence of elections, if applicable. The draft apportionment plan or plans shall be published at least seven days before consideration at a hearing. If the draft apportionment plan or plans are revised at or following a hearing, the revised versions shall be published and made available to the public for at least seven days before being adopted.

(c) In determining the final sequence of the district elections conducted in a political subdivision in which members of the governing body will be elected at different times to provide for staggered terms of office, the governing body shall give special consideration to the purposes of this title, and it shall take into account the preferences expressed by members of the districts.

6. Notification requirement and safe harbor for judicial actions. Before commencing a judicial action against a political subdivision under this section, a prospective plaintiff shall send by certified mail a written notice to the clerk of the political subdivision, or, if the political subdivision does not have a clerk, the governing body of the political subdivision, against which the action would be brought, asserting that the political subdivision may be in violation of this title. This written notice shall be referred to as a "NYVRA notification letter" in this title. For actions against a school district or any other political subdivision that holds elections governed by the education law, the prospective plaintiff shall also send by certified mail a copy of the NYVRA notification letter to the commissioner of education.

(a) A prospective plaintiff shall not commence a judicial action against a political subdivision under this section within fifty days of sending to the political subdivision a NYVRA notification letter.
(b) Before receiving a NYVRA notification letter, or within fifty days of mailing of a NYVRA notification letter, the governing body of a political subdivision may pass a resolution affirming: (i) the political subdivision’s intention to enact and implement a remedy for a potential violation of this title; (ii) specific steps it will undertake to facilitate approval and implementation of such a remedy; and (iii) a schedule for enacting and implementing such a remedy. Such a resolution shall be referred to as a "NYVRA resolution" in this title. If a political subdivision passes a NYVRA resolution, a prospective plaintiff shall not commence an action to enforce this section against the political subdivision within ninety days of the resolution's passage. For actions against a school district, the commissioner of education may order the enactment of an NYVRA resolution pursuant to the commissioner's authority under section three hundred five of the education law.

c) If the governing body of a political subdivision lacks the authority under this title or applicable state law or local laws to enact or implement a remedy identified in a NYVRA resolution within ninety days after the passage of the NYVRA resolution, or if the political subdivision is a covered entity as defined under section 17-212 of this title, the governing body of the political subdivision may undertake the steps enumerated in the following provisions upon passage of a NYVRA resolution:

(i) The governing body of the political subdivision may approve a proposed remedy that complies with this title and submit such a proposed remedy to the civil rights bureau. Such a submission shall be referred to as a "NYVRA proposal" in this title.

(ii) Prior to passing a NYVRA proposal, the political subdivision shall hold at least one public hearing, at which the public is invited to provide input regarding the NYVRA proposal. Before this hearing, the political subdivision may conduct outreach to the public, including to non-English-speaking communities, to encourage public participation.

(iii) Within sixty days of receipt of a NYVRA proposal, the civil rights bureau shall either grant or deny approval of the NYVRA proposal.

(iv) The civil rights bureau shall only grant approval to the NYVRA proposal if it concludes that: (A) the political subdivision may be in violation of this title; (B) the NYVRA proposal would remedy any potential violation of this title; (C) the NYVRA proposal is unlikely to violate the constitution or any federal law; (D) the NYVRA proposal will not diminish the ability of minority groups to participate in the political process and to elect their preferred candidates to office; and (E) implementation of the NYVRA proposal is feasible. The civil rights bureau may grant approval to the NYVRA proposal notwithstanding any other provision of state or local law.

(v) If the civil rights bureau grants approval, the NYVRA proposal shall be enacted and implemented immediately, notwithstanding any other provision of state or local law. If the political subdivision is a covered entity as defined under section 17-212 of this title, there shall be no need for the political subdivision to also obtain preclearance for the NYVRA proposal pursuant to such section.

(vi) If the civil rights bureau denies approval, the NYVRA proposal shall not be enacted or implemented. The civil rights bureau may, in its discretion, interpose objections explaining its basis or indicate another NYVRA proposal for which it would grant approval.

(vii) If the civil rights bureau does not respond, the NYVRA proposal shall not be enacted or implemented.
(d) A political subdivision that has passed a NYVRA resolution may enter into an agreement with a prospective plaintiff who sends a NYVRA notification letter providing that such a prospective plaintiff shall not commence an action to enforce this section against the political subdivision for an additional ninety days. This written agreement may be referred to as a "NYVRA extension agreement". The NYVRA extension agreement shall include a requirement that either the political subdivision shall enact and implement a remedy that complies with this title or the political subdivision shall pass a NYVRA proposal and submit it to the civil rights bureau.

(e) If, pursuant to a process commenced by a NYVRA notification letter, a political subdivision enacts or implements a remedy or the civil rights bureau grants approval to a NYVRA proposal, a prospective plaintiff who sent the NYVRA notification letter may, within thirty days of the enactment or implementation of the remedy or approval of the NYVRA proposal, demand reimbursement for the cost of the work product generated to support the NYVRA notification letter. A prospective plaintiff shall make the demand in writing and shall substantiate the demand with financial documentation, such as a detailed invoice for demography services or for the analysis of voting patterns in the political subdivision. A political subdivision may request additional documentation if the provided documentation is insufficient to corroborate the claimed costs. A political subdivision shall reimburse a prospective plaintiff for reasonable costs claimed, or in an amount to which the parties mutually agree, within forty-five days of receiving the written demand, except that if more than one prospective plaintiff is entitled to reimbursement, the political subdivision shall reimburse the prospective plaintiffs in the order in which they sent NYVRA notification letters and the forty-five day time period described herein shall apply only to reimbursement of the first prospective plaintiff who sent a written notice. The cumulative amount of reimbursements to all prospective plaintiffs, except for actions brought by the attorney general, shall not exceed forty-three thousand dollars, as adjusted annually to the consumer price index for all urban consumers, United States city average, as published by the United States department of labor.

(f) Notwithstanding the provisions of this subdivision, if the first day for designating petitions for a political subdivision's next regular election to select members of its governing board has begun or is scheduled to begin within thirty days, or if a political subdivision is scheduled to conduct any election within one hundred twenty days, a plaintiff alleging that the mode of election or apportionment plan in effect for that election will violate this title may commence a judicial action against a political subdivision under this section, provided that the relief sought by such a plaintiff includes preliminary relief for that election. Prior to or concurrent with commencing such a judicial action, any such plaintiff shall also submit a NYVRA notification letter to the political subdivision. If a judicial action commenced under this provision is withdrawn or dismissed for mootness because the political subdivision has enacted or implemented a remedy or the civil rights bureau has granted approval of a NYVRA proposal pursuant to a process commenced by a NYVRA notification letter, any such plaintiff may only demand reimbursement pursuant to this subdivision.

7. Expedited judicial proceedings and preliminary relief. Because of the frequency of elections, the severe consequences and irreparable harm of holding elections under unlawful conditions, and the expenditure to defend potentially unlawful conditions that benefit incumbent officials,
actions brought pursuant to this section shall be subject to expedited
pretrial and trial proceedings and receive an automatic calendar prefer-
ence. In any action alleging a violation of this section in which a
plaintiff party seeks preliminary relief with respect to an upcoming
election, the court shall grant relief if it determines that: (a) plain-
tiffs are more likely than not to succeed on the merits; and (b) it is
possible to implement an appropriate remedy that would resolve the
alleged violation in the upcoming election.

§ 17-208. Maintenance of voting and election data. 1. Establishment
of a statewide database. There shall be established within the state
university of New York a repository of the data necessary to assist the
state and all political subdivisions with evaluating whether and to what
extent existing laws and practices with respect to voting and elections
are consistent with the public policy expressed in this title, imple-
menting best practices in voting and elections to achieve the purposes
of this title, and to investigate potential infringements upon the right
to vote. This repository shall be referred to as the "statewide data-
base" in this title.

2. Director of the statewide database. The operation of the statewide
database shall be the responsibility of the director of the statewide
database, hereinafter referred to in this title as the "director", who
shall be a member of the faculty of the state university of New York
with doctoral-level expertise in demography, statistical analysis, and
electoral systems. The director shall be appointed by the governor.

3. Statewide database staff. The director shall appoint such staff as
are necessary to implement and maintain the statewide database.

4. Data, information, and estimates maintained. The statewide database
shall maintain in electronic format at least the following data and
records for at least the previous twelve year period:

(a) Estimates of the total population, voting age population, and
citizen voting age population by race, ethnicity, and language-minority
group, broken down to the election district level on a year-by-year
basis for every political subdivision in the state, based on data from
the United States census bureau, American community survey, or data of
comparable quality collected by a public office.

(b) Election results at the election district level for every state-
wide election and every election in every political subdivision.

(c) Contemporaneous voter registration lists, voter history files,
election day poll site locations, and early voting site locations, for
every election in every political subdivision.

(d) Contemporaneous maps, descriptions of boundaries, and shapefiles
for election districts.

(e) Election day or early voting poll sites including, but not limited
to, lists of election districts assigned to each polling place, if
applicable.

(f) Apportionment plans for every election in every political subdivi-
sion.

(g) Any other data that the director deems advisable to maintain in
furtherance of the purposes of this title.

5. Public availability of data. Except for any data, information, or
estimates that identifies individual voters, the data, information, and
estimates maintained by the statewide database shall be posted online
and made available to the public at no cost.

6. Data on race, ethnicity, and language-minority groups. The state-
wide database shall prepare any estimates made pursuant to this section
by applying the most advanced, peer-reviewed, and validated methodologies.

7. Calculation and publication of political subdivisions required to provide assistance to language-minority groups. On or before February twenty-eighth, two thousand twenty-one and every third year thereafter, the statewide database shall publish on its website and transmit to the state board of elections for dissemination to the county boards of elections and for the state education department a list of political subdivisions required pursuant to this section to provide assistance to members of language-minority groups and each language in which those political subdivisions are required to provide assistance. The boards of elections shall transmit the list described herein to all political subdivisions within their jurisdiction.

8. Duty to send data and information to statewide database. Upon the certification of election results and the completion of the voter history file after each election, each election authority shall transmit copies of: (a) election results at the election district level; (b) contemporaneous voter registration lists; (c) voter history files; (d) maps, descriptions, and shapefiles for election districts; and (e) lists of election day poll site and early voting sites and lists, shapefiles, or descriptions of the election districts assigned to each election day poll site or early voting site. As used in this subdivision, the term "election authority" refers to the agency primarily responsible for maintaining the records listed in subdivision four of this section and include any board of election, as well as general purpose local governments or special purpose local governments that administer their own elections or maintain their own voting and election records.

9. Technical assistance to political subdivisions. Staff at the statewide database may provide non-partisan technical assistance to political subdivisions, scholars, and the general public seeking to use the resources of the statewide database.

10. Presumption of validity. The data, information, and estimates maintained by the statewide database shall be granted a rebuttable presumption of validity by any court concerning any claim brought pursuant to this title.

§ 17-210. Assistance for language-minority groups. 1. Political subdivisions required to provide language assistance. A board of elections or a political subdivision that administers elections shall provide language-related assistance in voting and elections to a language-minority group in a political subdivision if the director determines, based on data from the American community survey, or data of comparable quality collected by a public office, that:

(a) more than two percent of the citizens of voting age of a political subdivision are members of a single language-minority group and speak English "less than very well" according to the American community survey;

(b) more than four thousand of the citizens of voting age of such political subdivision are members of a single language-minority group and speak English "less than very well" according to the American community survey; or

(c) in the case of a political subdivision that contains all or any part of a Native American reservation, more than two percent of the Native American citizens of voting age within the Native American reservation are members of a single language-minority group and speak English "less than very well" according to the American community survey. For the purposes of this paragraph, "Native American" is defined to include
any persons recognized by the United States census bureau or New York as
"American Indian" or "Alaska Native".

2. Language assistance to be provided. When the director determines
that a board of elections or political subdivision shall provide
language assistance to a particular minority group, such board of
elections or political subdivision shall provide voting materials in the
covered language of an equal quality of the corresponding English
language materials, including registration or voting notices, forms,
instructions, assistance, or other materials or information relating to
the electoral process, including ballots. Whenever any such board of
elections or political subdivision provides any registration or voting
notices, forms, instructions, assistance, or other materials or informa-
tion relating to the electoral process, including ballots, in a covered
political subdivision, it shall provide them in the language of the
applicable minority group as well as in the English language, provided
that where the language of the applicable minority group is oral or
unwritten or in the case of some American Indians, if the predominant
language is historically unwritten, the board of elections or political
subdivision is only required to furnish oral instructions, assistance,
or other information relating to registration and voting.

3. Action for declaratory judgment for English-only voting materials.
A board of elections or political subdivision that shall provide
language assistance to a particular minority group, which seeks to
provide English-only materials notwithstanding the determination of the
director, may file an action against the state for a declaratory judg-
ment permitting such provision. The court shall grant the requested
relief if it finds that the determination of the director was unreason-
able or an abuse of discretion.

§ 17-212. Preclearance. 1. Preclearance. To ensure that the right to
vote is not denied or abridged on account of race, ethnicity, or
language-minority group, as a result of the enactment or implementation
of a covered policy, as defined in subdivision two of this section,
after the effective date of this section, the enactment or implementa-
tion of a covered policy by a covered entity, as defined in subdivision
three of this section, shall be subject to preclearance by the civil
rights bureau or by a designated court as set forth in this section.

2. Covered policies. A "covered policy" shall include any new or modi-
fied voting qualification, prerequisite to voting, law, ordinance, stan-
ard, practice, procedure, regulation, or policy concerning any of the
following topics:
(a) Apportionment;
(b) Method of election;
(c) Form of government;
(d) Annexation of a political subdivision;
(e) Incorporation of a political subdivision;
(f) Consolidation or division of political subdivisions;
(g) Removal of voters from enrollment lists or other list maintenance
activities;
(h) Number, location, or hours of any election day or early voting
poll site;
(i) Dates of elections and the election calendar, except with respect
to special elections;
(j) Registration of voters;
(k) Assignment of election districts to election day or early voting
poll sites;
(l) Assistance offered to members of a language-minority group;
(m) Changes to the governmental powers of elected officials; and

(n) The civil rights bureau may designate additional topics for inclusion in this list pursuant to a rule promulgated under the state administrative procedure act, if it determines that a new or modified voting qualification, prerequisite to voting, law, ordinance, standard, practice, procedure, regulation, or policy concerning such topics may have the effect of denying or abridging the right to vote on account of race, ethnicity, or language-minority group.

3. Covered entity. A "covered entity" shall include: (a) any political subdivision which, within the previous twenty-five years, has become subject to a court order or government enforcement action based upon a finding of any violation of this title, the federal voting rights act, the fifteenth amendment to the United States constitution, or a voting-related violation of the fourteenth amendment to the United States constitution; (b) any political subdivision which, within the previous five years, has failed to comply with its obligations to provide data or information to the statewide database, as stated in section 17-208 of this title; (c) any political subdivision which, within the previous twenty-five years, has become subject to at least three court orders or government enforcement actions based upon a finding of any violation of any state or federal civil rights law or the fourteenth amendment to the United States constitution concerning discrimination against members of a protected class; (d) any county in which, based on data provided by the division of criminal justice services, the combined misdemeanor and felony arrest rate of members of any protected class consisting of at least ten thousand citizens of voting age or whose members comprise at least ten percent of the citizen voting age population of the county, exceeds that of the citizen voting age population of the county as a whole by at least twenty percent at any point within the previous ten years; or (e) any political subdivision in which, based on data made available by the United States census, the dissimilarity index of any protected class consisting of at least twenty-five thousand citizens of voting age or whose members comprise at least ten percent of the citizen voting age population of the political subdivision, is in excess of fifty with respect to non-Hispanic white citizens of voting age within the political subdivision at any point within the previous ten years. If any covered entity is a political subdivision in which a board of elections has been established, that board of elections shall also be deemed a covered entity. If any political subdivision in which a board of elections has been established contains a covered entity fully within its borders, that political subdivision and that board of elections shall both be deemed a covered entity.

4. Preclearance by civil rights bureau. A covered entity may obtain preclearance for a covered policy from the civil rights bureau pursuant to the following process:

(a) The covered entity shall submit the covered policy in writing to the civil rights bureau of the office of the attorney general. If the covered entity is a county or city board of elections, it shall contemporaneously provide a copy of the covered policy to the state board of elections.

(b) The civil rights bureau shall grant or deny preclearance within the following time periods:

(i) For any covered policy concerning the designation of poll sites or the assignment of election districts to poll sites, whether for election day or early voting, the civil rights bureau shall grant or deny preclearance within thirty days following the receipt of submission. If
the civil rights bureau grants preclearance, it may, in its discretion,
designate preclearance as "preliminary" in which case the civil rights
bureau may deny preclearance within sixty days following the receipt of
submission of the covered policy.
(ii) For any other covered policy, the civil rights bureau shall grant
or deny preclearance within sixty days following the receipt of
submission of the covered policy.
(iii) For any covered policy concerning the establishment of a
district-based or alternative method of election, apportionment plans,
or a change to the form of government of a political subdivision, the
civil rights bureau may invoke up to two extensions of ninety days.
(c) The civil rights bureau shall grant preclearance only if it deter-
mines that the covered policy will not diminish the ability of minority
groups to participate in the political process and to elect their
preferred candidates to office. If the civil rights bureau grants
preclearance, the covered entity may enact or implement the covered
policy immediately.
(d) If the civil rights bureau denies preclearance, the civil rights
bureau shall interpose objections explaining its basis and the covered
policy shall not be enacted or implemented.
(e) If the civil rights bureau fails to respond within the time for
response as established in this section, the covered policy shall be
deemed precleared and the covered entity may enact or implement the
covered policy.
(f) Appeal of any denial by the civil rights bureau may be heard in
the supreme court for the county of New York, from which appeal may be
taken according to the ordinary rules of appellate procedure. Due to the
frequency and urgency of elections, actions brought pursuant to this
section shall be subject to expedited pretrial and trial proceedings and
receive an automatic calendar preference on appeal.

board of elections, it shall contemporaneously provide a copy of the
covered policy to the state board of elections.

covered policy to the civil rights bureau. The failure of the covered
entity to provide a copy of the covered policy to the civil rights
bureau will result in an automatic denial of preclearance.
(c) The court shall grant or deny preclearance within sixty days
following the receipt of submission of the covered policy.
(d) The court shall grant preclearance only if it determines that the
covered policy will not diminish the ability of minority groups to
participate in the political process and to elect their preferred candi-
dates to office. If the court grants preclearance, the covered entity
may enact or implement the covered policy immediately.
(e) If the court denies preclearance, or fails to respond within sixty days, the covered policy shall not be enacted or implemented.

(f) Appeal of any denial may be taken according to the ordinary rules of appellate procedure. Due to the frequency and urgency of elections, actions brought pursuant to this section shall be subject to expedited pretrial and trial proceedings and receive an automatic calendar preference on appeal.
