46 impact and amelioration (CRIA) statement that has been approved by the  
47 commissioner or other government entity initiating the street closure  
48 which shall be delivered to both the community board and the council  
49 member, senator, and member of assembly in whose district the street is  
50 located on or before the two hundred tenth day of the closure. Such CRIA  
51 statement shall contain the following: the objectives of the closure and  
52 the reasons why the continued street closure is necessary to attain  
53 those objectives, which in the case of a closure initiated by a local  
54 law enforcement agency for security reasons shall be satisfied by a  
55 statement from the local law enforcement agency that the street has been  
56 closed and will remain closed for security reasons; identification of

23 of a closure for which a permit issued by the department is required,  
24 shall hold at least one public forum, publicized in advance, in any  
25 affected community at which the community may register its input

27 ing but not limited to concerns regarding timeliness of emergency vehi-  
28 cle response and traffic congestion resulting in a potential increase in  
29 noise and any other adverse conditions caused by the closure. In the  
30 case of a street closure effectuated for security reasons by a local law  
31 enforcement agency, such law enforcement agency shall hold the public  
32 forum provided herein. Following the public forum(s), the council
