A taxpayer subject to tax under article nine-A, twenty-two, or thirty-three of the tax law which owns an interest in one or more potential eligible buildings, or a transferee of such a taxpayer as described in subdivision six of this section, shall be allowed a credit against such tax for the amount of credit allocated by the commissioner to each such potential eligible building. Except as provided in subdivision two of this section, the credit amount so allocated shall be allowed as a credit against the tax for the ten taxable years in the credit period beginning in and after tax year two thousand twenty-four.

2. Amount of credit. (a) Except as provided in subdivisions three and four of this section, the amount of credit shall be the difference between the cumulative amount of rents owed on a monthly basis pursuant to the leases covering each occupied dwelling unit minus the tenant’s rental obligation, for those months during the state of emergency.
Credits shall be reduced by any amount of rent payments made by a tenant above their rental obligation under this article.

(b) Notwithstanding paragraph (a) of this subdivision, if a lease has as its rent an amount that exceeds two hundred fifty percent of fair market rent for the rental area, the collectible rent for the dwelling unit subject to the lease shall be deemed to be two hundred fifty percent of the fair market rent for the rental area.

(c) (i) The commissioner shall receive applications for credit. The application for credit by the owner or owners of the rental property shall include the amount of the credit requested, which shall be based upon the cumulative monthly rent owed by tenants pursuant to the leases covering each occupied dwelling during each month of the state of emergency, and the actual monthly rent collected during each respective month of the state of emergency, to be allocated by the commissioner to the potential eligible building. The application shall also include the tenant’s name and mailing address for each unit for which credit is sought. The applicant has the burden of providing sufficient proof to the commissioner for review and determination. The application shall contain sufficient information to identify each such building and the taxpayer or taxpayers with respect to each such building, and such other information as the commissioner, in consultation with the commissioner of taxation and finance, shall prescribe. The commissioner shall develop procedures for verifying the tenant's income and determining the tenant’s rental obligation for the tax credit benefit period.

(ii) While the application is pending, the applicant may not commence a proceeding to recover possession of the property for the non-payment of rent which is the subject of the application.

(iii) Subject to the availability of credits, the amount of the credit available to the potential eligible building shall be the actual difference between the monthly lease amounts for occupied units minus the tenant’s rental obligation and the actual amount of monthly rent collected, as determined by the commissioner. Upon approval of the credit to an owner, the owner shall release the occupants of the unit or building from any liability for the non-payment of rent that is the subject of the credit.

(iv) Owners shall not be eligible for credit (1) if such owner has received property tax relief, rental voucher assistance, or any other federal, state or locally funded benefit intended to pay, abate or compensate the owner for eligible unpaid rent, (2) if the owner has commenced a proceeding to recover possession of the property for the non-payment of rent which is the subject of the application, or (3) another owner, co-owner or applicant has applied for tax credits for the unpaid rent of the same units.

3. Tenant rental obligation. (a) The monthly rental obligation of each tenant for which credit is sought shall be thirty percent of the monthly adjusted income of such tenant.

(b) If a tenant shares a dwelling or manufactured home with one or more individuals who are not part of their family or household, the monthly rental obligation of the tenant shall be calculated using the portion of the tenant's rent for which they are responsible rather than the entire rent for the shared dwelling unit or manufactured home.

(c) Each family shall identify the individuals to be included in the family at the time of application, and shall update such information if the family's composition changes.

4. Verification of income and assets. (a) The commissioner shall establish procedures that are appropriate and necessary to assure that
data regarding income, and assets to the extent necessary to determine eligibility, provided by tenants under this article is complete and accurate. Acceptable methods of verification shall include, but are not limited to, paycheck stubs, earning statements, tax records, W-2 forms, written statements from a former or current employer, telephone or in-person contact with a former or current employer, notarized statements or affidavits signed by the applicant, or other methods approved by the commissioner.

5. Statewide limitation. (a) The aggregate dollar amount of credit which the commissioner may allocate to eligible buildings under this article shall be one billion dollars.

(b) An eligible building shall be limited to a credit amount equal to the difference between the cumulative monthly rent amount pursuant to the leases in effect on March first, two thousand twenty minus the tenant's rental obligation and the actual monthly rent amount collected for the months during the state of emergency. The taxpayer shall prove, to the satisfaction of the commissioner, the amount of rent due.

(c) The amount of the tax credit payment with respect to any dwelling unit or manufactured home tenant shall be the difference between the monthly contractual or statutory rent the owner is to receive for the unit or home and thirty percent of the tenant's monthly adjusted income.

(d) Notwithstanding paragraph (b) of this subdivision, the maximum monthly tax credit for each tenant shall be the difference between the rental obligation established in this section and two hundred fifty percent of the fair market rent for the rental area.

6. Building Prioritization. The commissioner shall prioritize applications for buildings based on the amount of credit requested in comparison to the cumulative amount of rents owed on a monthly basis pursuant to the leases covering all occupied dwelling units during the respective months of the state of emergency. Buildings in which the amount of credit requested exceeds seventy-five percent of the cumulative amount of rents owed shall be highest priority, followed by buildings in which the amount exceeds fifty percent but is below seventy-five percent, followed by buildings in which the amount exceeds twenty-five percent but does not exceed fifty percent, and then any other applications. The commissioner shall also prioritize applications for buildings with low-income housing regulatory agreements or where fifty percent of the units are at or below the fair market rent.

7. Transfer of credit. (a) A taxpayer allowed a credit pursuant to this article may transfer the credit, in whole or in part, to another person or entity, who shall be referred to as the transferee. Transferees shall be entitled to apply transferred credit to a tax imposed under article nine-A, twenty-two or thirty-three of the tax law, provided all requirements for claiming the credit are met. A transferee may not transfer any credit, or portion thereof, acquired by transfer.

(b) A taxpayer allowed a credit pursuant to this article must enter into a transfer contract with the transferee. The transfer contract must specify (i) the building address and any other location identification information; (ii) the schedule of years for which the transfer credit may be claimed and the amount of credit previously claimed; (iii) the amount of consideration received by the taxpayer for the transfer credit; and (iv) the amount of credit being transferred.

(c) No transfer shall be effective unless the taxpayer allowed a credit pursuant to this article and seeking to transfer the credit files a transfer statement with the commissioner prior to the transfer and the commissioner approves such transfer. The transfer statement shall
provide the name and federal identification numbers of the filing transferor and the taxpayer to whom the filing transferor transferred the credit, and the amount of credit transferred to each such person or entity. A copy of the transfer contract shall be attached to the transfer statement. The statement shall also contain such other information as the commissioner may require. After reviewing the transfer contract and the transfer statement, the commissioner shall approve or deny the transfer as provided in this subdivision. If the commissioner approves the transfer, the commissioner shall issue an approval statement that provides the name of the transferor and transferee, the amount of credit being transferred and such other information as the commissioner and the commissioner of taxation and finance deem necessary. A copy of the commissioner's approval statement must be attached to the transferee's tax return. If the commissioner denies the transfer, the commissioner shall provide the taxpayer a written determination for such denial. The commissioner, in consultation with the commissioner of taxation and finance, may establish such other procedures and standards deemed necessary for the transferability of the rental losses credit.

(d) The commissioner shall forward copies of all transfer statements and attachments thereto and approval statements to the department of taxation and finance within thirty days after the transfer is approved by the commissioner.

§ 28. Credit monitoring. The commissioner shall establish such procedures deemed necessary for monitoring compliance of an eligible building with the provisions of this article, and for notifying the commissioner of taxation and finance of any such noncompliance.

§ 29. Regulations. The commissioner shall promulgate any rules and regulations necessary to administer the provisions of this article.

§ 3. The tax law is amended by adding a new section 45 to read as follows:
