34 a. For its fiscal years ending June thirtieth, nineteen hundred seven-
35 ty-nine through June thirtieth, nineteen hundred eighty-one, the city's
36 budget covering all expenditures other than capital items shall be
37 prepared and balanced so that the results thereof would not show a defi-
38 cit when reported in accordance with the accounting principles set forth
39 in the state comptroller's uniform system of accounts for munici-
40 palities, as the same may be modified by the comptroller, in consulta-
41 tion with the city comptroller, for application to the city; subject to
42 the provision of subdivision four of section three thousand thirty-eight
43 of the public authorities law with respect to contributions by the city
44 or other public employer to any retirement system or pension fund and
45 subject to the provision of paragraph (c) of subdivision five of section
46 three thousand thirty-eight of the public authorities law with respect
47 to expense items included in the capital budget of the city. For the
48 fiscal year ending June thirtieth, nineteen hundred eighty-two, and for
49 each fiscal year thereafter, the city's budget covering all expenditures
50 other than capital items shall be prepared and balanced so that the
51 results thereof would not show a deficit when reported in accordance
52 with generally accepted accounting principles and would permit compar-
53 ison of the budget with the report of actual financial results prepared
54 in accordance with generally accepted accounting principles. With
55 respect to financial plans that include the fiscal years ending June
56 thirtieth, nineteen hundred seventy-nine through June thirtieth, nine-

17 teen hundred eighty-one, the city's budget covering all expenditures
18 other than capital items shall be prepared in accordance with generally
19 accepted accounting principles and there shall be substantial progress
20 in each such fiscal year towards achieving a city budget covering all
21 expenditures other than capital items the results of which would not
22 show a deficit when reported in accordance with generally accepted
23 accounting principles. The city shall eliminate expense items from its
24 capital budget not later than the commencement of the fiscal year ending
25 June thirtieth, nineteen hundred eighty-two. For the fiscal year ending
26 June thirtieth, nineteen hundred eighty-nine, and for each fiscal year
27 thereafter, the budgets covering all expenditures other than capital
28 items of each of the covered organizations shall be prepared and
29 balanced so that the results thereof would not show a deficit when
30 reported in accordance with generally accepted accounting principles;
31 and for each fiscal year prior thereto, there shall be substantial
32 progress towards such goal. Notwithstanding the foregoing and the
33 provisions of any general or special state law or local law to the
34 contrary, including but not limited to the New York city charter: (i)
35 all costs that would be capital costs in accordance with generally
36 accepted accounting principles, but for the application of governmental

41 as to the existence of a deficit pursuant to this act and any other
42 provision of state or local law, including but not limited to the New
43 York city charter, shall be made without regard to changes in restricted
44 fund balances, as defined by the governmental accounting standards
45 board, where restrictions in relation to such fund balances are imposed
46 by state or federal law or regulation, or otherwise by private or
47 governmental parties other than the city of New York, and without regard
48 to funds held in the health stabilization fund, the school crossing
49 guards health insurance fund, any revenue stabilization fund established
50 pursuant to section fifteen hundred twenty-eight of the New York city
51 charter and the management benefits fund established by the city of New
52 York. Deposits into any such revenue stabilization fund shall be deemed
53 to be expenses of such city in the fiscal year in which such deposits
54 are made, and withdrawals from such fund shall be deemed to be revenues
55 of such city in the year in which such withdrawals are made; provided
56 however, that surpluses of such city, whether accumulated from fiscal
57 years ending prior to the effective date of the chapter of the laws of
58 two thousand twenty that amended this paragraph or existing at the close
59 of any fiscal year ending after such effective date, shall be deposited
60 into such revenue stabilization fund as soon as practicable, and such
61 deposits shall not be deemed expenses of the city in the fiscal year in
62 which such deposits are made.

§ 3. This act shall take effect immediately.
