Such application shall be filed within two years from the happening of such accident, except, however, that such requirement as to time of filing shall not apply to any such application which (1) is filed by or with respect to a member who is a member of the uniformed force of the department of sanitation (as such force is defined in subdivision a of section 13-154 of this chapter) and is based on an accident occurring wholly on or after July first, nineteen hundred sixty-three, or (2) if filed by a vested member incapacitated as a result of a qualifying World Trade Center condition as defined in section two of the retirement and social security law. If such medical examination and investigation shows that any member, by whom or with respect to whom an application is filed under this section, is physically or mentally incapacitated for the performance of city-service as a natural and proximate result of an accidental injury received in such city-service while a member, and that such disability was not the result of wilful negligence on the part of such member and that such member should be retired, the medical board shall so certify to the board stating the time, place and conditions of such city-service performed by such member resulting in such disability. The board shall review such certification with respect to any issues other than the existence or non-existence of physical or mental incapacitation and shall determine the member's eligibility with respect to any such issues. Upon such certification by the medical board of the member's physical or mental incapacitation and a determination by the board finding the member otherwise eligible, such member shall be retired for accident disability effective the date the application is filed or the date immediately following the last date the member was on the payroll, whichever is later.

§ 5. This act shall take effect immediately.

FISCAL NOTE.-- Pursuant to Legislative Law, Section 50:

SUMMARY OF BILL: This proposed legislation, as it relates to the New York City Retirement Systems and Pension Funds (NYCRS), would, among other things, amend provisions of the of the Retirement and Social Security Law (RSSL) and the Administrative Code of the City of New York to permit certain NYCRS members to file a World Trade Center (WTC) Notice of Participation electronically. The electronic filing would provide an alternative mechanism to the current written and sworn Notice of Participation filing.

EFFECTIVE DATE: Upon enactment.

BACKGROUND: Currently, in order to eligible for WTC benefits, members must file a written and sworn WTC Notice of Participation statement with their respective retirement system on a form provided by such system within the permitted time deadline.

The proposed legislation would allow a member to electronically submit a WTC Notice of Participation through a secure online portal maintained by the member's retirement system that has duly validated the member's identity.

IMPACT ON BENEFITS: If enacted, this proposed legislation, to the extent an electronic filing would not enable a Notice of Participation to be submitted timely when a written sworn statement would be untimely, would have no impact on benefits paid to members.

FINANCIAL IMPACT - ANNUAL EMPLOYER CONTRIBUTIONS: The Employer Contribution for a fiscal year includes the amount of administrative expenses paid during the second prior fiscal year adjusted with interest to the current date. If enacted, this proposed legislation would increase the amount of administrative expenses initially due to the cost of setting up electronic submission capabilities but could potentially have long term savings and therefore, the impact on annual Employer Contribution will depend on the actual change in administrative expenses. The actual increase or decrease in the Employer Contribution, is expected to be de minimis.

ACTUARIAL ASSUMPTIONS AND METHODS: The interest rate for adjusting the administrative expenses from the date paid out of NYCERS to the date the Employer Contribution is received is 7%.

RISK AND UNCERTAINTY: The costs presented in this Fiscal Note depend highly on the realization of the actuarial assumptions used, as well as certain demographic characteristics of NYCERS and other exogenous factors such as investment, contribution, and other risks. If actual experience deviates from actuarial assumptions, the actual costs could differ from those presented herein. Costs are also dependent on the actuarial methods used, and therefore different actuarial methods could produce different results. Quantifying these risks is beyond the scope of this Fiscal Note.

I am a Fellow of the Society of Actuaries, an Enrolled Actuary under the Employee Retirement Income and Security Act of 1974, a Member of the American Academy of Actuaries, and a Fellow of the Conference of Consulting Actuaries. FISCAL NOTE IDENTIFICATION: This Fiscal Note 2020-49 dated June 3, 2020 was prepared by the Chief Actuary for the five New York City Retirement Systems and Pension Funds. This estimate is intended for use only during the 2020 Legislative Session.
