- 11 (1) The health and safety of the public are affected by the degree 12 compliance with and the effectiveness of enforcement activities related to state nurse licensure laws; 13
- 14 (2) Violations of nurse licensure and other laws regulating the prac-15 tice of nursing may result in injury or harm to the public;
 - (3) The expanded mobility of nurses and the use of advanced communication technologies as part of our nation's healthcare delivery system require greater coordination and cooperation among states in the areas of nurse licensure and regulation;
 - (4) New practice modalities and technology make compliance with individual state nurse licensure laws difficult and complex; and
- 22 (5) The current system of duplicative licensure for nurses practicing in multiple states is cumbersome and redundant to both nurses and 23 24 states.
 - (b) The general purposes of this Compact are to:
 - (1) Facilitate the states' responsibility to protect the public's health and safety;
- 28 (2) Ensure and encourage the cooperation of party states in the areas 29 of nurse licensure and regulation;
- 30 (3) Facilitate the exchange of information between party states in the areas of nurse regulation, investigation, and adverse actions; 31
- 32 (4) Promote compliance with the laws governing the practice of nursing 33 in each jurisdiction; and
- 34 (5) Invest all party states with the authority to hold a nurse accountable for meeting all state practice laws in the state in which 35 the patient is located at the time care is rendered through the mutual 36 recognition of party state licenses. 37

38 ARTICLE II. 39 Definitions

40 As used in this Compact:

- (a) "Adverse action" means a home or remote state action.
- 42 (b) "Alternative program" means a voluntary, non-disciplinary monitor-43 ing program approved by a nurse licensing board.
- (c) "Coordinated licensure information system" means an integrated 44 process for collecting, storing, and sharing information on nurse licen-45 46 sure and enforcement activities related to nurse licensure laws, which 47 is administered by a non-profit organization composed of and controlled 48 by state nurse licensing boards.
 - (d) "Current significant investigative information" means:
- 50 (1) Investigative information that a licensing board, after a prelimi-51 nary inquiry that includes notification and an opportunity for the nurse
- to respond if required by state law, has reason to believe is not

S. 8945 4

1 groundless and, if proved true, would indicate more than a minor infrac-2 tion; or

- (2) Investigative information that indicates that the nurse represents an immediate threat to public health and safety regardless of whether the nurse has been notified and had an opportunity to respond.
- (e) "Home state" means the party state which is the nurse's primary state of residence.
- (f) "Home state action" means any administrative, civil, equitable or criminal action permitted by the home state's laws which are imposed on a nurse by the home state's licensing board or other authority including actions against an individual's license such as: revocation, suspension, probation or any other action which affects the nurse's authorization to practice.
- (g) "Licensing board" means a party state's regulatory body responsible for issuing nurse licenses.
- (h) "Multistate licensure privilege" means current, official authority from a remote state permitting the practice of nursing as either a registered nurse or a licensed practical/vocational nurse in such party state. All party states have the authority, in accordance with existing state due process law, to take actions against the nurse's privilege such as: revocation, suspension, probation or any other action which affects a nurse's authorization to practice.
- (i) "Nurse" means a registered nurse or licensed practical/vocational nurse, as those terms are defined by each party's state practice laws.
 - (j) "Party state" means any state that has adopted this Compact.
 - (k) "Remote state" means a party state, other than the home state,
- (1) Where the patient is located at the time nursing care is provided, or
- (2) In the case of the practice of nursing not involving a patient, in such party state where the recipient of nursing practice is located.
 - (1) "Remote state action" means
- (1) Any administrative, civil, equitable or criminal action permitted by a remote state's laws which are imposed on a nurse by the remote state's licensing board or other authority including actions against an individual's multistate licensure privilege to practice in the remote state, and
- 37 (2) Cease and desist and other injunctive or equitable orders issued 38 by remote states or the licensing boards thereof.
 - (m) "State" means a state, territory or possession of the United States, the District of Columbia or the Commonwealth of Puerto Rico.
 - (n) "State practice laws" means those individual party state's laws and regulations that govern the practice of nursing, define the scope of nursing practice, and create the methods and grounds for imposing discipline. "State practice laws" does not include the initial qualifications for licensure or requirements necessary to obtain and retain a license, except for qualifications or requirements of the home state.

47 <u>ARTICLE III.</u> 48 <u>General Provisions and Jurisdiction</u>

(a) A license to practice registered nursing issued by a home state to
a resident in that state will be recognized by each party state as
authorizing a multistate licensure privilege to practice as a registered
nurse in such party state. A license to practice licensed
practical/vocational nursing issued by a home state to a resident in
that state will be recognized by each party state as authorizing a

multistate licensure privilege to practice as a practical/vocational nurse in such party state. In order to obtain or retain a license, an applicant must meet the home state's qualifications for licensure and license renewal as well as all other applicable state laws.

- (b) Party states may, in accordance with state due process laws, limit or revoke the multistate licensure privilege of any nurse to practice in their state and may take any other actions under their applicable state laws necessary to protect the health and safety of their citizens. If a party state takes such action, it shall promptly notify the administrator of the coordinated licensure information system. The administrator of the coordinated licensure information system shall promptly notify the home state of any such actions by remote states.
- 14 (c) Every nurse practicing in a party state must comply with the state practice laws of the state in which the patient is located at the time 15 16 care is rendered. In addition, the practice of nursing is not limited to patient care, but shall include all nursing practice as defined by 17 the state practice laws of a party state. The practice of nursing will 18 19 subject a nurse to the jurisdiction of the nurse licensing board and the 20 courts, as well as the laws, in that party state.
 - (d) This Compact does not affect additional requirements imposed by states for advanced practice registered nursing. However, a multistate licensure privilege to practice registered nursing granted by a party state shall be recognized by other party states as a license to practice registered nursing if one is required by state law as a precondition for qualifying for advanced practice registered nurse authorization.
- 27 (e) Individuals not residing in a party state shall continue to be able to apply for nurse licensure as provided for under the laws of each 28 party state. However, the license granted to these individuals will not 29 30 be recognized as granting the privilege to practice nursing in any other 31 party state unless explicitly agreed to by that party state.

32 ARTICLE IV. 33

Applications for Licensure in a Party State

- (a) Upon application for a license, the licensing board in a party state shall ascertain, through the coordinated licensure information system, whether the applicant has ever held, or is the holder of, a license issued by any other state, whether there are any restrictions on the multistate licensure privilege, and whether any other adverse action by any state has been taken against the license.
- 40 (b) A nurse in a party state shall hold licensure in only one party 41 state at a time issued by the home state.
- 42 (c) A nurse who intends to change primary state of residence may apply 43 for licensure in the new home state in advance of such change. However, 44 new licenses will not be issued by a party state until after a nurse 45 provides evidence of change in primary state of residence satisfactory to the new home state's licensing board. 46
 - (d) When a nurse changes primary state of residence by:
- (1) Moving between two party states, and obtains a license from the 48 49 new home state, the license from the former home state is no longer 50 valid;
- 51 (2) Moving from a non-party state to a party state, and obtains a 52 license from the new home state, the individual state license issued by 53 the non-party state is not affected and will remain in full force if so provided by the laws of the non-party state;

1 (3) Moving from a party state to a non-party state, the license issued by the prior home state converts to an individual state license, valid 3 only in the former home state, without the multistate licensure privi-4 lege to practice in other party states.

In addition to the General Provisions described in Article III, the following provisions apply:

- (a) The licensing board of a remote state shall promptly report to the administrator of the coordinated licensure information system any remote 10 state actions including the factual and legal basis for such action, if known. The licensing board of a remote state shall also promptly report any significant current investigative information yet to result in a remote state action. The administrator of the coordinated licensure information system shall promptly notify the home state of any such
- (b) The licensing board of a party state shall have the authority to 18 complete any pending investigations for a nurse who changes primary state of residence during the course of such investigations. It shall also have the authority to take appropriate action or actions, and shall 20 promptly report the conclusions of such investigations to the administrator of the coordinated licensure information system. The administrator of the coordinated licensure information system shall promptly notify the new home state of any such actions.
- (c) A remote state may take adverse action affecting the multistate licensure privilege to practice within that party state. However, only 26 27 the home state shall have the power to impose adverse action against the license issued by the home state.
- 29 (d) For purposes of imposing adverse action, the licensing board of 30 the home state shall give the same priority and effect to reported conduct received from a remote state as it would if such conduct had 31 occurred within the home state. In so doing, it shall apply its own 32 33 state laws to determine appropriate action.
 - (e) The home state may take adverse action based on the factual findings of the remote state, so long as each state follows its own procedures for imposing such adverse action.
- (f) Nothing in this Compact shall override a party state's decision 37 that participation in an alternative program may be used in lieu of 38 39 licensure action and that such participation shall remain non-public if 40 required by the party state's laws. Party states must require nurses 41 who enter any alternative programs to agree not to practice in any other party state during the term of the alternative program without prior 42 43 authorization from such other party state.

44 ARTICLE VI.

45 Additional Authorities Invested in Party State Nurse Licensing Boards

46 Notwithstanding any other powers, party state nurse licensing boards 47 shall have the authority to:

- 48 (a) If otherwise permitted by state law, recover from the affected 49 nurse the costs of investigations and disposition of cases resulting 50 from any adverse action taken against that nurse;
- 51 (b) Issue subpoenas for both hearings and investigations which require 52 the attendance and testimony of witnesses, and the production of

evidence. Subpoenas issued by a nurse licensing board in a party state for the attendance and testimony of witnesses, and/or the production of 3 evidence from another party state, shall be enforced in the latter state by any court of competent jurisdiction, according to the practice and 4 procedure of that court applicable to subpoenas issued in proceedings pending before it. The issuing authority shall pay any witness fees, 7 travel expenses, mileage and other fees required by the service statutes 8 of the state where the witnesses and/or evidence are located.

- 9 (c) Issue cease and desist orders to limit or revoke a nurse's author-10 ity to practice in their state;
- 11 (d) Promulgate uniform rules and regulations as provided for in Arti-12 cle VIII(c).
