12. A mandatory or precautionary order of quarantine or isolation issued by the state, the department of health, a local board of health, or any government entity duly authorized to issue such order due to COVID-19 shall be sufficient proof of disability or proof of need for family leave taken pursuant to this act.

13. The provisions of this act shall not apply in cases where an employee is deemed asymptomatic or has not yet been diagnosed with any medical condition and is physically able to work while under a mandatory or precautionary order of quarantine or isolation, whether through remote access or other similar means.

14. Nothing in this section shall be deemed to impede, infringe, diminish or impair the rights of a public employee or employer under any law, rule, regulation or collectively negotiated agreement, or the rights and benefits which accrue to employees through collective bargaining agreements, or otherwise diminish the integrity of the existing collective bargaining relationship, or to prohibit any personnel action which otherwise would have been taken regardless of any request to use, or utilization of, any leave provided by this act.

15. Notwithstanding any inconsistent provision of law, on or before June 1, 2020, the superintendent of financial services by regulation, in consultation with the director of the state insurance fund and the chair of the workers' compensation board of the state, shall promulgate regulations necessary for the implementation of a risk adjustment pool to be administered directly by the superintendent of financial services, in consultation with the director of the state insurance fund and the chair of the workers' compensation board of the state. Any such support provided by members of the pool shall be fully repaid, including reasonable interest, through a mechanism and period of time to be determined by the superintendent of financial services.

Such report shall include the balance of the risk adjustment pool, if any, the total amount collected through the repayment mechanism established by the department of financial services including interest; and any other information the superintendent of financial services deems necessary to provide to the legislature. If there exists a balance in the risk adjustment pool, the final report shall provide a timeline by which repayment will be completed.

17. If at any point while this section shall be in effect the federal government by law or regulation provides sick leave and/or employee benefits for employees related to COVID-19, then the provisions of this section, including, but not limited to, paid sick leave, paid family leave, and benefits due to disability, shall not be available to any employee otherwise subject to the provisions of this section; provided, however, that if the provisions of this section would have provided sick leave and/or employee benefits in excess of the benefits provided by the federal government by law or regulation, then such employee shall be able to claim such additional sick leave and/or employee benefits pursuant to the provisions of this section in an amount that shall be the difference between the benefits available under this section and the benefits available to such employee, if any, as provided by such federal law or regulation.

§ 2. The labor law is amended by adding a new section 196-b to read as follows:

§ 196-b. Sick leave requirements. 1. Every employer shall be required to provide its employees with sick leave as follows:

3 January first through December thirty-first. For all other purposes, a
4 calendar year shall either mean the twelve-month period from January
5 first through December thirty-first, or a regular and consecutive

7 2. Nothing in this section shall be construed to prohibit or prevent
8 an employer from providing an amount of sick leave, paid or unpaid,
9 which is in excess of the requirements set forth in subdivision one of
10 this section, or from adopting a paid leave policy that provides addi-
11 tional benefits to employees. An employer may elect to provide its
12 employees with the total amount of sick leave required to fulfill its
13 obligations pursuant to subdivision one of this section at the beginning
14 of the calendar year, provided, however that no employer shall be

18 3. Employees shall accrue sick leave at a rate of not less than one
19 hour per every thirty hours worked, beginning at the commencement of
20 employment or the effective date of this section, whichever is later,

23 oral or written request of an employee, an employer shall provide
24 accrued sick leave for the following purposes:

25 (i) for a mental or physical illness, injury, or health condition of
26 such employee or such employee's family member, regardless of whether
27 such illness, injury, or health condition has been diagnosed or requires
28 medical care at the time that such employee requests such leave;

29 (ii) for the diagnosis, care, or treatment of a mental or physical
30 illness, injury or health condition of, or need for medical diagnosis
31 of, or preventive care for, such employee or such employee's family
32 member; or

33 (iii) for an absence from work due to domestic violence pursuant to
34 subdivision thirty-four of section two hundred ninety-two of the execu-

53 improve, or restore the physical, psychological, or economic health or
54 safety of the employee or the employee's family member or to protect
55 those who associate or work with the employee.

"Child" shall mean a biological, adopted or foster child, a legal ward, or a child of an employee standing in loco parentis.

5. a. An employer may not require the disclosure of confidential information relating to a mental or physical illness, injury, or health condition of such employee or such employee's family member, or information relating to absence from work due to domestic violence, a sexual offense, stalking, or human trafficking, as a condition of providing sick leave pursuant to this section.

b. An employer may set a reasonable minimum increment for the use of sick leave which shall not exceed four hours. Employees shall receive compensation at his or her regular rate of pay, or the applicable minimum wage established pursuant to section six hundred fifty-two of this chapter, whichever is greater, for the use of paid sick leave.

6. Nothing in this section shall be construed to require an employer to pay an employee for unused sick leave upon such employee's termination, resignation, retirement, or other separation from employment.

7. No employer or his or her agent, or the officer or agent of any corporation, partnership, or limited liability company, or any other person, shall discharge, threaten, penalize, or in any other manner discriminate or retaliate against any employee because such employee has exercised his or her rights afforded under this section, including, but not limited to, requesting sick leave and using sick leave, consistent with the provisions of section two hundred fifteen of this chapter.

8. An employer shall not be required to provide any additional sick leave pursuant to this section if the employer has adopted a sick leave policy or time off policy that provides employees with an amount of leave which meets or exceeds the requirements set forth in subdivision one of this section and satisfies the accrual, carryover, and use requirements of this section.

9. Nothing in this section shall be construed to: a. prohibit a collective bargaining agreement entered into, on or after the effective date of this section from, in lieu of the leave provided for in this section, providing a comparable benefit for the employees covered by such agreement in the form of paid days off; such paid days off shall be in the form of leave, compensation, other employee benefits, or some combination thereof; or

b. impede, infringe, or diminish the ability of a certified collective bargaining agent to negotiate the terms and conditions of sick leave different from the provisions of this section.

Provided, however, that in the case of either paragraph a or b of this subdivision, the agreement must specifically acknowledge the provisions of this section.

10. Upon return to work following any sick leave taken pursuant to this section, an employee shall be restored by his or her employer to

1 the position of employment held by such employee prior to any sick leave
2 taken pursuant to this section with the same pay and other terms and
3 conditions of employment.

4 11. Upon the oral or written request of an employee, an employer shall
5 provide a summary of the amounts of sick leave accrued and used by such
6 employee in the current calendar year and/or any previous calendar year.
7 The employer shall provide such information to the employee within three
8 business days of such request.

9 12. Nothing in this section shall be construed to prevent a city with
10 a population of one million or more from enacting and enforcing local
11 laws or ordinances which meet or exceed the standard or requirements for
12 minimum hour and use set forth in this section, as determined by the
13 commissioner. Any paid sick leave benefits provided by a sick leave
14 program enforced by a municipal corporation in effect as of the effec-
15 tive date of this section shall not be diminished or limited as a result
16 of the enactment of this section.

17 13. The commissioner shall have authority to adopt regulations and
18 issue guidance to effectuate any of the provisions of this section.
19 Employers shall comply with regulations and guidance promulgated by the
20 commissioner for this purpose which may include but are not limited to
21 standards for the accrual, use, payment, and employee eligibility of
22 sick leave.

23 14. The department shall conduct a public awareness outreach campaign
24 which shall include making information available on its website and
25 otherwise informing employers and employees of the provisions of this
26 section.

28 chapter 564 of the laws of 2010, is amended to read as follows:
