1 environmental conservation law and regulations promulgated pursuant
2 thereto. For the purpose of this [~~section~~] subdivision, "reasonably
3 competitive" shall mean that the cost of the recycled product does not
4 exceed a cost premium of ten percent above the cost of a comparable
5 product that is not a recycled product or, if at least fifty percent of
6 the secondary materials utilized in the manufacture of that product are
7 generated from the waste stream in New York state, the cost of the recy-
8 cled product does not exceed a cost premium of fifteen percent above the
9 cost of a comparable product that is not a recycled product.

10 Whenever such officer, board or agency shall purchase or cause the
11 purchase of printing on recycled paper pursuant to this section, he or
12 she shall require the printed material to contain the official state
13 recycling emblem established pursuant to subdivision two of section

24 district therein charged with the awarding of public contracts that
25 employ a minority or women owned business enterprise (MWBE) program, may
26 award any contract valued at no more than one million dollars to a
27 participant of such program even if such participant is not the lowest
28 bidder for such contract, provided, however that such award may only be
29 made to the lowest MWBE bid that is reasonably competitive. For the
30 purpose of this subdivision, an "MWBE program" shall be defined as a

36 shall mean that the MWBE bid does not exceed the lowest bid by more than
37 ten percent.

39 have become a law.
