IN ASSEMBLY

May 4, 2020

Introduced by M. of A. L. ROSENTHAL -- read once and referred to the Committee on Health

AN ACT to amend the public health law, in relation to including audioonly and video-only telehealth and telemedicine services in those telehealth and telemedicine services eligible for reimbursement

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

1 Section 1. Subdivisions 4 and 5 of section 2999-cc of the public 2 health law, as added by chapter 6 of the laws of 2015, are amended to 3 read as follows:

4. "Telehealth" means the use of electronic information and communi-4 5 cation technologies by telehealth providers to deliver health care б services, which shall include the assessment, diagnosis, consultation, 7 treatment, education, care management and/or self-management of a patient. Telehealth shall not include delivery of health care services 8 9 by means of [audio only telephone communication,] facsimile machines, or 10 electronic messaging alone, though use of these technologies is not 11 precluded if used in conjunction with telemedicine, store and forward 12 technology, or remote patient monitoring. For purposes of this section, 13 telehealth shall be limited to telemedicine, store and forward technolo-14 gy, and remote patient monitoring. This subdivision shall not preclude 15 the delivery of health care services by means of "home telehealth" as 16 used in section thirty-six hundred fourteen of this chapter.

5. "Telemedicine" means the use of synchronous, two-way electronic audio <u>and/or</u> visual communications to deliver clinical health care services, which shall include the assessment, diagnosis, and treatment of a patient, while such patient is at the originating site and a telehealth provider is at a distant site.

22 § 2. Section 2999-ee of the public health law, as added by section 3 23 of part HH of chapter 56 of the laws of 2020, is amended to read as 24 follows:

25 § 2999-ee. Increased application of telehealth. In order to increase 26 the application of telehealth in behavioral health, oral health, mater-27 nity care, care management, services provided in emergency departments,

EXPLANATION--Matter in <u>italics</u> (underscored) is new; matter in brackets [-] is old law to be omitted.

A. 10404

1 and services provided to certain high-need populations to the extent 2 such services are deemed appropriate for the populations served, and 3 notwithstanding the definitions set forth in section twenty-nine hundred 4 ninety-nine-cc of this article, in consultation with the commissioner of 5 the office of children and family services, the commissioner of the 6 office of mental health, the commissioner of the office of addiction services and supports, or the commissioner of the office for people with 7 8 developmental disabilities, as applicable, the commissioner may specify 9 in regulation additional acceptable modalities for the delivery of 10 health care services via telehealth, including but not limited to audi-11 o-only or video-only telephone communications, online portals and survey 12 applications, and may specify additional categories of originating sites 13 at which a patient may be located at the time health care services are 14 delivered to the extent such additional modalities and originating sites 15 are deemed appropriate for the populations served. 16 § 3. This act shall take effect immediately.
