54 to exceed one thousand three hundred twenty feet, on a highway passing a  
55 school building, entrance or exit of a school abutting on the highway,  
56 and except that, with respect to bridge and elevated structures that are

1 a part of any such highway, a lower maximum speed limit may be estab-  
2 lished if it is determined that such lower maximum speed limit is the  
3 maximum speed limit which may be maintained without structural damage to  
4 such bridge or structure, and except that, with respect to any highway  
5 under the jurisdiction of the office of parks, recreation and historic  
6 preservation, other than a parkway as defined in subdivision seventeen

11 lower maximum speed limit is necessary to assure the safety of the  
12 public, and except that, with respect to any highway having toll plazas,  
13 a maximum speed limit of not less than five miles per hour may be estab-
