- § 297. State stockpile. 1. The commissioner shall maintain a stockpile 7 or stockpiles of drugs, vaccines and other biological products, medical devices and other supplies in such numbers, types and amounts as determined by the governor. The commissioner shall conduct an annual review of the contents of such stockpile, including, but not limited to, non-11 pharmaceutical supplies, and make necessary additions or modifications 12 to the contents of such stockpile based on such review.
- 13 2. The commissioner, in managing the stockpile pursuant to subdivision 14 one of this section, shall:
- (a) consult with the workgroup for disease elimination and reduction 15 16 established pursuant to section two hundred sixty-six of this chapter;
- 17 (b) ensure that adequate procedures are followed with respect to such 18 stockpile for inventory management and accounting and for the physical 19 <u>security of such stockpile;</u>
- 20 (c) review and revise, as appropriate, the contents of such stockpile 21 on a regular basis to ensure that emerging threats and the potential 22 <u>depletion of countermeasures currently in the stockpile are identified</u> 23 and appropriately addressed, including through necessary replenishment; 24 **and**
- 25 (d) devise plans for the effective and timely supply-chain management 26 of such stockpile, in consultation with the appropriate state and local 2.7 agencies and the public and private healthcare infrastructure.

EXPLANATION--Matter in italics (underscored) is new; matter in brackets [-] is old law to be omitted.
