- 15 k. article 40 of this chapter.

16 2. In any action commenced pursuant to subdivision one of this
17 section, the court may issue declaratory and/or injunctive relief for
18 each violation found. The judgment in any such action may also impose
19 such conditions on the defendant as are necessary to assure compliance
20 with such law, rule, regulation, permit, certificate or order within a
21 reasonable time period.

22 3. No person shall commence a civil action pursuant to subdivision one
23 of this section unless the alleged violation could be subject to a judi-
24 cial enforcement action or administrative enforcement proceeding brought
25 by or on behalf of the department, the state of New York, the commis-
26 sioner, or the commissioner's designee.

27 4. No action may be brought against the state or any of its depart-
28 ments, agencies or bureaus or any of its political subdivisions or any
29 public authority pursuant to this title except in their capacity as
30 owner or operator of a pollution source or as a person responsible for
31 the investigation or remediation of an inactive hazardous waste disposal
32 site pursuant to title 13 of article 27 of this chapter.
33 § 71-4503. Notice of action.

34 1. Except as provided in subdivision two of this section, no action
35 may be commenced under subdivision one of section 71-4501 of this title:

- 36 a. prior to sixty days after written notice by certified mail, return
37 receipt requested, has been given by the plaintiff to the commissioner,
38 the attorney general, and any person alleged to be in violation of any
39 law, rule, regulation, permit, certificate or order. Such written notice
40 shall be given in such a manner as the commissioner may prescribe by
41 regulation, and shall identify any person alleged to be in violation of
42 any such law, rule, regulation, permit, certificate or order as set
43 forth in subdivision one of section 71-4501 of this title and shall
44 describe with reasonable particularity the activity or condition
45 complained of including, where appropriate, data or test results in the
46 possession of the plaintiff which describe such alleged violation; or
- 47 b. if the commissioner or the commissioner's designee, at any time
48 prior to the end of the sixty day notice period prescribed in paragraph
49 a of this subdivision or prior to commencement of such action, whichever
50 is later and upon written notice to the person who provided the notice
51 prescribed in paragraph a of this subdivision, has commenced and is
52 actively prosecuting an administrative enforcement proceeding pursuant
53 to this chapter relative to the alleged violation; or
- 54 c. if the attorney general, at any time prior to the end of the sixty
55 day notice period prescribed in paragraph a of this subdivision or prior
56 to commencement of such action, whichever is later, and upon written

1 notice to the person who provided the notice prescribed in paragraph a
2 of this subdivision, has commenced and is actively prosecuting a civil
3 action in a court of the United States or New York state which seeks an
4 order or injunction relative to the alleged violation; or

5 d. if the alleged violation is the subject of a consent order, a
6 court order or any other written agreement signed by the commissioner or
7 the commissioner's designee and the alleged violator setting forth a
8 compliance schedule to eliminate the alleged violation in a reasonable
9 time period, or of a settlement or disposition of an administrative
10 enforcement proceeding or a civil action commenced pursuant to this
11 chapter, provided that the alleged violator is in compliance with the
12 terms of such consent order, court order, agreement, settlement or
13 disposition.

14 2. The plaintiff may commence an action under subdivision one of
15 section 71-4501 of this title prior to sixty days after the giving of
16 notice required by paragraph a of subdivision one of this section upon a
17 showing to the court that the matter in controversy involves a substan-
18 tial and imminent hazard to the environment.

19 3. A copy of the complaint, and, unless service is thereafter waived,
20 all motion papers and any subsequent pleadings shall be served upon the
21 commissioner, the attorney general and the defendant.

22 § 71-4505. Intervention.

23 1. The state as represented by the attorney general may intervene as a
24 matter of right in any action brought pursuant to this title.

25 2. Any person who is authorized to commence an action pursuant to
26 section 71-4501 of this title and who has given notice pursuant to
27 section 71-4503 of this title may intervene upon timely motion as a
28 matter of right in any action or proceeding subsequently commenced by
29 the department or the attorney general relating to any violation alleged
30 in such notice.

31 § 71-4507. Approval of settlements.

32 1. No action commenced under this title shall be settled except upon
33 approval by the court upon sixty days notice to all parties, the commis-
34 sioner and the attorney general. Notice of the proposed settlement shall
35 be published in the environmental notice bulletin. Upon the motion of
36 the commissioner, the attorney general, or any other party or upon its
37 own motion, the court may require such further notice as may be required
38 to protect the interests in environmental protection or enforcement of
39 citizens who are not a party to the action. The court shall not approve
40 a settlement in an action commenced under this title if the court deter-
41 mines that a monetary settlement in excess of costs, disbursements and
42 reasonable expert witness and attorney fees has been offered or paid by
43 a defendant as consideration for such settlement to a plaintiff who has
44 standing to sue only by virtue of this title.

45 2. If, subsequent to the commencement of an action under subdivision
46 one of section 71-4501 of this title which action has not been finally
47 adjudicated, the person alleged to be in violation of any law, rule,
48 regulation, permit, certificate or order enters into a consent order, or
49 is subject to a court order or other written agreement signed by the
50 commissioner or the commissioner's designee which sets forth a reason-
51 able settlement and disposition of the alleged violation, the court in
52 which such action is pending, on motion of any party, may make an appro-
53 priate court order disposing of the case, including the award of costs,
54 disbursements, reasonable expert witness and attorney fees to any party
55 if appropriate pursuant to section 71-4509 of this title.

56 § 71-4509. Costs, fees and penalties.

1 1. The court, in issuing any final order in any action brought pursu-
2 ant to subdivisions one and two of section 71-4503 of this title may in
3 its discretion award costs, disbursements and reasonable expert witness
4 and attorney fees to any prevailing or substantially prevailing party;
5 provided, however, that such an award to a prevailing respondent or
6 defendant shall not exceed ten thousand dollars and a prevailing
7 respondent or defendant in order to recover such costs, disbursements,
8 reasonable expert witness and attorney fees must make a motion request-
9 ing such costs, disbursements and fees and show that the action or claim
10 brought was frivolous. In order to find the action or claim to be frivo-
11 lous, the court must find in writing one or more of the following:

12 a. the action or claim was commenced, used or continued in bad faith,
13 solely to delay or prolong the resolution of the litigation or to harass
14 or maliciously injure another;

15 b. the action or claim was commenced or continued in bad faith without
16 any reasonable basis in law or fact and could not be supported by a good
17 faith argument for an extension, modification or reversal of existing
18 law. If the action or claim was promptly discontinued when the party or
19 the attorney learned or should have learned that the action or claim
20 lacked such a reasonable basis, the court may find that the party or the
21 attorney did not act in bad faith.

22 2. Notwithstanding the provisions of subdivision one of this section,
23 no costs, disbursements, or reasonable expert witness and attorney fees
24 may be awarded against the state, or any of its departments, agencies,
25 bureaus or any of its political subdivisions, or any public authority in
26 any action brought under this title.

27 3. In addition to the state's right to intervene pursuant to subdivi-
28 sion one of section 71-4505 of this title or any other law, the state,
29 as represented by the attorney general, may appear upon timely motion in
30 an action brought under this title for the sole purpose of obtaining an
31 award of penalties against any person found liable in such action;
32 provided, however, that the plaintiff and defendant must be notified of
33 the state's intent to move for penalties within thirty days of commence-
34 ment of such action. Any claim for penalties based upon a violation
35 which is the subject of an action brought under this title must be
36 brought in such action.

37 § 71-4511. Applicability in the Adirondack park.

38 With respect to those parts of title 27 of article 15 of this chapter
39 and those parts of article 24 of this chapter administered by the
40 Adirondack park agency created pursuant to article twenty-seven of the
41 executive law, any reference in this title to the department, the
42 commissioner, or the commissioner's designee shall be construed to mean
43 the Adirondack park agency.

44 § 71-4513. Savings clause.

45 Nothing in this title shall restrict any right which any person or
46 class of persons may have under any statute or common law to seek
47 enforcement of any statute, rule, regulation, permit, certificate or
48 order, or to seek any other relief.

49 § 2. Section 71-1311 of the environmental conservation law, subdivi-
50 sion 1 as amended by chapter 846 of the laws of 1981, is amended to read
51 as follows:

52 § 71-1311. Injunction against violations.

53 [~~1~~] Whenever it appears that any person is violating or threatening
54 to violate any provision of article 23 of this chapter or is committing
55 any offense described in section 71-1305 of this title, the department,
56 acting by the Attorney General, may bring suit against such person in

1 any court of competent jurisdiction to restrain such person from contin-
2 uing such violation or from carrying out the threat of violation. In any
3 such suit, the court shall have jurisdiction to grant to the department
4 without bond or other undertaking, such prohibitory or mandatory injunc-
5 tions as the facts may warrant, including temporary restraining orders
6 and preliminary injunctions.

7 ~~[2. If the department, acting by the Attorney General, shall fail to
8 bring suit to enjoin a violation or threatened violation of any
9 provision of article 23, or any rule, regulation, or order of the
10 department made pursuant hereto, within ten days after receipt of writ-
11 ten request to do so by any person who is or will be adversely affected
12 by such violation, the person making such request may bring suit in his
13 own behalf to restrain such violation or threatened violation in any
14 court in which the department might have brought suit. The department
15 shall be made a party in such suit in addition to the person violating
16 or threatening to violate a provision of article 23, or a rule, regu-
17 lation, or order of the department, and the action shall proceed and
18 injunctive relief may be granted to the department without bond, or
19 other undertaking in the same manner as if suit had been brought by the
20 department.]~~

21 § 3. This act shall take effect immediately; provided however, that no
22 action authorized by section 71-4501 of the environmental conservation
23 law, as added by section one of this act, may be commenced against any
24 city, village, town or county prior to September 1, 2023 and nothing in
25 this act shall affect any action commenced pursuant to section 71-1311
26 of the environmental conservation law prior to such effective date.
