- (1) General. In the case of a taxpayer who is an eligible farmer [er], an eligible farmer who has paid taxes pursuant to a land contract, or an eligible farmer who has a leasehold interest of not fewer than five continuous years as a lessee of qualified agricultural property, there shall be allowed a credit for the allowable school district property taxes. The term "allowable school district property taxes" means the school district property taxes paid during the taxable year on qualified agricultural property, subject to the acreage limitation provided in paragraph five of this subsection and the income limitation provided in paragraph six of this subsection. Such credit shall be allowed against the taxes imposed by this article for the taxable year reduced by the credits permitted by this article. - (2) Eligible farmer. For purposes of this subsection, the term "eligi-ble farmer" means a taxpayer whose federal gross income from farming for the taxable year is at least two-thirds of excess federal gross income. The term "eligible farmer" also includes an individual other than the taxpayer of record for qualified agricultural land who has paid the school district property taxes on such land pursuant to a contract for the future purchase of such land or who has a leasehold interest of not fewer than five continuous years as a lessee of such land; provided that such individual has a federal gross income from farming for the taxable year which is at least two-thirds of excess federal gross income; and provided further that, in determining such income eligibility, a taxpay-er may, for any taxable year, use the average of such federal gross income from farming for that taxable year and such income for the two consecutive taxable years immediately preceding such taxable year. Excess federal gross income means the amount of federal gross income from all sources for the taxable year reduced by the sum (not to exceed thirty thousand dollars) of those items included in federal gross income which consist of (i) earned income, (ii) pension payments, including social security payments, (iii) interest, and (iv) dividends. For purposes of this paragraph, the term "earned income" [shall mean] means wages, salaries, tips and other employee compensation, and those items of gross income which are includible in the computation of net earnings from self-employment. For the purposes of this paragraph, payments from the state's farmland protection program, administered by the department agriculture and markets, shall be included as federal gross income from farming for otherwise eligible farmers.
  - § 3. This act shall take effect immediately and shall apply to taxable years commencing on or after January 1, 2021. Effective immediately the addition, amendment and/or repeal of any rule or regulation necessary for the implementation of this act on its effective date are authorized to be made on or before such date.
