AN ACT making appropriations for the support of government

AID TO LOCALITIES BUDGET

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

1 Section 1. a) The several amounts specified in this chapter for aid to localities, or so much thereof as shall be sufficient to accomplish the purposes designated by the appropriations, are hereby appropriated and authorized to be paid as hereinafter provided, to the respective public officers and for the several purposes specified.

b) Where applicable, appropriations made by this chapter for expenditures from federal grants for aid to localities may be allocated for spending from federal grants for any grant period beginning, during, or

EXPLANATION--Matter in *italics* (underscored) is new; matter in brackets [−] is old law to be omitted.
prior to, the state fiscal year beginning on April 1, 2019 except as otherwise noted.

c) The several amounts named herein, or so much thereof as shall be sufficient to accomplish the purpose designated, being the undisbursed and/or unexpended balances of the prior year's appropriations, are here-by reappropriated from the same funds and made available for the same purposes as the prior year's appropriations, unless herein amended, for the fiscal year beginning April 1, 2019. Certain reappropriations in this chapter are shown using abbreviated text, with three leader dots (an ellipsis) followed by three spaces (... ) used to indicate where existing law that is being continued is not shown. However, unless a change is clearly indicated by the use of brackets [ ] for deletions and underscores for additions, the purposes, amounts, funding source and all other aspects pertinent to each item of appropriation shall be as last appropriated.

For the purpose of complying with the state finance law, the year, chapter and section of the last act reappropriating a former original appropriation or any part thereof is, unless otherwise indicated, chapter 53, section 1, of the laws of 2018 and, for the education department, chapter 54, section 2, of the laws of 2018.

d) No moneys appropriated by this chapter shall be available for payment until a certificate of approval has been issued by the director of the budget, who shall file such certificate with the department of audit and control, the chairperson of the senate finance committee and the chairperson of the assembly ways and means committee.

e) Notwithstanding any provision of law to the contrary, if the financial plan required under sections twenty-two or twenty-three of the state finance law estimates that the general fund is reasonably anticipated to end the fiscal year with an imbalance of $500,000,000 or more, the director of the division of the budget shall prepare a plan that shall be submitted to the legislature, which shall identify the general fund and state special revenue fund appropriations contained herein and related disbursements that may be reduced to eliminate the imbalance identified in the general fund, provided, however, that the total reduction in disbursements identified in such plan shall not exceed an amount equal to 1.0 percent of estimated disbursements in total state operating funds for fiscal year 2019-2020. The legislature shall have 30 days after such submission to either prepare its own plan, which may be adopted by concurrent resolution passed by both houses and implemented by the division of the budget, or if after 30 days the legislature fails to adopt its own plan, the reductions to the general fund and state special revenue fund appropriations contained herein and related disbursements identified in the division of the budget plan will go into effect automatically. To the extent the State is obligated to make payment to any individual or entity pursuant to any appropriation contained herein to which an adjustment or reduction is applied in accordance with this section, such obligation shall be reduced commensurate with any adjustments or reductions made by the director of the budget and/or by the legislature. The following types of appropriations shall be exempt from reduction in any plan prepared by the budget director and/or any plan adopted by the legislature: (a) public assistance payments for families and individuals and payments for eligible aged, blind and disabled persons related to supplemental social security; (b) any reductions that would violate federal law; (c) payments of debt service and related expenses for which the state is constitutionally obligated to pay debt service or is contractually obligated to pay debt service.
service, subject to an appropriation, including where the state has a contingent contractual obligation; and (d) payments the state is obligated to make pursuant to court orders or judgments.

The East Ramapo central school district shall be eligible to receive reimbursement from the funds appropriated herein for its approved expenditures in the 2019-20 school year on services to improve and enhance the educational opportunities of students attending the public schools in such district. Such services shall include, but not be limited to, reducing class sizes, expanding academic and enrichment opportunities, establishing and expanding kindergarten programs, expanding extracurricular opportunities and providing student support services, provided, however, transportation services and expenses shall not be eligible for reimbursement from such funds.
In order to receive such funds, the school district in consultation with the monitor or monitors pursuant to chapter 89 of the laws of 2016 shall revise its long term strategic academic and fiscal improvement plan by October 1, 2019. Such revised plan shall be submitted to the commissioner for approval and shall include a set of goals with appropriate benchmarks and measurable objectives and identify strategies to address areas where improvements are needed in the district, including but not limited to its financial stability, academic opportunities and outcomes, education of students with disabilities, and education of English language learners, and shall ensure compliance with all applicable state and federal laws and regulations. Such revised improvement plan shall also include a comprehensive expenditure plan that will describe how the funds made available to the district from this appropriation will be spent. Such comprehensive expenditure plan shall ensure that funds supplement, not supplant, expenditures from local, state and federal funds for services provided to
public school students, except that such funds may be used to continue services funded pursuant to chapter 89 of the laws of 2016 in prior years. Such expenditure plan shall be revised in consultation with the monitor or monitors appointed by the commissioner. The board of education of the East Ramapo central school district shall conduct a public hearing on the expenditure plan and shall consider the input of the community before adopting such plan. Such expenditure plan shall also be made publicly available and shall be submitted along with comments made by the community to the commissioner for approval once the plan is finalized. The commissioner of education shall have 30 days from the receipt of such evidence to confirm whether the school district has complied with the requirements of chapter 89 of the laws of 2016 and shall determine whether such funds were spent in conformance with the provisions of such chapter. Upon finding compliance and determining that the funds were properly expended, the commissioner shall certify the amount of the approved expenditures to the state comptroller for payment no later than 60 days after such determinations. The East Ramapo central school district shall not receive reimbursement for funds authorized herein that are not spent for the direct benefit of students attending public schools in such district in a manner consistent with its approved comprehensive
expenditure plan or prior written approval from the commissioner.

The board of education in consultation with the monitor or monitors shall submit the school district's proposed budget for the next succeeding school year to the commissioner no later than 45 days before the date scheduled for the school district's budget vote. The commissioner shall review the budget to ensure that it, to the greatest extent possible, expands educational programming for students including but not limited to extracurricular activities, course offerings, non-mandated support services, non-mandated art and music classes, programs and services for English language learners and students with disabilities, and maintaining class size. The commissioner shall also review the proposed budget to ensure that it is balanced within the context of revenue and expenditure estimates and mandated programs. The commissioner shall present his or her findings to the board of education no later than 30 days prior to the date scheduled for the school district's budget vote. The board of education shall make adjustments to the proposed budget consistent with any recommendations made by the commissioner. The school district shall make available on the district's website: the initial proposed budget, the commissioner's findings, and the final proposed budget prior to the date of the school district's budget vote.

The monitor or monitors appointed by the commissioner shall quarterly, and the district shall annually provide to the commissioner reports on the fiscal and operational status of the school district to ensure compliance with the budgeting requirements herein. In addition, monitors shall provide an annual report to the commissioner and comptroller on contracts that the district entered into throughout the year. All reports shall be subject to review by the comptroller at the request of the commissioner.

Provided, further, that no school district shall receive more than forty percent of the total school-wide extended learning grant allocation. Provided, further, that notwithstanding any provision of law to the contrary, the $7,500,000 appropriated herein available for community schools grants shall be awarded, based on a request for proposals (i) developed by the state council on children and families in coordination with the commissioner, (ii) approved by the director of the budget and (iii) issued by the commissioner, to school districts, or in a city with a population of one million or more an eligible entity, to improve student outcomes through the implementation of community schools programs that use school buildings as community hubs to deliver co-located or school-linked academic, health, mental health, nutrition, counseling, legal and/or other services to students and their families. Provided, however, that community schools grants appropriated herein shall be paid to school districts in installments upon successful implementation of each phase of a school district's approved proposal. Provided, further, that no school district shall receive more than forty percent of the total community schools grant allocation, and that each individual community school site shall be limited to a maximum grant of $500,000.

Nothing herein shall be construed to limit the rights of labor organizations representing teachers to collectively bargain terms and conditions pursuant to article 14 of the civil service law.

Provided, further, that notwithstanding any provision of law to the contrary, the $2,000,000 appropriated herein available for the early college high school program shall support the continuation and expansion of such program pursuant to a plan developed by the commissioner and approved by the director of the budget. Provided, however, that a portion of the payments to early college high school programs awarded funding from this appropriation shall be awarded on a sliding scale based upon the number of college credits earned annually by participating students, consistent with guidelines established by the commissioner. the commissioner. Provided, further, that no school district shall
receive more than forty percent of the total school-wide extended
learning grant allocation.

such services directly in school buildings, (iii) the extent to
which the proposal articulates how such services would facilitate
measurable improvement in student and family outcomes, (iv) the
extent to which the proposal articulates and identifies how existing
funding streams and programs would be used to provide such community
services, and (v) the extent to which the proposal ensures the safety
of all students, staff and community members in school buildings
used as community hubs. Provided, however, that community schools
grants appropriated herein shall be paid to school districts in
installments upon successful implementation of each phase of a
school district's approved proposal. Provided, further, that no

Notwithstanding any other provision of law,
a portion of the funds are available to
reimburse social services districts for
the change in the maximum state aid rates
established by the office of children and
family services for the 2019-20 rate year
pursuant to section 398-a of the social
services law and sections 4003 and 4405 of
the education law to reflect the continua-
tion of the cost of living adjustments
that became effective April 1, 2008 for
payments made to foster parents and for
salary and fringe benefit costs and other
critical nonpersonal services costs for
foster care programs as determined by the
office. Social services districts must
adjust the amount of payments made for
care provided by congregate care and
foster boarding home programs and to
foster parents to reflect the cost of
living adjustments in the manner specified
by the office. Each authorized agency
operating a congregate care or foster
boarding home program in New York state
for which the office sets a maximum state
aid rate pursuant to section 398-a of the
social services law or section 4003 or
4405 of the education law shall submit, at
the time and in a manner to be determined
by the office, a written certification,
attesting that the funds received for the
continuation of the cost of living adjust-
ment to the maximum state aid rate that
became effective April 1, 2008 for that
program will be or were used solely in
accordance with the requirements of the
cost of living adjustment established by
the office.
Notwithstanding any inconsistent provision of law, for the period commencing on April 1, 2019 and ending March 31, 2020 the commissioner shall not apply any cost of living adjustment for the purpose of establishing rates of payments, contracts or any other form of reimbursement.

Within the amounts appropriated herein, state reimbursement to each social services district for services identified herein that are otherwise reimbursable by the state from April 1, 2019 through March 31, 2020 shall be limited to a district allocation, hereinafter referred to as the district's block grant allocation. Notwithstanding any other provision of law, such block grant allocation shall be based, in part, on each district's claims for such costs, adjusted by the applicable cost allocation methodology and net of any retroactive payments for the 12 month period ending June 30, 2018 that are submitted on or before January 2, 2019 and, in part, on such other factors as determined by the office of children and family services and approved by the director of the budget. Any portion of a social services district's allocation from funds appropriated herein not claimed by such district during the state fiscal year may be used by such district for expenditures on preventive services provided pursuant to section 409-a of the social services law, independent living services and aftercare services provided pursuant to regulations of the department of family assistance, claimed by such district during the next state fiscal year up to the amount remaining from the district's foster care block grant allocation, provided however, that any claims for such services during the next state fiscal year in excess of such amount shall be subject to 62 percent state reimbursement exclusive of any federal funds made available for such purposes, in accordance with directives of the department of family assistance and subject to the approval of the director of the budget. Any claims submitted by a social services district for reimbursement for a particular state
fiscal year for which the social services
district does not receive state or federal
reimbursement during that state fiscal
year may not be claimed against that
district's block grant apportionment for
the next state fiscal year.
The office of children and family services,
with the approval of the director of the
budget, may reduce a district's block
grant allocation by the state share
decrease related to federal retroactive
reimbursement for such foster care
services identified herein. The office,
with the approval of the director of the
budget, may reduce a district's block
grant allocation by the state share of
disallowances or sanctions taken against
the district pursuant to the social
services law or federal law.
Notwithstanding any other provision of law,
the state shall not be responsible for
reimbursing a social services district and
a district shall not seek state reimburse-
ment for any portion of any state disal-
lowance or sanction taken against the
social services district, or any federal
disallowance attributable to final federal
agency decisions or to settlement made, on
or after July 1, 1995, when such disallow-
ance or sanction results from the failure
of the social services district to comply
with federal or state requirements,
including, but not limited to, failure to
document eligibility for federal or state
funds in the case record; provided, howev-
er, if the office determines that any
federal disallowance for services provided
between January 1, 1999 and May 31, 1999
results solely from the late enactment of
the state legislation implementing the
federal adoption and safe families act,
the state shall be solely responsible for
the full amount of the disallowance or
sanction; provided, further, however, this
provision shall be deemed to apply both
prospectively and retroactively regardless
of whether such sanctions or disallowances
are for services provided or claims made
prior to or after April 1, 2019.
Notwithstanding any other provision of law,
any federal disallowance resulting from a
federal title IV-E eligibility review or audit that uses extrapolated statistic techniques shall be passed along by the state to any and all social services districts that the office of children and family services has determined have not complied with the title IV-E eligibility requirements or have not taken the necessary actions to ensure compliance with such requirements including, but not limited to, failing to: assess and fully document all the criteria and have readily available all the necessary documents to establish and continue title IV-E eligibility for all title IV-E eligible children within the required time frames; claim title IV-E funding only for cases that meet all of the title IV-E eligibility criteria; and fully implement the social services payment system on or before April 1, 2005 for all direct and voluntary agency foster care services.

Notwithstanding any law to the contrary, the office of children and family services shall impose on social services districts any federal disallowance issued against the state as a result of a federal title IV-E secondary eligibility review regardless of the date the children may have entered foster care, the date the eligibility or payment errors occurred, or the filing date of any federal claims for reimbursement; provided, however, that the state shall be responsible for the disallowed costs and expenditures related to the placement of children in a facility operated by the office of children and family services, which shall be determined in the same manner as the disallowed costs and expenditures for social services districts other than the city of New York. In order to reimburse the federal government for the full amount of any disallowance imposed on the state by the federal administration for children and families within the timeframes necessary to avoid any potential interest payments on such amount, the office of children and family services is authorized to immediately offset funds otherwise due to each district for a pro rata share of the total
disallowed costs based on the percentage of applicable federal title IV-E claims made by that district for the relevant time period as compared to the total applicable statewide title IV-E claims. The amount of the offset against each district will be adjusted, if necessary, upon completion of the disallowance allocation process. The final allocation of the amount of any federal disallowance resulting from a title IV-E secondary eligibility review shall be allocated among the districts so that each district shall be responsible for the amount attributable to each of the district's children or cases that are determined by the federal review to be unallowable. Each district shall also be responsible for a portion of the federal extrapolated disallowance amount based on the relative error rate for the district. The city of New York's error rate will be based on the federal sample and federal statistics. For all social services districts other than the city of New York, the error rate will be based on a review conducted by the district of a sample of children and/or cases determined by the office of children and family services and a re-review of a sub-sample by the office of those children and/or cases determined by the office. The office of children and family services will determine what is reasonable in establishing the size of the sample and sub-sample for each district. The office of children and family services shall notify each social services district of the sample of children and/or cases from the federal audit period that the social services district must review. Any child or case from the social services district that was included in the federal sample will automatically be included in the social services district's review sample and the determination made at the federal review regarding that child or case will govern for the purposes of the social services district's review. The social services district must complete and submit the results of its review to the office of children and family services within 60
days of receipt of the sample. The error rate for the district will be based on the findings of the district's review and the office of children and family services' re-review. If a social services district does not complete its review within 60 days of receiving the sample from the office of children and family services, the office of children and family services shall assign an error rate to the social services district based on the relative percentage of the district's applicable title IV-E claims for the relevant period as compared to applicable statewide title IV-E claims for that period and other circumstances that the office of children and family services may consider in order to allocate 100 percent of the federal disallowance. The office of children and family services shall apply each social services district's error rate to the total amount of the district's applicable title IV-E claims including associated administrative expenses. The resulting dollar amounts for all of the social services districts will be summed to derive the total amount of title IV-E claims deemed to be in error statewide. To establish a disallowance percentage for each social services district, the amount of the district's title IV-E claims deemed to be in error will be divided by the amount of statewide title IV-E claims deemed to be in error. The resulting disallowance percentage for each district will be applied to the entire title IV-E extrapolated disallowance calculated by the federal review to determine the amount of the extrapolated disallowance for which the district is responsible. Each district will be credited for the amount already disallowed for any individual children or cases found to be in error during the federal review. Of the amount appropriated herein, up to $1 million may be used to provide additional funding to an eligible program or programs with evaluation results that show program effectiveness and demonstrate private monetary support as determined by the office of children and family services and approved by the director of the budget (13999) 12,124,750 ........................................ For reimbursement of the cost of the family assistance and the emergency assistance to families programs. Notwithstanding section 153 of the social services law or any inconsistent provision of law, funds appropriated herein shall be provided without state or local participation except that for social services districts with a population of five million or more, reimbursement will be ninety percent. Funds appropriated herein shall also include the cost of providing shelter supplements for family assistance households at local option, including eligible households containing a household member who has been released from prison, in order to prevent eviction and address homelessness in accordance with social services district plans approved by the office of temporary and disability assistance and the director of the budget, provided, however, that in social services districts with a population over five million no shelter supplements other than those to prevent eviction shall be reimbursed unless such social services district has agreed to offset claims for other eligible public assistance expenditures in an amount commensurate with the cost of any such supplement, and further provided that such supplements shall not be part of the standard of need pursuant to section 131-a of the social services law.

Funds appropriated herein shall also reimburse for family assistance expenditures for emergency shelter, transportation, or nutrition payments which the district determines are necessary to establish or maintain independent living arrangements among persons living with medically diagnosed HIV infection as defined by the AIDS institute of the State department of health and who are homeless or facing homelessness and for whom no viable and less costly alternative to housing is available; provided, however, that funds

For persons living with medically diagnosed HIV infection as defined by the AIDS institute of the state department of health who are receiving public assistance funds appropriated herein shall not be used to reimburse the additional rental costs determined based on limiting such person's earned and/or unearned income contribution to 30 percent.

Amounts appropriated herein may be used to enter into contracts with persons or entities authorized pursuant to subdivision (i) of section 17 of the social services law consistent with federal law and requirements. Such contracts will be made consistent with subdivision (i) of section 17 of the social services law. Notwithstanding section 153 of the social services law or any other inconsistent provision of law, the office may reduce reimbursement otherwise payable to social services districts to recover the federal share of costs incurred by the office for expenditures related to subdivision (i) of section 17 of the social services law.

Such funds are to be available for payment of aid heretofore accrued or hereafter to accrue to municipalities. Subject to the approval of the director of the budget, such funds shall be available to the office of temporary and disability assistance net of disallowances, refunds, reimbursements, and credits including, but not limited to, additional federal funds resulting from any changes in federal cost allocation methodologies.

assistance to homeless individuals and
families. Such information shall be
submitted electronically to the extent
feasible as determined by the office, and
shall be used to evaluate expenditures by
such social services districts for the

Notwithstanding section 153 of the social
services law, or any other inconsistent
provision of law, the office of temporary
and disability assistance may withhold or

The funds shall be appropriated among the social services districts by the office according to an allocation plan developed by the office and submitted to the director of the budget for approval within 60 days of enactment of the budget. The funds allocated to a district under this appropriation in addition to any state block grant funds allocated to the district for child care services and any funds the district requests the office of temporary and disability assistance to transfer from the district's flexible fund for family services allocation to the federal day care account shall constitute the district's entire block grant allocation for a particular federal fiscal year, which shall be available only for child care assistance expenditures made during that federal fiscal year and which are claimed by March 31 of the year immediately following the end of that federal fiscal year. Such projections may be adjusted by the director of the budget to account for increased or expedited department of health state funds medicaid expenditures as a result of a natural or other type of disaster, including a governmental declaration of emergency. The director of the budget, in consultation with the commissioner of health, shall assess on a monthly basis known and projected medicaid expenditures by category of service and by geographic region, as determined by the commissioner of health, incurred both prior to and subsequent to such assessment for each such period, and if the director of the
budget determines that such expenditures are expected to cause medicaid spending for such period to exceed the aggregate limit specified herein for such period, the state medicaid director, in consultation with the director of the budget and the commissioner of health, shall develop a medicaid savings allocation plan to limit such spending to the aggregate limit specified herein for such period. Such medicaid savings allocation plan shall be designed, to reduce the expenditures authorized by the appropriations herein in compliance with the following guidelines: (1) reductions shall be made in compliance with applicable federal law, including the provisions of the Patient Protection and Affordable Care Act, Public Law No. 111-148, and the Health Care and Education Reconciliation Act of 2010, Public Law No. 111-152 (collectively "Affordable Care Act") and any subsequent amendments thereto or regulations promulgated thereunder; (2) reductions shall be made in a manner that complies with the state medicaid plan approved by the federal centers for medicare and medicaid services, provided, however, that the commissioner of health is authorized to submit any state plan amendment or seek other federal approval, including waiver authority, to implement the provisions of the medicaid savings allocation plan that meets the other criteria set forth herein; (3) reductions shall be made in a manner that maximizes federal financial participation, to the extent practicable, including any federal financial participation that is available or is reasonably expected to become available, in the discretion of the commissioner, under the Affordable Care Act; (4) reductions shall be made uniformly among categories of services and geographic regions of the state, to the extent practicable, and shall be made uniformly within a category of service, to the extent practicable, except where the commissioner determines that there are sufficient grounds for non-uniformity, including but not limited to: the extent to which specific categories of services contributed to department of health medicaid

state funds spending in excess of the
limits specified herein; the need to main-

communities; or the potential benefits of
pursuing innovative payment models contem-
plated by the Affordable Care Act, in
which case such grounds shall be set forth
in the medicaid savings allocation plan;
and (5) reductions shall be made in a
manner that does not unnecessarily create
administrative burdens to medicaid appli-
cants and recipients or providers.
The commissioner shall seek the input of the
legislature, as well as organizations
representing health care providers,
consumers, businesses, workers, health
insurers, and others with relevant exper-
tise, in developing such medicaid savings
allocation plan, to the extent that all or
part of such plan, in the discretion of
the commissioner, is likely to have a
material impact on the overall medicaid
program, particular categories of service
or particular geographic regions of the
state.

(a) The commissioner shall post the medicaid
savings allocation plan on the department
of health's website and shall provide
written copies of such plan to the chairs
of the senate finance and the assembly
ways and means committees at least 30 days
before the date on which implementation is
expected to begin.

(b) The commissioner may revise the medicaid
savings allocation plan subsequent to the
provisions of notice and prior to imple-
mentation but needs to provide a new
notice pursuant to subparagraph (i) of
this paragraph only if the commissioner
determines, in his or her discretion, that
such revisions materially alter the plan.

Notwithstanding the provisions of paragraphs
(a) and (b) of this subdivision, the
commissioner need not seek the input
described in paragraph (a) of this subdi-
vision or provide notice pursuant to para-
graph (b) of this subdivision if, in the
discretion of the commissioner, expedited
development and implementation of a medi-
caid savings allocation plan is necessary
due to a public health emergency.
For purposes of this section, a public health emergency is defined as: (i) a disaster, natural or otherwise, that significantly increases the immediate need for health care personnel in an area of the state; (ii) an event or condition that creates a widespread risk of exposure to a serious communicable disease, or the potential for such widespread risk of exposure; or (iii) any other event or condition determined by the commissioner to constitute an imminent threat to public health.

Nothing in this paragraph shall be deemed to prevent all or part of such medicaid savings allocation plan from taking effect retroactively to the extent permitted by the federal centers for medicare and medicaid services.

In accordance with the medicaid savings allocation plan, the commissioner of the department of health shall reduce department of health state funds medicaid spending by the amount of the projected overspending through, actions including, but not limited to modifying or suspending reimbursement methods, including but not limited to all fees, premium levels and rates of payment, notwithstanding any provision of law that sets a specific amount or methodology for any such payments or rates of payment; modifying medicaid program benefits; seeking all necessary federal approvals, including, but not limited to waivers, waiver amendments; and suspending time frames for notice, approval or certification of rate requirements, notwithstanding any provision of law, rule or regulation to the contrary, including but not limited to sections 2807 and 3614 of the public health law, section 18 of chapter 2 of the laws of 1988, and 18 NYCRR 505.14(h).

The department of health shall prepare a monthly report that sets forth: (a) known and projected department of health medicaid expenditures as described in subdivision (1) of this section, and factors that could result in medicaid disbursements for the relevant state fiscal year to exceed the projected department of health state funds disbursements in the enacted budget.

consultation with the commissioner of
health, shall assess on a monthly basis
known and projected medicaid expenditures
by category of service and by geographic
region, as defined by the commissioner,
incurred both prior to and subsequent to
such assessment for each such period, and
if the director of the budget determines

health, shall develop a medicaid savings
allocation plan to limit such spending to

to or regulations promulgated thereunder;
(2) reductions shall be made in a manner
that complies with the state medicaid plan
approved by the federal centers for medi-
care and medicaid services, provided,
however, that the commissioner of health
is authorized to submit any state plan
amendment or seek other federal approval,
including waiver authority, to implement
the provisions of the medicaid savings
allocation plan that meets the other
criteria set forth herein; (3) reductions
shall be made in a manner that maximizes
federal financial participation, to the
extent practicable, including any federal
financial participation that is available
or is reasonably expected to become avail-
able, in the discretion of the commission-
er, under the Affordable Care Act; (4)
reductions shall be made uniformly among
categories of services and geographic
regions of the state, to the extent prac-
ticable, and shall be made uniformly with-
in a category of service, to the extent
practicable, except where the commissioner
determines that there are sufficient
grounds for non-uniformity, including but
not limited to: the extent to which
specific categories of services contributed to department of health medicaid state funds spending in excess of the limits specified herein; the need to maintain safety net services in underserved communities; or the potential benefits of pursuing innovative payment models contemplated by the Affordable Care Act, in which case such grounds shall be set forth in the medicaid savings allocation plan; and (5) reductions shall be made in a manner that does not unnecessarily create administrative burdens to medicaid applicants and recipients or providers.

The commissioner shall seek the input of the legislature, as well as organizations representing health care providers, consumers, businesses, workers, health insurers, and others with relevant expertise, in developing such medicaid savings allocation plan, to the extent that all or part of such plan, in the discretion of the commissioner, is likely to have a material impact on the overall medicaid program, particular categories of service or particular geographic regions of the state.

consultation with the commissioner of
health, shall assess on a monthly basis
known and projected medicaid expenditures
by category of service and by geographic
region, as determined by the commissioner
of health, incurred both prior to and
subsequent to such assessment for each
such period, and if the director of the
budget determines that such expenditures
are expected to cause medicaid spending

limit specified herein for such period,
the state medicaid director, in consulta-

the commissioner of health, shall develop
a medicaid savings allocation plan to
limit such spending to the aggregate limit
specified herein for such period.
Such medicaid savings allocation plan shall

authorized by the appropriations herein in
compliance with the following guidelines:
(1) reductions shall be made in compliance

111-152 (collectively "Affordable Care Act") and any subsequent amendments there- 
to or regulations promulgated thereunder; (2) reductions shall be made in a manner 
that complies with the state medicaid plan 
approved by the federal centers for medi- 
care and medicaid services, provided, 
however, that the commissioner of health 
is authorized to submit any state plan 
amendment or seek other federal approval, 
including waiver authority, to implement 
the provisions of the medicaid savings 
allocation plan that meets the other 
criteria set forth herein; (3) reductions 
shall be made in a manner that maximizes 
federal financial participation, to the 
extent practicable, including any federal 
financial participation that is available 
or is reasonably expected to become avail- 
able, in the discretion of the commission- 
er, under the Affordable Care Act; (4) 
reductions shall be made uniformly among 
categories of services and geographic 
regions of the state, to the extent prac- 
ticable, and shall be made uniformly with- 
in a category of service, to the extent 
practicable, except where the commissioner 
determines that there are sufficient 
grounds for non-uniformity, including but 
not limited to: the extent to which 
specific categories of services contrib- 
uted to department of health medicaid 
state funds spending in excess of the 
limits specified herein; the need to main- 
tain safety net services in underserved 
communities; or the potential benefits of 
pursuing innovative payment models contem- 
plated by the Affordable Care Act, in 
which case such grounds shall be set forth 
in the medicaid savings allocation plan; 
and (5) reductions shall be made in a 
manner that does not unnecessarily create 
administrative burdens to medicaid appli- 
cants and recipients or providers.

The commissioner shall seek the input of the 
legislature, as well as organizations 
representing health care providers, 
consumers, businesses, workers, health

the commissioner, is likely to have a
material impact on the overall medicaid
program, particular categories of service
or particular geographic regions of the
state.

(a) The commissioner shall post the medicaid
savings allocation plan on the department
of health's website and shall provide
written copies of such plan to the chairs

expected to begin.

(b) The commissioner may revise the medicaid
savings allocation plan subsequent to the
provisions of notice and prior to imple-
mentation but needs to provide a new
notice pursuant to subparagraph (i) of
this paragraph only if the commissioner
determines, in his or her discretion, that
such revisions materially alter the plan.

Notwithstanding the provisions of paragraphs
(a) and (b) of this subdivision, the
commissioner need not seek the input
described in paragraph (a) of this subdi-
vision or provide notice pursuant to para-
graph (b) of this subdivision if, in the
discretion of the commissioner, expedited
development and implementation of a medi-
caid savings allocation plan is necessary
due to a public health emergency.

For purposes of this section, a public

disaster, natural or otherwise, that
significantly increases the immediate need
for health care personnel in an area of
the state; (ii) an event or condition that
creates a widespread risk of exposure to a
serious communicable disease, or the
potential for such widespread risk of
exposure; or (iii) any other event or
condition determined by the commissioner
to constitute an imminent threat to public
health.

Nothing in this paragraph shall be deemed to
prevent all or part of such medicaid
savings allocation plan from taking effect
retroactively to the extent permitted by
the federal centers for medicare and medi-
caid services.

In accordance with the medicaid savings
allocation plan, the commissioner of the
department of health shall reduce depart-

ing by the amount of the projected over-
spending through, actions including, but
not limited to modifying or suspending
reimbursement methods, including but not
limited to all fees, premium levels and

 provision of law that sets a specific
amount or methodology for any such
 payments or rates of payment; modifying
 medicaid program benefits; seeking all
 necessary federal approvals, including,
 but not limited to waivers, waiver amend-
ments; and suspending time frames for
 notice, approval or certification of rate
 requirements, notwithstanding any
 provision of law, rule or regulation to
the contrary, including but not limited to
sections 2807 and 3614 of the public
 health law, section 18 of chapter 2 of the
laws of 1988, and 18 NYCRR 505.14(h).
The department of health shall prepare a
monthly report that sets forth: (a) known
and projected department of health medi-
caid expenditures as described in subdivi-
sion (1) of this section, and factors that
could result in medicaid disbursements for
the relevant state fiscal year to exceed
the projected department of health state
funds disbursements in the enacted budget
financial plan pursuant to subdivision 3
of section 23 of the state finance law,
including spending increases or decreases
due to: enrollment fluctuations, rate
changes, utilization changes, MRT invest-
ments, and shift of beneficiaries to
managed care; and variations in offline
medicaid payments; and (b) the actions
taken to implement any medicaid savings
allocation plan implemented pursuant to
subdivision (4) of this section, including
information concerning the impact of such
actions on each category of service and
each geographic region of the state. Each
such monthly report shall be provided to
the chairs of the senate finance and the
assembly ways and means committees and
shall be posted on the department of
health's website in a timely manner.
Notwithstanding any provision of law to the
 contrary, the director of the budget, in
consultation with the commissioner of health, may use a payment reduction plan to make across-the-board reductions to the department of health state funds medicaid spending by $190,200,000 for each of the state fiscal years 2019-2020 and 2020-2021 to limit such spending to the aggregate limits specified herein, or reduce the aggregate limits specified herein to provide a reduction to the State's Financial Plan. Reductions shall be made in a manner that complies with the state medicaid plan approved by the federal centers for medicare and medicaid services, provided, however, that the commissioner of health is authorized to submit any state plan amendment or seek other federal approval to implement the provisions of the medicaid payment reduction plan.

exceed $45,507,166,000 provided, however, such aggregate limits may be adjusted by the director of the budget to account for any changes in the New York state federal medical assistance percentage amount established pursuant to the federal social security act, increases in provider revenues, reductions in local social services district payments for medical assistance administration, minimum wage increases and beginning April 1, 2012 the operational costs of the New York state medical indemnity fund, pursuant to chapter 59 of the laws of 2011, and state costs or savings from the essential plan. Such projections may be adjusted by the director of the budget to account for increased or expedited department of health state funds medicaid expenditures as a result of a natural or other type of disaster, including a governmental declaration of emergency. The director of the budget, in consultation with the commissioner of health, shall assess on a monthly basis known and projected medicaid expenditures by category of service and by geographic region, as determined by the commissioner of health, incurred both prior to and subsequent to such assessment for each such period, and if the director of the budget determines that such expenditures are expected to cause medicaid spending for such period to exceed the aggregate limit specified herein for such period, the state medicaid director, in consultation with the director of the budget and the commissioner of health, shall develop a medicaid savings allocation plan to limit such spending to the aggregate limit specified herein for such period.

Such medicaid savings allocation plan shall be designed, to reduce the expenditures authorized by the appropriations herein in compliance with the following guidelines: (1) reductions shall be made in compliance with applicable federal law, including the provisions of the Patient Protection and Affordable Care Act, Public Law No. 111-148, and the Health Care and Education Reconciliation Act of 2010, Public Law No. 111-152 (collectively "Affordable Care Act") and any subsequent amendments there-
The commissioner shall seek the input of the legislature, as well as organizations representing health care providers, consumers, businesses, workers, health insurers, and others with relevant expertise, in developing such medicaid savings allocation plan, to the extent that all or part of such plan, in the discretion of the commissioner, is likely to have a material impact on the overall medicaid
program, particular categories of service
or particular geographic regions of the
state.
(a) The commissioner shall post the medicaid
savings allocation plan on the department
of health's website and shall provide
written copies of such plan to the chairs
of the senate finance and the assembly
ways and means committees at least 30 days
before the date on which implementation is
expected to begin.
(b) The commissioner may revise the medicaid
savings allocation plan subsequent to the
provisions of notice and prior to imple-
mentation but needs to provide a new
notice pursuant to subparagraph (i) of
this paragraph only if the commissioner
determines, in his or her discretion, that
such revisions materially alter the plan.
Notwithstanding the provisions of paragraphs
(a) and (b) of this subdivision, the
commissioner need not seek the input
described in paragraph (a) of this subdi-
vision or provide notice pursuant to para-
graph (b) of this subdivision if, in the
discretion of the commissioner, expedited
development and implementation of a medi-
caid savings allocation plan is necessary
due to a public health emergency.
For purposes of this section, a public
health emergency is defined as: (i) a
disaster, natural or otherwise, that
significantly increases the immediate need
for health care personnel in an area of
the state; (ii) an event or condition that
creates a widespread risk of exposure to a
serious communicable disease, or the
potential for such widespread risk of
exposure; or (iii) any other event or
condition determined by the commissioner
to constitute an imminent threat to public
health.
Nothing in this paragraph shall be deemed to
prevent all or part of such medicaid
savings allocation plan from taking effect
retroactively to the extent permitted by
the federal centers for medicare and medi-
caid services.
In accordance with the medicaid savings
allocation plan, the commissioner of the
department of health shall reduce depart-

health law, section 18 of chapter 2 of the
laws of 1988, and 18 NYCRR 505.14(h).

The department of health shall prepare a
monthly report that sets forth: (a) known

could result in medicaid disbursements for
the relevant state fiscal year to exceed
the projected department of health state

of section 23 of the state finance law,
including spending increases or decreases
due to: enrollment fluctuations, rate

taken to implement any medicaid savings
allocation plan implemented pursuant to
subdivision (4) of this section, including

actions on each category of service and

the approval of the director of the budg-

department of audit and control and copies
thereof with the chairman of the senate

laws of 2011, and state costs or savings from the essential plan. Such projections may be adjusted by the director of the budget to account for increased or expedited department of health state funds medicaid expenditures as a result of a natural or other type of disaster, including a governmental declaration of emergency. The director of the budget, in consultation with the commissioner of health, shall assess on monthly basis known and projected medicaid expenditures by category of service and by geographic region, as determined by the commissioner of health, incurred both prior to and subsequent to such assessment for each such period, and if the director of the budget determines that such expenditures are expected to cause medicaid spending for such period to exceed the aggregate limit specified herein for such period, the state medicaid director, in consultation with the director of the budget and the commissioner of health, shall develop a medicaid savings allocation plan to limit such spending to the aggregate limit specified herein for such period.

such revisions materially alter the plan.
Notwithstanding the provisions of paragraphs
(a) and (b) of this subdivision, the
commissioner need not seek the input
described in paragraph (a) of this subdi-
vision or provide notice pursuant to para-
graph (b) of this subdivision if, in the
discretion of the commissioner, expedited
development and implementation of a medi-

MEDICAL ASSISTANCE ADMINISTRATION PROGRAM

General Fund
Local Assistance Account - 10000

The appropriation made by chapter 53, section 1, of the laws of 2018, is hereby amended and reappropriated to read:

For reimbursement of local administrative expenses for medical assistance programs and for state administration of medical assistance programs, notwithstanding section 153 of the social services law, to include the performance of eligibility and enrollment determinations by the state or third-party entities designated by the state to perform such services.

Notwithstanding any provision of law to the contrary, subject to the approval of the director of budget, up to $23,000,000 of the amount appropriated herein shall be available for the purpose of providing payments to local social services districts for medical assistance administration claims that exceed an administrative ceiling established by the commissioner of health.

Notwithstanding any inconsistent provision of law and subject to the approval of the director of budget, moneys hereby appropriated may be increased or decreased by transfer or interchange between these appropriated amounts and appropriations of the medical assistance administration program, the medical assistance program, and the office of health insurance programs. Funding authority from this account used for state administration of the medical assistance program may be transferred to state operations appropriations within the aforementioned programs at amounts agreed upon by the commissioner of health, and the New York state division of the budget.

Notwithstanding section 40 of the state finance law or any other law to the contrary, all medical assistance appropriations made from this account shall remain in full force and effect in accordance, in the aggregate, with the following schedule: not more than 50 percent for the period April 1, 2018 to March 31, 2019; and the remaining amount for the period April 1, 2019 to September 15, 2020.

Notwithstanding section 40 of the state finance law or any provision of law to the contrary, subject to federal approval, department of health state funds medicaid spending, excluding payments for medical services provided at state facilities operated by the office of mental health, the office for people with developmental disabilities and the office of alcoholism and substance abuse services and further excluding any payments which are not appropriated within the
department of health, in the aggregate, for the period April 1, [2018] 2019 through March 31, [2019] 2020, shall not exceed $20,960,018,000 $22,251,148,000 except as provided below and state share medicaid spending, in the aggregate, for the period April 1, [2019] 2020 through March 31, [2020] 2021, shall not exceed $22,044,311,000 $23,256,018,000. but in no event shall department of health state funds medicaid spending for the period April 1, [2018] 2019 through March 31, [2020] 2021 exceed $43,004,329,000 $45,507,166,000 provided, however, such aggregate limits may be adjusted by the director of the budget to account for any changes in the New York state federal medical assistance percentage amount established pursuant to the federal social security act, increases in provider revenues, reductions in local social services district payments for medical assistance administration, minimum wage increases and beginning April 1, 2012 the operational costs of the New York state medical indemnity fund, pursuant to chapter 59 of the laws of 2011, and state costs or savings from the essential plan program. Such projections may be adjusted by the director of the budget to account for increased or expedited department of health state funds medicaid expenditures as a result of a natural or other type of disaster, including a governmental declaration of emergency. The director of the budget, in consultation with the commissioner of health, shall assess on a monthly basis known and projected medicaid expenditures by category of service and by geographic region, as determined by the commissioner of health, incurred both prior to and subsequent to such assessment for each such period, and if the director of the budget determines that such expenditures are expected to cause medicaid spending for such period to exceed the aggregate limit specified herein for such period, the state medicaid director, in consultation with the director of the budget and the commissioner of health, shall develop a medicaid savings allocation plan to limit such spending to the aggregate limit specified herein for such period.

Such medicaid savings allocation plan shall be designed, to reduce the expenditures authorized by the appropriations herein in compliance with the following guidelines: (1) reductions shall be made in compliance with applicable federal law, including the provisions of the Patient Protection and Affordable Care Act, Public Law No. 111-148, and the Health Care and Education Reconciliation Act of 2010, Public Law No. 111-152 (collectively "Affordable Care Act") and any subsequent amendments thereto or regulations promulgated thereunder; (2) reductions shall be made in a manner that complies with the state medicaid plan approved by the federal centers for medicare and medicaid services, provided, however, that the commissioner of health is authorized to submit any state plan amendment or seek other federal approval, including waiver authority, to implement the provisions of the medicaid savings allocation plan that meets the other criteria set forth herein; (3) reductions shall be made in a manner that maximizes federal financial participation, to the extent practicable, including any federal financial participation that is available or is reasonably expected to become available, in the discretion of the commissioner, under the Affordable
(a) The commissioner shall post the medicaid savings allocation plan on the department of health's website and shall provide written copies of such plan to the chairs of the senate finance and the assembly ways and means committees at least 30 days before the date on which implementation is expected to begin.

(b) The commissioner may revise the medicaid savings allocation plan subsequent to the provisions of notice and prior to implementation but needs to provide a new notice pursuant to subparagraph (i) of this paragraph only if the commissioner determines, in his or her discretion, that such revisions materially alter the plan.

Notwithstanding the provisions of paragraphs (a) and (b) of this subdivision, the commissioner need not seek the input described in paragraph (a) of this subdivision or provide notice pursuant to paragraph (b) of this subdivision if, in the discretion of the commissioner, expedited development and implementation of a medicaid savings allocation plan is necessary due to a public health emergency.

For purposes of this section, a public health emergency is defined as:

(i) a disaster, natural or otherwise, that significantly increases the immediate need for health care personnel in an area of the state; (ii) an event or condition that creates a widespread risk of exposure to a serious communicable disease, or the potential for such widespread risk of exposure; or (iii) any other event or condition determined by the commissioner to constitute an imminent threat to public health.

Nothing in this paragraph shall be deemed to prevent all or part of such medicaid savings allocation plan from taking effect retroactively to the extent permitted by the federal centers for medicare and medicaid services.
In accordance with the medicaid savings allocation plan, the commissioner of the department of health shall reduce department of health state funds medicaid spending by the amount of the projected overspending through, actions including, but not limited to modifying or suspending reimbursement methods, including but not limited to all fees, premium levels and rates of payment, notwithstanding any provision of law that sets a specific amount or methodology for any such payments or rates of payment; modifying medicaid program benefits; seeking all necessary federal approvals, including, but not limited to waivers, waiver amendments; and suspending time frames for notice, approval or certification of rate requirements, notwithstanding any provision of law, rule or regulation to the contrary, including but not limited to sections 2807 and 3614 of the public health law, section 18 of chapter 2 of the laws of 1988, and 18 NYCRR 505.14(h).

The department of health shall prepare a monthly report that sets forth: (a) known and projected department of health medicaid expenditures as described in subdivision (1) of this section, and factors that could result in medicaid disbursements for the relevant state fiscal year to exceed the projected department of health state funds disbursements in the enacted budget financial plan pursuant to subdivision 3 of section 23 of the state finance law, including spending increases or decreases due to: enrollment fluctuations, rate changes, utilization changes, MRT investments, and shift of beneficiaries to managed care; and variations in offline medicaid payments; and (b) the actions taken to implement any medicaid savings allocation plan implemented pursuant to subdivision (4) of this section, including information concerning the impact of such actions on each category of service and each geographic region of the state. Each such monthly report shall be provided to the chairs of the senate finance and the assembly ways and means committees and shall be posted on the department of health's website in a timely manner.

The money hereby appropriated is available for payment of aid herefore accrued or hereafter accrued to municipalities, and to providers of medical services pursuant to section 367-b of the social services law, and shall be available to the department net of disallowances, refunds, reimbursements, and credits.

copies thereof with the chairman of the senate finance committee and

17 2020.
18 Notwithstanding section 40 of the state finance law or any provision
19 of law to the contrary, subject to federal approval, department of
20 health state funds medicaid spending, excluding payments for medical
21 services provided at state facilities operated by the office of
22 mental health, the office for people with developmental disabilities
23 and the office of alcoholism and substance abuse services and
24 further excluding any payments which are not appropriated within the

28 share medicaid spending, in the aggregate, for the period April 1,
30 $22,044,311,000 $23,256,018,000, but in no event shall department
31 of health state funds medicaid spending for the period April 1,
33 $45,507,166,000 provided, however, such aggregate limits may be
34 adjusted by the director of the budget to account for any changes in
35 the New York state federal medical assistance percentage amount
36 established pursuant to the federal social security act, increases
37 in provider revenues, reductions in local social services district
38 payments for medical assistance administration, minimum wage
39 increases and beginning April 1, 2012 the operational costs of the
40 New York state medical indemnity fund, pursuant to chapter 59 of the
41 laws of 2011, and state costs or savings from the essential plan
42 program. Such projections may be adjusted by the director of the
43 budget to account for increased or expedited department of health
44 state funds medicaid expenditures as a result of a natural or other
45 type of disaster, including a governmental declaration of emergency.
46 The director of the budget, in consultation with the commissioner of
47 health, shall assess on a monthly basis known and projected medicaid
48 expenditures by category of service and by geographic region, as
49 defined by the commissioner, incurred both prior to and subsequent
to such assessment for each such period, and if the director of the budget determines that such expenditures are expected to cause medicaid spending for such period to exceed the aggregate limit specified herein for such period, the state medicaid director, in consultation with the director of the budget and the commissioner of health, shall develop a medicaid savings allocation plan to limit such spending to the aggregate limit specified herein for such period.

Such medicaid savings allocation plan shall be designed, to reduce the expenditures authorized by the appropriations herein in compliance with the following guidelines: (1) reductions shall be made in compliance with applicable federal law, including the provisions of the Patient Protection and Affordable Care Act, Public Law No. 111-148, and the Health Care and Education Reconciliation Act of 2010, Public Law No. 111-152 (collectively "Affordable Care Act") and any subsequent amendments thereto or regulations promulgated thereunder; (2) reductions shall be made in a manner that complies with the state medicaid plan approved by the federal centers for medicare and medicaid services, provided, however, that the commissioner of health is authorized to submit any state plan amendment or seek other federal approval, including waiver authority, to implement the provisions of the medicaid savings allocation plan that meets the other criteria set forth herein; (3) reductions shall be made in a manner that maximizes federal financial participation, to the extent practicable, including any federal financial participation that is available or is reasonably expected to become available, in the discretion of the commissioner, under the Affordable Care Act; (4) reductions shall be made uniformly among categories of services and geographic regions of the state, to the extent practicable, and shall be made uniformly within a category of service, to the extent practicable, except where the commissioner determines that there are sufficient grounds for non-uniformity, including but not limited to: the extent to which specific categories of services contributed to department of health medicaid state funds spending in excess of the limits specified herein; the need to maintain safety net services in underserved communities; or the potential benefits of pursuing innovative payment models contemplated by the Affordable Care Act, in which case such grounds shall be set forth in the medicaid savings allocation plan; and (5) reductions shall be made in a manner that does not unnecessarily create administrative burdens to medicaid applicants and recipients or providers.

The commissioner shall seek the input of the legislature, as well as organizations representing health care providers, consumers, businesses, workers, health insurers, and others with relevant expertise, in developing such medicaid savings allocation plan, to the extent that all or part of such plan, in the discretion of the commissioner, is likely to have a material impact on the overall medicaid program, particular categories of service or particular geographic regions of the state.

(a) The commissioner shall post the medicaid savings allocation plan on the department of health's website and shall provide written copies of such plan to the chairs of the senate finance and the
assembly ways and means committees at least 30 days before the date
on which implementation is expected to begin.

(b) The commissioner may revise the medicaid savings allocation plan
subsequent to the provisions of notice and prior to implementation
but needs to provide a new notice pursuant to subparagraph (i) of
this paragraph only if the commissioner determines, in his or her
discretion, that such revisions materially alter the plan.

Notwithstanding the provisions of paragraphs (a) and (b) of this
subdivision, the commissioner need not seek the input described in
paragraph (a) of this subdivision or provide notice pursuant to
paragraph (b) of this subdivision if, in the discretion of the
commissioner, expedited development and implementation of a medicaid
savings allocation plan is necessary due to a public health emergen-
cy.

For purposes of this section, a public health emergency is defined as:
(i) a disaster, natural or otherwise, that significantly increases
the immediate need for health care personnel in an area of the
state; (ii) an event or condition that creates a widespread risk of
exposure to a serious communicable disease, or the potential for
such widespread risk of exposure; or (iii) any other event or condi-
tion determined by the commissioner to constitute an imminent threat
to public health.

Nothing in this paragraph shall be deemed to prevent all or part of
such medicaid savings allocation plan from taking effect retroac-
tively to the extent permitted by the federal centers for medicare
and medicaid services.

In accordance with the medicaid savings allocation plan, the commis-
sioner of the department of health shall reduce department of health
state funds medicaid spending by the amount of the projected over-
spending through, actions including, but not limited to modifying or
suspending reimbursement methods, including but not limited to all
fees, premium levels and rates of payment, notwithstanding any
provision of law that sets a specific amount or methodology for any
such payments or rates of payment; modifying or discontinuing medi-
caid program benefits; seeking all necessary federal approvals,
including, but not limited to waivers, waiver amendments; and
suspending time frames for notice, approval or certification of rate
requirements, notwithstanding any provision of law, rule or regu-
lation to the contrary, including but not limited to sections 2807
and 3614 of the public health law, section 18 of chapter 2 of the
laws of 1988, and 18 NYCRR 505.14(h).

The department of health shall prepare a monthly report that sets
forth: (a) known and projected department of health medicaid expend-
itures as described in subdivision (1) of this section, and factors
that could result in medicaid disbursements for the relevant state
fiscal year to exceed the projected department of health state funds
disbursements in the enacted budget financial plan pursuant to
subdivision 3 of section 23 of the state finance law, including
spending increases or decreases due to: enrollment fluctuations,
rate changes, utilization changes, MRT investments, and shift of
beneficiaries to managed care; and variations in offline medicaid
payments; and (b) the actions taken to implement any medicaid
savings allocation plan implemented pursuant to subdivision (4) of this section, including information concerning the impact of such actions on each category of service and each geographic region of the state. Each such monthly report shall be provided to the chairs of the senate finance and the assembly ways and means committees and shall be posted on the department of health's website in a timely manner.

The money hereby appropriated is to be available for payment of aid heretofore accrued or hereafter accrued to municipalities, and to providers of medical services pursuant to section 367-b of the social services law, and for payment of state aid to municipalities and to providers of family care where payment systems through the fiscal intermediaries are not operational, and shall be available to the department net of disallowances, refunds, reimbursements, and credits.

Notwithstanding any inconsistent provision of law, funding made available by these appropriations shall support direct salary costs and related fringe benefits within the medical assistance program associated with any minimum wage increase that takes effect during the timeframe of these appropriations, pursuant to section 652 of the labor law. Each eligible organization in receipt of funding made available by these appropriations may be required to submit written certification, in such form and at such time the commissioner may prescribe, attesting to the total amount of funds used by the eligible organization, how such funding will be or was used for purposes eligible under these appropriations and any other reporting deemed necessary by the commissioner. The amounts appropriated herein may include advances to organizations authorized to receive such funds to accomplish this purpose.
Notwithstanding any other provision of law, the money hereby appropriated may be increased or decreased by interchange, with any appropriation of the department of health and the office of medicaid inspector general and may be increased or decreased by transfer or suballocation between these appropriated amounts and appropriations of the department of health state purpose account, the office of mental health, office for people with developmental disabilities, the office of alcoholism and substance abuse services, the department of family assistance office of temporary and disability assistance, the department of corrections and community supervision, the office of information technology services, the state university of New York, the state office for the aging, and office of children and family services, the office of medicaid inspector general, and the state office for the aging with the approval of the director of the budget, who shall file such approval with the department of audit and control and copies thereof with the chairman of the senate finance committee and the chairman of the assembly ways and means committee.

Notwithstanding any inconsistent provision of law to the contrary, funds shall be made available to the commissioner of the office of mental health or the commissioner of the office of alcoholism and substance abuse services, in consultation with the commissioner of health and approved by the director of the budget, and consistent with appropriations made therefor, to implement allocation plans developed by each such commissioner which shall describe mental health or substance use disorder services that should be developed to meet service needs resulting from the reduction of inpatient behavioral health services provided under the medicaid program, by programs licensed pursuant to article 31 or 32 of the mental hygiene law. Such programs may include programs that are licensed pursuant to both article 31 of the mental hygiene law and article 28 of the public health law, or certified under both article 32 of the mental hygiene law and article 28 of the public health law.

Such projections may be adjusted by the director of the budget to account for increased or expedited department of health state funds medicaid expenditures as a result of a natural or other type of disaster, including a governmental declaration of emergency. The director of the budget, in consultation with the commissioner of health, shall assess on a monthly basis known and projected medicaid expenditures by category of service and by geographic region, as determined by the commissioner of health, incurred both prior to and subsequent to such assessment for each such period, and if the director of the budget determines that such expenditures are expected to cause medicaid spending for such period to exceed the aggregate limit specified herein for such period, the state medicaid director, in consultation with the director of the budget and the commissioner of health, shall develop a medicaid savings allocation plan to limit such spending to the aggregate limit specified herein for such period.

Such medicaid savings allocation plan shall be designed, to reduce the expenditures authorized by the appropriations herein in compliance with the following guidelines: (1) reductions shall be made in compliance with applicable federal law, including the provisions of the Patient Protection and Affordable Care Act, Public Law No. 111-148, and the Health Care and Education Reconciliation Act of 2010, Public Law No. 111-152 (collectively "Affordable Care Act") and any subsequent amendments thereto or regulations promulgated thereunder; (2) reductions shall be made in a manner that complies with the state medicaid plan approved by the federal centers for medicare and medicaid services, provided, however, that the commissioner of health is authorized to submit any state plan amendment or seek other federal approval, including waiver authority, to implement the provisions of the medicaid savings allocation plan that meets the other criteria set forth herein; (3) reductions shall be made in a manner that maximizes federal financial participation, to the extent practicable, including any federal financial participation that is available or is reasonably expected to become available, in the discretion of the commissioner, under the Affordable Care Act; (4) reductions shall be made uniformly among categories of
services and geographic regions of the state, to the extent practicable, and shall be made uniformly within a category of service, to the extent practicable, except where the commissioner determines that there are sufficient grounds for non-uniformity, including but not limited to: the extent to which specific categories of services contributed to department of health medicaid state funds spending in excess of the limits specified herein; the need to maintain safety net services in underserved communities; or the potential benefits of pursuing innovative payment models contemplated by the Affordable Care Act, in which case such grounds shall be set forth in the medicaid savings allocation plan; and (5) reductions shall be made in a manner that does not unnecessarily create administrative burdens to medicaid applicants and recipients or providers.

The commissioner shall seek the input of the legislature, as well as organizations representing health care providers, consumers, businesses, workers, health insurers, and others with relevant expertise, in developing such medicaid savings allocation plan, to the extent that all or part of such plan, in the discretion of the commissioner, is likely to have a material impact on the overall medicaid program, particular categories of service or particular geographic regions of the state.

(a) The commissioner shall post the medicaid savings allocation plan on the department of health's website and shall provide written copies of such plan to the chairs of the senate finance and the assembly ways and means committees at least 30 days before the date on which implementation is expected to begin.

(b) The commissioner may revise the medicaid savings allocation plan subsequent to the provisions of notice and prior to implementation but needs to provide a new notice pursuant to subparagraph (i) of this paragraph only if the commissioner determines, in his or her discretion, that such revisions materially alter the plan.

Notwithstanding the provisions of paragraphs (a) and (b) of this subdivision, the commissioner need not seek the input described in paragraph (a) of this subdivision or provide notice pursuant to paragraph (b) of this subdivision if, in the discretion of the commissioner, expedited development and implementation of a medicaid savings allocation plan is necessary due to a public health emergency.

For purposes of this section, a public health emergency is defined as:

Nothing in this paragraph shall be deemed to prevent all or part of such medicaid savings allocation plan from taking effect retroactively to the extent permitted by the federal centers for medicare and medicaid services.

In accordance with the medicaid savings allocation plan, the commissioner of the department of health shall reduce department of health

that could result in medicaid disbursements for the relevant state
fiscal year to exceed the projected department of health state funds
disbursements in the enacted budget financial plan pursuant to
subdivision 3 of section 23 of the state finance law, including
spending increases or decreases due to: enrollment fluctuations,
rate changes, utilization changes, MRT investments, and shift of
beneficiaries to managed care; and variations in offline medicaid
payments; and (b) the actions taken to implement any medicaid
savings allocation plan implemented pursuant to subdivision (4) of
this section, including information concerning the impact of such
actions on each category of service and each geographic region of
the state. Each such monthly report shall be provided to the chairs
of the senate finance and the assembly ways and means committees and
shall be posted on the department of health's website in a timely
manner.

For the purpose of making payments to providers of medical care pursu-
ant to section 367-b of the social services law, and for payment of
state aid to municipalities where payment systems through fiscal
intermediaries are not operational, to reimburse such providers for
costs attributable to the provision of care to patients eligible for
medical assistance. Payments from this appropriation to general
hospitals related to indigent care pursuant to article 28 of the
public health law respectively, when combined with federal funds for

health care reform act allowances and surcharges pursuant to article
28 of the public health law and deposited to this account less any
such amounts withheld pursuant to subdivision 21 of section 2807-c
of the public health law. Notwithstanding any inconsistent
 provision of law, the moneys hereby appropriated may be increased or
decreased by interchange or transfer with any appropriation of the
department of health with the approval of the director of the budget,
who shall file such approval with the department of audit and
control and copies thereof with the chairman of the senate finance

director of the budget, in consultation with the commissioner of
health, shall assess on monthly basis known and projected medicaid expenditures by category of service and by geographic region, as determined by the commissioner of health, incurred both prior to and subsequent to such assessment for each such period, and if the director of the budget determines that such expenditures are expected to cause medicaid spending for such period to exceed the aggregate limit specified herein for such period, the state medicaid director, in consultation with the director of the budget and the commissioner of health, shall develop a medicaid savings allocation plan to limit such spending to the aggregate limit specified herein for such period.

Such medicaid savings allocation plan shall be designed, to reduce the expenditures authorized by the appropriations herein in compliance with the following guidelines: (1) reductions shall be made in compliance with applicable federal law, including the provisions of the Patient Protection and Affordable Care Act, Public Law No. 111-148, and the Health Care and Education Reconciliation Act of 2010, Public Law No. 111-152 (collectively "Affordable Care Act") and any subsequent amendments thereto or regulations promulgated thereunder; (2) reductions shall be made in a manner that complies with the state medicaid plan approved by the federal centers for medicare and medicaid services, provided, however, that the commissioner of health is authorized to submit any state plan amendment or seek other federal approval, including waiver authority, to implement the provisions of the medicaid savings allocation plan that meets the other criteria set forth herein; (3) reductions shall be made in a manner that maximizes federal financial participation, to the extent practicable, including any federal financial participation that is available or is reasonably expected to become available, in the discretion of the commissioner, under the Affordable Care Act; (4) reductions shall be made uniformly among categories of services and geographic regions of the state, to the extent practicable, and shall be made uniformly within a category of service, to the extent practicable, except where the commissioner determines that there are sufficient grounds for non-uniformity, including but not limited to: the extent to which specific categories of services contributed to department of health medicaid state funds spending in excess of the limits specified herein; the need to maintain safety net services in underserved communities; or the potential benefits of pursuing innovative payment models contemplated by the Affordable Care Act, in which case such grounds shall be set forth in the medicaid savings allocation plan; and (5) reductions shall be made in a manner that does not unnecessarily create administrative burdens to medicaid applicants and recipients or providers.

The commissioner shall seek the input of the legislature, as well as organizations representing health care providers, consumers, businesses, workers, health insurers, and others with relevant expertise, in developing such medicaid savings allocation plan, to the extent that all or part of such plan, in the discretion of the commissioner, is likely to have a material impact on the overall medicaid program, particular categories of service or particular geographic regions of the state.
(a) The commissioner shall post the medicaid savings allocation plan on the department of health's website and shall provide written copies of such plan to the chairs of the senate finance and the assembly ways and means committees at least 30 days before the date on which implementation is expected to begin.

(b) The commissioner may revise the medicaid savings allocation plan subsequent to the provisions of notice and prior to implementation but needs to provide a new notice pursuant to subparagraph (i) of this paragraph only if the commissioner determines, in his or her discretion, that such revisions materially alter the plan.

Notwithstanding the provisions of paragraphs (a) and (b) of this subdivision, the commissioner need not seek the input described in paragraph (a) of this subdivision or provide notice pursuant to paragraph (b) of this subdivision if, in the discretion of the commissioner, expedited development and implementation of a medicaid savings allocation plan is necessary due to a public health emergency.

For purposes of this section, a public health emergency is defined as:

(i) a disaster, natural or otherwise, that significantly increases the immediate need for health care personnel in an area of the state; (ii) an event or condition that creates a widespread risk of exposure to a serious communicable disease, or the potential for such widespread risk of exposure; or (iii) any other event or condition determined by the commissioner to constitute an imminent threat to public health.

Nothing in this paragraph shall be deemed to prevent all or part of such medicaid savings allocation plan from taking effect retroactively to the extent permitted by the federal centers for medicare and medicaid services.

In accordance with the medicaid savings allocation plan, the commissioner of the department of health shall reduce department of health state funds medicaid spending by the amount of the projected overspending through, actions including, but not limited to modifying or suspending reimbursement methods, including but not limited to all fees, premium levels and rates of payment, notwithstanding any provision of law that sets a specific amount or methodology for any such payments or rates of payment; modifying medicaid program benefits; seeking all necessary federal approvals, including, but not limited to waivers, waiver amendments; and suspending time frames for notice, approval or certification of rate requirements, notwithstanding any provision of law, rule or regulation to the contrary, including but not limited to sections 2807 and 3614 of the public health law, section 18 of chapter 2 of the laws of 1988, and 18 NYCRR 505.14(h).

The department of health shall prepare a monthly report that sets forth: (a) known and projected department of health medicaid expenditures as described in subdivision (1) of this section, and factors that could result in medicaid disbursements for the relevant state fiscal year to exceed the projected department of health state funds disbursements in the enacted budget financial plan pursuant to subdivision 3 of section 23 of the state finance law, including spending increases or decreases due to: enrollment fluctuations,
rate changes, utilization changes, MRT investments, and shift of beneficiaries to managed care; and variations in offline medicaid payments; and (b) the actions taken to implement any medicaid savings allocation plan implemented pursuant to subdivision (4) of this section, including information concerning the impact of such actions on each category of service and each geographic region of the state. Each such monthly report shall be provided to the chairs of the senate finance and the assembly ways and means committees and shall be posted on the department of health's website in a timely manner.

For the purpose of making payments to providers of medical care pursuant to section 367-b of the social services law, and for payment of state aid to municipalities and the federal government where payment systems through fiscal intermediaries are not operational, to reimburse the provision of care to patients eligible for medical assistance.

For services and expenses of the medical assistance program including nursing home, personal care, certified home health agency, long term home health care program and hospital services.

Notwithstanding any provision of law to the contrary, the portion of this appropriation covering fiscal year 2018-19 shall supersede and replace any duplicative (i) reappropriation for this item covering fiscal year 2018-19, and (ii) appropriation for this item covering fiscal year 2018-19 set forth in chapter 53 of the laws of 2017 (29846) ... 1,664,000,000 .....................
