If representation is requested, and the employee is a potential target of disciplinary action at the time of questioning, a reasonable period of time shall be afforded to the employee to obtain such representation. It shall be an affirmative defense to any improper practice charge under paragraph (g) of this subdivision that the employee has the right, pursuant to statute, interest arbitration award, collectively negotiated agreement, policy or practice, to present to a hearing officer or arbitrator evidence of the employer's failure to provide representation and to obtain exclusion of the resulting evidence upon demonstration of such failure. Nothing in this section shall grant an employee any right to representation by the representative of an employee organization in any criminal investigation; or (h) to disclose home addresses, personal telephone numbers, personal cell phone numbers, personal e-mail addresses of a public employee, as the term "public employee" is defined in subdivision seven of section two hundred one of this article, except (i) where required pursuant to the provisions of this article, and (ii) to the extent compelled to do so by lawful service of process, subpoena, court order, or as otherwise required by law. PART J

Section 1. The real property tax law is amended by adding a new
section 485-u to read as follows:

§ 485-u. Class one reassessment exemption. 1. Applicability. A special
assessing unit that is not a city may, by local law, opt to provide a
class one reassessment exemption as provided in this section. Such
exemption shall apply in the same manner and to the same extent to coun-
ty, town, special district and school district taxes levied on the
assessment roll prepared by such special assessing unit.

2. Eligibility. The assessor shall, for the two thousand twenty--two
thousand twenty-one assessment roll and for the subsequent four years,
apply an exemption as provided in this section to each property classi-
fied in class one pursuant to article eighteen of this chapter.

3. Exemption calculation. (a) (i) The assessor shall calculate the
exemption as a percentage of the exemption base. The exemption base
shall be the amount by which the assessment of a property on the two
thousand twenty--two-thousand twenty-one tentative assessment roll
issued on or about January 2, 2019 exceeds the equalized assessment on
the two thousand nineteen--two thousand twenty final assessment roll.
The assessor shall determine the equalized assessment on the two thou-
sand nineteen--two thousand twenty final assessment roll by multiplying
a property's effective full value on the two thousand nineteen--two
thousand twenty final assessment roll by the class one level of assess-
ment on the two thousand twenty--two thousand twenty-one final assess-
ment roll. The assessor shall determine a property's effective full
value on the two thousand nineteen--two thousand twenty final assessment
roll by dividing the assessment on the two thousand nineteen--two thou-
sand twenty final assessment roll by the class one level of assessment
on the two thousand nineteen--two thousand twenty final assessment roll.
Such exemption base shall not include assessment increases due to a
physical improvement or a removal or reduction of an exemption on prop-
erty.

(ii) Any increase in the assessment of a property due to an increase
in a property's full value or physical changes subsequent to the two
thousand twenty--two thousand twenty-one final assessment roll shall not
be eligible for the exemption. If any portion of a property is fully or
partially removed from the assessment roll subsequent to the two thou-
sand twenty--two thousand twenty-one final assessment roll by reason of
fire, demolition, destruction or new exemption, the assessor shall
reduce the exemption for any remaining portion in the same proportion
the assessment is reduced for such fire, demolition, destruction or new
exemption.

(b) The exemption shall be eighty per centum of the exemption base on
the two thousand twenty--two thousand twenty-one final assessment roll,
sixty per centum of the exemption base on the two thousand twenty--
two thousand twenty--two final assessment roll, forty per centum of the
exemption base on the two thousand twenty--two thousand twenty-three
final assessment roll, twenty per centum of the exemption base on the
two thousand twenty-three--two thousand twenty-four final assessment
roll and zero per centum of the exemption base on the two thousand twen-
ty-four--two thousand twenty-five final assessment roll.

4. Entering of exemption on assessment roll. The assessor shall enter
in a separate column on the assessment roll the value of any exemption
provided by this section.

§ 2. Severability. If any provision of this act or any application
thereof to any person or circumstances is held invalid, the remainder of
this act and the application of the provision to other persons and
circumstances shall not be affected thereby.

§ 3. This act shall take effect immediately.

For the purposes hereof, the present value of the aggregate debt service of the refunding or repayment bonds, notes or other obligations and of the aggregate debt service of the bonds, notes or other obligations so refunded or repaid, shall be calculated by utilizing the effective interest rate of the refunding or repayment bonds, notes or other obligations, which shall be that rate arrived at by doubling the semi-annual interest rate (compounded semi-annually) necessary to discount the debt service payments on the refunding or repayment bonds, notes or other obligations from the payment dates thereof to the date of issue of the refunding or repayment bonds, notes or other obligations and to the price bid including estimated accrued interest or proceeds received by the corporation including estimated accrued interest from the sale thereof.

b. The agency shall have power and is hereby authorized from time to time to issue negotiable bonds and notes in conformity with applicable provisions of the uniform commercial code in such principal amount as,
in the opinion of the agency, shall be necessary, after taking into
account other moneys which may be available for the purpose, to provide
sufficient funds to the facilities development corporation, or any
successor agency, for the financing or refinancing of or for the design,
construction, acquisition, reconstruction, rehabilitation or improvement
of mental health services facilities pursuant to paragraph a of this
subdivision, the payment of interest on mental health services improve-
ment bonds and mental health services improvement notes issued for such
purposes, the establishment of reserves to secure such bonds and notes,
the cost or premium of bond insurance or the costs of any financial
mechanisms which may be used to reduce the debt service that would be
payable by the agency on its mental health services facilities improve-
ment bonds and notes and all other expenditures of the agency incident
to and necessary or convenient to providing the facilities development
corporation, or any successor agency, with funds for the financing or
refinancing of or for any such design, construction, acquisition, recon-

hygiene improvement bonds issued pursuant to section 47-b of the private
housing finance law; provided, however, that the agency shall not issue

the private housing finance law, the present value of the aggregate debt
service of the refunding or repayment bonds to be issued shall not
exceed the present value of the aggregate debt service of the bonds to
be refunded or repaid. For purposes hereof, the present values of the
aggregate debt service of the refunding or repayment bonds, notes or
other obligations and of the aggregate debt service of the bonds, notes
or other obligations so refunded or repaid, shall be calculated by
utilizing the effective interest rate of the refunding or repayment
bonds, notes or other obligations, which shall be that rate arrived at
by doubling the semi-annual interest rate (compounded semi-annually)
necessary to discount the debt service payments on the refunding or
repayment bonds, notes or other obligations from the payment dates ther-
eof to the date of issue of the refunding or repayment bonds, notes or
other obligations and to the price bid including estimated accrued
interest or proceeds received by the authority including estimated

Section 1. The public service law is amended by adding a new section 24-c to read as follows:

§ 24-c. Utility intervenor reimbursement. 1. As used in this section, the following terms shall have the following meanings:

(a) "Compensation" means payment from the utility intervenor account fund established by section ninety-seven-ssss of the state finance law, for all or part, as determined by the department, of reasonable advocate's fees, reasonable expert witness fees, and other reasonable costs for preparation and participation in a proceeding.

(b) "Participant" means a group of persons that apply jointly for an award of compensation under this section and who represent the interests of a significant number of residential or small business customers, or a not-for-profit organization in this state authorized pursuant to its articles of incorporation or bylaws to represent the interests of residential or small business utility customers. For purposes of this section, a participant does not include a non-profit organization or other organization whose principal interests are the welfare of a public utility or its investors or employees, or the welfare of one or more businesses or industries which receive utility service ordinarily and primarily for use in connection with the profit-seeking manufacture, sale, or distribution of goods or services.

(c) "Other reasonable costs" means reasonable out-of-pocket expenses directly incurred by a participant that are directly related to the contentions or recommendations made by the participant that resulted in a substantial contribution.

(d) "Party" means any interested party, respondent public utility, or commission staff in a hearing or proceeding.

(e) "Proceeding" means a complaint, or investigation, rulemaking, or other formal proceeding before the commission, or alternative dispute resolution procedures in lieu of formal proceedings as may be sponsored or endorsed by the commission, provided however such proceedings shall be limited to those relating to public utilities that distribute and deliver gas, electricity, or steam within this state and having annual revenues in excess of two hundred million dollars arising under and proceeding pursuant to the following articles of this chapter: (1) the regulation of the price of gas and electricity, pursuant to article four of this chapter; (2) the regulation of the price of steam, pursuant to article four-A of this chapter; (3) the submetering, remetering or

(f) "Significant financial hardship" means that the participant will be unable to afford, without undue hardship, to pay the costs of effective participation, including advocate's fees, expert witness fees, and other reasonable costs of participation.

(g) "Small business" means a business with a gross annual revenue of two hundred fifty thousand dollars or less.

(h) "Substantial contribution" means that, in the judgment of the department, the participant's application may substantially assist the commission in making its decision because the decision may adopt in whole or in part one or more factual contentions, legal contentions, or specific policy or procedural recommendations that will be presented by the participant.

2. A participant may apply for an award of compensation under this section in a proceeding in which such participant has sought active party status as defined by the department. The department shall determine appropriate procedures for accepting and responding to such applications. At the time of application, such participant shall serve on every party to the proceeding notice of intent to apply for an award of compensation.

An application shall include:

(a) A statement of the nature and extent and the factual and legal basis of the participant's planned participation in the proceeding as far as it is possible to describe such participation with reasonable specificity at the time the application is filed.

(b) At minimum, a reasonably detailed description of anticipated advocate's and expert witness fees and other costs of preparation and participation that the participant expects to request as compensation.

(c) If participation or intervention will impose a significant financial hardship and the participant seeks payment in advance to an award of compensation in order to initiate, continue or complete participation in the hearing or proceeding, such participant must include evidence of such significant financial hardship in its application.

(d) Any other requirements as required by the department.

3. (a) Within thirty days after the filing of an application the department shall issue a decision that determines whether or not the participant may make a substantial contribution to the final decision in the hearing or proceeding. If the department finds that the participant requesting compensation may make a substantial contribution, the department shall describe this substantial contribution and determine the amount of compensation to be paid pursuant to subdivision four of this section.

(b) Notwithstanding subdivision four of this section, if the department finds that the participant has a significant financial hardship, the department may direct the public utility or utilities subject to the proceeding to pay all or part of the compensation to the department to be provided to the participant prior to the end of the proceeding. In the event that the participant discontinues its participation in the proceeding without the consent of the department, the department shall be entitled to, in whole or in part, recover any payments made to such
participant to be refunded to the public utility or utilities that
provided such payment.

(c) The computation of compensation pursuant to paragraph (a) of this
subdivision shall take into consideration the market rates paid to
persons of comparable training and experience who offer similar
services. The compensation awarded may not, in any case, exceed the
comparable market rate for services paid by the department or the public
utility, whichever is greater, to persons of comparable training and
experience who are offering similar services.

(d) Any compensation awarded to a participant and not used by such
participant shall be returned to the department for refund to the public
utility or utilities that provided such payment.

(e) The department shall require that participants seeking payment
maintain an itemized record of all expenditures incurred as a result of
such proceeding.

(i) The department may use the itemized record of expenses to verify
the claim of financial hardship by a participant seeking payment pursu-
ant to paragraph (c) of subdivision two of this section.

(ii) The department may use the record of expenditures in determining,
after the completion of a proceeding, if any unused funds remain.

(iii) The department shall preserve the confidentiality of the partic-
ipant’s records in making any audit or determining the availability of
funds after the completion of a proceeding.

(f) In the event that the department finds that two or more partic-
ipants’ applications have substantially similar interests, the depart-
ment may require such participants to apply jointly in order to receive
compensation.

4. Any compensation pursuant to this section shall be paid at the
conclusion of the proceeding by the public utility or utilities subject
to the proceeding within thirty days. Such compensation shall be remit-

participant.

The inspectors shall enter the names and new addresses of all such persons in either the first section of the challenge report or in the place provided at the end of in the computer generated registration list and shall also enter the new address next to such

registration poll records without completely obliterating the old
addresses and shall enter such new addresses and the new addresses for
any such persons whose names were in computer generated registra-

the same manner as other voters unless challenged on other grounds. The

him or her in the poll ledger or his or her name does not appear in the
computer generated registration list or his or her signature does not appear next to his or her name in such [computer-generated]
registration list or his or her registration poll record or the computer
generated registration list does not show him or her to be enrolled in
the party in which he or she claims to be enrolled, a poll clerk or
election inspector shall consult a map, street finder or other
description of all of the polling places and election districts within
the political subdivision in which said election district is located and
if necessary, contact the board of elections to obtain the relevant
information and advise the voter of the correct polling place and
election district for the residence address provided by the voter to
such poll clerk or election inspector. Thereafter, such voter shall be
permitted to vote in said election district only as hereinafter

The inspectors of election shall offer such an affidavit to each such voter whose residence address is in such election district. Each such affidavit shall be in a form prescribed by the state board of elections, shall be printed on an envelope of the size and quality used for an absentee ballot envelope, and shall contain an acknowledgment that the affiant understands that any false statement made therein is perjury punishable according to law. Such form prescribed by the state board of elections shall request information required to register such voter should the county board determine that such voter is not registered and shall constitute an application to register to vote. The voter's name and the entries required shall then be entered without delay and without further inquiry in the fourth section of the challenge report or in the place provided [at the end of] in the computer-generated registration list, with the notation that the voter has executed the affidavit hereinabove prescribed, or, if such person's name appears on [the computer-generated] in such registration list, the board of elections may provide a place to make such entry next to his or her name on such list. 4. At a primary election, a voter whose registration poll record is in the ledger or computer-generated registration list shall be permitted to vote only in the primary of the party in which such record shows [him] the voter to be enrolled unless [he] the voter shall present a court order pursuant to the provisions of subparagraph (i) of paragraph (e) of subdivision three of this section requiring that [he] the voter be permitted to vote in the primary of another party, or unless [he] the voter shall present a certificate of enrollment issued by the board of elections, not earlier than one month before such primary election, pursuant to the provisions of this chapter which certifies that [he] the

(f) Upon the return of such report \textit{and} or lists to the board of elections, it shall complete the investigation of voting qualifications of all persons named in the second section thereof or for whom entries were placed \textit{on} in such computer generated registration lists in lieu of the preparation of the second section of the challenge report, and shall forthwith proceed to cancel the registration of any person who, as noted upon such report, \textit{or in such list}, was challenged at such election and refused either to take a challenge oath or to answer any challenge question.

(g) The state board of elections shall prescribe a form of challenge report for use pursuant to the provisions of this section. Such form may require the insertion of such other information as the state board shall deem appropriate.

If it has made no entries in section two, three or four of such report it shall write across \textit{or note in} such section the words "No challenges", "No assistance" or "None", as the case may be, as directed in this chapter.

section one of this act shall be deemed to have been in full force and
effect on and after June 30, 2019.

PART CCC
Section 1. Legislative intent. The legislature hereby finds and
declares that it is in the public interest to enact a cost benefit
review process when a state agency enters into contracts for personal
services. New York State spends over $3.5 billion annually on personal
service contracts, over $840 million more than the State spent on these
contracts in SFY 2003-04, a 32% increase. Despite an Executive Order
that has implemented a post contract review process for some personal
service contracts the cost of those contracts continues to escalate
every year well above the inflation rate. In addition the State Finance
Law does not require state agencies to compare the cost or quality of
providing the same services by the state employees. Numerous audits
by the Office of State Comptroller as well as a KPMG study commissioned
by the department of transportation have found that consultants hired
under personal service contracts can cost between fifty percent and
seventy-five percent more than state employees that do the exact same
work including the cost of state employee benefits. The Contract Disclo-
sure Law (Chapter 10 of the laws of 2006) required consultants who
provide personal services to file forms for each contract that outline
how many consultants they hired, what titles they employed them in and
how much they paid them. A review of these forms show that the average
consultant makes about fifty percent more than state employees doing
comparable work. It is in the public interest for state agencies to
compare the cost of doing work by consultants with the cost of doing the
same work with state employees as well as document whether or not that
such work can be done by state employees. If state government is to be
smarter, more efficient, and transparent then a cost benefit analysis
process that makes its findings public should be required by law.
§ 2. Section 163 of the state finance law is amended by adding a new
subdivision 16 to read as follows:
16. Consultant services. a. Before a state agency enters into a
contract for consultant services which is anticipated to cost more than
seven hundred fifty thousand dollars in a twelve month period the state
agency shall conduct a cost comparison review to determine whether the
services to be provided by the consultant can be performed at equal or
lower cost by utilizing state employees, unless the contract meets one
of the exceptions set forth in paragraph g of this subdivision. As used
in this section, the term "consultant services" shall mean any contract
entered into by a state agency for analysis, evaluation, research,
training, data processing, computer programming, the design, development
and implementation of technology, communications or telecommunications
systems or the infrastructure pertaining thereto, including hardware and
software, engineering including inspection and professional design
services, health services, mental health services, accounting, auditing,
or similar services and such services that are substantially similar to
and in lieu of services provided, in whole or in part, by state employ-
ees, but shall not include legal services or services in connection with
litigation including expert witnesses and shall not include contracts
for construction of public works. For purposes of this subdivision, the
costs of performing the services by state employees shall include any
salary, pension costs, all other benefit costs, costs that are required
for equipment, facilities and all other overhead. The costs of consult-
ant services shall include the total cost of the contract including
costs that are required for equipment, facilities and all other overhead
and any continuing state costs directly associated with a contractor
providing a contracted function including, but not limited to, those
costs for inspection, supervision, monitoring of the contractor's work
and any pro rata share of existing costs or expenses, including adminis-
trative salaries and benefits, rent, equipment costs, utilities and
materials. The cost comparison shall be expressed where feasible as an
hourly rate, or where such a calculation is not feasible, as a total
estimated cost for the anticipated term of the contract.

b. Prior to entering any consultation services contract for the priva-
tization of a state service that is not currently privatized, the state
agency shall develop a cost comparison review in accordance with the
provisions of paragraph a of this subdivision.

c. (i) If such cost comparison review identifies a cost savings to the
state of ten percent or more, and such consultant services contract will
not diminish the quality of such service, the state agency shall develop
a business plan, in accordance with the provisions of paragraph d of
this subdivision, in order to evaluate the feasibility of entering any
such contract and to identify the potential results, effectiveness and
efficiency of such contract.

(ii) If such cost comparison review identifies a cost savings of less
than ten percent to the state and such consultant services contract will
not diminish the quality of such service, the state agency may develop a
business plan, in order to evaluate the feasibility of entering any such
contract and to identify the potential results, effectiveness and effi-
ciency of such contract, provided there is a significant public policy
reason to enter into such consultant services contract.

(iii) If any such proposed consultant services contract would result
in the layoff, transfer or reassignment of fifty or more state agency
employees, after consulting with the potentially affected bargaining
units, if any, the state agency shall notify the state employees of such
bargaining unit, after such cost comparison review is completed. Such
state agency shall provide an opportunity for said employees to reduce
the costs of conducting the operations to be privatized and provide
reasonable resources for the purpose of encouraging and assisting such
state employees to organize and submit a bid to provide the services
that are the subject of the potential consultant services contract.
d. Any business plan developed by a state agency for the purpose of complying with paragraph c of this subdivision shall include: (i) the cost comparison review as described in paragraph b of this subdivision, (ii) a detailed description of the service or activity that is the subject of such business plan, (iii) a description and analysis of the state agency's current performance of such service or activity, (iv) the goals to be achieved through the proposed consultant services contract and the rationale for such goals, (v) a description of available options for achieving such goals, (vi) an analysis of the advantages and disadvantages of each option, including, at a minimum, potential performance improvements and risks attendant to termination of the contract or rescission of such contract, (vii) a description of the current market for the services or activities that are the subject of such business plan, (viii) an analysis of the quality of services as gauged by standardized measures and key performance requirements including compensation, turnover, and staffing ratios, (ix) a description of the specific results based performance standards that shall, at a minimum be met, to ensure adequate performance by any party performing such service or activity, (x) the projected time frame for key events from the beginning of the procurement process through the expiration of a contract, if applicable, (xi) a specific and feasible contingency plan that addresses contractor nonperformance and a description of the tasks involved in and costs required for implementation of such plan, and (xii) a transition plan, if appropriate, for addressing changes in the number of agency personnel, affected business processes, employee transition issues, and communications with affected stakeholders, such as agency clients and members of the public, if applicable. Such transition plan shall contain a reemployment and retraining assistance plan for employees who are not retained by the state or employed by the contractor. If any part of such business plan is based upon evidence that the state agency is not sufficiently staffed to provide the services required by the consultant services contract, the state agency shall also include within such business plan a recommendation for remediation of the understaffing to allow such services to be provided directly by the state agency in the future.

e. Upon the completion of such business plan, the state agency shall submit the business plan to the state comptroller.
f. (i) Not later than sixty days after receipt of any business plan, the state comptroller shall transmit a report detailing its review, evaluation and disposition regarding such business plan to the state agency that submitted such cost comparison review. Such sixty-day period may be extended for an additional thirty days upon a showing of good cause.

(ii) The state comptroller's report shall include the business plan prepared by the state agency, the reasons for approval or disapproval, any recommendations or other information to assist the state agency in determining if additional steps are necessary to move forward with a consultant services contract.

(iii) If the state comptroller does not act on a business plan submitted by a state agency within ninety days of receipt of such business plan, such business plan shall be deemed approved.
g. A cost comparison shall not be required if the contracting agency demonstrates:

(i) the services are incidental to the purchase of real or personal property; or

(ii) the contract is necessary in order to avoid a conflict of interest on the part of the agency or its employees; or
(iii) the services are of such a highly specialized nature that it is not feasible to utilize state employees to perform them or require special equipment that is not feasible for the state to purchase or lease; or
(iv) the services are of such an urgent nature that it is not feasible to utilize state employees; or
(v) the services are anticipated to be short term and are not likely to be extended or repeated after the contract is completed; or
(vi) a quantifiable improvement in services that cannot be reasonably duplicated.

h. Nothing in this section shall be deemed to authorize a state agency to enter into a contract which is otherwise prohibited by law.

i. All documents related to the cost comparison and business plan required by this subdivision and the determinations made pursuant to paragraph g of this subdivision shall be public records subject to disclosure pursuant to article six of the public officers law.

§ 3. On or before December 31, 2022 the state comptroller shall prepare a report, to be delivered to the governor, the temporary president of the senate and the speaker of the assembly. Such report shall include, but need not be limited to, an analysis of the effectiveness of the cost comparison review program and an analysis of the cost savings associated with performing such cost comparison.

§ 4. This act shall take effect on the ninetieth day after it shall have become a law and shall apply to all contracts solicited or entered into by state agencies after the effective date of this act; provided, however, the amendments to section 163 of the state finance law made by section two of this act shall not affect the repeal of such section and shall be deemed repealed therewith.

§ 2. Severability clause. If any clause, sentence, paragraph, subdivision, section or part of this act shall be adjudged by any court of competent jurisdiction to be invalid, such judgment shall not affect, impair, or invalidate the remainder thereof, but shall be confined in its operation to the clause, sentence, paragraph, subdivision, section or part thereof directly involved in the controversy in which such judgment shall have been rendered. It is hereby declared to be the intent of the legislature that this act would have been enacted even if such invalid provisions had not been included herein.

§ 3. This act shall take effect immediately provided, however, that the applicable effective date of Parts A through CCC of this act shall be as specifically set forth in the last section of such Parts.
