## STATE OF NEW YORK

2261

2019-2020 Regular Sessions

## IN ASSEMBLY

January 22, 2019

Introduced by M. of A. ABINANTI -- read once and referred to the Committee on Environmental Conservation

AN ACT to amend the environmental conservation law, in relation to the water resources planning council

## The People of the State of New York, represented in Senate and Assembly, do enact as follows:

Section 1. Section 15-2901 of the environmental conservation law, as 1 2 amended by chapter 83 of the laws of 1995, is amended to read as 3 follows: § 15-2901. Water resources planning council; organization. 4 5 1. There is hereby established [within the department of environmental **conservation**] a water resources planning council. [It] The head of the б 7 council shall be the water commissioner, who shall be appointed by the 8 governor, by and with the advice and consent of the senate, and hold 9 office at the pleasure of the governor by whom he or she was appointed and until a successor is appointed and qualified. The water commissioner 10 11 shall hold no other public office, and shall be the chief administrative officer of and in sole charge of the administration of the water 12 resources planning council and shall chair the council. The water 13 14 commissioner shall receive an annual salary to be fixed by the governor 15 within the amount available therefor by appropriation, and shall be 16 entitled to receive reimbursement for expenses actually and necessarily incurred in the performance of his or her duties. The commissioner's 17 duties shall include management and oversight of the water resources of 18 19 the state. The water resources planning council shall consist of 20 [<del>fifteen</del>] seventeen voting members[, including] and eight non-voting 21 members. (a) Voting members shall include the chair, the commissioners 22 of agriculture and markets, economic development, environmental conser-23 vation, health, transportation, human rights, the chair of the public 24 service commission, president of the New York state energy research and 25 development authority, secretary of state and seven members to be

A. 2261

appointed by the governor including at least [one member] two members 1 who shall have expertise in the science of water resources planning 2 3 [and], at least two members who shall have expertise in environmental science and/or engineering and one member [selected from a list proposed 4 5 by public interest or environmental citizens organizations] who shall б have expertise in environmental justice. These seven members appointed by the governor shall serve terms of [four] five years each. Two of the 7 8 members appointed by the governor shall be appointed upon the recommen-9 dation of the majority leader of the senate and two of the members 10 appointed by the governor shall be appointed upon the recommendation of 11 the speaker of the assembly. [The governor shall select a chair from among the members.] (b) Non-voting members shall represent each of the 12 13 following regions: (a) New York City; (b) Long Island; (c) Lower Hudson 14 Valley; (d) Capitol Region; (e) Upper Hudson and St. Lawrence River 15 <u>Watershed; (f) Central New York; (q) Southern Tier River basins; and (h)</u> 16 Great Lakes Regional Watersheds. Meetings of the council shall be called 17 by the chair. [Members] Except for the chair, members shall receive 18 reimbursement for expenses only. 19 2. The water commissioner may request and receive from any department, 20 division, board, bureau, commission or other agency of the state or any 21 political subdivision thereof or any public authority, staff and other assistance, information, and resources as will enable the water 22 resources planning council to properly carry out its functions, powers 23 24 and duties. 25 § 2. Section 15-2903 of the environmental conservation law, as amended 26 by chapter 307 of the laws of 1986, is amended to read as follows: 27 § 15-2903. Water resources planning council; quorum, bylaws. 28 A majority of the voting members of the council shall constitute a 29 quorum for the transaction of any business or the exercise of any power 30 of the council. The commissioners of agriculture and markets, [commerce] 31 economic development, energy, environmental conservation, health, trans-32 portation, human rights, the [chairman] chair of the public service 33 commission and secretary of state may, by official authority filed in their respective agencies, and with the water resources planning coun-34 35 cil, designate a deputy or other officer to exercise his or her powers 36 and perform his or her duties, including the right to vote, on the coun-37 cil. The council may also establish for itself bylaws for the conduct of 38 its affairs. 39 § 3. The environmental conservation law is amended by adding a new 40 section 15-2904 to read as follows: 41 § 15-2904. Water resources planning council; duties and purpose. 42 1. The council shall manage and oversee the water resources of the 43 state including facilitating cooperative and sustainable management of 44 water resources to ensure that all residents have access to adequate, 45 affordable, safe drinking water in perpetuity. When appropriate, the 46 council shall consider opportunities for economic development in manag-47 ing the water resources of the state. The council shall ensure the fair and equitable distribution of public water resources and shall ensure 48 that every agency considers environmental justice standards in its deci-49 sion making process and actions. The council shall create interstate 50 51 partnerships for sharing resources and best practices for water manage-52 ment. 53 2. The council shall review and examine all state and federal laws and 54 regulations concerning the management, use, protection, conservation and provision of water which may affect the state. The council may issue 55 56 comments on any proposed state and federal legislation or regulations A. 2261

affecting water. The council shall review and may issue comments on any 1 2 recommendations of the drinking water quality council established pursuant to section eleven hundred thirteen of the public health law. The 3 4 council shall review the list of contaminants which are tested in waters 5 of the state and make necessary recommendations to the department of б environmental conservation, the department of health, or the United 7 States environmental protection agency. 8 § 4. Section 15-2905 of the environmental conservation law, as added 9 by chapter 509 of the laws of 1984, is amended to read as follows: 10 § 15-2905. Statewide inventory of existing significant deficiencies in 11 water supply systems. 12 The [commissioner, in consultation with the commissioner of health and] chair, utilizing information requested from the responsible local 13 14 officials as well as relevant information developed through titles elev-15 en and thirteen of this article, shall cause to be prepared an inventory 16 of existing significant deficiencies in water supply availability throughout the state, including specific needs for improvement, rehabil-17 18 itation and establishment of water supply, distribution and transmission facilities. Such inventory shall also identify those water supply 19 20 systems affected or threatened by intrusions of hazardous materials or 21 wastes and the nature of remediation required. Such inventory shall be completed and transmitted to the governor, legislature and the council 22 by July first, [nineteen hundred eighty-five] two thousand twenty. 23 The [commissioner] chair in consultation with the secretary of state, 24 25 shall also cause to be prepared a review and summary of existing statu-26 tory and constitutional provisions relating to the provision and financ-27 ing of water supply facilities by local governments, including such provision and financing through inter-local cooperation. Such review and 28 29 summary shall also identify any existing statutory and constitutional 30 constraints against the effective and efficient provision of sound 31 financing, on a revenue or general obligation basis, of such facilities. 32 Such review and summary shall be completed and transmitted to the governor, legislature and the council by January first, [nineteen hundred 33 eighty-six] two thousand twenty-one. At such time and based upon the 34 35 above inventory and review and summary, the [commissioner] chair shall 36 also cause to be prepared a compilation of those instances in which 37 correction of existing significant deficiencies appears to be beyond the 38 reasonable financial capabilities of the affected communities. 39 § 5. Section 15-2907 of the environmental conservation law, as amended 40 by chapter 214 of the laws of 1991, is amended to read as follows: 41 § 15-2907. Water resources management strategy; development purpose. 42 Not later than January first, [nineteen hundred eighty seven, the department of environmental conservation, with the participation of the 43 44 department of health] two thousand twenty-two, the water resources plan-45 ning council, with the participation of all voting members and whenever 46 possible, [regional planning and development boards] non-voting regional 47 <u>members</u>, shall develop and [<del>submit</del>] <u>adopt</u> a [<u>complete</u>] <u>comprehensive</u> 48 statewide water resources management strategy [to the water resources planning council for its review and adoption]. [This] The water 49 **resources management** strategy shall be composed of substate water 50 51 resources management strategies which recognize the natural boundaries 52 the water resource basins, watersheds, and aquifers and existing of 53 significant deficiencies of water supply, and which organize these in 54 the most practical and manageable manner. Each substate management stra-55 tegy shall analyze the present and future demographic, natural resource, 56 economic development, water quality, and conservation requirements of

1 public and private water systems and develop regional management strate-2 gies to meet the water resources requirements of residential, agricul-3 tural, industrial and commercial users as well as assure the highest 4 possible quality and quantity of these resources.

5 Strategies shall analyze the efficiency and capacity of existing water б supply sources and facilities and shall contain recommendations for 7 appropriate modifications, restoration, and expansion or development of 8 new sources or facilities. Such strategies shall also include evalu-9 ations and recommendations as to the feasibility of including or remov-10 ing hydroelectric energy generation facilities as part of the modifica-11 tions, restoration, and expansion or development of new or existing resources or facilities and/or returning rivers and streams to their 12 **natural flow**. The strategy shall also contain recommendations regarding 13 14 implementation of these strategies by the department of health, the 15 department of environmental conservation, other appropriate state agen-16 cies, local governments and special districts. Where necessary, the strategy shall include review and assessment of all interstate water 17 management agreements or agreements with municipalities. In addition, 18 19 the departments shall submit to the council substate water resources 20 management strategies as soon as such strategies are developed. The 21 departments shall also report regularly to the council on the develop-22 ment of the strategies and receive the council's recommendations and directions. [Such substate] The statewide water resources management 23 strategy shall be made available to the public on the council's website 24 25 and submitted to the legislature within two weeks of its adoption. 26 Substate strategies shall also be available [for public inspection as 27 seen as ] to the public on each department's and the council's website 28 within two weeks of the submission of such strategies [are developed] to 29 the council.

30 § 6. Section 15-2909 of the environmental conservation law, as added 31 by chapter 509 of the laws of 1984, is amended to read as follows: 32 § 15-2909. Water resources management strategy; hearings.

33 Upon [receipt] adoption of the comprehensive statewide water resources 34 management strategy [from the department of environmental conservation] by the water resources planning council, the council shall promptly 35 36 publish once a week for three consecutive weeks in newspapers of general 37 circulation and post on the council's website notice of public hearings 38 thereon. Public hearings shall be conducted in each of the [substate areas] regions represented [in the statewide strategy] by a non-voting 39 member of the council, and shall be in accordance with regulations 40 adopted by the [department, subject to modification by the] council. 41 Such regulations shall, at a minimum, require a hearing on the record 42 43 with sworn witnesses and shall afford interested parties a reasonable 44 opportunity to sponsor witnesses and to question witnesses sponsored by 45 others, including department staff, consistent with the need to conclude 46 the hearings expeditiously so that a state water resources management 47 strategy can be adopted in a timely manner. The hearings shall not be considered part of an adjudicatory proceeding, as defined in subdivision 48 three of section one hundred two of the state administrative procedure 49 act, or as part of a rule-making proceeding held under subdivision one 50 51 of section two hundred two of such act.

52 § 7. Section 15-2911 of the environmental conservation law, as added 53 by chapter 509 of the laws of 1984, is amended to read as follows:

54 § 15-2911. Water resources management strategy; approval.

55 The water resources planning council shall, as expeditiously as prac-56 ticable following the conclusion of its hearings, but in no case later A. 2261

than January first, [nineteen hundred eighty-eight] two thousand twen-1 ty-two, [determine] adopt, based on the record, [whether] the statewide 2 water resources management strategy [should be approved] with modifica-3 tions [or disapproved, and shall state in writing the reasons for its 4 determination], if any, based on the testimony and public hearing 5 record. [If the council has determined approval of the] The strategy [7 б 7 it ] adopted by the council shall be adopted by the departments of health 8 and environmental conservation and other appropriate state agencies [in 9 the form determined by the council. If the council has determined disapproval of the strategy, the department of environmental conservation, in 10 conjunction with the department of health, shall modify the strategy in 11 accordance with the determination issued by the council and resubmit the 12 strategy to the council for its action]. 13 14 § 8. Section 15-2913 of the environmental conservation law, as added 15 by chapter 509 of the laws of 1984, is amended to read as follows: 16 § 15-2913. Water resources management strategy; revision. 17 From time to time and at least once every [<del>two years</del>] year, [the department of environmental conservation, with the participation of the 18 department of health] the water resources planning council, with partic-19 20 ipation of all voting members and whenever possible, [regional planning 21 and development boards non-voting regional members, shall review the strategy and shall either (a) prepare any amendments necessary to update 22 the strategy, or (b) issue a determination that no amendments are neces-23 sary and the reasons supporting the determination. Any interested person 24 25 may seek such a review upon written application to the [department of 26 environmental congervation] council for an amendment to the statewide 27 water resources management strategy. [Any statement issued by the departments that no amendments are necessary shall be submitted to the 28 council for approval, modification or disapproval. Amendments shall be 29 30 adopted in the same manner as the strategy itself. Every four years, a 31 new comprehensive statewide resources management strategy shall be 32 developed and adopted by the water resources planning council as set 33 forth herein. § 9. The environmental conservation law is amended by adding a new 34 35 section 15-2915 to read as follows: 36 § 15-2915. Report to legislature and governor. 37 From time to time, but not less than once each year, the water 38 resources planning council shall submit a report to the governor, the majority leader of the senate and the speaker of the assembly on the 39 status and quality of the water resources of the state. When requested, 40 41 the water commissioner shall represent and provide testimony on behalf 42 of the water resources planning council before the senate and assembly.

43 § 10. This act shall take effect immediately.
