background check in the National Instant Criminal Background Check System (NICS) or its successor. All applications must be signed and verified by the applicant.

- (d) Upon receipt of an application for an employee background check certificate, the division of criminal justice services shall conduct a background check of the applicant in NICS or its successor. The results of the background check must indicate that there is no information that would disqualify the applicant from receiving or possessing a firearm, rifle, or shotgun under state or under federal law, and the division of criminal justice services shall document such result on an employee background check certificate.
- (e) The division of criminal justice services shall issue to qualifying employees an employee background check certificate, which shall certify that a background check was conducted on the holder of such certificate and that NICS indicated that there was no information in the system as of the date of the background check that would disqualify the applicant from receiving or possessing a firearm, rifle, or shotgun. Such certificate shall have the effect of authorizing such employee to handle, sell, or otherwise dispose of those firearms, rifles, or shotguns that are lawfully possessed, sold or disposed of by the gunsmith or dealer in firearms, rifles, or shotguns only while such employee is actually conducting business on behalf of the gunsmith or dealer in firearms, rifles, or shotguns notwithstanding the fact that such weapons may not be the type the employee would otherwise be licensed or authorized to possess under New York law. The employee shall have in his or her possession a copy of his or her certificate or valid license issued under the provisions of this section or section 400.01 of this article or proof that he or she is a police officer. A copy of such certificate or license or proof that an employee is a police officer shall be maintained by the gunsmith or dealer in firearms, rifles, or shotguns on the premises where such employee works. All certificates, licenses, or proof that an employee is a police officer and copies referred to in this paragraph shall be produced upon request by any police officer or peace officer acting pursuant to his or her special duties. Such certificate shall become invalid effective upon the termination of the employee's employment. An employer shall notify the division of criminal justice services, in a manner determined by the division, whenever a certificate holder's employment with such dealer or gunsmith has been terminated.
 - (f) For the purpose of this subdivision, the term handling shall not include moving or carrying, in the normal course of business, a secured crate or container that contains a firearm or firearms, rifle or rifles, or shotgun or shotguns, from one location to another within the premises of a gunsmith or dealer in firearms, rifles, or shotguns.
- 44 (g) A failure to adhere to the requirements of this subdivision shall 45 constitute a violation on the part of both the employee and the quasmith 46 or dealer in firearms, rifles, or shotguns.
- § 3. This act shall take effect on the one hundred eightieth day after it shall have become a law, except that the division of criminal justice services shall promulgate any rules or regulations or approve any forms necessary for applications for employee background check certificates to be submitted to and approved by such division and for certificates to be issued by such division pursuant to subdivision 12-b of section 400.00 of the penal law as added by section two of this act, and shall begin to 54 issue such certificates to qualifying employees before the one hundred eightieth day after this act shall have become a law.
