Prior to issuing such a finding, the commissioner of transportation shall afford an individual the right to a hearing pursuant to section one hundred forty-five of the transportation law. Such rules and regulations shall take into consideration, but shall not be limited to, the safety of the traveling public and the protection of the highways and the environment. Such rules and regulations shall also contain a schedule of fees to be charged for the issuance of such permits which fees shall cover, but shall not be limited to, the costs to the department of transportation for the administration of the permit program, and shall permit the commissioner of transportation to levy a surcharge of up to twenty dollars for the issuance and distribution of special hauling permits at regional offices of the department of transportation. Additionally, the commissioner shall establish a fee schedule for the permitting of extra non-power combination units that may not exceed twenty-five dollars per vehicle and may offer discounts for multi-trailer registrations. Such fees shall not be charged to municipalities in this state **and the commissioner of transportation is hereby authorized to issue permits to municipalities for durations greater than one year**. If the permit has routing requirements, such rules and regulations shall provide that if the routing anticipates the use of highways not under the jurisdiction of the commissioner of transportation, then he or she shall immediately notify the municipality or municipalities, having jurisdiction over such highway that an application for a permit has been received and request comment thereon. Said municipality or municipalities shall not have less than fifteen days to comment. Such rules and regulations shall also contain any other requirements deemed necessary by the commissioner of transportation.

subdivision ten, subdivision seventeen-a or subdivision seventeen-b of such section, a corrected registration shall not be required pursuant to this paragraph while the permit for extra legal weights is in effect; and further, provided, that in lieu of fees due the department pursuant to this paragraph and schedule K of subdivision seven of this section, the commissioner of transportation is authorized and directed to impose a fee equal to two dollars together with the balance of the annual fee for what would have otherwise been required for the corrected registration over the fee as previously registered and any fee that would have otherwise been required pursuant to schedule K of subdivision seven of this section and, notwithstanding the provisions of section eighty-nine-b of the state finance law and the provisions of any other law to the contrary, such fee shall be deposited in accordance with schedule K of subdivision seven and subdivision twenty-one of this section. No return of any part of the fee paid for the previous registration shall be made in case of a reduction of maximum gross weight certified in the application for a corrected registration.
