STATE OF NEW YORK

2734

2019-2020 Regular Sessions

IN ASSEMBLY

January 25, 2019

Introduced by M. of A. CUSICK -- read once and referred to the Committee on Energy

AN ACT to amend the public service law and the public authorities law, in relation to establishing a fuel cell incentive program

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

Section 1. The public service law is amended by adding a new section 2 66-p to read as follows:

§ 66-p. Fuel cell incentive program. 1. As used in this section:

3

- (a) "Electric distribution company" means an investor-owned electric corporation that distributes and delivers electricity within this state and has annual revenues in excess of two hundred million dollars; and
- (b) "Qualified fuel cell electric generating system" means: a system based on a solid oxide, molten carbonate, proton exchange membrane or phosphoric acid fuel cell that is manufactured, installed and operated in accordance with applicable government and industry standards, and that is operated in compliance with any standards and requirements established in this chapter or by order of the public service commission.
- 14 2. Within forty-five days of the effective date of this section, the 15 commission shall commence the consideration of modifications to its existing programs that encourage the development of qualified fuel cell 16 electric generating systems and, no later than January first, two thou-17 sand twenty, the commission shall make a determination establishing 18 modifications to its existing programs that encourage the development of 19 20 qualified fuel cell generating systems in conformance with this section. 21 The department shall consult with the New York state energy research and 22 <u>development authority in the preparation of its recommendations to the</u> 23 commission for such determination. The program modifications shall 24 require:

EXPLANATION--Matter in italics (underscored) is new; matter in brackets
[-] is old law to be omitted.

1 (a) administration by the New York state energy research and develop-2 ment authority;

- (b) planned annual expenditures including all costs of a minimum of fifty million dollars commencing in calendar year two thousand twenty and sustained each year through calendar year two thousand thirty;
- (c) a diversity of project sizes, geographic distribution, and participation among customer classes, subject to cost-effectiveness considerations;
- 9 (d) incentive structures that maximize cost-effectiveness and practi10 cality through competitive procurements, standing-offers, production
 11 incentives or capacity incentives at the wholesale or retail level as in
 12 the judgment of the commission, in consultation with the New York inde13 pendent system operator, provide for the most effective program;
- 14 (e) incentive structures that take into consideration the economic
 15 benefits to the state of New York;
- 16 <u>(f) program designs that take into consideration the avoidance of</u>
 17 <u>long-term costs to the transmission and distribution system and minimi-</u>
 18 <u>zation of peak load in constrained areas;</u>
- 19 (g) annual reports on the achievements and effectiveness of the 20 program; and
 - (h) such other issues deemed appropriate by the commission.
 - § 2. Section 1020-11 of the public authorities law, as renumbered by chapter 520 of the laws of 2018, is renumbered section 1020-zz.
 - § 3. Sections 1020-jj, 1020-kk and 1020-ll of the public authorities law, sections 1020-jj and 1020-kk as renumbered by chapter 520 of the laws of 2018 and section 1020-ll as renumbered by chapter 415 of the laws of 2017, are renumbered sections 1020-ww, 1020-xx, and 1020-yy and a new section 1020-jj is added to read as follows:
 - § 1020-jj. Establishment of fuel cell incentive program. 1. As used in this section the term "qualified fuel cell electric generating system" means: a system based on a solid oxide, molten carbonate, proton exchange membrane or phosphoric acid fuel cell that is manufactured, installed and operated in accordance with applicable government and industry standards, and that is installed in the authority's service territory after January first, two thousand twenty.
 - 2. The authority shall continue to encourage the development of qualified fuel cell electric generating systems in its service territory through implementation of the fuel cell incentive program. The program shall require:
- 40 (a) planned annual expenditures including all costs of at minimum
 41 fifteen million dollars commencing in calendar year two thousand twenty
 42 and sustained each year through calendar year two thousand thirty;
 - (b) a diversity of project types;
 - (c) program administration and delivery;
- 45 (d) incentive structures that take into consideration the economic 46 benefits to the state of New York;
- 47 (e) program designs that take into consideration the avoidance of
 48 long-term costs to the transmission and distribution system and minimi49 zation of peak load in constrained areas and that maximizes cost-effec50 tiveness through competitive procurements;
- 51 (f) annual reports on the achievements and effectiveness of the 52 program; and
 - (q) any other objectives the authority may establish.
 - § 4. This act shall take effect immediately.
