AN ACT to amend the education law, in relation to licensing of genetic  
counselors

The People of the State of New York, represented in Senate and Assem-  
bly, do enact as follows:

1 Section 1. Legislative intent and findings. The legislature finds that  
2 while significant steps have been taken through legislation in response  
3 to the COVID-19 crisis in New York State, much more must be done to  
4 combat the continued threat to public health and safety presented by  
5 COVID-19 and future pandemics including identifying risk factors, devel-  
6 oping responses, and increasing access to treatment.

7 The legislature intends to build on the initial efforts of the execu-  
8 tive and legislature in responding to the COVID-19 crisis by recognizing  
9 the significant role genetic counselors play in identifying genetic  
10 variants through predictive testing, investigating underlying genomic  
11 susceptibilities and deciphering complex testing infrastructures, culmi-  
12 nating in the critical counseling of patients and educating other health  
13 care providers.

14 The legislature finds that the state's mission to ensure preparedness  
15 against future health crises through data collection, research, and  
16 access to safe care will be advanced through the licensure of genetic  
17 counselors and the active engagement of these uniquely trained practi-  
18 tioners and researchers in the making of informed personal health care  
19 decisions and the development of effective health care policies.

20 § 2. The education law is amended by adding a new article 142 to read  
21 as follows:

22 ARTICLE 142

EXPLANATION--Matter in italics (underscored) is new; matter in brackets
