Introduced by M. of A. ORTIZ, AUBRY -- Multi-Sponsored by -- M. of A. ARROYO, THIELE -- read once and referred to the Committee on Economic Development

AN ACT to amend the alcoholic beverage control law, in relation to requiring the segregation of certain alcoholic beverages with a stimulant sold for off-premises consumption and the labeling of containers containing certain alcoholic beverages

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

1 Section 1. Section 105 of the alcoholic beverage control law is
2 amended by adding a new subdivision 13 to read as follows:

3 13. (a) Each retail license for off-premises consumption that sells
4 alcoholic beverages that contain more than two per centum alcohol by
5 volume, in combination with more than five milligrams per ounce of
6 caffeine or any other stimulant including, but not limited to guarana,
7 ginseng or taurine that has an equivalent effect as such quantity of
8 caffeine shall sell such alcoholic beverages in an area of the licensed
9 premises that is segregated from the area where other beverages, includ-
10 ing alcoholic beverages, are sold. No such alcoholic beverages contain-
11 ing a stimulant shall be commingled with other alcoholic beverages or
12 energy drinks.

13 (b) At the front of the segregated area of the licensed premises where
14 alcoholic beverages containing a stimulant are sold, the licensee shall
15 conspicuously post a sign containing the notices and warnings provided
16 for in paragraphs (a), (b) and (c) of subdivision one of section one
17 hundred seven-a of this article. Furthermore, such sign shall state
18 that these beverages contain alcohol and by law cannot legally be
19 consumed by persons under the age of twenty-one years, and that these
20 beverages should not be confused with energy drinks. The state liquor
21 authority shall be authorized to promulgate rules and regulations
22 providing for the form and content of such notices and warnings.

EXPLANATION--Matter in italics (underscored) is new; matter in brackets
[-] is old law to be omitted.

§ 2. The closing paragraph of subdivision 1 of section 107-a of the alcoholic beverage control law, as amended by chapter 354 of the laws of 2013, is amended to read as follows:

Such regulations shall be calculated to prohibit deception of the consumer; to afford him or her adequate information as to quality and identity; and to achieve national uniformity in so far as possible. In addition, for the approval of labels for containers of any alcoholic beverage that contains more than two per centum alcohol by volume, in combination with more than five milligrams per ounce of caffeine or any other stimulant including, but not limited to guarana, ginseng or taurine that has an equivalent effect as such quantity of caffeine, the label or container thereof must:

(a) have a disclosure that is either part of the label or affixed to the container that advises purchasers that this alcoholic beverage (i) contains a combination of high concentrations of alcohol (a depressant) and caffeine (a stimulant) or another stimulant, and that the health effects of such combination are not completely known; (ii) over consumption of this alcoholic beverage may cause future cardiovascular or neurological problems, higher risk of accidental physical injury to the consumer or others, or alcohol poisoning; (iii) the stimulant in this alcoholic beverage may mask the level of impairment and disorientation that can occur due to the amount of alcohol that is also contained in this beverage; and (iv) the operation of motor vehicles and other machinery should be avoided after consuming this alcoholic beverage;

(b) be designed so that it cannot be confused with other energy drinks or beverages that are not alcoholic beverages and are legally available for sale to persons under the age of twenty-one years. Such design may be accomplished by a label design that places a stripe or other indicator to show that this beverage contains alcohol or by affixing the disclosure required by paragraph (a) of this subdivision that also clearly indicates that the beverage contains alcohol and that it is illegal to be consumed by any person under the age of twenty-one years; and

(c) be designed so as not to be attractive to or encourage the consumption of such alcoholic beverage by persons under the age of twenty-one years. Such design may be accomplished by a label design that clearly indicates that this is an alcoholic beverage that cannot be legally consumed by persons under the age of twenty-one years or by the prominent affixing of the disclosure required by paragraph (a) of this subdivision.

§ 3. Clause (ii) of subparagraph 2 of paragraph (a) of subdivision 4 of section 107-a of the alcoholic beverage control law, as amended by chapter 369 of the laws of 2017, is amended to read as follows:

(ii) the authority does not deny such application within thirty days after receipt; provided, however, that with respect to any alcoholic beverage that contains a combination of alcohol and caffeine or other stimulant, as described in subdivision one of this section, the authority does not deny such application within one hundred twenty days after receipt so that the authority has a sufficient period of time to review such label and ensure that the requirements established in such subdivision are complied with.

§ 4. Clause (ii) of subparagraph 2 of paragraph (a) of subdivision 4 of section 107-a of the alcoholic beverage control law, as amended by chapter 440 of the laws of 2018, is amended to read as follows:

(ii) the authority does not deny such application within thirty days after receipt; provided, however, that with respect to any alcoholic

1 beverage that contains a combination of alcohol and caffeine or other
2 stimulant, as described in subdivision one of this section, the authori-
3 ty does not deny such application within one hundred twenty days after
4 receipt so that the authority has a sufficient period of time to review
5 such label and ensure that the requirements established in such subdivi-
6 sion are complied with.

7 § 5. This act shall take effect on the two hundred seventieth day
8 after it shall have become a law, provided, however, that if chapter 440
9 of the laws of 2018 shall not have taken effect on or before such date
10 then section four of this act shall take effect on the same date and in
11 the same manner as such chapter of the laws of 2018 takes effect. Effec-
12 tive immediately, the state liquor authority is authorized to add, amend
13 and/or repeal any rules and regulations necessary to implement the
14 provisions of this act within one hundred twenty days after it shall
15 have become a law.
