2019-2020 Regular Sessions

IN ASSEMBLY

February 4, 2019

Introduced by M. of A. L. ROSENTHAL -- read once and referred to the Committee on Health

AN ACT to amend the public health law, in relation to prohibiting the use of coupons or use of a "price reduction instrument" to lower the price of certain tobacco products

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

Section 1. Legislative findings. The legislature finds that tobacco 1 2 use is a leading cause of preventable premature death in the United 3 States and the state of New York. Given the substantial human and 4 economic costs associated with tobacco use, New York state has taken numerous steps to reduce tobacco use among adults and to prevent minors 5 б from taking up cigarette smoking or using other tobacco products. Howev-7 er, the legislature finds that the state should take further action to 8 discourage adults and young adults from taking up and continuing to 9 smoke cigarettes, use e-cigarettes, or use other tobacco products.

Despite New York state's laws which prohibit the sale of cigarettes 10 11 and e-cigarettes to children under age 18, tobacco use among young 12 adults persists. According to recent findings, nine out of ten smokers 13 first tried cigarettes by age eighteen, and ninety-nine percent first 14 tried cigarettes by age twenty-six. In addition, a recent report issued by the Centers for Disease Control and Prevention and the U.S. Food and 15 16 Drug Administration's Center for Tobacco Products noted that while cigarette use among high school students has declined, it still is a 17 substantial share (9.2%) of the most commonly used tobacco products by 18 these students. Of particular importance, the report notes that e-cigar-19 20 ette use tripled among middle and high school students from 2013-2014 21 and that e-cigarette use has surpassed the current use of every other 22 tobacco product overall.

The legislature finds that the use of price reduction promotions, especially coupons targeted in mailing, design and marketing to young

2	By encouraging purchase by price reduction, these youth-directed
3	promotions unquestionably encourage youth use of tobacco products, and
4	should be disallowed.
5	The legislature hereby declares that enactment of this act is neces-
б	sary to address the persistent availability of low-priced cigarettes and
7	tobacco products targeted to young people in New York state. This act
8	will ban the redemption of coupons and other price reduction instruments
