Introduced by M. of A. FAHY -- read once and referred to the Committee on Corporations, Authorities and Commissions

AN ACT to direct the New York state energy research and development authority to study and make recommendations regarding the state's electric vehicle inventory and improvements to the state's electric vehicle infrastructure

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

Section 1. 1. The New York state energy research and development authority (NYSERDA) is hereby directed to prepare a report containing an inventory of the state's electric vehicles and electric vehicle infrastructure for submission to the governor, temporary president of the senate and the speaker of the assembly. Such report shall be related to improvements, alterations, and upgrades to the state's electric vehicle infrastructure to incentivize, accelerate, and encourage the purchasing, use, and ownership of electric vehicles to further the state's clean energy goals.

2. The report shall:

(a) analyze the potential environmental and policy benefits derived from expanding the state's inventory of electric vehicles and electric vehicle infrastructure;

(b) identify current electric vehicle infrastructure, including public electric vehicle charging stations;

(c) evaluate gaps in the current electric vehicle infrastructure, including geographic areas lacking access to public electric vehicle charging stations;

(d) evaluate incentives to encourage purchasing, use and ownership of electric vehicles in the state;

(e) evaluate the feasibility of transitioning to a primarily electric state-owned vehicle fleet; and
