AN ACT to amend the town law and the tax law, in relation to authorizing towns in the Peconic Bay region to establish community housing funds to be funded by a supplemental real estate transfer tax

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

Section 1. Legislative findings. The legislature hereby finds that 2 critical to the future of the Peconic Bay region is the need for an adequate supply of housing opportunities for all segments of the Peconic Bay community.

The adverse impact resulting from the lack of housing opportunities is severe. Local employers are having difficulty hiring and retaining employees because of housing costs and availability. Local volunteer 8 emergency services agencies are experiencing difficulty in recruitment and retention. Long-time residents are forced to leave the area. Traf-10 fic congestion is intensified by the importation of labor from areas 11 with lower housing costs. Finally, the lack of housing opportunities is 12 resulting in residents being forced to live in substandard, illegal 13 conditions.

The unique demographics and economics in the Peconic Bay region and a 14 15 lack of affordable dwelling units are contributing to this housing shor-16 tage. The combination of the Peconic Bay region's attractiveness, prox-17 imity to the dense population of the New York metropolitan region and to 18 that region's extraordinary wealth, makes the Peconic Bay region a prime 19 location for seasonal and luxury homes. While this combination of 20 extraordinary attractiveness, population density, and wealth has created 21 a strong local economy for the Peconic Bay region, it has resulted in a

housing crisis for local families. In the Peconic Bay region, more than 40% of all housing units are seasonal.

In summary, the demand of land for luxury and seasonal homes and seasonal rentals has left a short supply of housing opportunities for moderate income and working class local residents. The implementation of the new federal tax bill will only exacerbate this problem by making it more difficult for first time homebuyers by imposing a \$10,000 cap on the deductibility of state and local taxes and by reducing the mortgage interest deduction on new mortgages. The Peconic Bay region requires a balanced housing policy where there exists a variety of housing types and opportunities across the region's economic spectrum.

It is the public purpose of this legislation to give the towns of the Peconic Bay region the authority and resources needed to establish a dedicated fund to provide needed housing opportunities. Specifically, this legislation would permit each town to establish a community housing fund to increase housing opportunities in the region. Further, a town housing plan adhering to smart growth principles would be required to be approved and implemented to insure that these new housing opportunities are enacted in the context of a comprehensive plan. The fund shall be enacted by local law subject to a mandatory referendum.

Said fund would be financed by a combination of state and local funds, including a 0.5% supplemental real estate transfer tax, which would be in addition to the existing 2% real estate transfer tax for the Peconic Bay region community preservation fund.

In addition, the exemption amounts from the total real estate transfer tax would be increased to \$400,000 in the towns of Southampton, East Hampton and Shelter Island and to \$280,000 in the towns of Riverhead and Southold. This will insure that in the towns of East Hampton, Southampton, and Shelter Island, the real estate transfer tax will be reduced from current law for property transfers with a consideration under \$1,000,000. The real estate transfer tax would be reduced from current law in the towns of Southold and Riverhead for property transfers with a consideration under \$800,000. Finally, the purchase price limit for the exemption for first time homebuyers in the towns of East Hampton, Southampton and Shelter Island would be increased from 120% to 150% of the purchase price limit defined by the state of New York mortgage agency. These amendments to the exemptions will reduce any adverse impact from the transfer tax on the provision of community housing.
