29 department to practice in the state shall comply with the provisions of
30 the mandatory continuing education requirements prescribed in subdivi-
31 sion two of this section except as set forth in paragraphs (b) and (c)
32 of this subdivision. Licensed athletic trainers who do not satisfy the
33 mandatory continuing education requirements shall not practice until
34 they have met such requirements, and they have been issued a registra-
35 tion certificate, except that a licensed athletic trainer may practice
36 without having met such requirements if he or she is issued a condi-
37 tional registration certificate pursuant to subdivision three of this
38 section.

39 (b) Each licensed athletic trainer shall be exempt from the mandatory
40 continuing education requirement for the triennial registration period
41 during which he or she is first licensed. In accordance with the intent
42 of this section, adjustment to the mandatory continuing education
43 requirement may be granted by the department for reasons of health
44 certified by an appropriate health care professional, for extended
45 active duty with the armed forces of the United States, or for other
46 good cause acceptable to the department which may prevent compliance.

47 (c) A licensed athletic trainer not engaged in practice, as determined
48 by the department, shall be exempt from the mandatory continuing educa-
49 tion requirement upon the filing of a statement with the department
50 declaring such status. Any licensee who returns to the practice of
51 athletic training during the triennial registration period shall notify
52 the department prior to reentering the profession and shall meet such
53 mandatory education requirements as shall be prescribed by regulations
54 of the commissioner.

55 2. During each triennial registration period, an applicant for regis-
56 tration as a licensed athletic trainer shall complete a minimum of

1 forty-five hours of acceptable formal continuing education, as specified

5 January first, two thousand twenty, shall complete continuing education
6 hours on a prorated basis at the rate of one hour per month for the
7 period beginning January first, two thousand twenty and then fifteen
8 hours per year until his or her first registration date thereafter. A
9 licensee who has not satisfied the mandatory continuing education
10 requirements shall not be issued a triennial registration certificate by
11 the department and shall not practice unless and until a conditional
12 registration certificate is issued as provided for in subdivision three
13 of this section. Continuing education hours taken during one triennium
14 may not be transferred to a subsequent triennium.

15 3. The department, in its discretion, may issue a conditional regis-
16 tration to a licensee who fails to meet the continuing education
17 requirements established in subdivision two of this section but who
18 agrees to make up any deficiencies and complete any additional education
19 which the department may require. The fee for such a conditional regis-
20 tration shall be the same as, and in addition to, the fee for the trien-
21 niel registration. The duration of such conditional registration shall
22 be determined by the department but shall not exceed one year. Any
23 licensee who is notified of the denial of registration for failure to
24 submit evidence, satisfactory to the department, of required continuing
25 education and who practices without such registration may be subject to
26 disciplinary proceedings pursuant to section sixty-five hundred ten of
27 this title.

28 4. As used in subdivision two of this section, "acceptable formal
29 education" shall mean formal courses of learning which contribute to
30 professional practice in athletic training and which meet the standards
31 prescribed by regulations of the commissioner. Such formal courses of
32 learning shall include, but not be limited to, collegiate level credit
33 and non-credit courses, professional development programs and technical
34 sessions offered by national, state and local professional associations,
35 and any other organized educational and technical programs acceptable to
36 the department. The department may, in its discretion and as needed to
37 contribute to the health and welfare of the public, require the
38 completion of continuing education courses in specific subjects to
39 fulfill this mandatory continuing education requirement. Continuing
40 education courses must be taken from a provider approved by the depart-
41 ment, based upon an application and fee pursuant to the regulations of
42 the commissioner.

43 5. A licensed athletic trainer shall maintain adequate documentation
44 of completion of acceptable formal continuing education and shall
45 provide such documentation at the request of the department. Failure to
46 provide such documentation upon the request of the department shall be
47 an act of misconduct subject to disciplinary proceedings pursuant to
48 section sixty-five hundred ten of this title.

49 6. The mandatory continuing education fee shall be payable on or
50 before the first day of each triennial registration period, and shall be
51 paid in addition to the triennial registration fee required by section
52 eighty-three hundred fifty-five of this article.

53 § 8356-b. Special provisions. Any person who is certified as an
54 athletic trainer by the department on the effective date of this section
55 shall have one year from the effective date to apply for and qualify for

licensure as an athletic trainer without meeting any additional requirements.

§ 9. Section 8357 of the education law, as added by chapter 798 of the laws of 1992, is amended to read as follows:

Nothing in this section shall be deemed or construed to relieve a ~~[certified]~~ licensed athletic trainer from liability for damages for injuries or death caused by an act or omission on the part of an athletic trainer while rendering professional services in the normal and ordinary course of his or her practice.

§ 10. Section 8358 of the education law is renumbered section 8359 and a new section 8358 is added to read as follows:

§ 8358. Limited permits. The following requirements for a limited permit shall apply to all professions licensed or certified pursuant to this article:

1. The department may issue a limited permit to an applicant who meets all qualifications for licensure, except the examination, in accordance with regulations promulgated therefor.

2. Limited permits shall be for one year; such limited permits may not be renewed.

3. The fee for each limited permit and for each renewal shall be seventy dollars.

4. A limited permit holder shall practice only under the supervision of a physician as determined in accordance with the commissioner's regulations.

5 sections four hundred thirteen through four hundred twenty of the social
6 services law, including but not limited to, when and how a report must
7 be made, what other actions the reporter is mandated or authorized to
8 take, the legal protections afforded reporters, and the consequences for
9 failing to report. Such coursework or training may also include informa-

11 individuals with mental retardation and other developmental disabilities
12 and voluntary reporting of abused or neglected adults to the office [~~of~~
13 ~~mental retardation and~~] for people with developmental disabilities or
