1 § 5. Section 2 of chapter 579 of the laws of 2008 amending the general
2 business law relating to zone pricing of gasoline is amended to read as
3 follows:

4 § 2. Legislative findings and intent. The legislature hereby finds and
5 declares that for the past several years motor fuel prices have greatly
6 fluctuated. In some cases, price fluctuations are caused by natural
7 market conditions. In other cases, fluctuations result from artificial
8 manipulation of the market. One such artificial pricing manipulation is
9 zone pricing. Zone pricing is the setting of different wholesale prices
10 for retail motor fuel [~~that operate in different geographic areas~~ **based**
11 **on geographic location**]. Zone pricing increases the price of retail motor
12 fuel for certain consumers, leading to inequities among consumers and
13 regions around the state. Therefore, the legislature hereby declares
14 that while natural market occurrences may lead to price fluctuations,
15 artificial changes in motor fuel prices unfairly harm many consumers
16 around the state.

17 § 6. This act shall take effect on the thirtieth day after it shall
18 have become a law.
