§ 37-0903. Consumer notice.

1 1. Publishing of lists. Within one hundred eighty days of the effec-  
2 tive date of this title, the department shall post lists of dangerous  
3 chemicals and chemicals of concern on the department's website.

4 2. Periodic review. (a) The department, in consultation with the  
5 department of health, shall periodically review the list of dangerous  
6 chemicals and, may through regulation, add or remove dangerous chemicals  
7 or chemicals of concern from such lists.

8 (b) The department, in consultation with the department of health, may  
9 identify a chemical as a dangerous chemical if, upon such review, it is  
10 present in a children's product and meets any of the following criteria:

11 (i) The chemical or its metabolites have been found through biomon-  
12 itoring to be present in humans;

13 (ii) The chemical has been found through sampling and analysis to be  
14 present in household dust, indoor air, drinking water or elsewhere in  
15 the home environment;

16 (iii) The chemical has been found through monitoring to be present in  
17 fish, wildlife or the natural environment; or

18 (iv) The sale or use of the chemical or a children's product contain-  
19 ing the chemical has been banned in another state or states within the  
20 United States because of the health effects of such chemical.

21 (c) The department, in consultation with the department of health, may  
22 remove a chemical from the list of dangerous chemicals if, upon review,  
23 it determines on the basis of credible scientific evidence that such  
24 chemical no longer meets the criteria for listing under paragraph (b) of  
25 this subdivision.

26 (d) The department, in consultation with the department of health  
27 shall identify a chemical as a chemical of concern if, upon review, it  
28 determines that the chemical has been identified by a state, federal or  
29 international governmental entity on the basis of credible scientific  
30 evidence as:

31 (i) A carcinogen, reproductive or developmental toxicant, neurotoxi-  
32 cant, asthmagen, or endocrine disruptor;

33 (ii) Persistent, bioaccumulative and toxic; or

34 (iii) Very persistent and very bioaccumulative.

35 § 37-0905. Reporting on the use of chemicals.

36 1. Reporting of chemical use. No later than twelve months after a  
37 dangerous chemical appears on the list published pursuant to section  
38 37-0903 of this title, every manufacturer who offers a children's prod-  
39 uct for sale or distribution in this state that contains a dangerous  
40 chemical or chemical of concern shall report such chemical use at prac-  
41 tical quantification limits to the department.

42 (a) This report must at a minimum identify the children's product, the  
43 dangerous chemical or chemicals of concern contained in the children's  
44 product and the intended purpose of such chemicals. The department may  
45 also require reporting of the following information:

46 (i) the amount of such chemical in the children's product; or

47 (ii) information on the likelihood that the chemical will be released  
48 from the children's product to the environment during the product's life  
49 cycle and the extent to which users of the product are likely to be  
50 exposed to the chemical.

51 (b) The department is authorized to direct submission of such report  
52 to the interstate chemicals clearinghouse.

53 2. Waiver of reporting. Upon application by a manufacturer, the  
54 commissioner may waive all or part of the reporting requirements under  
55 subdivision one of this section for one or more specified uses of a  
56 dangerous chemical. In making such determination, the commissioner may

1 consider: (a) if substantially equivalent information is already public-  
2 ly available or that the information is not needed for the purposes of  
3 this chapter, (b) similar waivers granted by other states, and (c)  
4 whether the specified use or uses are minor in volume.

5 3. Notice. (a) A manufacturer of a children's product containing a  
6 dangerous chemical shall notify persons that offer the children's prod-  
7 uct for sale or distribution in the state, in a form prescribed by the  
8 department, of the presence of such dangerous chemical, and provide such  
9 persons with information regarding the toxicity of such chemical.

10 (b) The department shall notify consumers about children's products  
11 containing chemicals of concern and dangerous chemicals. The notifica-  
12 tion shall be published on the department's website.

13 4. Fees. The manufacturer shall pay a fee upon submission of a report  
14 of chemical use pursuant to subdivision one of this section or a waiver  
15 request pursuant to subdivision two of this section to cover the depart-  
16 ment's reasonable costs in the administration and enforcement of this  
17 title. Exclusive of fines and penalties, the state shall only recover  
18 its actual cost of administration and enforcement.

19 § 37-0907. Sales prohibition.

20 1. Effective January first, two thousand twenty-three, no person shall  
21 distribute, sell or offer for sale in this state a children's product  
22 containing tris (1, 3 dichloro-2-propyl) phosphate, benzene, formaldeh-  
23 hyde (other than in textiles), asbestos, and organohalogen flame retar-  
24 dents. This provision shall not apply: (a) to a children's product  
25 solely based on its containing an enclosed battery or enclosed electron-  
26 ic components and (b) where state regulation of children's products is  
27 preempted by federal law. The commissioner may exempt a children's  
28 product from this prohibition if, in the commissioner's judgment, the  
29 lack of availability of the children's product could pose an unreason-  
30 able risk to public health, safety or welfare.

31 2. Effective three years after being added to the dangerous chemicals  
32 list, no person shall distribute, sell, or offer for sale in this state  
33 a children's product that contains a chemical added to the dangerous  
34 chemicals list pursuant to section 37-0903 of this title. This provision  
35 shall not apply: (a) to a children's product solely based on its  
36 containing an enclosed battery or enclosed electronic components and (b)  
37 where state regulation of children's products is preempted by federal  
38 law. The commissioner may exempt a children's product from this prohi-  
39 bition if, in the commissioner's judgment, the lack of availability of  
40 the children's product could pose an unreasonable risk to public health,  
41 safety or welfare.

42 § 37-0909. Applicability.

43 1. New children's products. The provisions of this title shall apply  
44 to chemicals in children's products sold or distributed as new and does  
45 not apply to used children's products that are sold or distributed for  
46 free at secondhand stores, yard sales, on the internet or donated to  
47 charities.

48 2. Industry. The requirements of this title shall not apply to priori-  
49 ty chemicals used in or for industry or manufacturing, including chemi-  
50 cals processed or otherwise used in or for industrial or manufacturing  
51 processes and not included in the final product.

52 3. Transportation. The requirements of this title shall not apply to  
53 motor vehicles or their component parts, watercraft or their component  
54 parts, all terrain vehicles or their component parts, or off-highway  
55 motorcycles or their component parts, except that the use of dangerous  
56 chemicals in detachable car seats is not exempt.

1     4. Combustion. The requirements of this title shall not apply to  
2 dangerous chemicals generated solely as combustion by-products or that  
3 are present in combustible fuels.

4     5. Exceptions. The requirements of this title shall not apply to chil-  
5 dren's product makers that employ five persons or fewer, and are inde-  
6 pendently owned and operated.

7     6. Retailers. A retailer is exempt from the requirements of this title  
8 unless that retailer knowingly sells a children's product containing a  
9 dangerous chemical after the effective date of its prohibition for which  
10 that retailer has received notification pursuant to subdivision three of  
11 section 37-0905 of this title.

12 § 37-0911. Enforcement and implementation.

13     1. Failure to provide notice. A children's product containing a  
14 dangerous chemical may not be sold, offered for sale or distributed for  
15 sale in this state unless the manufacturer has provided the notification  
16 required under section 37-0905 of this title by the date required in  
17 such section. The commissioner may exempt a children's product from this  
18 prohibition if, in the commissioner's judgment, the lack of availability  
19 of the children's product could pose an unreasonable risk to public  
20 health, safety or welfare.

21     2. Statement of compliance. If there are grounds to suspect that a  
22 children's product is being offered for sale in violation of this title,  
23 the department may request the manufacturer of the children's product to  
24 provide a statement of compliance on a form provided by the department,  
25 within ten days of receipt of a request from the department. The state-  
26 ment of compliance shall:

27     (a) attest that the children's product does not contain the dangerous  
28 chemical; or

29     (b) attest and provide the department with documentation that notifi-  
30 cation of the presence of the dangerous chemical has been provided to  
31 the department or provide notice as required by section 37-0905 of this  
32 title; or

33     (c) attest that the manufacturer has notified persons who sell the  
34 product in this state that the sale of the children's product is prohib-  
35 ited.

36 § 37-0913. Regulations.

37     The department may adopt any rules and regulations it deems necessary  
38 to implement the provisions of this title.

39     § 2. Severability. If any clause, sentence, paragraph, section or part  
40 of this act shall be adjudged by any court of competent jurisdiction to  
41 be invalid and after exhaustion of all further judicial review, the  
42 judgment shall not affect, impair or invalidate the remainder thereof,  
43 but shall be confined in its operation to the clause, sentence, para-  
44 graph, section or part of this act directly involved in the controversy  
45 in which the judgment shall have been rendered.

46     § 3. This act shall take effect March 1, 2020. Effective immediately,  
47 the department of environmental conservation is authorized to implement  
48 rules and regulations for the timely implementation of this act on its  
49 effective date.
