5 setting;

6 (b) the neighborhood impact of the proposed project including short-
7 term and long-term effects;

8 (c) any adverse neighborhood effects which cannot be avoided should
9 the project be implemented;

10 (d) alternatives to the proposed project;

11 (e) the number of schools in the neighborhood, the location of each
12 school and the distance of each school from the location of the project;

13 (f) the number of day care centers in the neighborhood, the location
14 of each day care center and the distance of each day care center from
15 the location of the project;

19 ity from the location of the project;

20 (h) the number of parks in the neighborhood, the location of each park
21 and the distance of each park from the location of the project;

33 or a summary of the substantive comments made pursuant to subdivision
34 five of this section, and the city response to such comments. The
35 purpose of a neighborhood impact statement is to provide detailed infor-
36 mation about the effect which a proposed project is likely to have on a
37 neighborhood, to list ways in which any adverse effects of such a
38 project might be minimized, and to suggest alternatives to such a
39 project so as to form the basis for a decision whether or not to under-
40 take or approve such project. Such statement should be clearly written
41 in a concise manner capable of being read and understood by the public,
42 should deal with the specific significant neighborhood impacts which can
43 be reasonably anticipated and should not contain more detail than is
44 appropriate considering the nature and magnitude of the proposed project
45 and the significance of its potential impacts.

46 5. After the completion of the draft neighborhood impact statement the
47 city shall conduct a public hearing for public comment on the neighbor-
48 hood impact of the project. Such hearing shall be held within sixty days
49 of the completion of the neighborhood impact statement.

50 6. The final neighborhood impact statement, together with the comments
51 of members of the public, shall be filed with the city, made available
52 to the public, and posted on the Internet website of the city prior to
53 the city taking any action on the proposal.

54 § 2. This act shall take effect immediately.
