Any contract shall be approved by the commissioner, the board of cooperative educational services and the district superintendent of schools, provided such services are made available to any school district within the supervisory district and that the requirements of this subparagraph are met. Contracts must be executed by the board of cooperative educational services and the trustees or boards of education of such out-of-state ~~[school districts]~~ schools and shall only authorize out-of-state students to participate in an instructional program if such services are available to all eligible students in New York state schools in the component districts and the number of participating out-of-state students only comprises up to five percent of the total number of the total enrolled students in the instructional program at the board of cooperative educational services and that the board of cooperative educational services spends no more than thirty percent of its employees' time on services to out-of-state districts pursuant to this subparagraph.
