(e) Determination of wholesale value. For purposes of this subdivision, to determine the wholesale value of apparently wholesome food donated to an eligible food pantry, the standards set forth under section 170 (e)(3)(C)(v) of the internal revenue code shall apply.

- (f) Record of donation. To claim a credit under this subdivision, an eligible taxpayer must get and keep a receipt from the eligible food pantry showing: (1) the name of the eligible food pantry; (2) the date and location of the qualified donation; and (3) a reasonably detailed description of the qualified donation. A letter or other written communication from the eligible food pantry acknowledging receipt of the contribution and containing the information in subparagraphs one, two, and three of this paragraph will serve as a receipt. Any local food pantry may accept or reject any donation of food made under this section for any reason. For purposes of this section, any donations of food accepted by a local food pantry shall be valued at wholesale value.
- (g) Application of credit. The credit allowed under this subdivision for any taxable year will not reduce the tax due for such year to less than the amount prescribed in paragraph (d) of subdivision one of section two hundred ten of this article. However, if the amount of credit allowed under this subdivision for any taxable year reduces the tax to such amount or if the taxpayer otherwise pays tax based on the fixed dollar minimum amount, any amount of credit thus not deductible in such taxable year will be treated as an overpayment of tax to be credited or refunded in accordance with the provisions of section one thousand eighty-six of this chapter. Provided, however, the provisions of subsection (c) of section one thousand eighty-eight of this chapter notwithstanding, no interest will be paid thereon.

For purposes of this subdivision, the term "qualified donation" means a donation of apparently wholesome food, as defined in section 170(e)(3)(C)(vi) of the internal revenue code, that is surplus or about-to-waste food, including, but not limited to, fruits, vegetables, meats, poultry, eggs, dairy products or other natural and processed products offered for sale for human or animal consumption.
