3 c. The finance commissioner of a municipality may accept electronic
4 bids submitted in the form of open auctions conducted through a
5 nationally recognized electronic securities bidding service which shall

7 sale shall provide for the manner in which the bid submission period may
8 be extended and the basis for determination of the winning bidder.

9 d. Notwithstanding the provisions of section three hundred five of the
10 state technology law or any other law, the notice of sale may contain a

12 provided in such notice of sale.

13 e. The municipality's chief fiscal officer shall administer the
14 program and shall publish its policies and procedures for the procure-
15 ment of electronic securities bidding services on the municipality's
16 internet website and in a nationally recognized publication used by
17 professionals in the bond market. Except as modified by this section,
18 each municipal program shall comply with this chapter and all other

30 bonds using electronic open auctions is comparable to the cost of issu-
31 ing public bonds through the current closed auction process, that the

33 and whether the results achieved for public bond sales conducted through
34 electronic open auctions achieved savings compared to the previous bid
35 process used by the municipality. Annually, the state comptroller shall
36 compile all the information received from municipalities pursuant to
37 this paragraph, and, on or before April first, submit such compiled
38 information to the legislature, the temporary president of the senate,
39 the speaker of the assembly, the minority leader of the senate and the
40 minority leader of the assembly.

41 § 2. This act shall take effect immediately, and shall expire and be
42 deemed repealed 3 years after such effective date.
