FISCAL NOTE.--Pursuant to Legislative Law, Section 50:
This bill would provide a temporary retirement incentive to members of
the New York State Teachers' Retirement System during fiscal year 2019-
2020. This incentive would permit eligible members to retire without an
early retirement reduction upon attainment of at least age 55 with 25
years of service. Currently 30 years of service are required in order to
retire without reduction for Tiers 2, 3, 4 and 5 members. Currently
Tier 6 members are required to attain age 63 in order to retire without
reduction regardless of the number of years of service they have. In
order to receive this benefit, a member of an employer who has elected
to participate must retire during the designated 60-day open period,
beginning on or after June 30, 2019 and not extend beyond August 31,
2019. In order to be eligible, a member must be an employee of an educa-
tional employer and hold a position represented by one of the recognized
collective bargaining units affiliated with the New York State United
Teachers (NYSUT) as certified by his or her employer. In order to
participate in this retirement incentive, the educational employer must
be a school district, a board of cooperative educational services, a
vocational education and extension board, an institution for the
instruction of the deaf and of the blind as enumerated in Section 4201
of the Education Law or a school district as enumerated in Section 1 of
Chapter 566 of the Laws of 1967. Employers who elect to participate
would pay the cost of the retirement incentive over a period not to
exceed five years, beginning in the state fiscal year ending March 31,
2021.

The estimated increase in the present value of benefits due to this
temporary retirement incentive is approximately $214 million. The annual
cost, over a five-year period, to the participating employers of members
of the New York State Teachers' Retirement System for this benefit is
estimated to be $57.6 million or .34% of payroll if this bill is
enacted.
