AN ACT to amend the general municipal law, in relation to municipal sustainable energy loan programs

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

1 Section 1. Section 119-ff of the general municipal law, as added by
2 chapter 497 of the laws of 2009, subdivision 6 as amended by chapter 320
3 of the laws of 2017, is amended to read as follows:
4 § 119-ff. Definitions. For purposes of this article:
5 1. "Authority" means the New York state energy research and develop-
6 ment authority, as defined by subdivision two of section eighteen
7 hundred fifty-one of the public authorities law, or its successor.
8 2. "Credit support" means and includes direct loans, letters of cred-
9 it, loan guarantees, and insurance products; and the purchase of or
10 commitment to purchase, or the sale of or commitment to sell, debt
11 instruments, including subordinated securities.
12 3. "Energy audit" means a formal evaluation of the energy consumption
13 of a permanent building or structural improvement to real property,
14 conducted by a contractor certified by the authority, or certified by a
15 certifying entity approved by the authority for purposes of this arti-

cle, for the purpose of identifying appropriate energy efficiency improvements that could be made to or incorporated into the construction of the property. A municipal corporation may, by local law, provide for the certification of such contractors based upon criteria at least as stringent as the state-wide criteria for certification adopted by the authority for purposes of this article.

4. "Energy efficiency improvement" means [~~and includes~~] any improvement to real property, whether as a component of the new construction of a building or as the renovation or retrofitting of [~~a~~] an existing building to reduce energy consumption, such as window and door replacement, lighting, caulking, weatherstripping, air sealing, insulation, and heating and cooling system upgrades, and similar improvements, determined to be cost-effective pursuant to criteria established by the authority. However, "energy efficiency improvement" shall not include lighting measures or household appliances that are not permanently fixed to real property.

5. "Municipal corporation" means a county, town, city or village.

6. "Real property" means any property, an interest in which is or is eligible to be recorded or registered on municipal land ownership records by the possessor of such interest.

7. "Renewable energy system" means an energy generating system for the generation of electric or thermal energy, to be used primarily at such property, except when the owner of real property is a commercial entity, by means of solar thermal, solar photovoltaic, wind, geothermal, anaerobic digester gas-to-electricity systems, fuel cell technologies, or other renewable energy technology approved by the authority not including the combustion or pyrolysis of solid waste.

[~~7~~] 8. "Renewable energy system feasibility study" means a written study, conducted by a contractor certified by the authority, or certified by a certifying entity approved by the authority for purposes of this article, for the purpose of determining the feasibility of installing a renewable energy system. A municipal corporation may, by local law, provide for the certification of such contractors based upon criteria at least as stringent as the state-wide criteria for certification adopted by the authority for purposes of this article.

§ 2. This act shall take effect immediately.
