STATE OF NEW YORK

7813

2019-2020 Regular Sessions

IN ASSEMBLY

May 23, 2019

Introduced by M. of A. L. ROSENTHAL -- read once and referred to the Committee on Health

AN ACT to amend the public health law, in relation to enacting the overdose prevention centers act; and providing for the repeal of such provisions upon expiration thereof

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

Section 1. The public health law is amended by adding a new article 2 33-B to read as follows:

ARTICLE 33-B

OVERDOSE PREVENTION CENTERS ACT

Section 3398. Short title.

5 3398-a. Definitions. 6

3398-b. Program approval.

8 3398-c. Designation.

9 3398-d. Reporting.

3

4

7

11

10 3398-e. Immunity provided.

3398-f. Limitations on immunity.

3398. Short title. This act shall be known and may be cited as the 12 13 <u>"overdose prevention centers act".</u>

14 § 3398-a. Definitions. As used in this article:

- 1. "Program" means an overdose prevention centers program established 15 pursuant to this article that is authorized to evaluate and test the 16 public health impact of overdose prevention center services within a 17 18 jurisdiction.
- 19 2. "Entity" means a not-for-profit, community based organization that 20 is approved to provide educational, health, harm reduction, housing, 21 <u>syringe exchange or social services.</u>
- 22 3. "Jurisdiction" means any entity operating at a location approved by 23 the department or local health district in the city of Ithaca or in the 24 boroughs of Manhattan, Brooklyn or the Bronx in the city of New York.

EXPLANATION--Matter in italics (underscored) is new; matter in brackets [-] is old law to be omitted.

LBD11255-06-9

A. 7813

4. "Participant" means an individual who seeks to utilize, utilizes, or has used a program established pursuant to this article.

- § 3398-b. Program approval. 1. Notwithstanding any other statute, law or rule to the contrary, the department or a local health district may approve an entity to operate a program in one or more jurisdictions upon satisfaction of the requirements set forth in subdivision two of this section. The department or a local health district shall establish standards for program approval and training and may promulgate such rules and regulations as are necessary to implement this section.
- 10 (a) The department or a local health district in a jurisdiction shall
 11 approve or deny an application under this section within forty-five days
 12 of the day of receipt of the application and provide a written explana13 tion of such determination.
 - (b) An entity in a jurisdiction may make an application under this section at any time, regardless of previous applications.
 - 2. The department or local health district may approve an entity to operate a program in a jurisdiction pursuant to this article, upon submission of an application that demonstrates the entity will, at a minimum:
 - (a) provide a hygienic space where participants may consume their pre-obtained drugs that is separate from the space in which the entity performs other business, if any;
 - (b) provide adequate staffing by healthcare professionals or other trained staff;
 - (c) provide sterile injection supplies, collect used hypodermic needles and syringes, provide secure hypodermic needle and syringe disposal services, and provide the ability to self-test the composition of pre-obtained drugs;
 - (d) provide education on safe consumption practices, proper disposal of hypodermic needles and syringes, and overdose prevention, including written information in, at a minimum, the four most commonly spoken languages in the state as determined by the department or local health district;
 - (e) administer first aid, if needed, and monitor participants for potential overdose, including the administration of naloxone by an appropriately trained or credentialed staff member of the program, which may include, but is not limited to a registered nurse pursuant to section sixty-nine hundred nine of the education law;
 - (f) provide referrals to OASAS licensed and certified providers, established harm reduction programs, addiction treatment, medical, social welfare, and employment and training services;
- 42 (g) educate participants on the risks of contracting HIV and viral 43 hepatitis, and provide sexual health resources and supplies, including, 44 but not limited to, male and female condoms;
 - (h) provide access to naloxone or to equivalent treatments, or referrals to obtain naloxone or such equivalent treatments, for participants;
 - (i) provide reasonable and adequate security of the program site and equipment;
 - (j) ensure confidentiality of program participants by using an anonymous unique identifier, unless participants provide appropriate consent;
- 51 (k) train staff members to deliver services offered by the program or 52 attend trainings provided by the department or local health district if 53 required;
- 54 <u>(1) establish and make available to the public operating procedures</u>
 55 <u>for the program, including but not limited to the standard hours of</u>
 56 <u>operation, a minimum number of personnel required to be on-site during</u>

those hours of operation, the licensing and training standards for staff 1 present, an established maximum number of individuals who can be served 3 at one time and an established relationship with the nearest emergency department of a general acute care hospital, as well as eligibility 4 5 criteria for program participants if not predetermined by the department 6 or local health district.

- (m) establish a good neighbor policy that facilitates communication from and to local businesses and residences, to the extent they exist, to address any neighborhood concerns and complaints; and
- 10 (n) establish a policy for informing local government officials and 11 neighbors about the approved entity's complaint procedures, and the contact number of the director, manager, or operator of the approved 12 13 entity.
 - § 3398-c. Designation. A department approved program shall also be designated as an authorized syringe exchange program in accordance with the regulations of the department as set forth in 10 NYCRR 80.135 and as a registered provider of an opioid overdose prevention program in accordance with the regulations of the department as set forth in 10 NYCRR 80.138. An overdose prevention center program approved by a local health district shall apply to be an authorized syringe exchange program and registered provider of an opioid overdose prevention program.
 - § 3398-d. Reporting. An entity operating an overdose prevention center program under this section shall provide an annual report to the temporary president of the senate, the speaker of the assembly and the department and/or local health district that approved it for operation at a date set by the department or local health district that shall include:
 - 1. the number of program participants;
- 2. aggregate information regarding the characteristics of program 29 30 participants;
- 31 3. the number of hypodermic needles and syringes distributed for use 32 on-site;
- 33 4. the number of overdoses experienced and the number of overdoses 34 reversed on-site;
- 35 5. the number of individuals directly and formally referred to other services and the type of service; and 36
- 6. any other information requested by the department or local health 37 38 district in furtherance of its public health and safety authority.
- § 3398-e. Immunity provided. Notwithstanding any other statute, law or rule to the contrary, the following persons shall not be arrested, 40 41 charged, or prosecuted for any criminal offense, including for attempt, 42 aiding and abetting, or conspiracy, or be subject to any civil or admin-43 istrative penalty, including seizure or forfeiture of assets or real 44 property or disciplinary action by a professional licensing board, or be denied any right or privilege, solely for participation or involvement 45 in a program approved by the department or local health districts pursuant to this article:
 - 1. a participant;
- 49 2. a staff member or administrator of a program, including a health 50 care professional, manager, employee, or volunteer; or
- 51 3. a property owner who owns real property at which a program is 52 located and operates.
- 53 § 3398-f. Limitations on immunity. Notwithstanding the provisions of 54 section thirty-three hundred ninety-eight-e of this article, a property 55 owner, staff member, manager, employee, volunteer, or individual utiliz-56 ing an overdose prevention center program is not immune from criminal
