STATE OF NEW YORK

9655

IN ASSEMBLY

January 31, 2020

Introduced by M. of A. GALEF -- read once and referred to the Committee on Election Law

AN ACT to amend the election law, in relation to designating early polling places

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

Section 1. Subdivisions 1 and 3 of section 4-104 of the election law, subdivision 1 as amended by chapter 5 of the laws of 2019 and subdivision 3 as amended by chapter 694 of the laws of 1989, are amended to read as follows:

1. Every board of elections shall, in consultation with each city, 5 town and village, designate the polling places in each election district 7 in which the meetings for the registration of voters, and for any election may be held. The board of trustees of each village in which general and special village elections conducted by the board of 10 elections are held at a time other than the time of a general election 11 shall submit such a list of polling places for such village elections to 12 the board of elections. A polling place may be located in a building 13 owned by a religious organization or used by it as a place of worship. 14 If such a building is designated as a polling place, it shall not be 15 required to be open for voter registration on any Saturday if this is 16 contrary to the religious beliefs of the religious organization. In such 17 a situation, the board of elections shall designate an alternate location to be used for voter registration. Such polling places must be designated by March fifteenth, of each year, and shall be effective for 19 one year thereafter. Such a list required to be submitted by a village 20 board of trustees must be submitted at least four months before each 21 22 general village election and shall be effective until four months before 23 the subsequent general village election. [No place in which a business 24 licensed to sell alcoholic beverages for on premises consumption is 25 conducted on any day of local registration or of voting shall be so 26 designated.] If, within the discretion of the board of elections a 27 particular polling place so designated is subsequently found to be 28 unsuitable or unsafe or should circumstances arise that make a desig-

1 nated polling place unsuitable or unsafe, then the board of elections is empowered to select an alternative meeting place. In the city of New York, the board of elections shall designate such polling places and alternate registration places if the polling place cannot be used for voter registration on Saturdays.

6 3. A board or body empowered to designate polling places shall designate 7 nate any public building as a polling place to the extent practicable, 8 provided, however, that in no case shall a public school building be 9 designated as an early voting polling location. If additional polling 10 places shall be needed, a building exempt from taxation or owned by an entity receiving more than one million dollars in annual state grant 11 funding shall be used [whenever possible] as a polling place if it is 12 13 situated in the same or a contiguous election district, and may contain 14 as many distinctly separate polling places as public convenience may 15 require, unless the owner or operator of such building shall demonstrate 16 that such use is significantly incompatible with the primary function of 17 the entity. The expense, if any, incidental to its use, shall be paid like the expense of other places of registration and voting. If a board 18 19 or body empowered to designate polling places chooses a public school 20 building for such purpose, the board or agency which controls such 21 building must make available a room or rooms in such building which are suitable for registration and voting and which are as close as possible 22 23 to a convenient entrance to such building and must make available any 24 such room or rooms which the board or body designating such building 25 determines are accessible to physically disabled voters as provided in 26 subdivision one-a. Notwithstanding the provisions of any general, 27 special or local law, if a board or body empowered to designate polling places chooses a publicly owned or leased building, other than a public 28 29 school building, for such purposes the board or body which controls such 30 building must make available a room or rooms in such building which are 31 suitable for registration and voting and which are as close as possible a convenient entrance to such building, and must make available any 32 such room or rooms which the board or body designating such building determines are accessible to physically disabled voters unless, not 33 34 later than thirty days after notice of its designation as a polling 35 36 place, the board or body controlling such building, files a written 37 request for a cancellation of such designation with the board or body 38 empowered to designate polling places on such form as shall be provided by the board or body making such designation. The board or body 39 empowered to so designate shall, within twenty days after such request 40 is filed, determine whether the use of such building as a polling place 41 42 would unreasonably interfere with the usual activities conducted in such building and upon such determination, may cancel such designation. 43

§ 2. This act shall take effect immediately.
