§ 3. Subdivision 3 of section 374 of the agriculture and markets law, as added by chapter 479 of the laws of 2009, is amended to read as follows:

3. a. Except as provided in subdivision four of this section, euthanasia of animals pursuant to this section shall be accomplished solely by means of injection of sodium pentobarbital or sodium pentobarbital solution administered by a [~~certified~~] **licensed** euthanasia technician, a licensed veterinarian or a licensed veterinary technician. Whenever a cardiac injection of sodium pentobarbital or sodium pentobarbital solution is administered by a licensed veterinarian upon an animal that is not heavily sedated, anesthetized or comatose, such veterinarian must document, in writing, the administration of such injection and the reason for its administration. Such documentation shall be retained for at least three years. Under no circumstances shall intracardiac injection be performed on animals that are not heavily sedated, anesthetized or comatose where such animals are under the care of any duly incorporated society for the prevention of cruelty to animals, animal shelter, humane society or pound.
