_The People of the State of New York, represented in Senate and Assem-
by, do enact as follows:_

1 Section 1. This act shall be known and may be cited as the "marihuana
regulation and taxation act".
2 § 2. Chapter 7-A of the consolidated laws is enacted, to read as
follows:

CHAPTER 7-A OF THE CONSOLIDATED LAWS
CANNABIS LAW

ARTICLE 1
SHORT TITLE; LEGISLATIVE FINDINGS AND INTENT;
DEFINITIONS

Section 1. Short title. This chapter shall be known and may be cited
and referred to as the "cannabis law".

§ 2. Legislative findings and intent. The legislature finds that
existing marihuana laws have not been beneficial to the welfare of the
general public. Existing laws have been ineffective in reducing or curb-
ing marihuana use and have instead resulted in devastating collateral
consequences that inhibit an otherwise law-abiding citizen's ability to
access housing, employment opportunities, and other vital services.
Existing laws have also created an illicit market which represents a
threat to public health and reduces the ability of the legislature to
deter the accessing of marihuana by minors. Existing marihuana laws have
also disproportionately impacted African-American and Latino communi-
ties.

The intent of this act is to regulate, control, and tax marihuana,
heretofore known as cannabis, generate millions of dollars in new reven-
ue, prevent access to cannabis by those under the age of twenty-one
years, reduce the illegal drug market and reduce violent crime, reduce
participation of otherwise law-abiding citizens in the illicit market,
end the racially disparate impact of existing cannabis laws and create
new industries and increase employment.

Nothing in this act is intended to limit the authority of any district
government agency or office or employers to enact and enforce policies
pertaining to cannabis in the workplace, to allow driving under the
influence of cannabis, to allow individuals to engage in conduct that
endangers others, to allow smoking cannabis in any location where smok-
ing tobacco is prohibited, or to require any individual to engage in any
conduct that violates federal law or to exempt anyone from any require-
ment of federal law or pose any obstacle to the federal enforcement of
federal law.

It is the intent of this act that no child shall be the subject of a
child neglect or abuse investigation or proceeding based solely on a
parent's alleged cannabis use, or activity made lawful by this act. A newborn child's positive toxicology result for cannabis, is not sufficient on its own to support a finding of child neglect or abuse. Enactment of this act shall provide sufficient basis for New York state to favorably resolve open investigations and to amend and seal individuals' family court records and records of indicated child abuse or neglect reports currently in the statewide central register of child abuse and maltreatment based solely on the use of cannabis or where the reporter of suspected abuse or neglect was a law enforcement agency or staff person and the report was based solely upon the presence of a child during a cannabis-related arrest.

The legislature further finds and declares that it is in the best interest of the state to regulate medical cannabis, adult-use cannabis, and hemp extracts under one independent agency, known as the office of cannabis management.

2. Prior to granting the licenses provided by subdivision one of this section, the office shall assess a registered organization registered prior to the enactment of this chapter with a one-time special licensing fee so that they may become authorized to bypass the restrictions on having any ownership interest in a licensed adult-use retail dispensary, provided that the fees generated from such assessment shall be used to administer incubators and low or zero-interest loans and other assistance to qualified social equity applicants. The timing and manner in which registered organizations may be granted such authority shall be determined by the executive director in regulation.
§ 40. Relation to other laws. 1. The provisions of this article shall apply, except that where a provision of this article conflicts with another provision of this chapter, this article shall apply.

Each sale shall be recorded separately on a numbered invoice, which shall have printed thereon the number, the name of the licensee, the address of the licensed premises, and the current license number. Such distributor shall deliver to the purchaser a true duplicate invoice stating the name and address of the purchaser, the quantity of cannabis products, description by brands and the price of such cannabis products, and a true, accurate and complete statement of the terms and conditions on which such sale is made. (d) the applicant satisfies any other conditions as determined by the office.
3. If the executive director is not satisfied that the applicant should be issued a license, the executive director shall notify the applicant in writing of the specific reason or reasons for denial.
4. The executive director shall have authority and sole discretion to determine the number of licenses issued pursuant to this article.

§ 100. Limitations of licensure; duration. 1. No license pursuant to this article may be issued to a person under the age of eighteen years.
2. The office shall have the authority to limit, by canopy, plant count or other means, the amount of hemp extract allowed to be cultivated, processed, extracted or sold by a licensee.
3. All licenses under this article shall expire two years after the date of issue and be subject to any rules or limitations prescribed by the executive director in regulation.

§ 101. License renewal. 1. Each license, issued pursuant to this article, may be renewed upon application therefor by the licensee and the payment of the fee for such license as prescribed by this article.
2. In the case of applications for renewals, the office may dispense with the requirements of such statements as it deems unnecessary in view of those contained in the application made for the original license, but in any event the submission of photographs of the licensed premises shall be dispensed with, provided the applicant for such renewal shall file a statement with the office to the effect that there has been no alteration of such premises since the original license was issued.
3. The office may make such rules as may be necessary, not inconsistent with this chapter, regarding applications for renewals of licenses and permits and the time for making the same.

4. The office shall provide an application for renewal of a license issued under this article not less than ninety days prior to the expiration of the current license.

5. The office may only issue a renewal license upon receipt of the prescribed renewal application and renewal fee from a licensee if, in addition to the criteria in section ninety-seven of this article, the licensee's license is not under suspension and has not been revoked.

6. The office shall have the authority to charge applicants for licensure under this article a non-refundable application fee. Such fee may be based on the type of licensure sought, cultivation and/or production volume, or any other factors deemed reasonable and appropriate by the office to achieve the policy and purpose of this chapter.

§ 102. Form of license. Licenses issued pursuant to this article shall specify:

1. the name and address of the licensee;
2. the activities permitted by the license;
3. the land, buildings and facilities that may be used for the licensed activities of the licensee;
4. a unique license number issued by the department to the licensee; and
5. such other information as the executive director shall deem necessary to assure compliance with this chapter.

§ 103. Amendments to license and duty to update information submitted for licensing. 1. Upon application of a licensee to the office, a license may be amended to allow the licensee to relocate within the state, to add or delete licensed activities or facilities, or to amend the ownership or organizational structure of the entity that is the licensee. The fee for such amendment shall be two hundred fifty dollars.

2. In the event that any of the information provided by the applicant changes either while the application is pending or after the license is granted, within ten days of any such change, the applicant or licensee shall submit to the office a verified statement setting forth the change in circumstances of facts set forth in the application. Failure to do so shall, if willful and deliberate, be cause for revocation of the license.

3. A license shall become void by a change in ownership, substantial corporate change or location without prior written approval of the executive director. The executive director may promulgate regulations allowing for certain types of changes in ownership without the need for prior written approval.

4. For purposes of this section, "substantial corporate change" shall mean:

   (a) for a corporation, a change of eighty percent or more of the officers and/or directors, or a transfer of eighty percent or more of stock of such corporation, or an existing stockholder obtaining eighty percent or more of the stock of such corporation; and

   (b) for a limited liability company, a change of eighty percent or more of the managing members of the company, or a transfer of eighty percent or more of ownership interest in said company, or an existing member obtaining a cumulative of eighty percent or more of the ownership interest in said company.

§ 104. Record keeping and tracking. 1. The executive director shall, by regulation, require each licensee pursuant to this article to adopt
and maintain security, tracking, record keeping, record retention and surveillance systems, relating to all hemp extract at every stage of acquiring, possession, manufacture, transport, sale, or delivery, or distribution by the licensee, subject to regulations of the executive director.

2. Every licensee shall keep and maintain upon the licensed premises, adequate books and records of all transactions involving the licensee and sale of its products, which shall include all information required by rules promulgated by the office.

3. Each sale shall be recorded separately on a numbered invoice, which shall have printed thereon the number, the name of the licensee, the address of the licensed premises, and the current license number.

4. Such books, records and invoices shall be kept for a period of five years and shall be available for inspection by any authorized representative of the office.

§ 105. Inspections and ongoing requirements. All licensees shall be subject to reasonable inspection by the office, in consultation with the department of health, and a person who holds a license must make himself or herself, or an agent thereof, available and present for any inspection required by the office. The office shall make reasonable accommodations so that ordinary business is not interrupted and safety and security procedures are not compromised by the inspection.

§ 106. Packaging and labeling of hemp extract. 1. The office, in consultation with the department of health, is authorized to promulgate rules and regulations governing the packaging and labeling of hemp extract products, sold or possessed for sale in New York state.

2. Such regulations shall include, but not be limited to, requiring labels warning consumers of any potential impact on human health resulting from the consumption of hemp extract products that shall be affixed to those products when sold, if such labels are deemed warranted by the office. No label may state that hemp extract can treat, cure or prevent any disease without approval pursuant to federal law.

3. Such rules and regulations shall establish a QR code which may be used in conjunction with similar technology for labels and establish methods and procedures for determining, among other things, serving sizes for hemp extract products, active cannabinoid concentration per serving size, number of servings per container, and the growing region, state or country of origin if not from the United States. Such regulations shall also require a supplement fact panel that incorporates data regarding serving sizes and potency thereof.

4. The packaging, sale, or possession by any licensee of any hemp product intended for human or animal consumption or use not labeled or offered in conformity with rules and regulations promulgated in accordance with this section shall be grounds for the imposition of a fine, and/or the suspension, revocation or cancellation of a license.

§ 107. Provisions governing the growing, manufacturing and extracting of hemp extract. 1. No licensed cannabinoid grower, manufacturer or extractor shall sell, or agree to sell or deliver in the state any hemp extract products, as the case may be, except in sealed containers containing quantities in accordance with size standards pursuant to rules adopted by the office. Such containers shall have affixed thereto such labels as may be required by the rules of the office.

2. Licensed cannabinoid growers shall be prohibited from using pesticides.

3. All hemp extract products shall be extracted and manufactured in accordance with good manufacturing processes, pursuant to Part 111 or
117 of Title 21 of the Code of Federal Regulations as may be modified and decided upon by the executive director in regulation.

4. Within thirty days of the effective date of this article, the office shall approve the manufacture, distribution, and sale of beverages containing no more than twenty milligrams of cannabidiol per twelve ounce beverage. The hemp extract used in such beverages shall be grown, extracted and manufactured in the state of New York. The office shall issue guidance on the label, warning, point of sale, and advertising for such beverages.

5. Terpenes derived from the hemp plant are generally recognized as safe.

6. Those persons growing, processing or manufacturing food or food ingredients from hemp extracts, which food or food ingredients are generally recognized as safe, shall be subject to regulation and/or licensing under this article.

7. Notwithstanding any other provision of law to the contrary, prepackaged beverages that contain hemp or any part of the hemp plant, including the seeds and all naturally occurring cannabinoids, compounds, concentrates, extracts, isolates, terpenes, resins, isomers, acids, salts, salts of isomers or cannabidiol derivatives, are not considered to be adulterated or misbranded under this article based solely on the inclusion of hemp or any part of the hemp plant as long as the amount of cannabidiol is limited to twenty milligrams per serving. The office shall allow cannabidiol in food products and have the power to alter amounts in beverages on the basis of scientific evidence connected with health effects.

8. The nonpharmaceutical or nonmedical production, marketing, sale or distribution of beverages, food or food products within the state that contain hemp or any part of the hemp plant may not be restricted or prohibited within the state based solely on the inclusion of hemp or any part of the hemp plant.

9. A beverage and/or food producer may not make any claims that a beverage, food or food product that contains hemp can treat, cure or prevent any disease without approval pursuant to federal law.

§ 108. Laboratory testing. 1. Every cannabinoid manufacturer and cannabinoid extractor shall contract with an independent laboratory to test the hemp extract products produced by the licensed manufacturer or extractor. The executive director, in consultation with the commissioner of health, shall approve the laboratory and require that the laboratory report testing results in a manner determined by the executive director. The executive director is authorized to issue regulations requiring the laboratory to perform certain tests and services.

2. Cannabinoid manufacturers and cannabinoid extractors shall make laboratory test reports available to persons holding a cannabinoid permit pursuant to section one hundred twelve of this article for all cannabis products manufactured by the licensee.

3. On-site laboratory testing by licensees is permissible; however, such testing shall not be certified by the office and does not exempt the licensee from the requirements of quality assurance testing at a testing laboratory pursuant to this section.

§ 109. Advertising. The office shall promulgate rules and regulations governing the advertising of hemp extract and any other related products or services as determined by the executive director.

§ 110. Research. 1. The office shall promote research and development through public-private partnerships to bring new hemp extract and industrial hemp derived products to market within the state.
2. The executive director may develop and carry out research programs which may include programs at the New York state college of agriculture and life sciences, pursuant to section fifty-seven hundred twelve of the education law and/or New York state university research institutions relating to industrial hemp and hemp extract.

§ 111. Regulations. The executive director shall in consultation with the cannabis advisory board and the hemp workgroup promulgate regulations pursuant to the state administrative procedure act to implement this article.

§ 112. Cannabinoid permit. The office is hereby authorized to issue cannabinoid permits to retailers, wholesalers, and distributors authorizing them to sell cannabis products derived from hemp extract. The executive director shall have the authority to set fees for such permit, to establish the period during which such permit is authorized, and to make rules and regulations, including emergency regulations, to implement this section.

§ 113. New York hemp product. The executive director may establish and adopt official grades and standards for hemp extract and hemp extract products as he or she may deem advisable, which are produced for sale in this state and, from time to time, may amend or modify such grades and standards.

§ 114. Penalties and violations of this article. Notwithstanding the provision of any law to the contrary, the failure to comply with the requirements of this article, the rules and regulations promulgated thereunder, may be punishable by a fine of not more than one thousand dollars for a first violation; not more than five thousand dollars for a second violation; and not more than ten thousand dollars for a third violation and each subsequent violation thereafter.

§ 115. Hemp workgroup. The executive director shall appoint a New York state industrial hemp and hemp extract workgroup, composed of researchers, producers, processors, manufacturers and trade associations, to make recommendations for the industrial hemp and hemp extract programs, state and federal policies and policy initiatives, and opportunities for the promotion and marketing of industrial hemp and hemp extract as consistent with federal and state laws, rules and regulations, which workgroup shall continue for such time as the executive director deems appropriate.

§ 116. Prohibitions. Except as authorized in this article, the manufacturing of hemp extract for human or animal consumption and the distribution and/or sale thereof is prohibited in this state unless the manufacturer is licensed under this article. Hemp extract and products derived therefrom for human and animal consumption produced outside the state shall not be distributed or sold in this state unless they meet all standards and requirements established for such product manufactured in the state under this article and its rules and regulations as determined by the office.

ARTICLE 6
GENERAL PROVISIONS

Section 125. General prohibitions and restrictions.

126. License to be confined to premises licensed; premises for which no license shall be granted; transporting cannabis.

127. Protections for the use of cannabis; unlawful discriminations prohibited.

128. Registrations and licenses.
§ 125. General prohibitions and restrictions. 1. No person shall
cultivate, process, or distribute for sale or sell at wholesale or
retail any cannabis, cannabis product, medical cannabis or hemp extract
product within the state without obtaining the appropriate registration,
license, or permit therefor required by this chapter.

2. No registered organization, licensee, or permittee shall sell, or
agree to sell or deliver in this state any cannabis or hemp extract for
the purposes of resale to any person who is not duly registered,
licensed or permitted pursuant to this chapter to sell such product, at
wholesale or retail, as the case may be, at the time of such agreement
and sale.

3. No registered organization, licensee, or permittee shall employ, or
permit to be employed, or shall allow to work, on any premises regis-
tered or licensed for retail sale hereunder, any person under the age of
twenty-one years in any capacity where the duties of such person require
or permit such person to sell, dispense or handle cannabis.

4. No registered organization, licensee, or permittee shall sell, deliver
or give away, or cause, permit or procure to be sold, delivered
or given away any cannabis, cannabis product, or medical cannabis on
credit; except that a registered organization, licensee or permittee may
accept third party credit cards for the sale of any cannabis, cannabis
product, or medical cannabis for which it is registered, licensed or
permitted to dispense or sell to patients or cannabis consumers. This
includes, but is not limited to, any consignment sale of any kind.

5. No registered organization, licensee, or permittee shall cease to
be operated as a bona fide or legitimate premises within the contem-
plation of the registration, license, or permit issued for such prem-
ises, as determined within the judgment of the office.

6. No registered organization, licensee, or permittee shall refuse,
nor any person holding a registration, license, or permit refuse, nor
any officer or director of any corporation or organization holding a
registration, license, or permit refuse, to appear and/or testify under
oath at an inquiry or hearing held by the office, with respect to any
matter bearing upon the registration, license, or permit, the conduct of
any people at the licensed premises, or bearing upon the character or
fitness of such registrant, licensee, or permittee to continue to hold
any registration, license, or permit. Nor shall any of the above offer
false testimony under oath at such inquiry or hearing.

7. No registered organization, licensee, or permittee shall engage,
participate in, or aid or abet any violation or provision of this chap-
ter, or the rules or regulations of the office.

8. The proper conduct of registered, licensed, or permitted premises
is essential to the public interest. Failure of a registered organiza-
tion, licensee, or permittee to exercise adequate supervision over the
registered, licensed, or permitted location poses a substantial risk not
only to the objectives of this chapter but imperils the health, safety,
and welfare of the people of this state. It shall be the obligation of
each person registered, licensed, or permitted under this chapter to
ensure that a high degree of supervision is exercised over any and all
conduct at any registered, licensed, or permitted location at any and
all times in order to safeguard against abuses of the privilege of being
registered, licensed, or permitted, as well as other violations of law,
statute, rule, or regulation. Persons registered, licensed, or permitted
shall be held strictly accountable for any and all violations that occur
upon any registered, licensed, or permitted premises, and for any and
all violations committed by or permitted by any manager, agent or
employee of such registered, licensed, or permitted person.

9. It shall be unlawful for any person, partnership or corporation
operating a place for profit or pecuniary gain, with a capacity for the
assemble of twenty or more persons to permit a person or persons to
come to the place of assembly for the purpose of cultivating, process-
ing, distributing, or retail distribution or sale of cannabis on said
premises. This includes, but is not limited to, cannabis that is either
provided by the operator of the place of assembly, his agents, servants
or employees, or cannabis that is brought onto said premises by the
person or persons assembling at such place, unless an appropriate regis-
tration, license, or permit has first been obtained from the office of
cannabis management by the operator of said place of assembly.

10. As it is a privilege under the law to be registered, licensed, or
permitted to cultivate, process, distribute, or sell cannabis, the
office may impose any such further restrictions upon any registrant,
licensee, or permittee in particular instances as it deems necessary to
further state policy and best serve the public interest. A violation or
failure of any person registered, licensed, or permitted to comply with
any condition, stipulation, or agreement, upon which any registration,
license, or permit was issued or renewed by the office shall subject the
registrant, licensee, or permittee to suspension, cancellation, revoca-
tion, and/or civil penalties as determined by the office.

11. No adult-use cannabis or medical cannabis may be imported to, or
exported out of, New York state by a registered organization, licensee
or person holding a license and/or permit pursuant to this chapter,
until such time as it may become legal to do so under federal law.
Should it become legal to do so under federal law, the office is granted
the power to promulgate such rules and regulations as it deems necessary
to protect the public and the policy of the state.

12. No registered organization, licensee or any of its agents, serv-
ants or employees shall sell any cannabis product, or medical cannabis
from house to house by means of a truck or otherwise, where the sale is
consummated and delivery made concurrently at the residence or place of
business of a cannabis consumer. This subdivision shall not prohibit the
delivery by a registered organization to certified patients or their
designated caregivers, pursuant to article three of this chapter.
13. No licensee shall employ any canvasser or solicitor for the purpose of receiving an order from a certified patient, designated caregiver or cannabis consumer for any cannabis product, or medical cannabis at the residence or place of business of such patient, caregiver or consumer, nor shall any licensee receive or accept any order, for the sale of any cannabis product, or medical cannabis which shall be solicited at the residence or place of business of a patient, caregiver or consumer. This subdivision shall not prohibit the solicitation by a distributor of an order from any licensee at the licensed premises of such licensee.

§ 126. License to be confined to premises licensed; premises for which no license shall be granted; transporting cannabis. 1. A registration, license, or permit issued to any person, pursuant to this chapter, for any registered, licensed, or permitted premises shall not be transferable to any other person, to any other location or premises, or to any other building or part of the building containing the licensed premises except in the discretion of the office. All privileges granted by any registration, license, or permit shall be available only to the person therein specified, and only for the premises licensed and no other except if authorized by the office. Provided, however, that the provisions of this section shall not be deemed to prohibit the amendment of a registration or license as provided for in this chapter. A violation of this section shall subject the registration, license, or permit to revocation for cause.

2. Where a registration or license for premises has been revoked, the office in its discretion may refuse to issue a registration, license, or permit under this chapter, for a period of up to five years after such revocation, for such premises or for any part of the building containing such premises and connected therewith.

3. In determining whether to issue such a proscription against granting any registration, license, or permit for such five-year period, in addition to any other factors deemed relevant to the office, the office shall, in the case of a license revoked due to the illegal sale of cannabis to a minor, determine whether the proposed subsequent licensee has obtained such premises through an arm's length transaction, and, if such transaction is not found to be an arm's length transaction, the office shall deny the issuance of such license.

4. For purposes of this section, "arm's length transaction" shall mean a sale of a fee of all undivided interests in real property, lease, management agreement, or other agreement giving the applicant control over the cannabis at the premises, or any part thereof, in the open market, between an informed and willing buyer and seller where neither is under any compulsion to participate in the transaction, unaffected by any unusual conditions indicating a reasonable possibility that the sale was made for the purpose of permitting the original licensee to avoid the effect of the revocation. The following sales shall be presumed not to be arm's length transactions unless adequate documentation is provided demonstrating that the sale, lease, management agreement, or other agreement giving the applicant control over the cannabis at the premises, was not conducted, in whole or in part, for the purpose of permitting the original licensee to avoid the effect of the revocation:

(a) a sale between relatives;
(b) a sale between related companies or partners in a business; or
(c) a sale, lease, management agreement, or other agreement giving the applicant control over the cannabis at the premises, affected by other facts or circumstances that would indicate that the sale, lease, manage-
ment agreement, or other agreement giving the applicant control over the cannabis at the premises, is entered into for the primary purpose of permitting the original licensee to avoid the effect of the revocation.

5. No registered organization, licensee or permittee shall transport cannabis products or medical cannabis except in vehicles owned and operated by such registered organization, licensee or permittee, or hired and operated by such registered organization, licensee or permittee from a trucking or transportation company permitted and registered with the office.

6. No common carrier or person operating a transportation facility in this state, other than the United States government, shall receive for transportation or delivery within the state any cannabis products or medical cannabis unless the shipment is accompanied by copy of a bill of lading, or other document, showing the name and address of the consignor, the name and address of the consignee, the date of the shipment, and the quantity and kind of cannabis products or medical cannabis contained therein.

§ 127. Protections for the use of cannabis; unlawful discriminations prohibited. 1. No person, registered organization, licensee or permittee, employees, or their agents shall be subject to arrest, prosecution, or penalty in any manner, or denied any right or privilege, including but not limited to civil liability or disciplinary action by a business or occupational or professional licensing board or office, solely for conduct permitted under this chapter. For the avoidance of doubt, the appellate division of the supreme court of the state of New York, and any disciplinary or character and fitness committees established by them are occupational and professional licensing boards within the meaning of this section. State or local law enforcement agencies shall not cooperate with or provide assistance to the government of the United States or any agency thereof in enforcing the federal controlled substances act solely for actions consistent with this chapter, except as pursuant to a valid court order.

2. No school or landlord may refuse to enroll or lease to and may not otherwise penalize a person solely for conduct allowed under this chapter, except as exempted:
   (a) if failing to do so would cause the school or landlord to lose a monetary or licensing related benefit under federal law or regulations;
   (b) if the institution has adopted a code of conduct prohibiting cannabis use on the basis of religious belief; or
   (c) if a property is registered with the New York smoke-free housing registry, it is not required to permit the smoking of cannabis products on its premises.

3. For the purposes of medical care, including organ transplants, a certified patient's authorized use of medical cannabis must be considered the equivalent of the use of any other medication under the direction of a practitioner and does not constitute the use of an illicit substance or otherwise disqualify a registered qualifying patient from medical care.

4. It is the public policy of the state of New York to prohibit employers from discriminating against employees for legal activities occurring outside of the workplace. Nothing in this section shall interfere with an employer's obligation to provide a safe and healthy work place, free from recognized hazards, as required by state and federal occupation safety and health law or require an employer to commit any act that would cause the employer to be in violation of any other feder-
5. For the purposes of this section, an employer may consider an employee's ability to perform the employee's job responsibilities to be impaired when the employee manifests specific articulable symptoms while working that decrease or lessen the employee's performance of the duties or tasks of the employee's job position.

6. Nothing in this section shall restrict an employer's ability to prohibit or take adverse employment action for the possession or use of intoxicating substances during work hours, or require an employer to commit any act that would cause the employer to be in violation of federal law, or that would result in the loss of a federal contract or federal funding.

7. As used in this section, "adverse employment action" means refusing to hire or employ, barring or discharging from employment, requiring a person to retire from employment, or discriminating against in compensation or in terms, conditions, or privileges of employment.

8. A person currently under parole, probation or other state supervision, or released on bail awaiting trial may not be punished or otherwise penalized for conduct allowed under this chapter.

9. No person may be denied custody of or visitation or parenting time with a minor, and there is no presumption of neglect or child endangerment for conduct allowed under section 222.05 of the penal law, unless the person's behavior creates an unreasonable danger to the safety of the minor as established by clear and convincing evidence. For the purposes of this section, an "unreasonable danger" determination cannot be based solely on whether, when, and how often a person uses cannabis without separate evidence of harm.

§ 128. Registrations and licenses. 1. No registration or license shall be transferable or assignable except that notwithstanding any other provision of law, the registration or license of a sole proprietor converting to corporate form, where such proprietor becomes the sole stockholder and only officer and director of such new corporation, may be transferred to the subject corporation if all requirements of this chapter remain the same with respect to such registration or license as transferred and, further, the registered organization or licensee shall transmit to the office, within ten days of the transfer of license allowable under this subdivision, on a form prescribed by the office, notification of the transfer of such license.

2. No registration or license shall be pledged or deposited as collateral security for any loan or upon any other condition; and any such pledge or deposit, and any contract providing therefor, shall be void.

3. Licenses issued under this chapter shall contain, in addition to any further information or material to be prescribed by the rules of the office, the following information:
   (a) name of the person to whom the license is issued;
   (b) type of license and what type of cannabis commerce is thereby permitted;
   (c) description by street and number, or otherwise, of licensed premises; and
   (d) a statement in substance that such license shall not be deemed a property or vested right, and that it may be revoked at any time pursuant to law.

§ 129. Laboratory testing permits. 1. The executive director shall approve and permit one or more independent cannabis testing laboratories to test medical cannabis, adult-use cannabis and/or hemp extract.
2. To be permitted as an independent cannabis laboratory, a laboratory must apply to the office, on a form and in a manner prescribed by the office, and must demonstrate the following to the satisfaction of the executive director:
   (a) the owners and directors of the laboratory are of good moral character;
   (b) the laboratory and its staff has the skills, resources and expertise needed to accurately and consistently perform all of the testing required for adult-use cannabis, medical cannabis and/or hemp extract;
   (c) the laboratory has in place and will maintain adequate policies, procedures, and facility security to ensure proper: collection, labeling, accessioning, preparation, analysis, result reporting, disposal and storage of adult-use cannabis, and/or medical cannabis;
   (d) the laboratory is physically located in New York state;
   (e) the laboratory has been approved by the department of health pursuant to Part 55-2 of Title 10 of the New York Codes, Rules and Regulations, pertaining to laboratories performing environmental analysis; and
   (f) the laboratory meets any and all requirements prescribed by this chapter and by the executive director in regulation.

3. The owner of a laboratory testing permit under this section shall not hold a registration or license in any category of this chapter and shall not have any direct or indirect ownership interest in such registered organization or licensee. No board member, officer, manager, owner, partner, principal stakeholder or member of a registered organization or licensee under this chapter, or such person's immediate family member, shall have an interest or voting rights in any laboratory testing permittee.

4. The executive director shall require that the permitted laboratory report testing results to the office in a manner, form and timeframe as determined by the executive director.

5. The executive director is authorized to promulgate regulations, requiring permitted laboratories to perform certain tests and services.

6. A laboratory granted a laboratory testing permit under this chapter shall not required to be licensed by the federal drug enforcement agency.

§ 130. Special use permits. The office is hereby authorized to issue the following kinds of permits for carrying on activities consistent with the policy and purpose of this chapter with respect to cannabis. The executive director has the authority to set fees for all permits issued pursuant to this section, to establish the periods during which permits are authorized, and to make rules and regulations, including emergency regulations, to implement this section.

1. Industrial cannabis permit - to purchase cannabis from one of the entities licensed by the office for use in the manufacture and sale of any of the following, when such cannabis is not otherwise suitable for consumption purposes, namely: (a) apparel, energy, paper, and tools; (b) scientific, chemical, mechanical and industrial products; or (c) any other industrial use as determined by the executive director in regulation.

2. Trucking permit - to allow for the trucking or transportation of cannabis products, or medical cannabis by a person other than a registered organization or licensee under this chapter.

3. Warehouse permit - to allow for the storage of cannabis, cannabis products, or medical cannabis at a location not otherwise registered or licensed by the office.
4. Cannabinoid permit - to sell cannabinoid products for off-premises consumption.

5. Temporary retail cannabis permit - to authorize the retail sale of adult-use cannabis to cannabis consumers, for a limited purpose or duration.

6. Caterer's permit - to authorize the service of cannabis products at a function, occasion or event in a hotel, restaurant, club, ballroom or other premises, which shall authorize within the hours fixed by the office, during which cannabis may lawfully be sold or served on the premises in which such function, occasion or event is held.

7. Packaging permit - to authorize a licensed cannabis distributor to sort, package, label and bundle cannabis products from one or more registered organizations or licensed processors, on the premises of the licensed cannabis distributor or at a warehouse for which a permit has been issued under this section.

8. Miscellaneous permits - to purchase, receive or sell cannabis, cannabis products or medical cannabis, or receipts, certificates, contracts or other documents pertaining to cannabis, cannabis products, or medical cannabis, in cases not expressly provided for by this chapter, when in the judgment of the office it would be appropriate and consistent with the policy and purpose of this chapter.

§ 131. Professional and medical record keeping. Any professional providing services in connection with a licensed or potentially licensed business under this chapter, or in connection with other conduct permitted under this chapter, and any medical professional providing medical care to a patient, other than a certified patient, may agree with their client or patient to maintain no record, or any reduced level of record keeping that professional and client or patient may agree. In case of such agreement, the professional's only obligation shall be to keep such records as agreed, and to keep a record of the agreement. Such reduced record keeping is conduct permitted under this chapter.

§ 132. Local opt-out; municipal control and preemption. 1. The provisions of article four of this chapter, authorizing the cultivation, processing, distribution and sale of adult-use cannabis to cannabis consumers, shall not be applicable to a town, city or village which, after a mandatory referendum held pursuant to section twenty-three of the municipal home rule law, adopts a local law to prohibit the establishment or operation of one or more types of licenses contained in article four of this chapter, within the jurisdiction of the town, city or village. Provided, however, that any town law shall apply to the area of the town outside of any village within such town.

2. Except as provided for in subdivision one of this section, all county, town, city and village governing bodies are hereby preempted from adopting any rule, ordinance, regulation or prohibition pertaining to the operation or licensure of registered organizations, adult-use cannabis licenses or hemp licenses. However, municipalities may pass local laws and ordinances governing the time, place and manner of licensed adult-use cannabis retail dispensaries, provided such ordinance or regulation does not make the operation of such licensed retail dispensaries unreasonably impracticable as determined by the executive director in consultation with the cannabis advisory board.

§ 133. Personal cultivation. 1. Notwithstanding any provision of law to the contrary, a person over the age of twenty-one shall be able to plant, cultivate, harvest, dry or process cannabis for personal use subject to the following restrictions:
(a) all cultivation and processing shall be done in accordance with local ordinances; and
(b) the living plants and any cannabis produced by the plants in excess of three ounces must be kept within the person's private residence, or upon the grounds of that private residence (e.g., in an outdoor garden area), in a locked space, and not visible by normal unaided vision from a public place; and
(c) not more than six living plants may be planted, cultivated, harvested, dried or processed within a single private residence, or upon the grounds of that private residence, at one time.

subdivision one of this section.
6. Vacatur, dismissal and expungement as set forth in subdivision four
or subdivision five of this section is without prejudice to an individ-
ual or their attorney seeking further relief pursuant to section 440.10
of this part. Nothing in this section is intended to diminish or abro-
gate any rights or remedies otherwise available to the individual.
§ 22. Subdivision 1 of section 170.56 of the criminal procedure law,
as amended by chapter 360 of the laws of 1977, is amended to read as
follows:
1. Upon or after arraignment in a local criminal court upon an infor-
mation, a prosecutor's information or a misdemeanor complaint, where the
sole remaining count or counts charge a violation or violations of
section [221.05, 221.10, 221.15, 221.35 or 221.40] 221.45 of the penal
law, or upon summons for a nuisance offense under section sixty-five-c
of the alcoholic beverage control law and before the entry of a plea of
guilty thereto or commencement of a trial thereof, the court, upon
motion of a defendant, may order that all proceedings be suspended and
the action adjourned in contemplation of dismissal, or upon a finding
that adjournment would not be necessary or appropriate and the setting
forth in the record of the reasons for such findings, may dismiss in
furtherance of justice the accusatory instrument; provided, however,
that the court may not order such adjournment in contemplation of
dismissal or dismiss the accusatory instrument if: (a) the defendant has
previously been granted such adjournment in contemplation of dismissal,
or (b) the defendant has previously been granted a dismissal under this
section, or (c) the defendant has previously been convicted of any
offense involving controlled substances, or (d) the defendant has previ-
ously been convicted of a crime and the district attorney does not con-
sent or (e) the defendant has previously been adjudicated a youthful
offender on the basis of any act or acts involving controlled substances
and the district attorney does not consent. Notwithstanding the limita-
tions set forth in this subdivision, the court may order that all
proceedings be suspended and the action adjourned in contemplation of
display based upon a finding of exceptional circumstances. For
purposes of this subdivision, exceptional circumstances exist when,
regardless of the ultimate disposition of the case, the entry of a plea
of guilty is likely to result in severe or ongoing consequences, includ-
ing, but not limited to, potential or actual immigration consequences.
§ 23. Paragraph (j) of subdivision 1 of section 440.10 of the criminal
procedure law, as amended by section 2 of part MMM of chapter 59 of the
laws of 2019, is amended and a new paragraph (k) is added to read as
follows:
(j) The judgment is a conviction for a class A or unclassified misdemeanor entered prior to the effective date of this paragraph and satisfies the ground prescribed in paragraph (h) of this subdivision. There shall be a rebuttable presumption that a conviction by plea to such an offense was not knowing, voluntary and intelligent, based on ongoing collateral consequences, including potential or actual immigration consequences, and there shall be a rebuttable presumption that a conviction by verdict constitutes cruel and unusual punishment under section five of article one of the state constitution based on such consequences.

(k) If pertinent, such relief is available notwithstanding that the judgment was for a violation of section 221.05, 221.10, 221.15, 221.20, 221.25, 221.30, 221.35, or 221.40 of the penal law in effect prior to the effective date of this paragraph and that the underlying action or proceeding has already been vacated, dismissed and expunged pursuant to subdivision four or subdivision five of section 160.50 of this chapter in which case the court shall presume that a conviction by plea for a violation of the aforementioned sections of the then penal law was not knowing, voluntary and intelligent, if it has ongoing consequences, including but not limited to, potential or actual immigration consequences, and shall presume that a conviction by verdict of the aforementioned sections of the then penal law constitutes cruel and unusual punishment under the state constitution, based on those consequences. The prosecution may rebut these presumptions.

§ 24. The criminal procedure law is amended by adding a new section 440.46-a to read as follows:

§ 440.46-a Motion for resentence; persons convicted of certain marihuana offenses.

1. Where a person is currently serving a sentence for a conviction, whether by verdict or by open or negotiated plea, who would not have been guilty of an offense after the effective date of this section had this section been in effect at the time of their conviction, the office of court administration shall automatically vacate, dismiss and expunge such conviction pursuant to subdivision four of section 160.50 of this part and immediately notify the New York state department of corrections and community supervision and local jails, which entities shall immediately effecutate the appropriate relief. The office of court administration shall likewise automatically notify the division of criminal justice services and any police department and law enforcement agency, which division, department or agency must immediately destroy appurtenant records as set forth in subdivision four of section 160.50 of this part.

2. (a) A person currently serving a sentence for a conviction, whether by verdict or by open or negotiated plea, who would have been guilty of a lesser offense after the effective date of this section had this section been in effect at the time of their conviction may petition for a recall of sentence before the trial court that entered the judgment of conviction in their case to request resentencing in accordance with article two hundred twenty-two of the penal law.

(b) Upon receiving a motion under paragraph (a) of this subdivision, the court shall presume the movant satisfies the criteria in such paragraph (a) unless the party opposing the motion proves by clear and convincing evidence that the movant does not satisfy the criteria. If the movant satisfies the criteria in paragraph (a) of this subdivision, the court shall grant the motion to resentence.
3. Under no circumstances may resentencing under this section result in the imposition of a term longer than the original sentence, or the reinstatement of charges dismissed pursuant to a negotiated plea agreement.

4. (a) A person who has completed his or her sentence for a conviction under the former article two hundred twenty-one of the penal law, whether by trial or open or negotiated plea, who would have been guilty of a lesser offense on and after the effective date of this section had this section been in effect at the time of his or her conviction, may file an application before the trial court that entered the judgment of conviction in his or her case to have the conviction redesignated (or "reclassified"), in accordance with article two hundred twenty-two of the penal law.

(b) Upon receiving a motion under paragraph (a) of this subdivision, the court shall presume the movant satisfies the criteria in paragraph (a) of this subdivision unless the party opposing the motion proves by clear and convincing evidence that the movant does not satisfy the criteria. If the movant satisfies the criteria in paragraph (a) of this subdivision, the court shall grant the motion to redesignate (or "reclassify") the conviction.

5. (a) If the court that originally sentenced the movant is not available, the presiding judge shall designate another judge to rule on the petition or application.

(b) Unless requested by the movant, no hearing is necessary to grant an application filed under subdivision two or four of this section.

(c) Any felony conviction that is vacated and resentenced under subdivision two of this section or designated as a misdemeanor or violation under subdivision four of this section shall be considered a misdemeanor or violation for all purposes. Any misdemeanor conviction that is vacated and resentenced under subdivision two of this section or designated as a violation under subdivision four of this section shall be considered a violation for all purposes.

(d) Nothing in this section is intended to diminish or abrogate any rights or remedies otherwise available to the petitioner or applicant.

(e) Nothing in this and related sections is intended to diminish or abrogate the finality of judgments in any case not falling within the purview of this section.

(f) The provisions of this section shall apply equally to juvenile delinquency adjudications and dispositions under section five hundred one-e of the executive law if the juvenile would not have been guilty of an offense or would have been guilty of a lesser offense under this section had this section been in effect at the time of his or her conviction.

(g) The office of court administration shall promulgate and make available all necessary forms to enable the filing of the petitions and applications provided in this section no later than sixty days following the effective date of this section.

§ 37. Section 490 of the tax law, as added by chapter 90 of the laws of 2014, is amended to read as follows:

§ 490. [Definitions] Excise tax on medical cannabis. 1. (a) [All definitions of terms applicable to title five-A of article thirty-three of the public health law shall apply to this article.] For purposes of this article, the terms "medical cannabis," "registered organization," "certified patient," and "designated caregiver" shall have the same definitions as in section three of the cannabis law.

(b) As used in this section, where not otherwise specifically defined and unless a different meaning is clearly required "gross receipt" means the amount received in or by reason of any sale, conditional or otherwise, of medical [marihuana] cannabis or in or by reason of the furnishing of medical [marihuana] cannabis provided by a registered organization to a certified patient or designated caregiver. Gross receipt is expressed in money, whether paid in cash, credit or property of any kind or nature, and shall be determined without any deduction therefrom on account of the cost of the service sold or the cost of materials, labor or services used or other costs, interest or discount paid, or any other expenses whatsoever. 

"Amount received" for the purpose of the definition of gross receipt, as the term gross receipt is used throughout this article, means the amount charged for the provision of medical [marihuana] cannabis.

2. There is hereby imposed an excise tax on the gross receipts from the sale of medical [marihuana] cannabis by a registered organization to a certified patient or designated caregiver, at the rate of seven percent. The tax imposed by this article shall be charged against and be paid by the registered organization and shall not be added as a separate charge or line item on any sales slip, invoice, receipt or other statement or memorandum of the price given to the retail customer.

3. The commissioner may make, adopt and amend rules, regulations, procedures and forms necessary for the proper administration of this article.

4. Every registered organization that makes sales of medical [marihuana] cannabis subject to the tax imposed by this article shall, on or before the twentieth date of each month, file with the commissioner a return on forms to be prescribed by the commissioner, showing its receipts from the retail sale of medical [marihuana] cannabis during the preceding calendar month and the amount of tax due thereon. Such returns shall contain such further information as the commissioner may require.

Every registered organization required to file a return under this section shall, at the time of filing such return, pay to the commissioner the total amount of tax due on its retail sales of medical [marihuana] cannabis for the period covered by such return. If a return is not filed when due, the tax shall be due on the day on which the return is required to be filed.

5. Whenever the commissioner shall determine that any moneys received under the provisions of this article were paid in error, he may cause the same to be refunded, with interest, in accordance with such rules and regulations as he may prescribe, except that no interest shall be allowed or paid if the amount thereof would be less than one dollar. Such interest shall be at the overpayment rate set by the commissioner pursuant to subdivision twenty-sixth of section one hundred seventy-one of this chapter, or if no rate is set, at the rate of six percent per
annum, from the date when the tax, penalty or interest to be refunded was paid to a date preceding the date of the refund check by not more than thirty days. Provided, however, that for the purposes of this subdivision, any tax paid before the last day prescribed for its payment shall be deemed to have been paid on such last day. Such moneys received under the provisions of this article which the commissioner shall determine were paid in error, may be refunded out of funds in the custody of the comptroller to the credit of such taxes provided an application therefor is filed with the commissioner within two years from the time the erroneous payment was made.

6. The provisions of article twenty-seven of this chapter shall apply to the tax imposed by this article in the same manner and with the same force and effect as if the language of such article had been incorporated in full into this section and had expressly referred to the tax imposed by this article, except to the extent that any provision of such article is either inconsistent with a provision of this article or is not relevant to this article.

7. All taxes, interest and penalties collected or received by the commissioner under this article shall be deposited and disposed of pursuant to the provisions of section one hundred seventy-one-a of this chapter, provided that an amount equal to one hundred percent collected under this article less any amount determined by the commissioner to be reserved by the comptroller for refunds or reimbursements shall be paid by the comptroller to the credit of the medical [marihuana] cannabis trust fund established by section eighty-nine-h of the state finance law.

8. A registered organization that dispenses medical [marihuana] cannabis shall provide to the department information on where the medical [marihuana] cannabis was dispensed and where the medical [marihuana] cannabis was manufactured. A registered organization that obtains [marihuana] cannabis from another registered organization shall obtain from such registered organization information on where the medical [marihuana] cannabis was manufactured.

§ 38. Section 491 of the tax law, as added by chapter 90 of the laws of 2014, subdivision 1 as amended by section 1 of part II of chapter 60 of the laws of 2016, is amended to read as follows:

§ 491. Returns to be secret. 1. Except in accordance with proper judicial order or as in this section or otherwise provided by law, it shall be unlawful for the commissioner, any officer or employee of the department, or any officer or person who, pursuant to this section, is permitted to inspect any return or report or to whom a copy, an abstract or a portion of any return or report is furnished, or to whom any information contained in any return or report is furnished, or any person engaged or retained by such department on an independent contract basis or any person who in any manner may acquire knowledge of the contents of a return or report filed pursuant to this article to divulge or make known in any manner the contents or any other information relating to the business of a distributor, owner or other person contained in any return or report required under this article. The officers charged with the custody of such returns or reports shall not be required to produce any of them or evidence of anything contained in them in any action or proceeding in any court, except on behalf of the state, [the state department of health] office of cannabis management, or the commissioner in an action or proceeding under the provisions of this chapter or on behalf of the state or the commissioner in any other action or proceeding involving the collection of a tax due under this chapter to which
the state or the commissioner is a party or a claimant or on behalf of
any party to any action or proceeding under the provisions of this arti-
cle, when the returns or the reports or the facts shown thereby are
directly involved in such action or proceeding, or in an action or
proceeding relating to the regulation or taxation of medical [marihuana]
cannabis on behalf of officers to whom information shall have been
supplied as provided in subdivision two of this section, in any of which
events the court may require the production of, and may admit in
evidence so much of said returns or reports or of the facts shown there-
by as are pertinent to the action or proceeding and no more. Nothing
herein shall be construed to prohibit the commissioner, in his or her
discretion, from allowing the inspection or delivery of a certified copy
of any return or report filed under this article or of any information
contained in any such return or report by or to a duly authorized offi-
cer or employee of the [state department of health] office of cannabis
management; or by or to the attorney general or other legal represen-
tatives of the state when an action shall have been recommended or
commenced pursuant to this chapter in which such returns or reports or
the facts shown thereby are directly involved; or the inspection of the
returns or reports required under this article by the comptroller or
duly designated officer or employee of the state department of audit and
control, for purposes of the audit of a refund of any tax paid by a
registered organization or other person under this article; nor to
prohibit the delivery to a registered organization, or a duly authorized
representative of such registered organization, a certified copy of any
return or report filed by such registered organization pursuant to this
article, nor to prohibit the publication of statistics so classified as
to prevent the identification of particular returns or reports and the
items thereof. This section shall also not be construed to prohibit the
disclosure, for tax administration purposes, to the division of the
budget and the office of the state comptroller, of information aggre-
gated from the returns filed by all the registered organizations making
sales of, or manufacturing, medical [marihuana] cannabis in a specified
county, whether the number of such registered organizations is one or
more. Provided further that, notwithstanding the provisions of this
subdivision, the commissioner may, in his or her discretion, permit the
proper officer of any county entitled to receive an allocation, follow-
ing appropriation by the legislature, pursuant to this article and
section eighty-nine-h of the state finance law, or the authorized repre-
sentative of such officer, to inspect any return filed under this arti-
cle, or may furnish to such officer or the officer's authorized repre-
sentative an abstract of any such return or supply such officer or such
representative with information concerning an item contained in any such
return, or disclosed by any investigation of tax liability under this
article.

2. The commissioner, in his or her discretion and pursuant to such
rules and regulations as he or she may adopt, may permit [the commis-
sioner of internal revenue of the United States or] the appropriate
officers of any other state which regulates or taxes medical [marihuana]
cannabis, or the duly authorized representatives of such [commissioner
or of any such] officers, to inspect returns or reports made pursuant to
this article, or may furnish to such [commissioner or] other officers,
or duly authorized representatives, a copy of any such return or report
or an abstract of the information therein contained, or any portion
thereof, or may supply [such commissioner or] any such officers or such
representatives with information relating to the business of a regis-
tered organization making returns or reports hereunder. The commissioner
may refuse to supply information pursuant to this subdivision [to the
commissioner of internal revenue of the United States or] to the offi-
cers of any other state if the statutes [of the United States, or] of
the state represented by such officers, do not grant substantially simi-
lar privileges to the commissioner, but such refusal shall not be manda-
tory. Information shall not be supplied to [the commissioner of internal
revenue of the United States or] the appropriate officers of any other
state which regulates or taxes medical [marihuana] cannabis, or the duly
authorized representatives [of such commissioner or] of any of such
officers, unless such [commissioner,] officer or other representatives
shall agree not to divulge or make known in any manner the information
so supplied, but such officers may transmit such information to their
employees or legal representatives when necessary, who in turn shall be
subject to the same restrictions as those hereby imposed upon such
[commissioner,] officer or other representatives.

(d) Every holder of a certificate of registration must notify the commissioner of changes to any of the information stated on the certificate, or of changes to any information contained in the application for the certificate of registration. Such notification must be made on or before the last day of the month in which a change occurs and must be made electronically on a form prescribed by the commissioner.

(e) Every holder of a certificate of registration under this article shall be required to reapply prior to such certificate's expiration, during a reapplication period established by the commissioner. Such reapplication period shall not occur more frequently than every two years. Such reapplication shall be subject to the same requirements and conditions, including grounds for refusal, as an initial application, including the payment of the application fee.

(f) Penalties. A person to whom adult-use cannabis products have been transferred or who sells adult-use cannabis products without a valid certificate of registration pursuant to subdivision (a) of this section shall be subject to a penalty of five hundred dollars for each month or part thereof during which such person continues to possess adult-use cannabis products that have been transferred to such person or who sells such products after the expiration of the first month after which such

Every person required to file a return under this section shall, at the time of filing such return, pay to the commissioner the total amount of tax due for the period covered by such return. If a return is not filed when due, the tax shall be due on the day on which the return is required to be filed.

2. The wholesaler shall maintain such records in such form as the commissioner may require regarding such items as: where the wholesaler is not the cultivator, the weight of the cannabis flower and cannabis trim transferred to it by a cultivator or, where the wholesaler is the cultivator, the weight of such flower and trim produced by it; the geographic location of every retail dispensary to which it sold adult-use cannabis products; and any other record or information required by the commissioner. This information must be kept by such person for a period of three years after the return was filed.

(b) The provisions of article twenty-seven of this chapter shall apply to the tax imposed by this article in the same manner and with the same force and effect as if the language of such article had been incorporated in full into this section and had expressly referred to the tax imposed by this article, except to the extent that any provision of such article is either inconsistent with a provision of this article or is not relevant to this article.

(c) 1. All taxes, interest, and penalties collected or received by the commissioner under this article shall be deposited and disposed of pursuant to the provisions of section one hundred seventy-one-a of this chapter, provided that an amount equal to one hundred percent collected under this article less any amount determined by the commissioner to be reserved by the comptroller for refunds or reimbursements shall be paid by the comptroller to the credit of the cannabis revenue fund established by section ninety-nine-hh of the state finance law. Of the total revenue collected or received under this article, the comptroller shall retain such amount as the commissioner may determine to be necessary for refunds. The commissioner is authorized and directed to deduct from the registration fees under subdivision (a) of section four hundred ninety-four of this article, before deposit into the cannabis revenue fund designated by the comptroller, a reasonable amount necessary to effectuate refunds of appropriations of the department to reimburse the department for the costs incurred to administer, collect, and distribute the taxes imposed by this article.

2. Notwithstanding the foregoing, the commissioner shall certify to the comptroller the total amount of tax, penalty and interest received by him or her on account of the tax imposed by subdivision (c) of section four hundred ninety-three of this article in trust for and on account of each county in which a retail dispensary is located. On or before the twelfth day of each month, the comptroller, after reserving such refund fund, shall pay to the appropriate fiscal officer of each
such county the taxes, penalties and interest received and certified by
the commissioner for the preceding calendar month.

§ 496. Returns to be kept secret. (a) Except in accordance with proper
judicial order or as in this section or otherwise provided by law, it
shall be unlawful for the commissioner, any officer or employee of the
department, or any officer or person who, pursuant to this section, is
permitted to inspect any return or report or to whom a copy, an abstract
or a portion of any return or report is furnished, or to whom any infor-
mation contained in any return or report is furnished, or any person who
in any manner may acquire knowledge of the contents of a return or
report filed pursuant to this article to divulge or make known in any
manner the content or any other information related to the business of
the wholesaler contained in any return or report required under this
article. The officers charged with the custody of such returns or
reports shall not be required to produce any of them or evidence of
anything contained in them in any action or proceeding in any court,
except on behalf of the state, the office of cannabis management, or the
commissioner in an action or proceeding involving the collection of tax
due under this chapter to which the state or the commissioner is a party
or a claimant or on behalf of any party to any action or proceeding
under the provisions of this article, when the returns or the reports or
the facts shown thereby are directly involved in such action or proceed-
ing, or in an action or proceeding related to the regulation or taxation
of adult-use cannabis products on behalf of officers to whom information
shall have been supplied as provided in this section, in any of which
events the courts may require the production of, and may admit in
evidence so much of said returns or reports or of the facts shown there-
by as are pertinent to the action or proceeding and no more. Nothing
herein shall be construed to prohibit the commissioner, in his or her
discretion, from allowing the inspection or delivery of a certified copy
of any return or report filed under this article or of any information
contained in any such return or report by or to a duly authorized offi-
cer or employee of the office of cannabis management or by or to the
attorney general or other legal representatives of the state when an
action shall have been recommended or commenced pursuant to this chapter
in which such returns or reports or the facts shown thereby are directly
involved; or the inspection of the returns or reports required under
this article by the comptroller or duly designated officer or employee
of the state department of audit and control, for purposes of the audit
of a refund of any tax paid by the wholesaler under this article; nor to
prohibit the delivery to such person or a duly authorized representative
of such person, a certified copy of any return or report filed by such
person pursuant to this article, nor to prohibit the publication of
statistics so classified as to prevent the identification of particular
returns or reports and the items thereof. This section shall also not be
construed to prohibit the disclosure, for tax administration purposes,
to the division of the budget and the office of the state comptroller,
of information aggregated from the returns filed by all wholesalers
purchasing and selling such products in the state, whether the number of
such persons is one or more. Provided further that, notwithstanding the
provisions of this subdivision, the commissioner may in his or her
discretion, permit the proper officer of any county entitled to receive
any distribution of the monies received on account of the tax imposed by
subdivision (c) of section four hundred ninety-three of this article, or
the authorized representative of such officer, to inspect any return
filed under this article, or may furnish to such officer or the offi-
cer's authorized representative an abstract of any such return or supply
such officer or representative with information concerning an item
contained in any such return, or disclosed by any investigation of tax
liability under this article.
(b) The commissioner, in his or her discretion, may permit the appro-
priate officers of any other state that regulates or taxes cannabis or
the duly authorized representatives of such commissioner or of any such
officers, to inspect returns or reports made pursuant to this article,
or may furnish to the commissioner or other officer, or duly authorized
representatives, a copy of any such return or report or an abstract of
the information therein contained, or any portion thereof, or may supply
such commissioner or any such officers or such representatives with
information relating to the business of a wholesaler making returns or
reports hereunder solely for purposes of tax administration. The commis-
sioner may refuse to supply information pursuant to this subdivision to
the officers of any other state if the statutes of the state represented
by such officers do not grant substantially similar privileges to the
commissioner, but such refusal shall not be mandatory. Information shall
not be supplied to the appropriate officers of any state that regulates
or taxes cannabis, or the duly authorized representatives of such
commissioner or of any such officers, unless such commissioner, officer,
or other representatives shall agree not to divulge or make known in any
manner the information so supplied, but such officers may transmit such
information to their employees or legal representatives when necessary.
who in turn shall be subject to the same restrictions as those hereby
imposed upon such commissioner, officer or other representatives.
(c) 1. Any officer or employee of the state who willfully violates the
provisions of subdivision (a) or (b) of this section shall be dismissed
from office and be incapable of holding any public office in the state
for a period of five years thereafter.
2. For criminal penalties, see article thirty-seven of this chapter.
