1 pursuant to this section shall apply to taxable years beginning before
2 January first, two thousand twenty.

3 (b) Definitions. For the purpose of this section, the following terms
4 shall have the following meanings:

5 (1) "Biofuel" means a fuel which includes biodiesel [~~and~~], ethanol or
6 biomethane.

7 (2) The term "biodiesel" shall mean a fuel comprised exclusively of
8 mono-alkyl esters of long chain fatty acids derived from vegetable oils
9 or animal fats, designated B100, which meets the specifications of Amer-
10 ican Society of Testing and Materials designation D 6751-02.

11 (3) The term "ethanol" shall mean ethyl alcohol manufactured in the
12 United States and its territories and sold (i) for fuel use and which
13 has been rendered unfit for beverage use in a manner and which is
14 produced at a facility approved by the federal bureau of alcohol, tobac-
15 co and firearms for the production of ethanol for fuel, or (ii) as dena-
16 tured ethanol used by blenders and refiners which has been rendered
17 unfit for beverage use. The term "biofuel" may also include any other
18 standard approved by the New York state energy and research development
19 authority.

20 [~~(2)~~] (4) The term "biomethane" shall mean biogases that are emitted
21 as organic wastes that break down in airless environments. Biomethane is
22 produced from a variety of biomass and/or biogas sources, including
23 landfill gas, solid waste, municipal wastewater and agricultural manure
24 via airless tanks called anaerobic digesters. It can also be produced
25 from other sources such as forestry and agricultural waste through the
26 process of thermal gasification and methanation, although these technol-
27 ogies are not yet widely used. Biomethane is a renewable fuel, easily
28 distributed through existing infrastructure and is suitable for applica-
29 tions from light-duty vehicles to heavy-duty freight trucks.

30 (5) "Biofuel plant" means a commercial facility located in New York
31 state at which one or more biofuels are produced. For the purposes of
32 this section, any commercial facility where biomethane is produced shall
33 be considered a separate biofuel plant.

34 § 3. Section 187-c of the tax law, as amended by section 15 of part S
35 of chapter 59 of the laws of 2014, is amended to read as follows:

37 credit to be computed as provided in section [~~twenty-eight~~] thirty-
38 eight-a of this chapter, [~~as added by part X of chapter sixty-two of the~~

40 Provided, however, that the amount of such credit allowed against the

42 the excess of the amount of such credit over the amount of any credit
43 allowed by this section against the tax imposed by section one hundred
44 eighty-three of this article. In no event shall the credit under this
45 section be allowed in an amount which will reduce the tax payable to
46 less than the applicable minimum tax fixed by section one hundred eight-
47 y-three of this article. If, however, the amount of the credit allowed
48 under this section for any taxable year reduces the tax to such amount,
49 the excess shall be treated as an overpayment of tax to be credited or
50 refunded in accordance with the provisions of section six hundred eight-
51 y-six of this chapter. Provided, however, the provisions of subsection
52 (c) of section one thousand eighty-eight of this chapter notwithstand-

54 to this section shall apply to taxable years beginning before January

The tax credit allowed pursuant to this section shall apply to taxable years beginning before January first, two thousand twenty.

§ 5. Subdivision 24 of section 210-B of the tax law, as added by section 17 of part A of chapter 59 of the laws of 2014, is amended to read as follows:

24. Biofuel production credit. (a) General. A taxpayer shall be allowed a credit, to be computed as provided in section ~~[twenty-eight]~~ thirty-eight-a of this chapter ~~[added as part X of chapter sixty-two of the laws of two thousand six,~~ against the tax imposed by this article. However, if the amount of credit allowed under this subdivision for any taxable year reduces the tax to such amount or if the taxpayer otherwise pays tax based on the fixed dollar minimum amount, any amount of credit thus not deductible in such taxable year shall be treated as an overpayment of tax to be credited or refunded in accordance with the provisions of section one thousand eighty-six of this chapter.
